LT STEPHEN W HOLMES, USNR

HOLMES KILLED IN ACTION ON IWO JIMA

Mr. and Mrs. Robert J. Holmes of Lakeview road received a telegram Saturday, March 31, from the War Department informing them that their son, Stephen W. Holmes, Lt. (jg) USNR, was killed in action while fighting with the 5th Marine Division on Iwo Jima. He had previously been reported as wounded in the fighting on Peleleu.

Lt. Holmes was commissioned an ensign after completing the Naval training course at the University of Notre Dame in September, 1943, and subsequently promoted to lieutenant, (jg). Although commissioned in the Naval Reserve, he had been with the Marines since he completed his training course, serving with the 1st Marines in their amphibious tanks before being assigned to the 5th Division.

Born in Winchester April 4, 1923, Lt. Holmes was graduated from Winchester High School in the class of 1940, being senior class president and voted the best all around boy in his class. He was a member of both the football and track teams at high school, was the winner of the Mansfield Sportsmanship Cup and president of the school Red Cross organization.

A graduate of Dartmouth College, Lt. Holmes continued his athletic success there, playing on the varsity football team for three years before entering the service. He was also treasurer of his class, sang in the Glee Club, and was a member of the Beta Theta Pi fraternity, Green Key, Casque and Gauntlet, Paleopitas and Phi Beta Kappa, honorary scholastic fraternity.

Besides his parents he leaves a brother, Pfc. David B. Holmes, USAAF, at present in Italy, and twin sisters, Margaret and Sarah Holmes.

KNOWLTON TO COACH TRACK

Henry Knowlton, athletic director at Winchester High School, who since joining the faculty here in the fall of 1940 has coached baseball, is to handle track this spring, the School Committee having appointed him track coach at its meeting Monday evening. At the same time Ray V. Hayward, faculty manager of athletics, was named baseball coach.

In making this coaching change the School Committee was approving a recommendation made by Coach Knowlton, himself. The local A. D. has had considerable track experience, as a competitor and coach, and believes he can interest a large group of boys in this sport, thus having an opportunity to work with many youngsters who otherwise would take no active part in organized athletics.

Ray Hayward is a sound baseball man, having played the game at college and coached it here under Wendell Mansfield as well as at other schools before coming to Winchester.

EN KA SPONSORING CONCERT

The sixth Spring Concert of the Mystic Glee Club is being sponsored by the En Ka Society. The committee in charge are placing tickets in the hands of all Glee Club and En Ka members expecting every ticket to be used as well as sold.

Members and friends are planning to give dinner parties before the concert as a happy introduction to an evening of pleasure and song. Winchester's Marjorie Mills, culinary expert of the Boston Herald, has given the concert committee five menus for meatless and pointless dinners as an aid to harassed hostesses trying to plan festive meals in these food-shortage days. They will be available at the En Ka What-Not Shop on Church street from May 1 through May 11, during which time a committee member will be present to show them to members who drop in.

The Glee Club members are rehearsing faithfully to make this concert an excellent one, and the En Ka committee is working very hard to ensure a full house. All are urged to save May 11 for the concert.

BIG CROWD AT FIREMAN'S HALL

The usual capacity crowd jammed the town hall Wednesday evening for the Fireman's Ball, the popular entertainment and dance sponsored by the Winchester Fireman's Relief Association.

Nine first-rate acts of vaudeville were put on by Ross Frisco Attractions under the personal supervision of "Jimmy" Kennedy, with Riley Ryan, as master of ceremonies, the big crowd greeting the entertainers enthusiastically.

Jimmy Givens, a rangy colored boy got the bill away to a fine start with some really high class hoofin' and chatter, his description of life in the army being very funny. Norma Mitchell, appearing twice on the program, offered graceful acrobatic dancing and Kay Ives, first lady of song, a radio favorite on WBZ, proved very popular.

Kay's well sung songs were Clang Clang Clang Went the Trolley, Don't Fence Me In, O What a Beautiful Morning from Oklahoma and especially for "Mack" McKenzie, the familiar Too Ral Looral.

Frank Fontaine, a G. I. Joe in uniform, did excellent impersonations of well known radio and movie stars, ending up with a very funny imitation of Edgar Bergen, Charlie McCarthy, and Mortimer Snerd, being assisted by Dick Treacy and Freddie Fitzgerald as "dummies." Frank had a fine personality and made a big hit with the crowd.

The M. C. went on himself for one act, displaying a pleasing baritone voice in the songs, Night and Day and I Learned a Lesson I'll Never Forget, adding an effective imitation of a trombone in the second selection.

The Marino Sisters, three petite girlies, put on a really unusual act, featuring graceful toe dancing and some of the most strenuous acrobatic dancing and tumbling seen on the town hall stage for years.

They were followed by Potas and Folsom, no strangers to Winchester and always popular with their clowning and tricky acrobatics. Crowded in toward the end of the bill their act was a lot shorter than the audience could have wished.

Caviccio, master musician, another WBZ favorite closed the bill in brilliant fashion with his big xylophone, playing such favorites as "Poet and Peasant" and "The Bells of St. Mary's" as well as another catchy tune in which the audience clapped at regular intervals. The youngsters in the hall loved this one.

The show started on the stroke of 8 and would have finished equally promptly had it not been for the audience insisting upon a Caviccio encore.

Karl Rohde and his band played both for the show and dancing afterward and though some of the acts were obviously hampered by the fact that the orchestra was on stage for the show, his music was as always popular and well played. Betty Egan, a very decorative contralto, sang with the band during the dancing.

Howard Ambrose, president of the Relief Association, was general chairman of committees with John J. Flaherty as treasurer.

Chief John J. Gorman was floor marshall, John Richardson, assistant floor marshall and Lt. James Callahan, chief of aides. Capt. J. Edward Noonan, Frank Amico and Frank Nowell were in charge of the hall and entertainment, and the refreshment committee, headed by Walter Carroll, included Edward Hughes, Warren Osborne, Niel Kerrigan and James Nolan.

FIRST BAPTIST V-E DAY OBSERVANCE

When victory in Europe is officially announced there will be many who will want to go to their church for a prayer of thanksgiving. The First Baptist Church will hold a public meeting at 8 o'clock in the evening if the day victory is announced, if the notification comes before 6 o'clock. If the announcement is made after 6 o'clock the service will be held at 8 o'clock on the following evening.

The church will be kept open and comfortable all during the day, there will be organ music at 10 o'clock and 3 o'clock, and all are invited to drop in for a moment of prayer and meditation.

At the evening service the vested choir will sing special anthems.

VETERAN TEACHERS RETIRE

At a regular meeting held on Monday evening, April 2, the Winchester School Committee accepted with regret the resignations of Miss Louise Taylor and Miss Florence Parker.

Miss Taylor, whose tenure dates from 1898, has been a kindergarten director in the Winchester schools for 45 years. Currently at the Lincoln School, Miss Taylor has, over the years, welcomed generations of Winchester people to the schools.

Miss Parker, who will complete her 33rd year as a teacher of English in Winchester High School, has guided many a senior class through its final year, including graduation activities. Among her regular correspondents are untold numbers of W. H. S. graduates who are now in the service of their country.

From these two teachers, Winchester has received a total of 80 years of devotion to duty and of genuine interest in their pupils, one helping them begin and the other, complete their local school life.

WINCHESTER OFFICER HELPED SAVE LIFE

Capt. Robert M. Smith, USA Medical Corps, attached to the 100th General Hospital in France, assisted in saving the life of a wounded combat soldier who was discovered bleeding badly by a medical enlisted man returning to the hospital after midnight "chow."

The enlisted man, Pfc. John E Symbolic of Detroit, found the wounded soldier in a pool of blood, the femoral artery having weakened and burst. Pfc. Symbolic checked the flow of blood with pressure on the inguinal region and called 2nd Lt. Alice D. Vilman of Racine, Wis., who immediately applied a tourniquet. She summoned Capt. Smith who was the hospital officer of the day.

Capt. Smith brought plasma and blood and administered them at once. Lt. Vilman gave stimulants as the wounded man was taken to the hospital where Capt. Smith discovered the broken artery. It was necessary to tie off the artery in the abdomen.

"The man would have been dead within a very few minutes," said Lt. Col. Storer P. Humphreys, hospital commandant, "if Pfc. Symbollie, Lt. Vilman and Capt. Smith had not worked so competently and well."

Since the incident Capt. Smith has been promoted to Major and Pfc. Symbolic to corporal.

BOYS BROKE CAR WINDSHIELD

William J. Collins of 4 Cottage avenue, Lexington, a chauffeur driving an automobile owned by Robert W. Carlson of 45 Wedgemere avenue, reported to Patrolman William E. Cassidy that as he was headed north on Cambridge street last Saturday afternoon, stones thrown by two boys on a ledge at Fernway broke the windshield of the machine.

Officer Cassidy did not succeed in locating the boys at the moment but the father of one of the youngsters did a bit of investigating and brought both marksmen to the station for a chat with Chief Rogers.

The father also agreed to make good the damage, which will amount to about $17. If there were more parents such as he, there would be considerably less trouble with youngsters than is now the case; at least, that is Chief Rogers' opinion.

WEEK-END FIRES

The first of several alarms over the past week-end came in at 12.06 Saturday morning for a chair on fire at the home of Mrs. Isabel Scott, 2 Lagrange street.

At 2.08 Sunday afternoon there was a grass fire at McGonigle's sand pit off Cross street, the blaze setting fire to some of the evergreen trees set out by the town in that location a few years ago. At 3.45 there was another grass fire at the rear of the home of Mr. Edward P. McKenzie on Hemingway street.

The Woburn Police called the Central Station at 4:31 Sunday afternoon reporting a big shed on fire on Main street just over the line opposite Lake avenue in Woburn. The big box-like structure was too far gone to be saved when the department arrived.

"IN FUNDS"

Last Friday afternoon Officer Edward Bowler discovered near the Junior High School a 5 year old Winchester boy with nearly $10. When questioned the youngster said he took the money from a beach-wagon on Converse place, but the person in charge of the machine stated no money had been in the car.

At headquarters the little boy was questioned by Chief Rogers and Sgt. Cassidy. He told several stories, claiming he got the money from a house, and then from his father. He had purchased two toy revolvers at a local store and had also patronized a fruit and a provision store. The child's father was called to headquarters and the youngster turned over to him.

At 12:50 in the afternoon a DeSoto sedan, owned by Evelyn McLaughlin of 40 Clifton street, Medford, and driven by John C. Smith of 604 Fulton street, Medford, while headed south on Wedgemere avenue, was in collision at Calumet road with a Packard sedan, driven west on Calumet road by Robert Knowlton of 93 Brooks street, Medford.

FORTNIGHTLY NOTES

The annual meeting of the Fortnightly will be held on Monday, April 9.

Luncheon with Mr. Hicks as caterer will be served at 12:30 under the chairmanship of Mrs. Kingman P. Cass. Perhaps in the old days, an after Easter menu with baked Virginia ham might have no special appeal. This year, the prospect is intriguing.

Following the business meeting and election of officers at 2 o'clock, there will be a delightful musical hour: Marika Kapravy, the talented Ukrainian soloist with Daniel Pinkham, Jr., harpsichordist, soloist and accompanist.

Our last afternoon together in this club year! Let us make it a good one to remember.

SPRING MEETING

The spring meeting of the Florence Crittenton Circle will be held at the home of Mrs. William L. Thompson, 47 Swan road on April 13 at 2.30 p. m. The speaker of the afternoon is Rev. Earl W. Douglas, M. A.

Rev. Douglas is a member of the Mayors Committee on Social Protection and the treasurer of St. Mark's Negro Social Center in Roxbury. The subject will be "Religious Work and the Delinquent." Louise Allman is to be the violinist accompanied by Mary Ranton Witham.

The tea is under the direction of Mrs. Harvey Macauley.

KENWIN CLUB

The monthly meeting of the Kenwin Club will be held at the home of Mrs. Eva Perkins, 4 Maple road on Tuesday, April 10 at 8 p. m.

Filled To PERFECTION

A prescription calling for the medicine to be put up in capsule form takes more time to compound because each capsule must be filled by hand, carefully and cleanly, because of this, a capsule medicine may be a bit more expensive, but please remember, we do not "cut corners" in this important work in order to cut prices. You have every assurance that the prescription . . . that every capsule . . . is filled to perfection.

Let's not Forget that

EYES ARE PRECIOUS!

We are quite rightly concerned with saving paper and tires and gasoline and grease and other essentials of wartime.

But let's not overlook another national resource — GOOD EYESIGHT.

In the midst of war, we are so apt to forget the precautions we used to take against eyestrain.

For the sake of your own comfort — and your children's eyes — won't you remember these four important rules for eyesight conservation.

REMEMBER THESE FOUR SIMPLE RULES

1. Do all reading, studying, sewing, game-playing *close* to a good reading lamp.

2. Avoid glare from bare bulbs. Don't sit *facing* the light. Glare strains eyes.

3. Avoid *shadows*. Make sure you have good light directly on your book or work. *Shadows strain eyes.*

4. Have eyes examined regularly. If eyes are defective, vision can be greatly helped with proper glasses.

Lawrence, Air Corps Commander at the field.

In presenting the decoration to Mrs. Shepard, Capt. Larwence read: "By direction of the President, the Air Medal and one Oak Leaf Cluster representing one additional award of the same direction, have been awarded to your son, 2nd Lt. Amos W. Shepard, Air Corps." This is the second Oak Leaf Cluster the flier has been awarded.

Lt. Shepard's citation was as follows:

"For exceptionally meritorious achievement while participating in 10 separate bomber combat missions over enemy occupied Continental Europe. The courage, coolness and skill displayed by the officer upon these occasions reflect great credit upon himself and the armed forces of the United States.

CPL. GODDU COMMENDED

Cpl. Houghton M. Goddu, USAAF, son of Mrs. Louis H. Goddu of 6 Goddu avenue, is a member of an outfit serving in a vast modification hangar at an Air Service Command in England that won the high praise of its commanding general for setting an all-time record in 1944, sending into action more than 7500 front-line aircraft.

In helping to establish this outstanding record Cpl. Goddu worked on virtually every type of combat aircraft that flies in the European Theater of Operations. Each of the planes he helped send into action, working for months without days off before D-Day and sweating nights and days to get planes into the air for every raid on Germany, represented scores of completed modifications.

Cpl. Goddu entered the service June 8, 1942 and has been overseas for 15 months.

Persons in Winchester receiving war souvenirs such as bombs, hand grenades, bullets, etc., should make sure that they contain no explosive or detonating mechanism before they permit them to be handled promiscuously or remain about the house. Already damage and injuries have resulted from live bombs and bullets which have been received by civilians from overseas. Customs authorities try to detect all such items as they arrive in this country, but often they are not successful, and it is not safe to take a chance with something which may cause serious injury or death to some unsuspecting handler. If any one in Winchester has any war souvenirs that come under the head of explosives it would be well to take them to Police Headquarters and have them examined to make sure that they are safe to have around. It is much better to be sure than sorry.

Many noted this year the lack of candidates for town meeting members in Precinct 6. Others have remarked an increasing disinclination on the part of such members as are elected in this precinct and to a certain extent of those in Precincts 2 and 1 to participate in the deliberations at town meeting, even though they may attend. The Star has been informed that many members in these precincts feel that attending Winchester's limited town meeting is for them a waste of time, that the town officers and ex-town officers, Finance Committee and their friends have everything pretty much decided in advance of the sessions, or have the necessary strength to decide any issue they wish the way they want to at any session. We offer no brief for such a point of view, but we do feel that it is not a healthy feeling for any segment of our town meeting membership to have. On the other hand it is no worse than the easily apparent attitude of "Let's get this over with" held by numerous other members of the town meeting who are for rushing things through and cleaning up the warrant so long as their pet articles have had a full discussion. We saw this year a large proportion of town meeting delegates accord certain speakers the very closest attention over long periods while starting to call for the question after only a few minutes of debate on other articles. We aren't saying they do not have the right to do this, but we do say that such an attitude is one of the largest single factors contributing to the increasing feeling of some precinct members that under the present set-up attendance at our limited town meeting sessions is for the independent voter more or less a waste of time. This is not a healthy feeling to see creeping into our town government.

COLLISION AT PARKWAY AND MAIN STREET

A Dodge sedan, driven north on Main street by John Coles of 5 Emeline street, Woburn, was in collision shortly after 7:45 Wednesday morning at the intersection of Mystic Valley Parkway with a Lincoln Zephyr sedan being driven east on the Parkway by James J. Fitzgerald, Jr., of 123 Church street.

Both cars were badly damaged and their drivers complained of having been shaken up. Willard Stokes of 4 Mt. Pleasant street, Woburn, a passenger in the Dodge, was taken to the Winchester Hospital and treated for a cut over the left eye.

ROTARY NOTES

A full meeting of the Winchester Rotary Club was held yesterday noon in Masonic Hall, president Harry Bigelow presiding. The War Bond was won by Al Folsom. Lt. John Volpe was the speaker, giving an interesting history of the formation and duties of the Seabees, with which he is connected. Guests included Lt. Whitelaw Wright, Jr.

Boxes of note paper; note paper and letter paper combination at Wilson the Stationers, Star Building.

TOWN MEETING BRIEFS

Quite a good turnout of members the first night and did you notice the number of kabitzers in the galleries and at the rear of the charmed circle. Not so many inside or outside the Police cordon at the second session, and those that stayed away were smart. It was a tedious session . . . Historians in future years could well call this year's session the town library meeting. There wasn't much time for anything else. Incidentally lotsa folks seem to think we have a good library and librarian. At least that was our impression after listening to the oratory that for a time we thought was going to go on ad infinitum . . . What the Finance Committee seems to need to go along with their vital statistics is a silver tongued orator. Then they won't need any vital statistics! They had the arguments but the opposition was away out front when it came to presentation. The jig was practically up when Mr. Parsons got through. It generally is. . . and did you notice how all the boys just hated to differ with the financeers. How some of the ex-Finance Committee members have changed their points of view. Evidently a case of where distance lends enchantment . . . Mr. von Rosenvinge wanted to know "how the School Committee is doing," and he kept right at it until Mr. Garvey gave him some of the answers. You of course never get ALL the answers from the School Committee. In fact Mr. Garvey couldn't find the answer at all to the school-book question among his many books and papers, but he was very sure it was there because the Superintendent told him it was . . . Incidentally Mr. Garvey made a nice impression as School Committee chairman and did a very workmanlike job of putting across the Manchester Field ownership article. Looks like the town is finally going to own the field free and clear, and many will think it's about time too! If the delegates had seen the playground the morning they voted to buy it, they might have thought the $150 was too much at that. The field surely was the worst mess we have ever seen it this spring, after serving as a dump all winter . . . There wasn't much opposition to having the town departmental appropriations article considered in the shortened form. Mrs. Woodside and Mr. Cullen opposed and "Ted von" was worried about his "Constitutional rights." No one took Ted too seriously, we suspect, because under the New Deal Constitutional rights seem definitely outmoded . . . It was kinda funny, just after Mrs. Whitman got her resolution through giving the Library trustees free rein to let any one have the library any time for anything, to have the Finance Committee offer that motion asking to have a committee appointed to formulate a town policy on the use of town buildings. Course the library may be outside the scope of such a committee. It seemed to be pretty much outside scopes of all sorts at this particular meeting . . . That was a little talk well worth listening to that Mr. Ayer gave the boys and girls about inordinate salary raises. Quite a little meat in it folks, quite a little meat, and you didn't need any red points to get it, either, that is if you wanted to . . . Mr. Craughwell was in really rare form at the opening session (even if he did refer to the "Athens of America" only once) and it is too bad he didn't face the meeting instead of the stage. The Sage of Swanton Street surely rang the bell when he said "put the dump any place you want to, but not beside MY house" . . . We imagine if more of the gals realized Pat wanted that sand from the new dump site for them to walk in bare-foot, he would have gotten more support in his contention the site finally chosen is not the proper one. He's right, of course, but the meeting didn't think so . . . Course all the town meeting members aren't "Dumb Doras", Pat, even if you can't prove it by some of the votes cast . . . And finally, Pat didn't mean that one about George Davidson just the way it sounded . . . Some one is wrong about the bull dozer. Mrs. Woodside says you can't and "Charlie" Gleason says you can! Same goes for wire link fence, too . . . It's hard to see why any one wouldn't rather have a nice dump beside his house than a big barren field with a ruined building on it. That was Mr. Kneeland's idea and he stuck to it, but the people living near the proposed dump didn't seem to be convinced . . . If it's true as Mr. Kneeland contended that dumps make the very best foundations for playgrounds, why not try out the idea for a while on the Shore road athletic field. Plenty of room for improvement there . . . By the way, most of the orators, or people with something to sell the meeting talk almost exclusively to the "solid south" under the clock. Course that is an important segment and they generally vote as one over there, but it would be a friendly gesture at least to favor those on the north side of the hall with a little of the debate . . . The Selectmen and Finance Committee split on the "Wreck" Committee, the town fathers being in favor and financeers "agin!" . . . Lotsa teachers undoubtedly licked their chops when they heard about those salary raises at the library . . . It didn't take the kids long to act on the town's decision to demolish the Highland School. Several windows were broken there before the meeting was really cold. . . . Mr. Fish never did find out why the old Mystic School building is left "alone in its glory" on Bacon street . . . We personally are wondering how all those Highland School snowsuits made out this winter down at the Lincoln. It was as you will recall a jim-dandy winter for snowsuits and the Lincoln staff must have been pretty busy with them . . . First time we've happened to see a two-thirds vote decided by voice. Joe Worthen opined the "ayes" weren't loud enough to tally two-thirds if a polled vote was taken, and by golly, no one challenged his judgment, despite the fact that the vote was a lot closer than any one thought it would be. The vote was on reconsideration of the town dump . . . Mrs. Woodside was on the winning side on the Library anyhow . . . Mr. Rowe thought the meeting owed Mr. Sargent a vote of thanks or something for his "survey" of the town library, especially when it cost the town $10,000 to have one made of the schools. Dr. Bowlkes did pretty well, but he couldn't have covered his subject more completely than Mr. Sargent, "Not over 15 or 20 minutes and he would have talked himself out of something sure pop! . . . So there is no juvenile delinquency in Winchester! Well! Well! . . . Of course no one actually believes that Recreation Committee is going to be satisifed to do nothing, about nothing, with nothing. The real fight will come next year when they want to divorce the recreation funks from the Park Department budget. That 89-67 vote makes it look like it won't be too easy to do that little thing. Personally, we would think that is the kind of committee to be on. Nothing to do and no responsibilities, but of course there is the hitch that there is no money to spend . . . That vote to put the librarian outside the scope of the town salary committee was close enough. A 77-71 vote makes one wonder if a little stronger presentation of the Finance Committee's case wouldn't have paid off . . . Mr. Cullen feels it is pretty hard to pull anything out of the hat under the present town meeting setup, and the dump opponents will surely agree with him . . . Sure was a far cry from this year's library support to the days when the late Joe Laraway was fighting practically alone for better than $10 a week for library clerks . . . And, boy, don't we miss that same Jonas. What a job he would have done on some of the arguments offered this year and every year since his untimely death! . . . Mr. Rowe adjourned and dissolved as usual.

ESCAPED FROM BURNING BUILDING

Caetano J. Mistretta of 12 Harvard street was a member of an Army Medical Corps that escaped when the farm house in which they were billeted caught fire just behind the front lines of the 5th Army in Italy.

Sparks from a shell case stove used to heat the building caused the blaze which drove out medics, ambulance drivers and litter-bearers as well as mechanics of the 109th Medical Battalion. Pfc. Fred N. Witt of Las Mesa, Texas risked his life and entered the burning building to rescue the company's pet guinea pig.

GIRL SCOUT TROOP TALES

There are now 496 girl scouts in Winchester. All these girls are learning through troop and badge work the elements of Democracy which they practice during their every day lives.

Emphasis on health and nutrition, conservation and relaxation is constantly being brought up for their notice during all the meetings.

I may be even more important to notice these things now because the novelty of wartime strains, have been around for a long time and have had plenty of time to put their stamp on children.

A large committee headed by Mrs. Campbell is planning a gala day on June 2 at the cabin for a Girl Scout festival. Weather at that date ought to be conducive to outdoor fun and relaxation, and several troops are planning entertainment suitable to all. Save this date on your calendar and if it should rain, it will be held on the 9th instead.

HIGH SCHOOL NOTES

A special assembly will be convened at the end of the banking period at approximately 9 o'clock on Tuesday, April 10, to hear an address by Mr. Martin Hall, escaped anti-Nazi, who, arrangements for whose appearance were completed by the Rev. Paul Harmon Chapman of the Unitarian Church.

On Monday of this week, Lt. Hooks and Yeoman Hayes of the U. S. Navy outlined the Navy program which might interest prospective Navy recruits, before an assembly of all junior and senior boys. Motion pictures illustrating various branches of naval service were shown. Lt. Hooks emphasized that the Navy urges all boys who can to complete their high school course.

Miss Larysa Lisai, school librarian, has submitted her resignation to become effective May 1. Miss Lisai came to Winchester in 1943 as military substitute for Miss Barbara Wilfert who left to accept a commission in the WAVES. She will become librarian at the Chelsea Naval Hospital.

Miss Gladys Niven, dietician and cafeteria manager at Winchester High School, will participate as a discussant at a meeting of the Eastern Massachusetts Home Economics Association at the Engineers Club, Commonwealth avenue this evening.

VAUDEVILLE ONE WEEK AWAY

Tickets for this year's high school vaudeville show are being distributed among volunteer ticket sellers and will also be on sale at the high school. All seats are reserved and as usual, capacity audiences will view this year's extravaganza which will begin promptly at 8:15 on both Friday and Saturday nights, April 13 and 14.

Once again the cast numbers into the hundreds and the committees in charge of incidentals swell the total to make this literally a school activity. For the 13th year, vaudeville is sponsored by the Athletic Association.

Listed on the program are several dance numbers under the direction of Mrs. John T. Phelps and accompanied by Mrs. A. B. Corthell.

The attractive posters which occasion considerable pleasant comment were produced by various members of the Art Classes directed by Professor Sharples.

WINCHESTER LOST AT ANDOVER

Winchester High School journeyed to Andover Wednesday afternoon for a practice baseball game with the Phillips Academy nine, losing 8-1 to a surprsingly good Andover team.

The Andover boys earned two runs off the chucking of Guy Washburn and Charlie Roche, and all in all the locals looked pretty good against admittedly superior opposition. It was very cold for baseball and a couple of costly muffs made late in the game by Winchester players can be laid to very cold hands. On the other hand Andover fielders robbed both Sarw Walsh and Chucker Roche of sure hits by sparkling fielding.

After the game the Winchester nine and Coach Knowlton were guests at supper of the Andover team, having of all things roast beef (really) for the main course.

Two of the bridesmaids wore blue and two yellow marquisette dresses with hats to match, their flowers being yellow and red roses. The flower girl wore a frock of rose taffeta and net with matching bonnet and carried red roses.

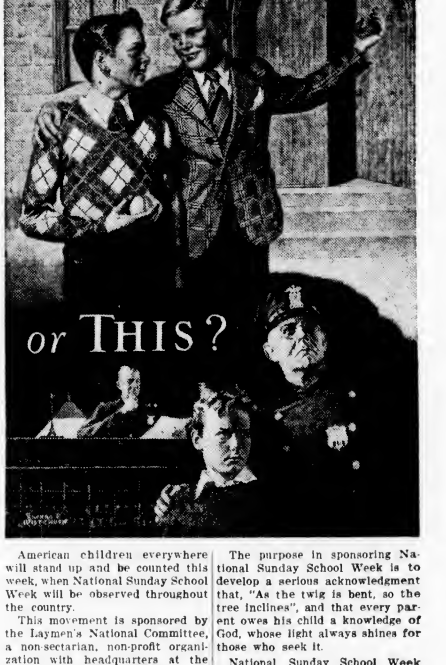
National Sunday School Week

April 9-15



American children everywhere will stand up and be counted this week, when National Sunday School Week will be observed throughout the country.

This movement is sponsored by the Laymen's National Committee, a non-sectarian, non-profit organization with headquarters at the Vanderbilt Hotel, New York.

The Committee, now entering its sixth year of operation, is putting forth every effort to bring about a revitalization of a sober realization that

America was founded on man's consciousness of God, man's daily labor and the fruits therefrom.

The purpose in sponsoring National Sunday School Week is to develop a serious acknowledgment that, "As the twig is bent, so the tree inclines", and that every parent owes his child a knowledge of God, whose light always shines for those who seek it.

National Sunday School Week represents an additional annual activity of the Committee, who sponsor National Bible Week the third Monday in October each year.

The above poster in color is obtainable at Chambers of Commerce throughout the country, or at the offices of the Laymen's National Committee.

DUTCH EXHIBIT AT PUBLIC LIBRARY

Brave little Holland! Down through the ages indomitable faith and courage have been outstandingly characteristic of the Dutch people. The affection and admiration of the civilized world go out to this dauntless little country which has suffered so greatly in this war.

The Public Library is now sponsoring a most interesting Dutch exhibit, loaned by the Queen Wilhelmina Fund, an exhibit well worth taking time to visit.

Here may be seen lovely large photographs of Holland and its people before the invasion, together with pictures of the mysterious Netherlands East Indies, the Bali dancers, and the famous rice fields of that country.

Besides the photographs there are interesting posters and 24 large cartoons, many of them humorous, the work of a well-known Dutch artist, Jules Fabres, now living in New York.

Dutch architecture of the 17th century is depicted in a collection of photographs of exquisite pen-drawings of buildings; showing interiors, arrangement of fireplaces, old Dutch tiles, carved wood, and objects of that time.

In addition to these large pictures there is a facinating display of old Dutch heirlooms, silver trays, blue Delft vases and platters, precious possessions of Dutch families now in the United States. Children will love the dolls in the children's library.

On the evening of April 17 a colored moving picture of the Netherlands East Indies will be shown.

This exhibition, unusual in its scope, variety and interest will remain for several weeks and it is hoped the townsfolk will make time to enjoy it.

WINCHESTER ART ASSOCIATION ANNUAL MEETING

The 13th annual business meeting of the Winchester Art Association was held Tuesday evening, April 3 in the Library Gallery. The president, Mr. G. Russell Mann, presided, and announced the chairmen of the various committees who read their yearly reports.

Mrs. Marshall Symmes, secretary, read the report for the last annual meeting and her comprehensive report of the year which listed and elaborated upon the exhibitions for the 1944-45 season. Miss Margaret Copland, treasurer, gave her report for the year. Mrs. Charles Underwood read the report of the Membership Committee for its chairman, Mrs. Truman Godfrey, placing the membership number at 320.

Mr. Mann spoke for the exhibition committee as its chairman, Mr. Howard VonSuck recently moved out of town. The speakers committee was represented by Mrs. Noel Middleton, the hospitality committee by Mrs. Vanghan Harmon and the publicity committee by Mrs. William D. Barone.

Mr. Richard Ashendon read the report of the Nominating Committee and a vote was cast for the following officers for the coming year:

President, Mr. G. Russell Mann
Vice President, Mrs. Fred Abbott
Secretary, Mrs. Noel Middleton
Treasurer, Miss Margaret Copland
Members-at-Large, Mrs. Robert H. McCracken, Mr. Alfred Lowe, Mrs. Paul Howard

At the end of the business meeting, Mr. Mann introduced the speaker, Miss Mary Evangeline Walker, portrait painter of Boston, who proceeded to review the pictures in the present exhibition.

It was a most interesting evening, for all pictures were done by Winchester residents, and Miss Walker took them up one by one, speaking enthusiastically about the finer details and analyzing each one with remarkable sincerity, showing here and there where a picture might be changed, or mentioning the point which the artist might watch or improve upon in future painting.

She seemed well satisfied with Winchester's talent as displayed by the paintings in the current exhibition and the Association members enjoyed her little touches of humor and appreciated the delicate manner in which she went about her review.

The exhibition will be open to the public throughout the month of April.

FITZGERALD CLEANSERS ANNOUNCE 1945 COLD STORAGE

Since the advent of spring-like weather many calls have come inquiring if Fitzgerald Cleansers are going to handle cold storage of furs and cloth coats and suits this year. The answer is—Yes.

While awaiting the time their dry cleaning plant can once again produce their standard of dry cleaning service, the insured cold storage branch of the business will be continued as it was for the 1944 season when it proved that at their pre-war charges better service both on acceptance and delivery of fur and cloth garments in the finest, most scientifically controlled vault in New England could still be assured.

Fur cleaning by the furrier's process, a necessity for valued winter worn furs will be offered as usual, although the dry cleaning of cloth garments must await the reopening of the general plant operations. It is expected that many people will arrange to have Fitzgerald Cleansers store their cloth cloats, the cleansing of those requiring it taking place before or after storage. Garments of members of the armed services are still being accepted for storage for the duration.

The store at the plant at 959 Main street, Winchester, will be open daily beginning April 16. Up to that time calls will be made by the familiar gold-lettered red and black truck by calling Winchester 0892-W, the calls to the plant phone, Win. 2350 being temporarily transferred to the home number.

The charges are at the same low figure of $1.25 minimum for cloth coats with a $50 valuation, and $2 minimum on fur coats with a valuation of $100. Instead of the standard charges of 3 per cent, Fitzgerald Cleansers fix their figure, at 2 per cent, a saving of $1 for each $100 valuation, and this with all the services and every protection offered by the best furriers.—Adv.

Mr. and Mrs. J. I. Broidy of Central street have returned from Miami Beach, Fla., where they spent the winter.

Rear Admiral Edward Hanson Smith, USCG., 55, of this town, has been awarded the Distinguished Service Medal for exceptionally meritorious service in the Atlantic Ocean Area from December, 1941, to November, 1944.

The citation on which his award is based follows:

"For exceptionally meritorious service to the Government of the United States in a duty of great responsibility as Commander of the Greenland Patrol and later as Commander of a Task Force in the Atlantic Fleet from December 1941, to November, 1944.

During the critical years of 1942 and 1943, Rear Admiral Smith planned, built, organized and efficiently administered the naval bases and stations in Greenland and in the Arctic for the support of the Army in those areas and the Naval control of the North Atlantic. Under extremely difficult conditions, the forces of his command successfully operated patrols and escorts, maintained a system of weather stations and provided full logistic and tactical support for the Army.

As Commander of a Task Force in these strategic waters, he skillfully directed vigic waters, he skillfully directed vigic weather, patrol and escort servtal weather, patrol and escort servtal asices which were of inestimable assistance in connection with the ferrying of aircraft and the operation of transport planes to and from the European theaters of war and effectively protected valuable convoys.

In all his negotiations and contacts, Rear Admiral Smith distinguished himself by his splendid diplomacy, sound judgment and intelligent planning and consistently maintained excellent relations with other United States forces and those of the Allied Nations. His superior tactical knowledge and stedfast devotion to duty throughout these important years were in keeping with the highest traditions of the United States Naval Service."

President, Roland H. Parker
Vice President, Albert M. Thompson

The club had the privilege of having as its guest for this meeting, Sgt. Donald Thomann, son of a former officer of the organization, A. C. Thomann. Sgt. Thomann, a member of the Army Air Force, was reported missing last fall when the plane in which he was the turret gunner was shot down over Czecho-Slovakia. Finally, about a month later, word came that he had been able to make his way back to our own lines and he is presently home on furlough. Because of Army regulations, Sgt. Thomann was unable to give any details of his hazardous journey, but he did give some very interesting sidelights on some of the people and places he had seen. It was indeed a pleasure to welcome back and spend a social evening with one of our fellow townsmen who has seen so much action in the line of duty.

The Winchester Thrift Shop has donated more than 100 lbs. of winter clothing to the National Clothing Drive.

FIRE AT LEDYARD ROAD HOME

The home of Mr. Charles Nichols at 23 Ledyard road sustained considerable damage from the smoke and heat of a fire that was discovered on the second floor of the house about 10 o'clock Tuesday morning. The Fire Department was notified of the fire by telephone and Transmitter Box 262 was put on at the station.

The firemen found a potentially bad fire had started in a closet on the second story. The house was full of smoke and being insulated kept the heat from the blaze entirely inside the dwelling. Working with masks the men kept the fire confined to the area around the closet and the actual fire loss was slight. That done by the heavy smoke and terrific heat was much more extensive and even after the blaze had been extinguished the men had difficulty getting the heat out of the building.

An electric charger which was mounted on the rafters in the closet is believed to have been responsible for starting the fire.

Mr. and Mrs. W. C. Nickerson arrived home this week from Miami Beach, Fla., where they have been vacationing for the past three months.

Wiring the War World

As AMERICAN fighting units press forward on every front of the globe, they lay cable, set poles and hook up switchboards as they go. *They are wiring the whole war world.*

Producing telephone equipment for this vast system is a war job of first importance. Obviously it is a big one. To turn out the instruments, switchboards, cable, radar, electrical gun directors and secret combat equipment needed by the armed forces commands practically all the manufacturing capacity of the telephone industry in this country.

That's why there's a facilities shortage at home. That's why so many thousands of applicants in New England must wait for telephone service.

In the meantime, however, we shall continue to spread existing facilities as far and as fairly as possible.

We're grateful for the understanding and patience shown by so many applicants. We shall be as glad as they when we can again fill every request for service completely and promptly.

BEACHCOMBER'S AUCTION

To Open Boat Club Social Season

Members of the Winchester Boat Club are hereby warned to keep Saturday, April 28 open or risk missing the season's first and what promises to be one of the merriest club get-togethers ever planned.

It's to be a Beachcomber's auction. Admission to the affair is 50c per person plus a usable article. The article needn't be new, but it should be something someone might find a use for and it should be tagged with the donor's name. For the admission price plus the gadget, the donor gets $250 in Beachcomber currency with which to bid on the various items to be auctioned. In the event that the $250 is used up before the evening is through, more money may be purchased at the rate of 1c for $10 of Beachcomber "clink." Anyone who attends the auction in costume will receive an extra $100 of auction money so why not dig out the old masquerade suit and wear it, you'll never make a 100 bucks (B. C.) easier.

Only Boat Club members will be admitted to the auction and only 200 of them so make your reservations with the Steward right away. Here's the perfect opportunity to have a lot of laughs and at the same time get rid of the lurid lamp Aunt Minnie wished on you, an Xmas tie or any other white elephant you never quite got around to throwing away. Festivities start promptly at 7:30 p. m. See you then.

Club Chatter

Their many friends and acquaintances will be happy to learn that Mr. and Mrs. Maurice Dustin will be the stewards of the club for 1945. I have it on good authority that Mrs. Dustin has lost none of her knack for preparing tasty, tempting meals and that Maurice can still weep a steak away from a stone hearted butcher . . . The club is about to have part of its face lifted. The directors have voted to have a new roof put on . . . The club officially opens April 19, but the Steward will be on deck from April 12.

McGARAGLE HOME ON FURLOUGH

Sgt. William C. McGaragle, son of Mr. and Mrs. Joseph W. McGaragle of 3 Cutting street, is home on a 45 day leave after three and one half years service overseas.

Sgt. McGaragle wears the Purple Heart Medal for wounds received while fighting in Germany with the 79th Division of the 9th Army. He also wears the Presidential Citation ribbon.

Billy is a graduate of Winchester High School and former high school football player.

Miss Rita McCormack has been enjoying a week's vacation from her duties at the Winchester National Bank.

SEELYE MADE HOLE IN ONE

Veteran Gets First of Season at W. C. C.

Nelson Seelye, who was 80 in February, realized the ambition of every golfer last Saturday afternoon when he made a hole-in-one on the 140 yard 14th hole of the Winchester Country Club course. Nelson has been playing golf in Winchester since 1897 and like all other golfers has been shooting for a hole-in-one ever since he got out of the novice class. The fact that he was so long in achieving his ambition made him doubly happy and his delight was shared by his many friends at the Country Club where he is well liked. Incidentally Mr. Seelye's was the first hole-in-one of the new season at Winchester.

As usual Nelson was playing around with Library Trustee Francis E. Smith when he made his ace. The two have golfed together for years and it would have been hard to tell which was the happier over the Seelye feat. Every one at the club was steamed up over it, and the dining room management was so pleased they gave Mr. Seelye a complimentary dinner Saturday evening in the dining room, the veteran being kept busy shaking hands with all who wished to congratulate him. Among the hand-shakers was a former club caddy, back from military service who made a special trip to the club to extend his felicitations.

Mr. Seelye is a charter member of the Country Club. He came to Winchester along in 1894 and commenced playing golf here in 1897 on the old golf links off Pond street near where the Edison plant is now located. When the Winchester Country Club was incorporated in 1902 he became one one of the charter members and in 1903 when the present club links were opened he commenced to play that course, playing regularly ever since. Today at 80 he plays every week-end and it is only recently that he has gotten out of the 36 hole class on holidays.

Every year Mr. Seelye plays in the "Seniors" tournament at Woodland and generally brings back a prize. He has been singing bass nearly as long as he has been golfing and is still a regular member of the choir at the Crawford Memorial Church. The oldest active golfer at Winchester Country Club, Mr. Seelye is still an enthusiast, which makes his feat of last Saturday the more enjoyable, for everyone.

POST OFFICE EMPLOYEES

The Winchester Post Office Employees' Association adopted a new constitution at the meeting held in the Winchester Post Office recently. Mr. Dennis J. Collins, special clerk, was elected secretary of the association. Messrs. Chamberland, McGowan, O'Leary, Dunn and Connors are trustees. John P. Davey is treasurer.

A committee was formed comprising Clarence S. Donaghey, John A. Doherty and Herbert E. Nelson to investigate the possibility of having a social affair in the near future.

The association was formed in October of last year and has accomplished quite a lot in the short time it has existed.

Come and hear Miss Mollie Johnson give an informal talk on "Leftovers" at the Wyman School, Wednesday, April 25. Children will be cared for at the Episcopal Church.

K. OF C. NOTES

The Elks took six of eight points from the Council in last Friday evening's card tournament matches at the Elks rooms, thereby narrowing the gap between the two organizations to four points. The K. of C. still leads 32-28, but that is by no means a commanding lead and with the tournament soon to close it behooves the Council to make a good showing in tonight's matches, which will again be at the Elks' quarters in Lyceum Hall. Council 45's, crib and bridge players, should be on hand tonight to help protect that lead.

Another major degree will be held in May of this year if plans of the membership committee work out. Any member who has a candidate signed up, get his application in as soon as possible. Let's have another degree in May is the slogan of the committee. So let's all get in back of the committee and give them our help and support. The local Council's major degree team was very active this week, traveling to Newburyport on Monday, April 9, Melrose on Tuesday, April 10 and again at Melrose on Wednesday, April 11. The team goes to Nashua, N. H., on Sunday, April 22 to confer the major degree on candidates of these different Councils.

The Council's gay nineties party to be held at the Fortnightly Hall on Saturday, April 21 promises to be another fine K. of C. party. Bro. Jim McClellan ("the voice") who sings with the Railway Express Club of Boston will have his Glee Club out to entertain at the party. The Railway Express Glee Club of Boston consisting of 20 male voices under the direction of Warren L. Moulton and accompanied by Miss Francis Carroll at the piano will sing some very fine selections at our party. This Glee Club is one of the finest in the state having traveled all over New England giving concerts. The local brothers are also planning to do some quartet singing of some old ballads. Johnny Marshal's band will be on hand forwaltzing and reels so it promises to be a swell take in.

The drawing of the $40 clothing outfit and the two $5 door prizes now out on chances will take place at the party.

Plans are being made by the Victory garden committee to sponsor another garden this year. For the past two years the K. of C. have had a Victory Garden and the vegetables that have been raised have been turned over to the Sisters of St. Joseph at the Convent of St. Mary's Church. Two years ago at the annual harvest fair at the Town Hall the K. of C. won two firsts and two seconds in the vegetable exhibit.

Another fine letter received the past week from one of our new members Marty Hanley who is serving with the Sea Bees in the South Pacific. Marty reports that his Xmas parcel sent by the Council arrived in good shape and all the articles in the box were very useful. He also enjoys following the activities of the local council through their column in the Winchester Star. He also says that he will answer any and all letters from any of the members, so drop Bro. Hanley a few lines at the following address: Martin R. Hanley, S 2c, 25th Spec. NCB. Bn., Co. B4, c-o Fleet Post Office, San Francisco, Cal.

Letter from Bro. Tom McKeown thanking the council for the fine basket of fruit he received during his recent stay at the hospital. Bro. Tom is now up and out of doors and says he will soon be able to enjoy the functions of the council real soon.

Your correspondent would like to hear from any of the brothers in the services, so, no matter where you may be, at home or abroad, drop the council a line and we will answer you.

DECLINE IN QUALITY OF TOWN MEETINGS

To the Editor of the Star:

I have recently witnessed for the ninth time the annual town meeting in Winchester. It seems to me that these years have shown a gradual decline in the quality of these meetings. Certainly such a general defiance and lack of respect for the recommendations of the Finance Committee has never before been in such evidence. I wonder if the key to the decline of this committee is not to be found in the letters written by its chairman to the Winchester League of Women Voters and other agencies stressing its judicial capacity. The law is certainly not clear that this is a judicial committee and the intent and desires of the townspeople point definitely to it as having an advisory capacity only.

Isn't now the time to start a campaign to put this board in its proper place that it might regain the respect of the townspeople and town meeting members, and bring the quality of the town meetings back to their previous high democratic standards? First, care must be used in electing the various town meeting members, for it is only by a group of elected town meeting members pulling together that the necessary changes can be brought to pass. When such a group is assembled it will then be possible to change the law so that only the chairmen of the permanent town boards and committees will be members at large by virtue of their office and all others shall cease to be town meeting members when they accept a position on such a board or committee, including the other 14 members of the Finance Committee.

When a non-legislative advisory Finance Committee, equally representing all precincts, and a group of non-legislative administrative town boards and committees has been established, then and only then can the legislative branch of our Town Government (the town meeting members) perform their duties in a truly democratic manner and be a credit to the town.

APPRECIATION OF BENEFACTIONS OF LATE JERE DOWNS

In offering at the recent town meeting the motion to accept the bequest to the Winchester Public Library under the will of the late Jere Downs of Arlington street, Chairman Edgar J. Rich of the Library Trustees read the following appreciation, which the Star was asked to publish:

"This motion should not be passed without some mention of the splendid benefactions Mr. Downs has bestowed not only upon the library, but also upon the many philanthropic organizations of our town. The bequest to the library is $30,000.

Many men of wealth have left large sums of money to foundations to which their names are attached, and which are administered by trustees appointed as the benefactors prescribe, as for example the Rockefeller Foundation and the Carnegie Foundation. Mr. Downs has not done this, but has provided that his splendid bequests shall be administered by the organizations for whose benefit they are made.

Mr. Downs was reared in his boyhood by his devoted mother, left a widow without means. He never forgot what he owed to her. He began his business career as an errand boy in the office of an important brokerage concern, of which in time he became the senior partner, and accumulated a large fortune, the greater part of which he left to the service of the public.

The gratitude of the town should likewise be extended to Mr. Downs' sister, Elizabeth Downs Wadsworth, to whom Mr. Downs gave power to change these bequests. She did not exercise this power, and furthermore gave additional bequests to the library and to many charitable organizations of the town.

I move that this appreciation be inscribed in the records of this meeting; that copies thereof be sent to the trustee of Mr. Downs' estate and to Mrs. Wadsworth's husband, and that the Winchester Star be requested to publish it.

Questions have been asked as to the uses to which the trustees intend to devote this bequest. In the first place our very able Town Counsel believes that in order to comply with the laws of the Comomnwealth, which are somewhat conflicting, only the income may be used.

The income of the fund, which is invested by the Commissioners of Trust Funds, will be $900 more or less. The trustees have as yet made no decision as to how this shall be used. It is a matter for very careful consideration. The town would not approve the use of any trust funds, merely for the purpose of reducing the tax rate. To do this would be contrary to the intentions of our benefactors, and certainly would discourage further benefactions.

There is one purpose, which I am sure the town would approve, and that is to provide a special service for our returned veterans. Suggestions how this can be accomplished will be gratefully received by the trustees."

Mr. and Mrs. R. E. Smith who have been spending the winter months in Bradentown, Fla., have returned to their home on Cabot street.

RECORD RAMBLINGS

We have noticed that the whistlers passing Saybrook Stores on Thompson street agree on that catchy tune "My Dreams Are Getting Better All the Time" which topped the Hit Parade last Saturday. Les Brown, Phil Moore Four, Luis Prima and Johnny Long have recorded it . . . Speaking of dreams, have you heard the new one entitled, "Dream?" It really is a beauty and to date, there are two terrific releases by Freddy Martin and the Pied Pipers. Ask to hear it at Saybrook Stores . . . The bobby soxers will swoon over Sinatra's latest platter, "Stormy Weather" and "Ol' Man River." It's a 12 in. disc, plenty of that smooth'e, Sinatra . . . The Ballet Russe de Monte Carlo opens April 23 at the Opera House with a varied and intriguing program including Gaite Parisienne, Nutcracker Suite, Prince Igor, Coppelia and Scheherazade, all of which is available in record form at the Saybrook Stores. Every music lover will want to take in at least one performance of this world famous ballet . . . Spring means just one thing to us, Boston Pops. Soon! we'll all be flocking to hear Arthur Fiedler conduct our favorites. It will be wonderful to relax again in that friendly atmosphere, while the orchestra plays Strauss Waltzes, Ave Maria or any other well loved classic. Last year the medley of "Oklahoma" demanded several encores by a deafening applause. Wonder if they've cooked up a snappy arrangement of "Rum and Coca Cola" for this season. Suggestions on Pops recordings at Saybrook Stores: Old Timers Night at the Pops. The Toy Trumpet, Artist's Life Waltz, Song Fest, Tiger Rag, Spanish Rhapsody. We'll be looking for you at opening night of Pops . . . Have you heard the new sensational colored pianist, Pat Flowers? He plays the classics straight and then breaks into hot jive or boogie woogie. Pat sure is terrific and has done the Blue Danube, Chopin Waltz in E Minor and a Bach Prelude and Fugue. He broadcasts once a week over WNEW in New York . . . Best new of the week, the new album, featuring the celebrated pianist, Jose Iturbi, has just arrived at Saybrook Stores. Be sure and ask for your copy. Another surprise, Saybrook Stores has just added electrical appliances to their stock and the appearance of irons and electric mixers for actual sale caused quite a sensation on Tuesday. The first purchaser was Mea Mason, 11 Ridgefield road and she certainly was very thrilled with her fortunate discovery. The shock and excitement of receiving these appliances has left this writer quite weak, so, more ramblings next week.

THE REAL RESOLVE

Exceptions have been taken to the reference to the resolution concerning the use of the library building in the Star's "Town Meeting Briefs" last week. Here is the resolution as it was offered by Mrs. Warren Whitman and passed by the March town meeting:

"Resolved, That in the opinion of this meeting the use of the library building should be given to such civic and cultural organizations as the Trustees of the library shall approve, and under such rules and regulations as they shall establish."

FITZGERALD CLEANSERS ANNOUNCE 1945 COLD STORAGE

Since the advent of spring-like weather many calls have come inquiring if Fitzgerald Cleansers are going to handle cold storage of furs and cloth coats and suits this year. The answer is—Yes.

While awaiting the time their dry cleaning plant can once again produce their standard of dry cleaning service, the insured cold storage branch of the business will be continued as it was for the 1944 season when it proved that at their pre-war charges better service both on acceptance and delivery of fur and cloth garments in the finest, most scientifically controlled vault in New England could still be assured.

Fur cleaning by the furrier's process, a necessity for valued winter worn furs will be offered as usual, although the dry cleaning of cloth garments must await the reopening of the general plant operations. It is expected that many people will arrange to have Fitzgerald Cleansers store their cloth cloats, the cleansing of those requiring it taking place before or after storage. Garments of members of the armed services are still being accepted for storage for the duration.

The store at the plant at 959 Main street, Winchester, will be open daily beginning April 16. Up to that time calls will be made by the familiar gold-lettered red and black truck by calling Winchester 0892-W, the calls to the plant phone, Win. 2350 being temporarily transferred to the home number.

The charges are at the same low figure of $1.25 minimum for cloth coats with a $50 valuation, and $2 minimum on fur coats with a valuation of $100. Instead of the standard charges of 3 per cent, Fitzgerald Cleansers fix their figure, at 2 per cent, a saving of $1 for each $100 valuation, and this with all the services and every protection offered by the best furriers.—Adv.

The Winchester schools close today, April 13, for the usual spring vacation, reopening Monday, April 23.

SHED BURNED AT BEGGS AND COBB

A big shed on the premises of the Beggs and Cobb tannery off Swanton street, used for the storage of salvage paper, was destroyed by fire Tuesday evening, Box 42 sounding at 8:45. Sparks from the fire caught in several places on the roof of the tannery beam house, and the firemen got a line of hose onto this building to prevent more serious consequences. The origin of the fire seemed suspicious and an investigation was commenced by the Police at once.

A Study In Ratio

of your fire insurance to property values is of vital importance now. During every month in 1944, the insured fire losses in the United States were greater than the corresponding month a year ago. The total was more than $423,500,000. Causes of this tremendous waste were the same countrywide—deterioration, lack of supervision and carelessness, inevitable consequences of war. Need we say more to emphasize the importance of adequate protection?

FOR MEAL MAGIC USE HOOD'S MILK

Everybody knows how important it is to drink milk daily, for good health and good nutrition. But every wise homemaker should know, too, what a grand idea it is to *cook* with milk! Milk adds extra richness and flavor to every-day dishes — gives them a hearty, stick-to-the-ribs quality that's something to sing about, in wartime. And milk adds extra nourishment, too — assures each member of your family a bigger share of this wholesome dairy food.

Try out one of the recipes below, today. And be sure to use Hood's, the milk with the country-sweet flavor... and see if you don't agree that milk makes marvelous meals!

JR. MRS. MEETING

The Jr. Mrs. of the First Congregational Church enjoyed their first supper meeting last Tuesday evening. This group of young married women who are unable to participate in daytime church activities, found their interest rewarded by an unsurpassed and most unusual supper prepared by Mrs. R. H. B. Smith, with the help of Mrs. Arthur Dietz and Mrs. George H. Gowdy.

Following the supper, Mrs. Arthur T. Rogde, chairman of the Jr. Mrs., voted thanks to the supper committee and to Mrs Alfred G. Nelson and Mrs. Richard B. Lewis who had made attractive hand painted daffodil place cards. Mrs. Robert M. Keeney, president of the Women's Association, said a word of official greeting to the group.

Mrs. Howard B. Brightman, executive secretary of the Boston YWCA, talked to the Jr. Mrs. on the opportunities for young women along church lines. In her presentation, Mrs. Brightman first reviewed the issues which will be facing us as Americans, regardless of our faith: the new internationalism, the return to normal social and economic life, problems of moral and religious welfare, and problems arising out of the position of the United States as a creditor nation.

In open discussion, Mrs. Brightman pointed out practical ways in which a group such as this could exert Christian influence on such problems. Chief need is to carry our Christian attitude into our every act in personal living. As a church group, Mrs. Brightman suggested that the women formulate and express its attitude on the world problems.

The annual meeting of the entire Women's Association will be held on Tuesday, April 24 at 2 o'clock, to elect officers and hear reports of the Guilds and committees of the past year. Miss Priohula Mengatrai, vice president of the College for Women in Lahore, India, will speak.

WEST AT PRESIDENT'S FUNERAL

Former Winchester Athlete in West Point Honor Guard

"Bill" West, former Winchester High and Dartmouth football star, now at West Point, was one of the battalion of 600 Cadets who formed the honor guard at the funeral of President Franklin D. Roosevelt at his Hyde Park, N. Y., home on Sunday morning.

The Cadets were taken in busses from the Point to Hyde Park and formed outside the Station, standing at attention as the train bearing the President's body arrived. On the march from the station to the home they followed directly behind the body on its artillery caisson.

At the home the West Pointers formed a phalanx for the services in the garden and fired the three volley salute over the grave. Fighter planes circled over the town and flew over the funeral train as it pulled in at the station. The Cadets stood at attention for some two hours during their entire detail. Cadet West is the son of Mr. and Mrs. John D. West of Wedgemere avenue.

DR. MAIETTA DECORATED

In November, 1944, Dr. A. L. Maietta, a Captain in the Medical Corps, Army of the United States, was awarded the Bronze Star Medal for heroic achievement in military operations against the enemy. Capt. Maietta has been over-seas for 15 months and has been in front line combat since D-day. His citation is as follows:

Capt. Angelo L. Maietta, MC, landed on the invasion coast of France in the vicinity of St. Laurent-sur-Mer, June 6, 1944, at 0930 hours remaining there till 2130 hours. During this time, the enemy had excellent observation of our troops and continuously shelled them with 88MM fragmentation shells, mortar fire, withering machine gun and rifle fire causing a large number of casualties. The enemy guns were located a few hundred yards away. During these 12 hours, the above mentioned officer went from wounded to wounded bandaging wounds, administering care and dispensing medication with a devotion to duty which was inspiring and with complete and utter disregard for his own personal safety. While engaged in this work, which was over and above the ordinary call of duty, he was constantly in danger of his life and distinguished himself with extraordinary heroism against the enemy. The effect of Capt. Maiettas' work on the morale of our men was superb.

FLEW TRANSPORT PLANE OVER HOME TOWN

Mr. and Mrs. Edwin H. C. Thompson of Kendall street had a real thrill last Saturday morning when their son, Lt. Ernest C. Thompson of the Army Air Transport Command flew one of his outfit's big transport planes over Winchester on his way back to San Antonio, Texas, from Bedford.

Lt. Thompson has been flying transport planes evacuating wounded from Randolph Field in Texas, going to Tallahassee, Washington and Fort Dix. Last week he flew a plane to Bedford and Friday night called his home to tell his folks he would circle over town before returning the next morning to San Antonio. Many heard the roar of the motors and remarked the big transport plane as it circled over Winchester.

Lt. Thompson returned from overseas duty in a hospital plane himself July 28, 1944, after 21 months overseas duty. He was a fighter pilot during the African campaign and was finally sent home on sick leave. Since then he has recovered his health and has been assigned to the Air Transport Command.

MISS FOOTE, SGT. SMITH ENGAGED

Mrs. G. Norman Albree of Winchester announces the engagement of her daughter Grace Shirley Foote to S-Sgt. Stephen Lincoln Smith, son of Mr. and Mrs. Theodore Lincoln Smith of Concord. Miss Foote graduated from Concord Academy and attended Mt. Holyoke College with the class of 1940. She is at present executive secretary of the Anzac Club of Boston.

Sgt. Smith graduated from Phillips Andover Academy and attended the University of California at Berkeley. He is a member of Alpha Delta Phi. Sgt. Smith has just returned from 29 months overseas duty with the Army Transport Command in Central Africa. He is now stationed at Love Field, Dallas, Texas.

WINCHESTER MARINE IWO HERO

The following story of a Winchester Marine officer was written by Lt. Jim Lucas, former Tulsa, Oklahoma newspaper man, now doing publicity for the Devildogs:

One of the unsung heroes of the battle of Iwo Jima has been Marine Capt. Lloyd Hutchins of Marchant road, formerly a lawyer with offices in Boston.

An assistant air officer for the 4th Marine Division, Capt. Hutchins quietly stepped into the breach when the majority of the divison's observers were made unavailable by the sinking of a carrier, the Bismarck Sea, 30 miles offshore.

While the men were being rescued and brought back to their division, Capt. Hutchins made repeated flights over enemy lines, in Marine Cub planes, often under heavy antiaircraft and automatic fire, spotting front line positions and enemy gun emplacements.

It was not his regular job, but he has performed in admirable fashion. Frequently, he made perilous night hops over Japanese positions in an attempt to ferret out the enemy's artillery, which has exacted a heavy toll of life with after-dark barrages. For more than a week, he has averaged four flights a day over front line positions.

In each sortie, Capt. Hutchins has required his pilot to fly at suicide levels, seldom above 500 feet.

"What will happen if we get hit?" a nervous young pilot, making his first flight with the former Boston attorney, asked recently.

"We'll take our chances," Capt. Hutchins replied calmly. "They want the area spotted, and the only way to see what we want is to get down close enough."

Capt. Hutchins has been spurred by knowledge that his work is helping get rid of enemy guns which have killed hundreds of his friends.

"You forget about yourself if you make one trip up front and see what those boys are going through" he said.

Capt. Hutchins received the Bronze Star Medal for his work as an air officer during the battles for Saipan and Tinian in June, July and August, 1944.

MISS WEST, CAPT. STEVENS ENGAGED

Mr. and Mrs. John Borman West of Wedgemere avenue, announce the engagement of their daughter, Camille, to Capt. Burrowes Goldthwaite Stevens, Jr., United States Army, Infantry, son of Col. and Mrs. Burrowes Goldthwaite Stevens of Columbus, Ga., and Portland, Me.

Miss West is a graduate of the School of English, Simmons College, 1944.

Capt. Stevens is a graduate of the United States Military Academy, West Point, New York, June, 1943. He has just returned from ten months service in the European Theater of Operations with the Third Army. He has been awarded the Silver Star, the Purple Heart with Cluster, and the Combat Infantry Badge, and wears the Presidential Unit Citation.

13TH W. H. S. VAUDEVILLE APRIL 27-28

Although postponement of this year's Vaudeville meant a considerable readjustment Director Ray Hayward feels that the additional time will allow opportunity to smooth out details of production which will result in an even better show on Friday and Saturday evenings, April 27 and 28.

A preview of parts of several acts was presented before an enthusiastic high school audience last week and the general opinion seemed to be that this year's show rates as a top performance. Over 150 different people appear in the show which includes 25 numbers. More than 50 other boys and girls are doing behind-the-scenes work.

TRUST CO. ANNOUNCES BRANCH LOCATION

The new branch of the Winchester Trust Company will be located in the Richardson block at 16 Mt. Vernon street at the corner of Winchester place.

The opening date will be announced later.

WINCHESTER-BORN CLERGYMAN WILL PREACH AT EPIPHANY

The coming of the Rev. Murray Dewart, to give the sermon at the Church of the Epiphany at 11 o'clock, April 22, has set Winchester memories to work, and in the congregation that welcomes the son will be some who welcomed the father, the late Rev. Murray Dewart, when he preached his first sermon to the Parish of the Epiphany.

In the same pew will be sitting Mrs. Robert W. Hart, whose husband was one of the committee that in 1912 chose Mr. Dewart, to succeed Rev. John W. Suter, rector of Epiphany for 25 years. Mrs. Hart still serves the parish as an active member of the Altar Guild. In the same pew will be another, active now and active then, whose husband was then one of the Vestry. Mrs. Marcus B. May.

Mr. Dewart's first Sunday was also the first Sunday in Epiphany for one who has served Epiphany all these years with her music, on good days and sad, and who still plays Epiphany brides happily out into life at the side of young husbands in uniform, Mrs. A. B. Corthell.

Others still leaders in church activities, who will greet the young Mr. Dewart are Mrs. Newton Lamson, head of the parish Church Periodical Club, and Miss Ethel B. Davis, director of religious education.

During their stay in Winchester, the Rev. and Mrs. Dewart will be the guests of Mrs. Robert W. Hart, 11 Glengarry.

FORTNIGHTLY ANNUAL MEETING

The 64th annual season of the Fortnightly came to a close with the annual meeting on Monday, April 9.

With floral decorations arranged by Mrs. Norman M. Mitchell making an attractive setting, a delicious baked ham luncheon was served at 12:30 o'clock, under the capable chairmanship of Mrs. Kingman P. Cass.

Mrs. Warren C. Whitman, president, presided. In her welcoming speech she spoke of the value of a woman's club to a community, pointing out the many services it renders, and the power of its influence for the right and against the wrong. In closing she quoted this lovely poem which she had written some time ago.

Why do I stay in the club, you ask?
The voice of friendship, the worthwhile task
Of working together, blending our skills
To make our town of valley and hills
And flashing water the homeliest spot.
Here laughter rings truly with mirth and balm.
In joy or solace while tender and warm
With understanding and sweet grace.
Keen minds, kindly hands weave magic lace
Of wit and whimsy. Yes we do not
Neglect the call to service. Thus we tone
The yielding years with courage. Here is Home!

Present at the luncheon were six former presidents: Mrs. Ida Ripley (1901-03), Mrs. Lena Bond Rhodes (1919-21), Mrs. Walter W. Wright, (1931-33), Mrs. Jesse S. Wilson, (1933-35), Mrs. Edward R. Grosvenor (1935-37) and Mrs. Clifton S. Hall (1941-44).

Mrs. Whitman presented the special guests of honor: Mrs. Harold H. Given, chairman of the state committee of international relations; Mrs. Raymond Merrill, treasurer of the state federation; Mrs. H. Stanley Kinsley, eighth district director; Mrs. Austin H. (Eleanor Hudson) Welch, of the general federation committee for the preservation of antiques; Mrs. Kingman P. Cass; and Mrs. A. Chesley York, second vice president of the state federation. Mrs. Kinsley and Mrs. York spoke briefly.

The business meeting convened at 2 o'clock. The annual reports of secretary and treasurer were given in interesting detail. Although the year has necessitated the curtailment of many committee activities, it was clearly evident from these reports that it has been an exceedingly busy year, and that the Fortnightly and its members have given most generously of time, talent and treasure to the war effort in its various phases, and to the community.

Following the election of officers for the coming season, a delightful musical program was presented by Miss Sarah Cunningham, violinist, and Daniel Pinkham, Jr., harpsichordist and accompanist. Mr. Pinkham explained and demonstrated the differences between the harpsichord and the piano, and played several much enjoyed solos, besides accompanying Miss Cunningham in her very lovely violin selection.

NARROW ESCAPE

Pfc. Joseph LO'Brien of this town, was operating a smoke generator on the 5th Army front in Italy recently, when a German 170-millimeter shell landed only 15 feet from him, knocking him to the ground and showering him with debris.

Although temporarily stunned, he was unharmed.

He is a member of a chemical company fighting with 11 corps and has helped smoke supply routes and gun positions for the 34th, 85th, 88th and 91st Infantry Divisions.

His wife, Mrs. Julia E. O'Brien, lives at 62 Oxford street.

HERMANN DUDLEY MURPHY

Hermann Dudley Murphy internationally noted artist and father of Mrs. Carlene Samoiloff of Highland avenue, died Monday, April 16, at his home, 12 Summit road, Lexington, after a short illness. He was a former resident of Winchester, coming here in 1890 and making his home in town until 1916 when he went to Lexington. He was 77 years old.

Mr. Murphy was the son of Daniel Francis, and Ellen Frances (Ladd) Murphy. He was born in Marlboro and lived in Stoneham before coming to Winchester with his mother, his father at that time being in Nicaragua where he had business interests. Later his father and mother built a home in town on Mason street.

Mr. Murphy attended Chauncy Hall School in Boston and studied at the Boston Museum of Fine Arts and at the Academy Julian in Paris as a pupil of Jean Paul Laurens and Benjamin Constant. While in Paris he met Caroline H. Bowles of Savannah, Ga., and Washington, D. C., an art student, whom he married in New York in 1895. The following year he and his wife returned to Winchester, living on Hillside avenue until 1903 when he built the pictures que house and studio at 314-316 Highland avenue, known as Carrig Rohane.

Mr. Murphy's towering figure, generally clad in tweeds, was well known in Winchester and he took a prominent part in community affairs. Always keenly interested in canoeing, he was one of those who founded the one-time Shu Shu Gar Canoe Club with a boathouse on the Aberjona at Bacon street, the old red building being torn down to make room for the present bridge over the river.

Later Mr. Murphy was active in forming the Winchester Boat Club, of which he was a charter member and one of the early presidents, as well as fleet captain for many years. Especially interested in canoe sailing he was the holder of the sailing championship of the American Canoe Association in 1902, '09, '10 and '31. He was largely instrumental in interesting many of the town's young people in canoeing and water sports and at times gave water safety exhibitions for the school children.

Mr. Murphy and his first wife were among the original members of the Winchester Arts and Crafts Society, one of the earlier organizations of its kind, and the Carrig-Rohane Frame Shop which revolutionized fine picture framing, originated in the cellar of his home on Highland avenue.

When the Library Art Advisory Committee was formed before the erection of the present library, Mr. Murphy was made a member and his advice and interest proved of great value in the acceptance and hanging of the pictures in the building. Among the paintings displayed are two landscapes and a portrait which he painted and presented to the library.

He was active in the formation of the Winchester Art Association to which his advice and interest were of great value, and of which he was a staff-fifth member of the governing board.

In 1908 he and his family went to Venice on a painting trip and while there he met the young artist, Ettore Caser, who returned with Mr. Murphy to Winchester and eventually built a studio home here near the reservoir. His mural is displayed in the public library over the mantel and his ashes are interred in the Murphy lot in Wildwood.

Mr. Murphy served as the artist with the Nicaragua Canal Construction Company's expedition in 1887-88; illustrated for the Boston Globe and other papers and magazines for the next six years and then exhibited for years at the salon of the Champs de Mars, Paris. He served for many years as a member of the Mass. Art Commission and from 1902 to 1907 was a member of the faculty in architecture at Harvard University. His works are included among the permanent collections of many art museums, including those of the National Academy in New York and the Boston Museum of Fine Arts.

He won many awards including those at the Pan-American Exposition, Buffalo, 1901; St. Louis Exposition, 1904; Pan-Pacific Exposition, San Francisco, 1915, and American Academy, 1931. He was most widely known for his paintings of New England landscapes and flowers.

Mr. Murphy was a member of the Copley Society, Guild of Boston Artists, Boston Water Club, National Arts Club of New York, Hartford Club, Union Boat Club, American Canoe Association, National Academy, Winchester Boat Club and was an honorary member of the Royal Canoe Club of England.

In 1916 Mr. Murphy married Nellie Littlehale Umbstaetter, a well known artist, who died in May, 1941. He leaves, besides his daughter in Winchester, a son, Dudley Bowles Murphy of Santa Monica, Cal., and Winchester, and five grandchildren, one of whom, Michael Dudley Murphy is on duty with the Army in the Philippines.

Funeral services were held Tuesday afternoon at Bigelow Chapel in Mt. Auburn Cemetery, Cambridge, with Rev. William S. Packer of this town, officiating. Interment was in Wildwood Cemetery.

The holiday was spring housecleaning day at Police Headquarters with Chief Rogers in personal charge. Needless to say the dirt, etc., flew!

MISS MARY V. PERHAM

Former Winchester Teacher Dead

Word has been received in Winchester of the death of Miss Mary V. Perham, retired high school French teacher, in St. Petersburg, Fla., on Friday, April 6. She was a member of the high school faculty here for 17 years, coming to Winchester in 1916 and remaining until her retirement in 1933. Since that time she had been living in Rockport, spending her summers in Florida and California.

Miss Perham was born in Kingsboro, attended Nashua High School and was graduated from Radcliffe College in the class of 1914. She also studied abroad in Switzerland, Germany and France. Before coming to Winchester she taught in Great Barrington and at Torrington and New Britain, Conn.

A memorial service will be held in Boston at a date and place to be announced.

MISS ANNA JANE CLARK

Miss Anna Jane Clark, a former resident of Winchester and until she became ill, a nurse at the Winchester Hospital, died Friday, April 13, at the Newton Hospital after a short illness.

Miss Clark was the daughter of Nicholas, and Anna (Bailey) Clark. She was born Aug. 23, 1887, in Cambridge, was educated in the Waltham schools and trained at the Robert Brigham Hospital. For 12 years previous to 1925 she made her home in Winchester and last fall she returned to town to join the nursing staff at the Winchester Hospital. Since leaving town she had lived for the most part in West Newton and East Boothbay, Me., where she had a summer home.

Surviving are three sisters, Mrs. Edward B. Smalley of East Boothbay, Me., formerly of Winchester, Mrs. Chester H. Sherman of West Newton and Miss Helen Clark of Boston.

Funeral services were held at the Saville and Kimball Chapel Tuesday afternoon with Rev. Dwight W. Hadley, rector of the Church of the Epiphany, officiating. Interment was in Wildwood Cemetery.

WEEK-END FIRES

The Winchester Fire Department had a stiff two-hour fight Sunday afternoon with a brush fire that burned over a good sized area in the west side well field and the woods in Wildwood Cemetery. The fire covered the hill in back of Ardley road burning toward Sylvester avenue, and three lines of hose had to be laid before it was finally extinguished.

The Central Station was informed of the fire by phone at 2:20 o'clock, and when the first apparatus arrived at the site of the fire Box 542 was put on for more help.

Another promising fire was that in the woods near Irwin's Farm on Ridge street, the blaze destroying some fences around the Irwin piggery. Booster lines were used at this fire, the alarm coming in at 5:08 p. m.

There were no fires Saturday, but on Friday there were two brush fires, the first at 10:45 on Emerson road, and the second at 7:55 p. m. on Cross street near Verplast avenue.

WINCHESTER HISTORICAL SOCIETY

The spring meeting of the Bay State Historical League, of which the Winchester Historical Society is a member was held with the Somerville Historical Society last Saturday. The principal address was by Mr. William P. Jones whose subject was "Somerville's Hilltops and Highways."

Mr. Jones said that Somerville was a part of Charlestown until 1842, described several of its ten hills, some of which have long since been levelled, and spoke of the important part its hills and roads played in the Revolution, particularly the fortifications of Prospect Hill during the siege of Boston, and the roads used by Paul Revere and the British soldiers.

As part of the program Rev. Laurence L. Barber of Arlington, well-known to our members through having spoken before our society on several occasions, conducted a very beautiful Memorial Service for our late President, Mr. Roosevelt.

Those attending this fine meeting from the Winchester Historical Society were Miss Clara Russell, Miss Jean MacLellan, Miss Laura Tolman, Miss Flora Richardson, Mrs. Arthur Belville, Mrs. George Connor and Misses Louise and Eleanor Bancroft.

THREE DUMP FIRES MONDAY

What started out to be a rubbish fire at the town dump shortly before 1 o'clock Monday afternoon turned out to be quite a fire with three dumps ablaze before the all out was sounded.

The Central Station was called at 12:50 for the fire at the town dump, and this fire spread up to the dump at Beggs and Cobb's tannery. Chief John J. Gorman ordering Box 7-7-41 to be sounded for more help at 1:10.

Not long after that call it was necessary to send in another call for additional apparatus to put out a fire at Cullen's dump across the railroad tracks from the first fires, but started from them.

Engine 4 from Arlington came over to cover in at the Central Station while the local apparatus was out.

WINCHESTER TRUST CO. INCREASES CAPITAL

At a special meeting of the stockholders of the Winchester Trust Co. held April 17 it was voted to increase the capital stock $100,000 by a transfer from surplus. Under the new set-up the capital stock will be $200,000 and the surplus and guaranty fund $200,000, making the total capital, surplus, and guaranty fund $400,000.

The officers of the bank report that this step will enable the Trust Company to enlarge the scope of its banking activities, increasing the limits of its loaning capacity and the amount in certain instances which it may receive on deposit.

HOME HOSPITALITY FOR SERVICEMEN

The Winchester Home Hospitality Committee is still busy placing servicemen in local homes. Between 75 and 100 boys have been placed between Jan. 1 and April 1 for weekends, Sunday dinners, or for longer leaves. Included among the men have been American and British sailors and members of the Royal Air Force. They have come through the USO, the Chelsea Naval Hospital and the Union Jack Club.

There is still a need for additional hostesses for the committee to call so that no hostess will have to be called too often. There is an especially urgent need for hostesses for mid-week evening entertaining. Many boys go into the home hospitality desk of the Buddies' Club asking for a chance to spend an evening in a home. In fact, Mrs. Burgess, the director there, says that she often has to turn some away because she does not have enough homes available. The boys usually do not even want dinner, many of them have dinner before leaving the ship or barracks. But they do want some home atmosphere and a chance to meet some nice people.

Most people who have entertained boys have found it a most enjoyable experience for themselves as well as for the boys. If you would like to try it for a Sunday, for a week-end or other overnight period, or a mid-week evening, please call Mr. Lyman B. Smith, Win. 0802.

Following is a list of the hostesses who entertained servicemen between Jan. 1 and April 1. Many of them have entertained several times during this period.

Mrs. J. Stanley Barnes, Mrs. Francis A. Barrett, Mrs. Gerald R. Barrett, Mrs. Peter K. Boshco, Mrs. John Carruthers, Mrs. Thomas F. Cassidy, Mrs. Fred B. Chamberlin, Mrs. John K. Converse, Mrs. William J. Croughwell, Mrs. Paul C. Dunn, Mrs. George W. Elwell, Mrs. Stuart Eldredge, Mrs. Marshall J. England, Mrs. Richard C. Evarts, Mrs. Louis Geerts, Mrs. Truman M. Godfrey, Mrs. H. Arthur Hall, Mrs. Frederick L. Hicks, Mrs. Raymond Holdsworth, Mrs. Irving E. Jennings, Mrs. Erskine H. Kelley, Mrs. John M. Kingman, Mrs. Clarence S. Luitweiler, Mrs. Alvin S. Tapley, Mrs. Leslie A. Tucker, Mrs. Paul E. Ward, Mrs. Erskine N. White, Mrs. Robinson S. Whitten, Mrs. Chester F. Wolfe, Mrs. Edwin W. Zimmerman.

Sunday morning the Police were notified that four large hubcaps had been stolen from a Hudson coach, owned by Robert Shaw of 17 Fairmount street and parked in the parking lot at the Winchester Theater.

REGISTERED NURSES ARE URGENTLY NEEDED BY THE ARMY NURSE CORPS

VERSATILITY PLUS!

Monday afternoon tested the versatility of Winchester's Patrolman William E. Cassidy, but as usual "Willie" rose to the emergency and brought home the live stock. We had always supposed Officer Henry Dempsey, or perhaps Officer Irving Reardon, stood highest on the Department's roster as animal pickeruppers, but in Monday's emergency Officer Cassidy gave evidence that his ability along that line is not to be sneezed at.

At any rate, at 12:15 o'clock he corraled a horse wandering around Pond street and at 3:30 to the minute he picked up a stray hen on the Parkway. His terse entries on the blotter were models of modesty, no details at all being given, though it has been our experience that no hen on the hoof and in good health is ever caught without the deuce of a struggle.

The Star learned unofficially that the hen laid a couple of eggs after being safely shut up at Headquarters, and we also found out that Officer Cassidy did not get the hen fruit, which leads us inevitably to the conclusion that there ain't no justice!

TRACK MEN BUSY

Some 50 candidates for the Winchester High School track team have been working out daily this vacation week under their newly appointed coach, Athletic Director Henry Knowlton. The large number of candidates out for track this spring indicates clearly the boys' reaction to Knowlton's appointment as coach.

"Hennie" will have to do a lot of building this spring. Tom Kerwin and Ewen Cameron being the only letter men left from last year's star-studded squad. Bud Way, high jumper, will not be available until later in the season.

Coach Knowlton is far from discouraged and is especially impressed with the enthusiasm his big green squad is showing. Already he likes the progress made by Jacobellis in the sprints and by Johnny West and Frank Faietta in the shot. Both boys, with little real instruction yet, are already beating anything shown by the local muscle men last season.

EN KA CONCERT IN REHEARSAL

The Mystic Glee Club under the able direction of Donald Marshall is hard at work on its repertoire for the annual spring concert sponsored this year by the En Ka Society of Winchester.

This popular men's group which had its inception following a Winton Club show in 1939, organized as the Mystic Glee Club in 1940 with 22 men who enjoyed the fellowship and good fun of singing together. At its peak membership, this organization numbered some 38 to 40 men. At present 18 are serving in the armed forces of our country, including the popular former conductor, Bill Cruger of Waltham who successfully directed the club's activities until the spring of 1943.

This, the sixth annual spring concert, is expected to attract a large audience of music lovers who enjoy men's choral singing. The proceeds will go to the En Ka Society, to finance the splendid charities supported by this able group.

HORSESHOE SEASON OPENED

The Palmer Beach Horseshoe Association opened its current season last week-end, President Royal "Paper Trade" Teele finally succeeding in bullying enough members into showing up at the beach courts to play.

"Wild Willie" McLaughlin, the pride of Stowe and champion of all Nahnasset, was one of the quartet that answered the president's clarion call to arms, the others, present being Herbert "Garrulous" Gardner and of all people on earth, the Secretary. The last named, arriving a bit late, was warmly if not too respectfully greeted by the members at the beach in advance of his coming, the warmth in the greeting being impelled solely by the fact that without him there would not have been a quorum present.

Despite the sun, which shone brightly, the wind blew shrewdly off the water and prompted President Teele to order play in the lee of the high banking at Palmer street beside the swings and teeter-boards, and there were times when the quartet of pitchers might well have done better on the swings and see-saws than they did with the shoes. The pitching was admittedly spotty, but the ageing soupbones of the warriors were rusty from lack of practice while the pitching eyes, after a winter's layoff, were not what they should have been, the president's "googles" to the contrary notwithstanding.

On the credit side of the ledger was the fact that all the pitchers threw double-headers, though it must also be admitted that none of them was covered.

Mr. Teele, wearing a mechanic's cap with an inordinately long vizor, was good and bad, though Arthur E. Butters, sometimes called the State of Maine Champ, had he been present, would probably have been far from pleased with his form. Mr. McLaughlin was at times "wild", but at other times was also pretty darn good, so that his average was not to far under par. Mr. Gardner's submarine shoe was not so potent as usual and the Secretary was in about his usual form, which is never very torrid. So far as he was concerned the session was a success when he threw a double ringer which wasn't covered.

As usual the Scrivener failed to win a series, losing first with Mr. McLaughlin, the next with Mr. Teele, and finally, a sudden-death game, with Mr. Gardner. The first two series went to odd games and were hard-fought, with honors about even, except for the series in which the Secretary was paired with President Teele. During these three games the Scrivener carried the Association's chief executive squarely on his bent back, winning the sympathy and approbation of the other members for his gallant fight against overwhelming odds.

The final single-game match, between Mr. Teele and Mr. McLaughlin on the one hand and Mr. Gardner and the Secretary on the other was easily the best of the session. Mr. Teele, no longer playing with the Secretary was according Mr. McLaughlin superb support while Mr. Gardner was covering the Secretary's always puny pitching in magnificent fashion.

The score finally stood at 21 all, and Mr. Gardner delivered two very close shoes. Mr. Teele uncorked a ringer which so unnerved the Secretary that he conceeded defeat, walking from the courts while Mr. Teele and Mr. McLaughlin were "putting it there" and Mr. Teele was telling Mr. Gardner that when he got back from Wells River he would be in to see him.

Mr. Gardner paid scant attention to this railery, but went to the stake and did a bit of digging, discovering the interesting fact that one of his shoes was around the stake and the other touching. Unless Mr. Teele could deliver another shoe as close the match should have been his.

The Gardner researches were made possible only by removing the Teele ringer and Mr. McLaughlin ruled absolutely that this could not be replaced and another shoe thrown, Mr. Teele concurring, despite the fact that he generally thinks little enough of Willie's opinions concerning the etiquette of the game. Mr. Gardner was all for letting the matter stand and the Secretary was still too disgusted with himself for letting his partner down to get into the argument at all.

Finally it was decided to throw the box over and Mr. Gardner threw two "touchers." Mr. Teele however duplicated his ringer of the previous box and left the beach in high glee while Mr. Gardner was giving some forthright advice to the Secretary about never selling a guy short without digging!

The Police were notified Monday forenoon that an air hose had been cut at the filling station at the corner of Washington and Forest streets some time Saturday night or Sunday morning.

MET IN CALIFORNIA

It wasn't such a long time ago that big Bob Jackson was playing end and Dean Derby, wingback, on Pete Provinzano's Winchester High School football team that beat Woburn 7-0 on the Shore road field in the fall of 1941. If any one had told them then they would meet again in the spring of 1945 while loading freight cars in California, their answer would very likely have been either an incredulous "O Yeah" or a super-emphatic "Nuts" that is, if big Jax took the trouble to answer at all. And yet meet they did in California recently and they both were loading freight cars when the meeting took place. Here's how it happened.

Both boys are in the Navy, Jackson being a metalsmith stationed at Alameda and Derby, a radio man waiting to ship out from Shoemaker after completing a radio course at University of Wisconsin.

Within easy access of both Shoemaker and Alameda is a shipping center for the California Packing Co. who process the famous Del Monte fruits and vegetables. The company hires service men on their days off to assist with loading freight cars and as they pay well for the work many of the sailors add to their incomes by working on liberty detail.

Jackson was doing just that on an off day when a checker on a freight car asked him where he came from. When "Bob" replied "Boston" the checker told him there was a fellow working on the next car from that city.

Something told "Jax" to go over and see who the Bostonian was and the big fellow was nothing if not delighted to find his old team-mate Dex Derby so near at hand. Just how much work either or both did after that for the next hour or so we wouldn't know, but as Derb was the first Winchester boy Jackson had seen since he entered the service, you couldn't blame him if he took a little time off for a talk over old times.

WINCHESTER SCHOOL DEPARTMENT NOTES

As in other years, the School Department will provide for the registration of all children who are to enter the public schools next September for the first time. Parents who have such children should register them at the nearest elementary school from 3:30 to 4:30 on any one of the following days: April 30, May 1, 2 or 3.

At the time of the registration; a physical record card will be given the parent of the child on which may be recorded the results of a physical examination by a private physician. Those who cannot afford such a physical examination should apply to the Board of Health Clinic for such an examination on May 10 or on one of the succeeding Thursdays through May, June and July.

The purpose of the physical examination is to provide an opportunity to have any physical defect remedied, if such is disclosed, before the child actually enters school in September.

All children are required by state law to be vaccinated.

Children to be admitted to the kindergarten must be 5 years of age not later than Nov. 1. Children to be admitted to the first grade must be 6 years of age not later than Nov. 1.

MISS GEERTS COMMITTEE MEMBER

Miss Marjorie Geerts, daughter of Mr. and Mrs. Louis Geerts of Calumet road, has been appointed a member of the publicity committee to cooperate with the Y. W. C. A. at Colby Junior College in promoting a drive in behalf of the World Student Service Fund which was launched on the New London, N. H., campus Monday, April 9. The W. S. S. F. provides books and other educational material to prisoners of war in camps in this country and abroad. Colby students have set $500 as their share of the national goal of $500,000.

Miss Geerts is a first year student in the aeronautical secretarial program.

BASEBALL MEN BUSY

Winchester High School's new baseball coach, Ray V. Hayward, has been working out the candidates for the current varsity team daily during vacation week, in an effort to determine the most likely players to fill some of the vacancies left in his lineup by graduation. Experienced men are available for the battery and three of the four infield positions. The outfield is wide open though Coach Hayward has several boys who played the garden some last year. Prospects are not too drab at least, and with a break in luck, the local nine should make itself felt in the Middlesex League competition.

SONS OF ITALY NOTES

Gaetano J. Mistretta Receives Citation

The family of Gaetano Mistretta was very much surprised to receive the following communication from the War Department. Mistretta along with two of his buddies received a Silver Star for the following acts of bravery:

Under the provisions of Army Regulation 600-45 as amended, a Silver Star is awarded to Gaetano J. Mistretta and two of his buddies.

Gaetano J. Mistretta, 31135590, Pfc., Medical Dept., Co. C, 109th Medical Battalion, home address, 12 Harvard street, Winchester.

For gallantry in actios on July 1, 1944, in Italy. When numerous casualties were sustained as a result of a severe enemy artillery concentration, these three men made eight trips on foot to the forward slope, and evacuated seriously wounded men. They then ran the gauntlet of heavy enemy fire to evacuate patients by ambulance from the Battalion aid station to the collecting station, a distance of four miles. After the second trip 40 shrapnel holes were counted in the ambulance and the glass in the door was shattered by near misses. Pfc. Mistretta, the driver, narrowly escaped death when a piece of shrapnel imbedded itself in the seat beside him. On the third trip, the ambulance loaded with six patients, became a specific target for the hostile artillery and 15 shells exploded nearby, sending shrapnel, through every part of the vehicle and shattering the windshield. Pfc. Gray, Stone and Mistretta worked eight hours and evacuated 15 seriously wounded men to the collecting station, undoubtedly saving many lives that might other wise have been lost. The courage and extreme devotion to duty displayed by these men were exemplary and a source of inspiration to the entire battalion.

This was received on top of information of his escape from a burning building, the story of which appeared in the Star. As is most always the case Mistretta was too modest to inform his family of these "trivial" happenings.

Easter Sunday there were quite a number of boys home on short leaves, Pvt. Frank Dattilo was home from the European War. He was wounded in Belgium.

Among the boys who have seen action in the Pacific were: Paul Marchesi, Frank Corbi, Jimmy Figlioli and Joe Bucci. This was Joe's first time home after many months overseas. Frank Corbi spent his first birthday home in five years.

Also home were Vincent Michienzi, Giacomo Errico, Mike Azzaro, Andrew Giacalone, Vito Bellino and Willam Fiore. "Mulligan" had quite a day of it. He was quite busy and in quite a gay mood. I think it had something to do with the fact that he was being married. My, my, those poor innocent boys being led to the slaughter, oops. Misprint, I meant altar.

Mail Department: Ahem, ahem, tsk Maybe we should call this the Such As It Is Department and let it go at that. First is another fine letter from Sam Corbi woh has been quite busy, but still finds time to write. Sam acknowledges receipt of the gift sent out by the Grand Lodge Servicemen's Committee of which your correspondent is chairman. He says he enjoyed boys who have not yet received a gift should write to the lodge and I will personally attend to it. Sam also tells of the many places he has visited in England and inquires about the bowling league. That will be answered later.

Frank Cefali writes and tells of meeting Albert Derro, the first Winchester boys he has seen over there. He said that the Star had not been getting to Albert lately so Frank gave him some back copies he had. We at home never realized you fellows carried the back issues with you.

Confirmation has been received from Al Subrizio that he is now in the infantry. Says Al, "I'm in the infantry now and they are trying their best to make up for the years they wasted on me." Al, who once said, "A hell of an Army, six months and I haven't fired a rifle yet" has now fired all the weapons used by an infantryman. After a lot of Army talk the "wolf" in him comes to the front. Pardon me, I stand corrected, that's still Army talk. He sends his regards to the Ladies' Lodge. By the way, Al says Texas isn't what the song writers make it out to be.

Well boys, having taken on the job of Venerable and its extra duties I will sign off for a while and turn the future columns over to Vic. So long for a while.

It is rumored that the School Committee will soon make known their choice of a superintendent of schools to replace Mr. James J. Quinn who resigned early in the spring. This is quick work, particularly quick work in view of the fact that the Committee could not commence its examination of candidates until its personnel was determined by the March election. The selection of a new superintendent for the Winchester schools ought to be very carefully arrived at, for the new incumbent will face no easy task. He will need to be one with the background of education and experience necessary to evaluate educational trends and systems, the knowledge to shape wisely a system to improve the weaknesses found by the Fowlkes survey to exist in our schools, the administrative capacity to make the new system function and the personality and tact necessary to instill confidence on the part of both the public and the school staff in the regime of which he is to be the professional head. The Fowlkes survey found certain most apparent weaknesses in the elementary brackets of the Winchester school system. Teaching or supervising experience, or both, at these levels should prove very helpful in the superintendent finally selected to take over here. Above all it would seem that the new superintendent should have actually demonstrated a high type of educational administrative capacity in a system at least somewhat comparable to Winchester's to be seriously considered for the local post. He will need to be a good man to succeed here and the salary Winchester pays and has paid is sufficient to enable the Committee to select a good man. Perhaps the man its members have in mind is as good as any they could find, but if he does not turn out to have what it takes, the townspeople, and especially those having children in the local schools, will have the right to ask the Committee why they were in such a hurry. And they will ask them! Make no mistake about it! The present School Committee is charged with the necessity for passing the most important and far-reaching decision a committee has had to make in years in our School Department. If they select a man lacking any of the attributes of an inspiring superintendent who has demonstrated outstanding leadership and educational achievement, and that man does not succeed here, those who took to the School Committee to protect our school childrens' interests will have the right to be both critical and displeased. That they will be is beyond question.

LT. SCHWAB TO SPEAK

Families of Winchester servicemen and women will be particularly interested to learn of the forthcoming lecture, sponsored by the Winchester War Veterans' Committee, which will be given at the Lincoln School auditorium next Wednesday night, April 25.

A brief explanation of the local committee's work will be given and Lt. Constance Schwab, (NC) USNR, will be the speaker, her subject, "Serviceman to Civilian." Lt. Schwab is a supervisor at the Chelsea Naval Hospital and was one of the most popular speakers in the recent series of lectures sponsored by the Family Advisory Committee. Those who were privileged to hear her at that time were impressed with her charm, intelligence and sympathetic understanding of our men in the service.

This subject of the returning veteran and his sometimes difficult readjustment to civilian life is one that should be thoughtfully studied by the family of every man and woman in the forces. Lt. Schwab's long experience in one of the country's largest naval hospitals well qualifies her to speak on this subject, for she knows our men well and has a first hand knowledge of their problems. She knows how they feel and what they are thinking as they return to civilian life, and she has wise advice and assurance for those awaiting them at home.

Wives and families of Winchester servicemen are particularly urged to attend and everyone is welcome.

V. F. W. MEETING

Aberjona Post, 3719, Veterans of Foreign Wars, will hold a regular meeting this evening at 8:15 in the Post Headquarters on the Skillings estate. The newly installed commander, Ralph DelGrosso, will preside.

EPIPHANY SERVICE LEAGUE

To Hear New Diocesan Leader

Tuesday, April 24, the women of the Epiphany Service League will welcome as their luncheon guest, at 12:30 in the parish hall, Mrs. Harold C. Hart, newly appointed executive secretary of the Mass. Branch of the Woman's Auxiliary. This office is new in the work of the Episcopal Church. After study by a committee and with the approval of the Bishop, Massachusetts has taken the initiative in having a salaried executive for women's work.

Establishing this office and finding the right person to undertake its work has been a final great service of Miss Elise Dexter, who resigned from her Diocesan office last week, after several years of inspiring and enthusiastic leadership. Epiphany women will remember gratefully her visits and her power to make the world-wide church, which she had seen and served in this and other lands, a vivid, folksy, courageous fellowship.

In the absence of Mrs. Harold H. Blanchard, who is visiting her parents in Virginia, Mrs. E. Phillips Walker will preside at the weekly meeting. Mrs. Hart will speak at 1:15 on the work of her four months, at her office and out in the parishes.

Epiphany's own diocesan officers, Mrs. Morton E. Grush and Mrs. J. Warren Shoemaker, will be present to greet their new colleague.

Mrs. Ellsworth Snow and Mrs. Herbert Kelley will have charge of the war-time luncheon, of soup and dessert.

PROMOTED AND DECORATED

Promotion to Corporal and award of an Air Medal for John T. Hession, son of Mr. and Mrs. P. Hession of 19 Lochwan street, has been announced by Maj. Gen. Howard C. Davidson, commanding general of the 10th Air Force in Burma. Cpl. Hession is a crew chief with a troop carrier squadron of the 10th.

The corporal's citation states that he participated in operational flights totaling more than 100 hours over Burma when enemy attack was expected and probable. The flights were made in unarmed transport aircraft.

In the army for two and a half years, 10 months in the India Burma theater, Cpl. Hession received his overseas training at Sedalia, Mo. He attended Winchester High School and was employed as a mechanic by Eastern Gas and Fuel prior to entering the service.

BUS STRIKE AFFECTED WINCHESTER

Winchester commuters were among those affected by the strike of mechanics in the Chelsea and Melrose shops of the Eastern Mass. Street Railway Co., which tied up many bus lines in this district. The strike originated in the refusal of the mechanics to accept the company's decision to have the men take a simultaneous vacation the last two weeks in August, the men claiming that such a plan is in violation of their agreement with the company which provides for a spread vacation. Since bus drivers are not permitted to fill gas tanks or service their vehicles the strike of the mechanics soon tied up the whole system.

After an agreement on this matter was reached Tuesday between the company and the strikers, there was a further tie-up when the men demanded pay on the time they were on strike.

of your fire insurance to property values is of vital importance now. During every month in 1944, the insured fire losses in the United States were greater than the corresponding month a year ago. The total was more than $423,500,000. Causes of this tremendous waste were the same countrywide—deterioration, lack of supervision and carelessness, inevitable consequences of war. Need we say more to emphasize the importance of adequate protection?

"Doctrine of Atonement" is the subject of the Lesson-Sermon to be read in The Mother Church, The First Church of Christ, Scientist, in Boston, and in all of its branches, on Sunday, April 22.
The Golden Text: "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new." (II Corinthians 5:17). Other Bible citations include, "Let not your heart be troubled: ye believe in God, believe also in me. Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father" (John 14:1, 12).
Her Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Jesus of Nazareth taught and demonstrated man's oneness with the Father, and for this we owe him endless homage. His mission was both individual and collective. He did life's work aright not only in justice to himself, but in mercy to mortals to show them how to do theirs, but not to do it for them nor to relieve them of a single responsibility" (p. 18).

SCOUT RALLY AND EXPOSITION HUGE SUCCESS

The 13th annual Boy Scout rally and exposition held in Stoneham Town Hall under the auspices of Fellsland Council, Boy Scouts of America, was an outstanding success. The local rally committee, with the co-operation of Scout officials from all the cities and towns carried out the many details in connection with this vast undertaking with precision and efficiency.

The occasion was saddened only by the untimely death of President Franklin D. Roosevelt, who was also the Honorary President of the Boy Scouts of America. On Friday evening the question as to whether or not the exposition should be held was given very careful consideration. After a consultation with high Scout authorities, it was decided to go ahead with the plans. A fitting memorial service which was held at 4 o'clock in the afternoon at the time the funeral service for the President was taking place in Washington.

The rally events of the afternoon and evening were conducted with precision, much to the delight of the enthusiastic audience.

Winchester award winners in the various competitions included: Troop 3, bugling, signaling; Troop 7, Morse signalling, knot tying.

Winchester booth awards included Troop 10, 1st, pioneering; Troop 1, 1st, camping; Troop 3, 2nd, trading post; Troop 7, 2nd, handicraft. Winchester Pack 3 won a first award for its Cub and Scout Band and Troop 10 a first award for lashing a bridge.

Following the finals in the various competitions the presentation of Eagle Scout badges is a traditional feature at these annual rallies. For the presentation this year, the master of ceremonies introduced Lt. Col. Ralph R. Patch who in turn introduced S-Sgt. George J. Hall, who recently was presented the Congressional Medal of Honor.

Each of the recipients of the Eagle Scout badges was escorted to the platform by his own mother. In each case the mother was given the honor of pinning the badge on her boy's blouse. The boys receiving the Eagle Scout badges from Winchester were: Paul Dillingham, Troop 7; George Sullivan, Troop 1.

The speaker of the evening was District Attorney George E. Thompson. Long interested in boys and appreciating the value of the Boy Scout movement, District Attorney Thompson presented an excellent address, in keeping with the spirit of the day and of the occasion.

The session closed with selections by the Stoneham High School Male Chorus, followed by the massing of the colors and the singing of the Star Spangled Banner.

MRS. ELIZABETH W. TRACY

Mrs. Elizabeth W. Tracy, widow of George T. Tracy, died shortly after midnight Monday morning, April 16, at the home of her daughter, Mrs. A. W. Cross, 9 Winthrop street, after a brief illness.

Daughter of Charles, and Martha (Morse) Preston, Mrs. Tracy was born June 13, 1852, in Moncton, N. B. She came to this country as a young woman and after her marriage lived for some years in Hartford, Vt., her husband's home. For the past 35 years she had lived in Winchester, being a member of the First Congregational Church and of Victoria Rebekah Lodge, 178, of this town.

Besides Mrs. Cross, Mrs. Tracy leaves a daughter, Mrs. Maude T. Wolloff, matron at the Home for Aged People in Winchester; and two grandsons, Robert and George Cross, both serving in the Army Air Forces.

Funeral services were held on Wednesday afternoon at the late residence with Rev. Howard J. Chidley, pastor of the First Congregational Church, officiating. Interment was in Wildwood Cemetery.

MEMORIAL SERVICE AT FIRST BAPTIST CHURCH

Under direction of the Pastor and the Deaconate appropriate memorial services for the late President Franklin D. Roosevelt were held at the First Baptist Church. On Saturday the chancel was arranged with a large bible open to a favorite scripture of the President. On either side were the American and Christian Flags with memorial flowers behind the bible. From 3:30 to 4 several hymns were played on the chimes and during the funeral service appropriate organ music was played by Helen Palmer MacDonald.

On Sunday during the sanctuary service, the Rev. Walter Lee Bailey conducted a brief but touching memorial service. He paid tribute to the late President in a few well chosen words. After prayer taps were sounded. The service closed with a prayer of intercession for the new President and the congregation joined in singing America.

NEWSY PARAGRAPHS

The Fire Department was called at 5:09 Wednesday afternoon to put out a fire started by children in an an old willow tree opposite the Goldwin home on the Parkway near Mystic Lake. At 10:07 the holiday morning the men were called to a chimney fire at the home of H. S. Monroe, 37 Cabot street. The only casualty at this fire was Fireman Tommy Kilcoyne who got pretty well blacked up by the oily smoke from the chimney, the wind being such that he couldn't get out of the way. He would have made a great end man for a minstrel show upon his return to quarters.

SEVENTH WAR LOAN COMING UP

Officially the Seventh War Loan does not begin until May 14 and closes June 30. Actually, credit towards Winchester's quota may be obtained on any purchase of Series E, F or G Savings Bonds from April 9 through July 7. So, please be sure that any of these bonds you may buy before or after the official period of War Loan Drive is credited towards our town's quota.

The total quota for Winchester in the Seventh War Loan is $1,558,000 of which $404,000 must be in Series E Bonds and $511,000 in sales (other than Series E Bonds) to individuals. Thus, $915,000—or nearly two thirds of our quota, consists of sales to individuals.

To put it another way, Uncle Sam expects you and every other citizen in this town to dig down into your own pockets for a total of nearly a million dollars for this War Loan. Subscriptions by business houses, banks, industrial concerns or by our town government can't help us a bit on this part of our quota.

The job looks tough but it can be accomplished if every one will conscientiously do his share. The fact that we are obviously winning the war by no means signifies that we can let up in the least in raising the money to carry on to complete victory.

Watch these columns next week for a listing of precinct chairmen and co-chairmen who will be in charge of house to house canvass.

NEW FINANCE COMPANY OPEN IN WOBURN

A new finance business, known as the Woburn Finance Co., has taken office space on the second floor of the Flowers Block at 478 Main street, Woburn, opposite the Strand Theater, and is now receiving patrons.

Head of the new business is Mr. Gerard A. Trepanier, who has been connected with the Small Loan Industry for the past 14 years. A native of Lawrence, he graduated from Boston College, class of 1929 and he is a past president of the Rotary Club of Lowell.

Mr. Trepanier's business is to help people solve money problems and restore them into good financial standing. "I want all to know," Mr. Trepanier says, "that I have a loan service for everybody. My loan service is for all in Winchester and surrounding towns, regardless of type of employment or station in life. Anyone is welcome to bring any problems to me at any time, without obligation of course. You will find my company friendly, interested and human."

LOCAL TALENT SHOW AT LIBRARY ART GALLERY

The Winchester Art Association's Exhibition of Local Talent at the Library Art Gallery this month is an excellent example of the improvement enthusiasts can make through the years. Harking back to the Association's first Local Talent show one finds it difficult to realize that the present fine exhibition is really the same event, with pictures by some of the same people on display.

This is a really good show. For a show in which amateur exhibitors predominate, it is an exceptionally good show. There are land and seascapes shown, with flower and still life studies, animals and two portraits, both of Winchesterites, one being of Rev. Dwight W. Hadley, rector of the Church of the Epiphany, painted in the pulpit, with the light from his reading desk lighting his face and vestments, and the other of Althea Hersey, daughter of the Waldon B. Herseys of Woodside road.

Both portraits naturally have much local interest and there are two or so Winchester landscapes that catch the eye. Making no attempt to appraise the pictures or mention outstanding entries, it is still safe to say that nearly everyone who visits the show remarks the fine study in oils of Pleasant Point, Me., done by the Association's president, G. Russell Mann, who paints as a hobby.

There are oils and water-colors in the show with a pastel or two. There are no black-and-white or charcoals this year. Following are the exhibitors and their pictures:

Dr. Samuel Wilkins, "The Back Road"; Elsea Bridges, "Winter"; Frances Dineen, "Winter on the Mall"; Frances Fish, "The Pasture"; Marjorie Eaton, "Bowl of Fruit"; Betty Tucker, "Flowers"; Nelle Pihl, "Althea"; Fred Hollins, "New Hampshire Farmhouse"; Dorothy Saltmarsh, "Rockport"; Elizabeth Lobingier, "Lake Michigan Sand Dunes"; Gertrude McPeake, "Yellow Roses"; Dorothy Howard, "Mt. Kearsarge"; Claire Curtis, "Sunday Morning" (Rev. Hadley); Edith Caverly, "Birches"; Marion Ladd Symmes, "Potted Geranium"; Mollie Broidie, "Hibiscus"; G. Russell Mann, "Pleasant Point, Me."; Mary Jacqueline King, "Dog's Head"; Marion Whitten, "Easter Lillies"; Keoka Oliver, "Hollyhocks"; Anna Heaton, "Winter Day"; Grace Aseltine, "Peonies"; Caroline Cobb, "Magnolias"; Ardys Cairncross, "Across the Aberjona"; Pearl Condon, "Carnations"; Forrest Orr, "The Letter"; Vera Benson, "Gladiolli"; Mabel Smith, "California Seed Pods and Berries"; Cora Wellman, "The Play House"; Grace Anglada McCracken, "Cape May"; Margaret Ashenden, "Bittersweet;"; George Budd, "Camp Monton" (World War I); Elizabeth Muggah, "Still Life Study"; Margaret Copland, "Garden Special" and Isabel Monk, "Penobscot Bay."

GRACE CROUGHWELL WEDS FLIER

Miss Grace Eleanor Croughwell, daughter of Mr. and Mrs. William J. Croughwell of Ravine road, and Lt. James Francis Murphy (jg) USNR, son of Mr. and Mrs. William J. Murphy of 40 Clark street, were married on Wednesday evening at St. Mary's Rectory by Rev. Fr. John P. O'Riordan. Owing to the fact that the groom, who is stationed at Gulfport, Miss., received notice of his short leave on Sunday, the affair was of a quiet nature and attended only by members of the immediate families.

The couple were attended by Mr. John Murphy of this town, brother of the groom and Miss Annette Croughwell, the bride's sister. Mrs. Murphy was married in a rose wool suit with matching hat and carried bride's roses and lilies of the valley.

A small reception for the members of the wedding party was held at the bride's home immediately following the ceremony, the house being decorated with bouquets of white carnations and gladioli. At its conclusion they left immediately for Gulfport, where they will reside for the present.

FORTNIGHTLY NOTES

The Scholarship Committee

Louise Bancroft, chairman, had a very successful bridge party recently at the home of Mrs. Alice Drew on Wedgemere avenue. Beautiful weather, gay flowers, both indoors and out, a charming setting and festive spring costumes, all contributed to the pleasure of the afternoon.

Opening the meeting, Mrs. Warren C. Whitman, president of the club, spoke a few words of tribute to the late President Roosevelt. She spoke of his efforts in behalf of young people; the International Convention of Boy Scouts in Washington, attended by many thousands; the establishment of the CCC Camps and the Youth Administration; the fight against infantile paralysis. And she explained that in spite of the nation's being in mourning, it seemed fitting that this effort in behalf of scholarships should go on.

There was a delicious dessert, and pansies for prizes were on every table. In addition, special prizes were won by Miss M. Alice Mason, Mrs. John Carruthers and Mrs. Alan R. MacLeod. Best of all, contributions to the scholarship fund amounted to more than $50, after all expenses were paid.

Swampscott Meeting Cancelled

Sophie Gorrasi, that dynamic speaker from our neighboring city, Woburn, spoke in her customary eloquent manner, which is always enjoyed by her listeners.

Grand Venerable Joseph Gorrasi was his usual self. He praised the Winchester Lodges for their participation in the Aid to Italy drive and thanked the members who went to Boston time and time again to help in packaging the materials for shipment. He also praised the new Venerable for his splendid work as chairman of the Mass. Grand Lodge Servicemen's Committee.

Here is a letter received from Pfc. Nick Molea:

"I received quite a surprise yesterday while attending mass. I was seated in the rear of the church and the priest that was saying mass looked very familiar. At the end of the mass I went up him and it turned out to be Father McGoldrick, who was at the St. Mary's Parish.

It was sure swell to talk with someone from Winchester, especially Father McGoldrick. He is connected with the 5th Marine Division and all of us think he is tops.

During the last operation of our division, I thought I would surely bump into Willie DeMinico, who is in the 4th division, but I didn't have much time. Maybe we'll meet in our next operation.

I think you have a good idea about the boys sending their insignia to the club house to be put in a display. Enclosed is the insignia of my division, of which I am mighty proud."

WINCHESTER BOAT CLUB OPEN FOR ACTION

At exactly 9.30 a. m. on the blustery morning of Thursday, April 19, Steward Maurice Dustin with plenty of pomp but very little circumstance, hoisted the Stars and Stripes and the Club Burgee, thereby signifying the official opening of the Winchester Boat Club. Sad to relate, the swell summery weather we've been revelling in had been replaced by a brisk, biting wind and a hide-and-seek sun, so that most members were reluctant to leave their fireplaces, that is, all except the Misses Helen and Louise Rochefort and a few other brave beings.

These two lassies who have for the past four years, been the first comers on the good old Mystic, made it five in a row this year. They took a long paddle in the morning and report the water wet and wonderful.

Maurice's show case was stuffed with all the goodies he and no one else in the neighborhood seems to be able to collect and Mrs. Dustin's icebox was fairly bursting with beef, butter and bacon. In fact, several members took advantage of this capable couples ability to get unobtainable things and ate at the club. We all admit Mrs. Dustin is an artist of the skillet, but we discovered she's an artist with a brush, too. For proof, we suggest you peek into her redecorated kitchen and get a gander at the nifty knobs she's sporting on her pantry doors.

Personally, we never feel the club is really open until two events besides the official opening take place. First, that we shed our ever-itching red flannels. Second, that Weenie Pratt falls in the lake. We're ready with scissors now, how about going into your tumbling act real soon, Weenie?

Club Chatter

As an added feature to the Beachcombers Auction to be held at the club Saturday evening, the members of the committee are contributing gifts that iwll be auctioned off sight unseen. Some of them may be gags, but we understand others will be well worth having. Maurice still has a few tickets so why not give him a ring right now and join the fun.

Col. Ted Burleigh and charming Kay paid a surprise visit to the club Sunday. It sure was swell to see them both and we hope they're home to stay. . . Frank Cheney, who has spent three years helping Japs join their ancestors was another welcome visitor . . . And last but not least, "Sugar" Burr Ober, looking tanned and terrific. "Sugar" reports that her husband Mert and Ted Burleigh, Jr., held a reunion in Germany a couple of weeks ago. Small world, what?

MOLLY'S SPRING

To the Editor of the Star:

In a recent article that appeared in the Star I asserted that Robert Connors' head was almost severed from his body when the locomotive Essex blew up. His name was Patrick Connors. He was the son of Molly Connors who owned the spring in the Middlesex Fells. He was a buddy of my father in the Civil War, and his mother received $300 and a pass from the Boston and Lowell Railroad for his untimely death.

In regard to Pat's mother's spring, it was dried up years ago, but the signs point to Molly's Spring. Seventy-five feet from Molly's Spring is Indian Spring, or the blessed well that the Indians used for 300 years. It is still gushing forth water. I scrutinized the spring today, April 9, 1945.

When Hanna Shiner lived in a hut beneath an overhanging rock on the edge of Turkey Swamp in the Middlesex Fells she received her water from the belsesd well. Sad to relate she met her death while under the influence of that fiery liquor in December 1820, having fallen from a bridge over the Aberjona at Winchester center and drowned. The poor woman's body was found and taken into the house of Abel Richardson. With her interment the last Indian so far as I am able to ascertain disappeared from the Mystic Valley. Molly's Spring dried up and was soon rebuilt, a brick wall around the spring disturbing the water that gushed from a crevice in the rock.

Very truly yours,
Patrick H. Craughwell

REMARKABLE WINCHESTER BROTHERS ARE KEY FIGURES IN MIDDLE EAST

By Frank O'Brien

Cairo (Correspondence of the Associated Press,—If you are doing any business in the Middle East these days, military or otherwise, you are as likely as not to fall into the hands of one of the Seagers.

It does not matter whether you are dealing with the Americans or the British, or with the Turks, Egyptians, Eritreans, Persians or Saudi Arabians, there will probably be a Seager within shouting distance if you need help.

For the Seagers—American home Winchester Mass., where Col. Cedric H. and Capt. Walter E. are married in that order to the daughters Gertrude and Louise of William S. Packer of the Globe's editorial staff—are a pretty remarkable clan.

They hail originally from Dorsetshire in England, via a period of trading off the Newfoundland coast whence at the time of the Crimean War the great-grandfather of the present Seagers took his ships to Turkey at the service of the British Government.

The family, which went along, liked the climate on the Bosphorus better than in Newfoundland, and stayed until the 1930's, when they began drifting away. Today they are variously citizens of the United States and subjects of the British Crown, officers in the USA and HMF.

Born and raised in Turkey, they know the Middle East, as perhaps no other single family. None of them speaks less than two languages, and most of them use four or more as their own. Two are American, three are married to Americans.

During the war they have been reassembled in the Middle East by their two governments in a wide network, their special knowledge put to work to get information of the enemy, and bolster relations between America and Britain and the Middle East nations.

Senior brother and ranking officer is Lt. Col. Cedric S. Seager, 42, assistant military attache in Istanbul. Also an American AMA in Turkey is the other Winchesterite, Capt. Walter E. Seager, 38, stationed in the capital, Ankara.

Col. Cedric showed up in Turkey only a few months after the United States entered the war, and went immediately to Istanbul where childhood acquaintances, business associations and general knowledge of his ground provided him with so much information on doings in Bulgaria, Greece, Romania, Hungary and Germany itself that he remained a captain only a short time.

The colonel has the most varied background of all the itchy-footed family.

He has been an ordinary seaman on a tramp steamer, has covered almost all of Asia Minor on foot or horseback, knocked about the Balkans and Russia as well as the Middle East, been a merchant in Istanbul, acquaintance of Ataturk, become an American citizen and was a writer and lecturer in New England before the war.

The last three years have probably been the most adventurous, but still secret. Right now he is looking forward to home-leave with his wife and two children.

Capt. Walter, then 2d lieutenant, got to Turkey a few months after Cedric, and settled down in Ankara to complete a brother team that worked like magic in the welter of intrigue and mystery in Turkey, where every great power had its best men doing their darkest tricks to get information, or keep information fom being got.

This writer, who spent five years in Turkey from 1940 to 1945, can vouch personally for the fantastic nature of Turkey during those years, when every major hotel, most of the minor ones, every section of Istanbul and Ankara, every major business office, restaurant and even the ferry boats on the Bosphorus were the working places of agents of all the powers.

Cedric and Walter were of the accredited, diplomat-list, officially recognized branch of the business, as assistant military attaches. They are nevertheless keepers of a large number of secret and semi-secret mysteries today.—[Boston Globe.

EVER HEARD OF WACKI-WACKI?

For those who have dreamed of adventure and romance on tropical isles, the Robinson Crusoe party of the Couples' Club offers a real attraction. Those attending on Friday evening, May 4 will find themselves shipwrecked on such strange and unusual isles as Wacki-Wacki, Hula-Hula and Ouijy-Ouijy.

A main purpose of the Couples' Club is to make and strengthen friendships and from experts it has been learned that living as a group on a desert isle is one of the best ways to foster such better acquaintanships. Those who for example find themselves on the Isle of Wishy-Washy will work together in wierd and unique assignments and activities, many in competition with the inhabitants of other isles — a gay, carefree evening is promised to all. Refreshments will be chosen by lot from wave-tossed bundles that roll up to shore unidentified.

The Robinson Crusoe party will be held in the Winchester Unitarian Church on Friday evening, May 4. The Unitarian Church is sponsor of the Couples' Club but there are no rules, regulations, or membership lists and any couple in Winchester is invited to attend, irrespective of church affiliations.

CUB PACK 3 SUPPER

Seventy Cubs, Scout members of the Band, Den Chiefs, Den Mothers and Cub Committeemen enjoyed a catered beefsteak pie supper last Tuesday evening in the parish house of the First Congregational Church. The seconds and thirds on ice cream delighted the Cubs particularly. During the supper Fellsland Scout Commissioner Edward Nelson presented Mrs. W. B. Hersey with the blue ribbon award for excellence won by the band at the recent Stoneham all-council rally.

Mr. E. J. Hammond entertained the Cubs and their guests with over an hour of magic and sleight of hand tricks. The assistance rendered by the members of the audience to the magician was notable for its enthusiasm rather than its skill.

During the closing ceremony Cubmaster Brown made the following awards:

Wolf Badge: Paul Leverette, Ronald Vernet, David Whitehead.

Wolf Silver Arrow: Wm. Doughty, Trevor Smith.

Wolf Gold Arrow: Samuel Rocray

Bear Badge: Wm. Sipe, John Moore, Richard Rush, David Snow, Gerald Cox, David Archibald

Bear Gold and Silver Arrows: Douglas Hamilton

Lion Badge: Douglas Hamilton, Richard Simonds, Gordon Bird

The next Pack 3 event will be the Pack fair to be held early in June.

CHILDREN'S MUSIC GROUP

The last meeting of the Children's Music Group this spring will be held on Sunday, April 29, in the Episcopal parish house at 3 p. m.

The guests of the afternoon will be Ruth Miller and Angela Bodky, two young musicians of unusual talent. Ruth is a former member of the group and was for several years the Madonna in the Christmas festival. She is a pupil now at the Cambridge School where she is continuing her study of the violin. Angela was a guest of the group a few years ago, soon after her family came to America from Europe. At that time her father, Mr. Erwin Bodky played the harpsichord for theafternoon's program and Angela accompanied him on the recorder. On Sunday she will play the flute. The group is very happy and proud to have these two talented girls give their first professional performance for them.

During the first half of the meeting the following members of the group will play: Virginia Bullard, piano; George Hutchins, trombone; Annette Barbaro, violin; Charles Burnham, trumpet; David Hutchins, saxophone; Carol Damon piano; Sally Cunningham, piano.

There will also be a musical quiz for which all sorts of questions reviewing the year's work are being prepared, and at intermission extra special refreshments will be served by Mrs. Carl Zimmerman, Mrs. Alfred Higgins and Mrs. Harvey Macauley. Parents are especially invited for this closing meeting.

The Rationing Board is simply the place where the dealer can pick up as many forms as he needs for distribution to customers. OPA has no further authority or responsibility. It will not be in a position to answer detailed or technical questions regarding the regulation.

PREPARATION FOR SEVENTH WAR LOAN

The Seventh War Loan opens on May 14 and to Winchester has been allotted $1,558,000, which will be difficult to achieve because nearly two-thirds of quota must consist of sales to individuals, either in Series E or other bonds. This is a very much larger quota of sales to individuals than we have yet striven for or reached.

The principal endeavor, as in the past, will be through volunteer solicitors, organized by precincts, who will call upon every home in Winchester during the last two weeks in May.

Precinct chairmen and co-chairmen are as follows:

Precinct 1
Chairman, Benjamin T. Marshall, 9 Brookside avenue
Co-chairman to be chosen

Precinct 2
Chairman, Henry B. Harris, 20 Hillside avenue
Co-chairman, Mrs. J. Waldo Bond, 14 Mason street.

Precinct 3
Chairman, Edward J. McDevitt, Jr., 14 Madison avenue west.
Co-chairman, John A. Rutherford, 16 Winslow road

Precinct 4
Chairman Earle F. Spencer, 8 Yale street
Co-chairman, Mrs. Elbra O. Squires, 4 Sheffield west

Precinct 5
Chairman, Mrs. Caroline S. Fitts, 9 Grassmere avenue
Co-chairman John K. Converse, 35 Dix street

Precinct 6
Chairman, Edward J. McGrath, 8 Highland View avenue
Co-chairman, Susan E. McGonigle, 369 Cross street

Four precinct meetings are scheduled to be held during the week of May 7 for volunteer solicitors. Definite dates will be announced later. The places for the meetings are:

Precinct 1, Washington School
Precincts 2 and 3, (joint meeting), Winchester Library
Precincts 4 and 5, (joint meeting), Wyman School
Precinct 6, Noonan School

These meetings will begin at 8 p. m. promptly and a special war motion picture will be shown, followed by instructions and discussions. Meetings will adjourn at or before 9 p. m.

At the annual Vaudeville show of Winchester High School on Friday, April 27, and Saturday, April 28, the performance will be preceded by the 12 minute motion picture, "Mr. and Mrs. America." A brief talk on war bonds will be made by a local speaker, yet to be chosen.

On Monday, May 14, the retail stores of Winchester will put on a "Bond Day" during which they will sell war bonds. The activity is in charge of Albert A. Fulsom, manager of the local Boston Edison store.

Maurice C. Bird, War Finance Chairman announces the appointment of Miss Helen Monroe as secretary for the Seventh War Loan. Miss Monroe will keep the record of sales by precincts and by types of bonds so that progress may be known from week to week.

Hannon and they were assisted by the following hostesses: Miss Josephine Brine, Mrs. E. Beranger and Mrs. E. M. O'Loughlin.

Final plans were made for our annual spring bridge and fashion show which will be held Tuesday, May 8 at Hotel Continental, Cambridge. A delicious luncheon will be served after which bridge and contract will be enjoyed. Mrs. V. Ghirardini, in charge of chances reports she has 25 beautiful prizes to be awarded. The active committee in charge of our most important party of the year are Mrs. Robert Cavanagh, Mrs. John Doherty, Mrs. K. Doyle, Mrs. C. Dunbury, Mrs. J. B. Felt, Mrs. Edw. Gallagher, Mrs John Gorman, Mrs. Herbert Graves, Mrs. William Hevey, Mrs. Frank Murphy, Mrs. Frank Patten, Mrs. Frank Toomey.

They will be assisted by the president, Mrs. Michael Hintlian and several other groups, who are all working hard to make this party a grand success.

SELECTMEN'S NOTES

The next meeting of the Board is the last one at which licenses expiring May 1 can be renewed.

The Board has received word that teh late Nettie Rust Winn bequeathed $1000 to the Library. This matter will come before the next town meeting for acceptance by the town.

"THE WHOLE TOWN'S TALKING"

By no stretch of the imagination could one term "The Whole Town's Talking" a great play. It was substicted by the Parish Players in place of one of the real "plums" of recent sasons at which they had set their cap, but which was, unforunately, not ready for release. But the Players are never better than when on their mettle. They took this somewhat impossible conglomeration of theatrical clap-trap, and by virtue of an unusually droll performance by Doc Blanchard and a surprising display of virtuosity by J. Waldo Bond, soon had their patrons, if not "rolling in the aisles," at least doubled up with laughter. Nor did they give them any chance to relax until the final curtain.

These two arch-conspirators (who might give Olson and Johnson, or is it Abbott and Costello? a run for their money) took the absurd situation which is the basis of the play and embellished it with such laughable antics, facial grimaces, and irresistible drollery that the audience was kept in continuous merriment. One will not soon forget Waldo Bond, as Henry Simmons, in his valiant efforts at wife-decoction, and his mortification at being discovered; or Doc Blanchard's mirthful progress from initial embarrassment through sheepish involvement, with intermittent ups and downs, to final exultation. Both players excelled in facial expression, particularly in moments of chagrin or woe, which were plentiful.

Their support was excellent. Mrs. Albert Buffum played the long-suffering wife in competent fashion, and Priscilla Morrill made a real character of Ethel, the attractive daughter whose affections were the true bone of contention.

Nancy England Worthen skillfully impersonated the harassed movie star, while Lt. Donald Webber made her director-fiancee sufficiently forceful and menacing.

The romantic young man "from "Chicago and Paris" was gracefully and competently played by William Galbreath, Jr., while Mrs. Wills' part as Annie, the maid, although a minor one, was heightened, as usual by several artful touches, particularly the languishing glance with which she favored Mr. Binney in his new-found role of lady-killer. As Sadie Bloom, the dancing instructor, Leonore Gamage provided an amusing complication, while the thrills and enthusiasms of impressionable girlhood were well portrayed by Natalie Dickson and Marion Horwood as neighborhood chums of Ethel's.

This reviewer has nothing but admiration for the deftness with which Waldo Bond whipped off his partner's necktie in the first act and supplanted it with one of his own; and will long retain the memory of Doc's futile gestures of annoyance while smothered in furs in the movie queen's embrace.

All credit to the Parish Players for consistently carrying on through a season when every production was beset with almost insuperable difficulties in casting and production and for providing three evenings of morale-building relaxation during these strenuous times. One senses behind it all the firm determination and boundless enthusiasm of their guiding genius, Mrs. Howard J. Chidley.

We learn from the program that the play will be taken to the Station Hospital, Fort Myles Standish; Cushing General Hospital, Framingham; the Station Hospital, Camp Edwards; and Waltham Regional Hospital, Waltham.

The cast was as follows:

Henry Simmons	J. Waldo Bond
Harriet Simmons	Mary Jane Buffum
Ethel Simmons	Priscilla A. Morrill
Chester Binney	F. Milne Blanchard
Letty Lythe	Nancy England Worthen
Donald Swift	Lt. Donald W. Webber
Roger Shields	William W. Galbreath, Jr.
Lila Wilson	Natalie Dickson
Sally Otis	Marion L. Horwood
Annie	Dorothy M. Wills
Sadie Bloom	Lenore Gamage

BRITISH WAR RELIEF

Wednesday workers for British War Relief are settled in again at their central work-room in the Epiphany parish hall.

This last Wednesday the hall blossomed out bright with the 18 coats the Winchester Unit has just finished for 4-year old girls. One worker is sure of a color-loving little girl would think its just a little stupid of her elders to have made a coat with sedate brown on the outside and the gay red tucked away as lining. "I'm afraid," she said to herself "that in my early years I'd have tried turning this coat as soon as I was the other side of the orchard and out from under my mother's eye, and wearing the bright side outside, Maybe little Britishers start life more law-abiding."

It's a comfort to the makers to think, for the first time in these long years, that these coats will not be burned in some bomb-made fire, but pass down to some littler sisters in peaceful spring-times to come.

WINCHESTER ART ASSOCIATIO

Mr. Harold Rottenberg, Bos. painter, will give a demonstration of portrait painting at the Winchester Art Association meeting on Tuesday. May 1. The meeting will be at the Library Gallery at 7.45 and will open the May exhibition of oils by Mr. Emile A. Gruppe, of Gloucester. Mr. Gruppe is no stranger to Winchester Association members as he is known for his summer school in Gloucester and he has exhibited here before.

Mr. Rottenberg was born in Attleboro, and studied in Boston, Paris and Vienna. He is a member of the faculty of the Boston Museum School where he teaches drawing and painting. His home is in Boston with his studio on the Fenway, but his summers are spent in Rockport where he conducts classes. He is a member of the Rockport Art Association and the North Shore Galleries and is on the board of governors for the Boston Art Club.

Mr. Rottenberg has exhibited in the Pennsylvania Academy, Allied Artists, Cochran Galleries, Stendahl Galleries, Grace Horn Gallery and recently the Vose Gallery showed his paintings of the Smoky Mountains. The Children's Art Center on Rutland street will have an exhibition of Mr. Rottenberg's paintings next week.

He has, incidentally "painted from Mexico to the Gaspe", and, as he has said himself, "loves painting!" He works in all mediums . . . oil, water color, etching, etc. The evening should be an interesting one for those who enjoy watching an artist at work.

CANCER EDUCATION DAY

The Winchester Cancer Control Committee is co-operating with all the committees in the North Metropolitan Health District in planning a Cancer Education Day as their contribution to the National April campaign for the control of Cancer.

The district committee, with the co-operation of the Massachusetts Department of Public Health,, a cancer symposium to be held in Boston on April 24 with an afternoon session at the Public Works Building Auditorium, 100 Nashua street, and a public evening session at the John Hancock Hall, 90 St. James avenue, Boston.

A special afternoon program was been arranged for public health nurses, school officials and co-operative cancer control committee members.

A public meeting was held in the evening and speakers prominent in the field of cancer and public health took part in the program. The facts concerning the disease, which today is killing one out of every six adults, and how everyone may help in controlling cancer was stressed at this session. We know that cancer can be cured by early diagnosis and prompt treatment.

Mrs. Chester B. Koontz, 58 Yale street, is serving as the Winchester representative on the Symposium Committee. Dr. John McLean is a member of the Winchester Cancer Control Committee.

TUESDAY LUNCHEON GROUP TEA

The April tea of the Tuesday Luncheon Group was on Tuesday, April 24, at the home of Mrs. Richard Harlow, 71 Yale street. The group welcomed as a special guest Mrs Harold C. Hart of Wellesley, the new executive secretary for womens' work in the diocese of Massachusetts. Mrs. Hart was introduced by the chairman, Mrs. Maxwell McCreery and talked with winning informality of the diocese as a new pair of eyes is seeing it.

Why did a woman with a world full of jobs open to her in these war years choose the religious field as her defense work. In answer Mrs. Hart named three things that moved her into her present position.

The three sound like a queer partnership: the U. S. census report; a 64-year old phrase, and a bishop. The census report gave a disarming answer to the question whether this country can now rightly be called "a Christian land" less than 40 per cent of our people now acknowledge any relation whatever to any religious body. The phrase was the one under which Episcopal laywomen organized, "To know Christ and to make him known." The bishop was Bishop Henry Knox Sherrill, who sees the great responsibilities laymen must carry in making the better world of which we talk.

In getting acquainted with diocesan work, Mrs. Hart had found several Epiphany women in offices and these familiar faces were among her hostesses Tuesday afternoon: Mrs. Merton E. Grush, assistant treasurer, who 10 years ago drew young Epiphany women into the Tuesday Luncheon Group; Mrs. Arthur Phinney, diocesan head of the Girls' Friendly who was serving; and Mrs. J. Warren Shoemaker, chairman of overseas missions, who was pouring.

The tea was in charge of Mrs. Richard Frazier and Mrs. F. W. Asceltine, Jr.

SCHOOL CHILDREN OF WINCHESTER

As all children know there are many Victory gardens this year.

If all the children will work together to protect the birds and hoptoads which eat up the worms and bugs, they will be a great help in making these Victory gardens a success.

Most boys and girls are very kind to all the birds and little animals that live in the woods and fields, however some boys and girls are not so kind, they throw stones at the hoptoads, the frogs and the ducks, they also rob the birds nests and leave the young birds to die.

It is your duty and mine to teach these boys and girls how wrong it is to do such things.

When you see young birds fluttering around on the ground and the mother bird teaching them to fly, do not go near them or you will frighten the mother bird away.

Also if you find sick or injured birds or animals bring them to the shelter, or call me and I will come for them, or if you live near Mrs. Richard Taylor you can take them there and I will call for them.

The shelter was opened seven years ago. The first year we cared for 158 aniamls. During the past year (including 35 animals that Mrs. Taylor so kindly took in and kept until I could call for them) we cared for 700 animals.

Many of the cats and dogs were placed in good homes, and many of the birds and other wild creatures, were cured and released in the woods and ponds, where they had been found.

If you know of someone who would like a nice kitten or dog ask them to come to the shelter with their father or mother and we will give them one.

From Arthur H. Bryer, representing the Mass. S. P. C. A., the Winchester Women's Auxiliary and manager of the Winchester Animal Shelter, 432 Washington street, tel. Win. 1674.

GIRL SCOUT TROOP TALES

Troop 9 at the Washington School have one of the most ambitious of badge programs. Mrs. Harvey Macauley is the troop leaedr of these industrious little busy bees and has found the necessary counselors for them to work on the Star Finder, Bird Finder, Hostess, Cyclist and Cook Badges.

Mrs. Alfred Nelson took her troop on a bicycle hike during vacation last week.

In order to promote better understanding between the girls and the council a Junior Council has been organized in Winchester and Shirley Finn from the Mariner Troop 8 has been chosen chairman.

The Council will have their next meeting and election of new officers at the Cabin next Wednesday. This will be an all day meeting and each member of the council has already drawn a slip of paper telling her of some necessary article needed badly at the Cabin which she will bring from her stock at home or find if possible in a store.

The day camping folders are out and most interesting. A very fine program is outlined and certainly the girls can anticipate a wonderful six weeks this summer at the Cabin.

Troop 3 with their leader, Mrs. T. T. Greenwood hiked to Mystic Lake and laid and found trial signs. Such a good time was had the girls plan to have a supper hike to the same spot very soon.

1945 RED CROSS WAR FUND DRIVE

Now that the War Fund Drive, which in Winchester culminated on Sunday, March 4, has passed into history it may be of interest to review some of the high lights of the campaign.

The effeiency and untiring efforts of the officers and various committees together with the customary generosity of the citizens of Winchester resulted in raising, in cash and pledges as of this date, a total of $44,449.51 which is nearly 40 per cent more than the allotment of $31,800 set by the National Committee for Winchester; while the expense of conducting the campaign was less than 1 per cent of the amount raised.

Regulations require that 73.3 per cent of the amount raised in Winchester shall be forwarded to the National Organization while the remaining 26.7 per cent may be retained for the support of the many activities of the Winchester Chapter. This ratio applies to the total amount raised whether it be more or less than the so-called quota.

Many wonder why Winchester conducts an independent campaign instead of joining with the Boston Metropolitan Chapter. The reason is obvious, for in conducting an independent campaign we benefit by receiving 26.7 per cent of the amount in excess of our quota which otherwise would go to make up deficits in other chapters and also we enjoy the saving due to local operating economy instead of sharing the larger overhead expenses of the Boston Metropolitan Chapter.

Winchester citizens may feel gratified at the success of its local campaign and look ahead with pleasure to the vast amount of good which will be done by the American Red Cross—the organization devoted to humanitarian achievements.

RECORD RAMBLINGS

If you heard the New York Philharmonic broadcast last Sunday afternoon, you probably enjoyed the superb performance of Tchaikowsky's Sixth Symphony, familiarly known as "The Pathetique." This is the composer's last great work and reflective of his many moods. The splendid reading by Rodzinski and the New York Philharmonic Orchestra is now in stock at Saybrook Stores. Have you heard it? . . Next Tuesday Pops opens its 60th season with an array of fine artists and popular programs. Everyone is looking forward to hearing Sanroma play the famed "Rhapsody in Blue." Victor has a two record set on this . . Remember the Mills Brothers' "Paper Doll?" That caused a real sensation in record circles. Last week they brought out a new disc "I Wish" and "Put Another Chair Around the Table." The boys sure "give out" with smooth, rhythmic vocals . . Woody Herman is winning popularity with his version of "Laura." Films popularize tunes nowadays and this is true of such an oldie as "Sweetheart of All My Dreams" used in "Thirty Seconds Over Tokyo." Charlie Spivak and Benny Goodman both vie for honors on this one . . . The movie, "Thrill of a Romance" has brought L. Melchior's resplendent voice to the screen. His Victor album by the same title is featured this week at Saybrook Stores. Such songs as Schubert's "Serenade", Grieg's I Love You and Please Don't Say No, make this a beautiful collection by the greatest operatic tenor of our time . Saybrook Stores has a special display of children's records. There are singles and albums. Although many are at a premium, you will find Peter and the Wolf, The Nutcracker Suite, Lullabies and stories by such a radio personality as the Great Gildersleeve . . Come in and look them over at Saybrook Stores.

BENEFITTED FROM MUTUAL LIFE PAYMENTS

Massachusetts residents received a total of $3,147,240 in benefit payments from the Mutual Life Insurance Company of New York in 1944, the company disclosed last week. Approximately $1,454,568 of this amount was paid to beneficiaries in death claims, while the remaining $1,692,672 was paid to living policyholders of the company in matured endowments, annuities, dividends and other benefits.

The Mutual Life has about $106,946,500 of life insurance in force in Massachusetts, represented by more than 28,965 individual policies.

Pointing out that the company's assets in the State provide an important source of capital for local enterprises, the company revealed that the Mutual Life has about $8,306,600 invested in this State alone. Principal investments in Massachusetts are in State, County and Municipal bonds, public utility, railroad and other industrial bonds and policy loans.

BROWNING LABORATORIES' ELECTRONIC EQUIPMENT ON DISPLAY AT THE WINCHESTER TRUST COMPANY

Mr. Donald J. Lewis of the Winchester Trust Company has initiated a new idea, that of displaying products manufactured in Winchester. In conjunction with this exhibition, the display for the next fortnight is that of Electronic equipment designed and manufactured by the Browning Laboratories. This is shown at the Winchester Trust Co., and the townspeople are invited to familiarize themselves with the work being done in Winchester to help win the war.

The Browning Laboratories' exhibit is particularly interesting in the display of an intruder alarm system which is operating, and shows how an electronic device can detect the presence of a person before he reaches a fence bounding a property. This is demonstrated by a miniature installation of a typical system. A person approaching this miniature fence causes an "alarm" to light.

Several other interesting examples of equipment being produced for the use of the Armed Forces are also displayed in a most interesting manner, with information given as to the usage of each type of apparatus.

Insofar as special permission had to be obtained to show some of these units, the residents of the town should make the most of this opportunity to visit the bank and look over this display.

His brother, Herbert A. Tetrault, has entered the Navy and is now stationed at Great Lakes Naval Training Center in Illinois.

MUSICAL EXTRAVAGANZA

The Immaculate Conception Musical Extravaganza will take place in the Winchester Town Hall on Monday evening, May 7 at 8 o'clock. It is arranged in three parts, the first third is minstrel; the second third, western; and the last is a Main street scene.

This show, directed by Frank Flahive of Revere, is billed as the greatest of its kind ever presented locally. Stars of radio and stage will combine with local talent to make it a memorable performance. It is the fifth minstrel presented by the Immaculate Conception Church during the present season, and it will definitely surpass even the pre-Lenten smash hit performance.

Headline dancer for the evening will be Joe LeBlanc, nationally famous member of the dancing LeBlancs and partner of Bill Robinson. It was under the direction of the old master Barney Fagan that Joe picked up five separate routines. He makes the hard ones look easy. He's the Ted Williams of dancing. His is real sophistication. His is the type of dancing that taps on a dime. And he has tapped his way from coast to coast.

Perhaps the greatest hit of the evening will be made by the Madenettes These seven Irish step dancers from Chelsea are so good that audiences refuse to allow them off the stage. They are rated as America's best and most colorful Irish stepdancing team.

Angelo Piccardi, youthful radio luminary, who "stopped" the last Inmaculate show, will appear in a new role. All of the old favorites will be back. Woburn's Billy Flaherty will team together again with top-notch dancers Sis Foley and Doren Costello. Somerville's Peter Veale and Medford's Peggy Fitzgerald will attract much applause.

Mr. and Mrs. James A. Cullen of Winchester, Teddy O'Rourke, high school star, Lucy Ann West, Rita McCormack and Mae Mulhern. Dorothy Wyman, Jim McClellan, Bobby Winn, Florence Albert, petite Barbara Conlon, Maureen Cullen, Helen Hamilton, George Thibeault, Mary Gaynor, the Albano sisters, Jeanette Kane, Marguerite McCauley, Joan Tenney and a host of name stars will appear.

Joe Mahoney's unique specialty will bring the house down. "Three Old Maids from Lynn," uproarious act presented by Winnie McEleney and company, will add a humorous touch. A military drill will prove highly attractive.

If present plans go through, a group from the Winchester schools will offer western numbers in a corral setting. Trained by the talented Miss Stoddard, this presentation would be highly effective.

A huge chorus of some 200 voices has been in rehearsal for some time. The interlocutor will be Henry Murray, Grand Knight of the Winchester K. of C. Mrs. Katherine Costello is pianist. A popular six man orchestra will play.

WINCHESTER ART ASSOCIATION

The final meeting of the Winchester Art Association for this season was held Tuesday, May 1 in its Gallery on Washington street. Mr. G. Russell Mann, president of the Association, greeted those present, spoke briefly on the exhibitor, Emile A. Gruppe, and then introduced the guest of the evening, Mr. Harold Rottenberg. Mr. Rottenberg, a Boston portrait artist, was invited to demonstrate portrait painting.

Mr. Rottenberg explained to the members his objective for the evening, proceded to mix his paints, prepare his model and then started working. The model was Mr. Robinson S. Whitten who proved a most excellent subject. Mr. Rottenberg worked for over an hour, outlining his approach and interspersing his working moments with words about his theory, informal hints on painting for interested association members, comments on current art exhibitions, and now and then an amusing story accompanied by his most infectious laugh!

The evening was indeed a successful one and Mr. Rottenberg could be marked down as one of the year's most popular speakers. He was quoted last week as saying, "I love to paint," which statement was certainly proven Tuesday evening.

The exhibition of Mr Gruppe's oil paintings will be in the Gallery through the month.

WYMAN ASSEMBLY

A "Kindness to Animals" assembly was given Tuesday, April 24 by Miss Cunningham's fourth grade at the Wyman School. Stories and songs told how animals and birds give valuable service to mankind. Suggestions were made for showing our appreciation to these helpers. The entire assembly participated in the "Pledge of Mercy" led by Mabel Shoemaker.

"The Golden Goose", an old folk tale in the form of a play, proving that kindness is rewarded, was presented in costume.

Every child contributed to the planning of the assembly and participated in the performance.

Mr. and Mrs. Edson S. Laraway of Groton, Conn., are the parents of a son, George Alan, born Sunday, April 29 at the Laurence Hospital at New London, Conn.

MRS. SACHE LEADS PILGRIMAGE OF WINDOWS

At the request of fellow parishioners in Epiphany, Mrs. William C. Sache led a group of Epiphany women in a pilgrimage of the windows of the parish church Tuesday, May 1. After speaking briefly of the underlying principles of good stained glass and of the recent revival of this art in our own country, Mrs. Sache explained the basic plan for the windows of Epiphany, fortunately adopted at the very beginning and consistently followed in each window that has been given to the church.

The basic theme is Epiphany, the spread of divine light through the centuries. In the nave the windows on the left show as main figures men that were companions of Jesus or very early followers; for example, in the Youth Window the young martyr, Stephen, and the young bishop, Timothy. The windows on the right in the nave show the divine light shining in men of later centuries. The Children's Window, just above the font, shows St. Christopher and the bishop saint that children know best of all, the provider of dowries for good penniless maidens, the unseen giver who tossed gifts in through windows for good children, St. Nicholas. Figures from various lands emphasize in these windows the catholic supernatural quality of the widening light. The Women's Window uses St. Elizabeth of Hungary and St. Teresa of Spain. Another window emphasizes unity; it shows Pere Marquette, the great Roman Catholic missionary to this land; John Robinson, the Puritan pastor who inspired the Pilgrim's coming; and the first Episcopalian service in this country, just after the landing in Virginia. The lower part of the window shows the group kneeling in the first Holy Communion, in the open, with a stretched sail as the first Episcopal church roof. Once a visitor to Epiphany said he had heard there was an Indian in this Winchester window. Mrs. Sache's pilgrims Tuesday searched for a red man in the forest background, but vainly. None of Mrs. Sache's pilgrim bands and she has led many of them, has yet espied the Indian alleged to lurk there.

Epiphany windows show two schools of modern glass. The windows in the nave were made in England and are in the modern English manner with delicate and noble portrayal of faces and with sparing use of subdued rich color. The two great windows, the Christmas Window in the sanctuary, and the Ascension Window opposite in the tower, are American windows, from the noted Burnham studios in Boston, glowing with vivid color such as the medieval makers of church glass loved.

An appeal to Registered Nurses: Your ability to serve creates a moral obligation. Take the matter up with your conscience and act accordingly. The total number of active nurses in our country is approximately 274,500. Of these about 57,000 are on active duty with the armed forces which means that one out of five active nurses is serving at the front while our fighting men need 14,000 more nurses by June 1. The boys are depending on you, don't let them down.

It is important for all to know that it always has been and continues to be, the definite policy of the American Red Cross that no charge ever be made to any serviceman for any Red Cross article or service which is furnished from the funds or supplies contributed to it. Such items as cigarettes, sweaters, comfort articles, etc., are distributed free and never under any circumstances is the sale of such items authorized.

ROBINSON CRUSOE PARTY TONIGHT

The Couples' Club, sponsored by the Unitarian Church, but open to any couple in Winchester believing in good fellowship and the development of community friendships is holding its last party of the year tonight at 8:15 p. m. in the Unitarian Church.

This will take the form of a Robinson Crusoe party, in which those attending will imagine themselves shipwrecked on desert isles, and will participate in contests and stunts that typify such situations. Everyone is asked to attend in a costume in which they might have been shipwrecked, but obviously this can include every kind of situation and every type of clothes.

The Couples Club is very happy that those attending its informal and friendly get-togethers include those from many churches in town and many who have no church affiliation. The club is social only and attendance implies no obligation to any organization. The committee in charge of tonight's party includes Bill and Lib Cole, Fred and Betty Parsons, Al and Elsa Osgood, Wendell and Mrs. Keith, Ted and Georgie Whittemore.

Word has been received here that Capt. Charles W. Barrett has been awarded the Air Medal in recognition of missions completed by him. He is now serving in England in Army Intelligence and has been in the service for the past two and a half years. His family resides at 200 Forest street.

SONS OF ITALY LODGE NEWS

On Sunday, April 29, about 70 members of our lodge gathered in our club hall to give our out-going Venerable Angelo P. Tofuri a testimonial of our appreciation for what he did as Venerable of our lodge for the past two years.

As our Venerable he was called upon by many organizations of our town and he responded whole-heartedly, many times casting aside his personal business in order to oblige. As Venerable of our lodge he performed many duties which were not normally required of a Venerable. He had a job to do and he did it faithfully, for which 150 members are grateful and mighty proud of him.

Eugene B. Rotundi was the toastmaster. The committee was headed by Carmine Frongillo as chairman and included A. Vespucci, V. Gigliotti, C. DeMinico, F. Frongillo, Leo Manoli, A. Jacobellis, F Dattilo, J. Diiorio, E. Rotundi, P. Muraco, and S. Puma, secretary.

The regular monthly meeting was held on Tuesday evening, May 1. The newly-elected Venerable Anthony C. Ficociello presided at which time he named the following committees for the year 1945-46:

House committee: Leo Manoli, Angelo P. Tofuri, Frank Dattillo, Victor Ficociello, Anthony Derro, Carmine Frongillo, Frank Frongillo, James Violante, Anthony Jacobelli, Anthony Giliberti, Anthony Vespucci, Emilio Staffieri, Sam Puma and Carmine DeMinico.

Sick committee: Carmine Frongillo, Angelo P. Tofuri.

Publicity: Victor J. Ficociello.

Received a letter from Jumbo Marrone who is somewhere in Germany. As he is in a tank outfit, we can pretty nearly guess just where that is. Jumbo writes: "Just a few lines to let you know that I'm still in there, still knocking the stuffing (and whatever else they're made of) out of them krauts. I'm still knocking the (censored) out of anything that comes in sight. Am trying to get this mess over with so I can come back home and manage a Sons of Italy ball team. As I will need a bat boy I am considering giving the position to Tony Chefalo. What do you hear from the boys? Received a letter from S-Sgt. Bud Stygles. Keep that club open, we'll be seeing you. Your pal, Jumbo."

Also received a V-mail letter from Butter Muraco. He writes: "I am once again in Germany and we sure have those Jerries on the run. If we can keep it up it won't be long before we have this mess over with. Tell all the boys at the club house that I miss them. I hope and pray that in the none too distant future I will once more be among them, enjoying the peace and contentment that our democracy stands for and for which I am fighting."

Several weeks ago a list of the newly elected delegates was printed which needs correction. The delegates for the next two years are as follows: Angelo P. Tofuri, Carmine Frongillo and Anthony C. Ficociello.

Well, that's about all for this week. If you boys send us letters or news we will write it up. If you don't, it's up to you.

WINCHESTER WAC AND SOLDIER MET IN THE PHILIPPINES

It was a pleasant day for Sgt. Grace Marchesi of Woman's Army Corps in the Philippines recently when she met there a soldier boy and neighbor from the old home town in the person of Pfc. Albert Tibaudo of 1906th U. S. Engineers. Sgt. Marchesi, who is with the U. S. Service of Supply, is the daughter of Mr. and Mrs. Salvatore Marchesi of 72 Swanton street, and former manager of "Grace's Beauty Shoppe" on Washington street. Al, son of Mrs. Lena Tibaudo, is a former high school football center, graduating in 1941 and being known to his team and classmates as "Handsome Harry."

Sgt. Marchesi has gotten around a bit with the WACs, having been stationed in Australia and New Guinea before being detailed to the Philippines. The only other Winchester boy she has met in her travels was Pvt. Domenic Cimina of Main street whom she saw in New Guinea.

Sgt. Marchesi enclosed with her letter to the Star a snapshot of herself and Pfc. Tibaudo, showing both to be fine as the proverbial fiddle. They send their regards to their many friends in Winchester.

RUSS AND SID PACK AUCTION WITH ACTION

The Beachcomber's Auction at the Winchester Boat Club last Saturday night was a tremendous success, thanks no little to those two superb auctioneers Russ Hamlet and Sid Burr. These two burly bargaineers were really in the groove. We'll wager that either of them could have sold Sinatra an autographed photo of Bing Crosby or a copy of that great book "My Son" to Eddie Cantor.

As it was, they had the club members paying prices for standard stuff that would make the OPA shudder. But it was all in the spirit of fun and all present had a hilarious time. Refreshments were served at intermission time and the only comment we caught that could even be slightly construed as unfavorable was by members who were already laden with loot. And we quote: "Let's hope they have another of the Auctions sometime so we can get rid of this stuff we didn't want but that those slippery tongued sellers, Sid and Russ, slickered us into buying."

Club Chatter

The first Snipe Fleet meeting of 1945 takes place at the club on Sunday, May 6 at 3:30 p. m. There's some mighty important business to take up as well as the election of new officers, so all you sailors better be on deck . . Another honor has come indirectly to the club. Lt. Betty Burr of the U. S. Marines is a Commissary Officer at Quantico, the first woman in America to hold that type of position. She's in charge of a PX and doing a grand job.

In the event that any non-members of the Boat Club read this, we are happy to announce that there are still a few vacancies in the club roster. If you've been toying with the idea of joining the club, there's still a chance you can make it before membership is complete. Call the club or Commodore "Jim" Newman right now.

Club dining room will open Sunday, May 13. No reservations taken after Friday.

GIRLS' BOWLING LEAGUE

The Girls' Bowling League of the Immaculate Conception Parish, of this town, brought its second season to an eminently successful conclusion with a banquet at the Hotel Continental in Harvard Square on Tuesday, April 24. One week prior to this, the league sponsored a retreat at the Cenacle.

A varied entertainment followed the banquet. Mary Gaynor, Sis Foley, Barbara Conlon, Mildred Dineen, Helen McDevitt, Florence Hamilton, Marie Dunn and invited artists made the night memorable. Edward P. Gilgun, widely known toastmaster, guided the evening's festivities. Speeches were made by Louise Tessier, president; Rev. J. Joseph Kierce, spiritual director; and Rev. James F. Fitzsimons, pastor.

Prizes were awarded to the following:

Louise Tessier, who scored a high average of 86.1

Marie O'Donnell, whose high three strings totaled 331

Frances O'Brien and Bette Thomas, who tied for high single string honors with a score of 121

A high team average of 79 was scored by the Eagles, comprised of Louise Tessier, Kathryn McLaughlin, Winifred O'Donnell, Mary Sullivan, Mary McEachern, Margaret King, Betty Thomas and Margaret Nelson.

High team three string honors were won by the Hawks, whose members were Helene Sullivan, Jean Lally, Dorothy Mawn, Mildred Dineen, Florence Hamilton, Bernadette Donovan, Marie Dunn, Margaret Grady. Their score was 1781.

Marquettes won the high team single string with a 605 score. Their members were: Mary Gallagher, Mary Gaynor, Sabina McGonigle, Bette McCarron, Doris McKee, Helen Foley, Catherine Connolly and Barbara Washburn.

Frances O'Brien, Helen Sullivan, Helen Foley, Winifred O'Donnell, and Margaret Grady handled arrangements for the banquet.

BOYS HAD LIFE PRESERVER

Monday evening shortly before 6:30 Sgt. James P. Donaghey of the Police Department, with Officer James E. Flaherty, picked up four 10 year old Winchester boys who were walking on Highland avenue near Forest street and were carrying life preservers, marked M. D. C.

At headquarters when questioned the boys said they found the life preservers in the woods in Stoneham. They were returned to the Metropolitan Police and the whole matter turned over to them for any further action they may care to take.

BELMONT TRACK MEN BEAT WINCHESTER

Belmont's experienced track and field forces proved too good for Winchester's green but willing squad last Thursday, winning the dual meet between the two schools at Belmont, 58-18.

Winchester did a lot better than the score would indicate and the competition gave Coach Knowlton a line on several boys who are sure to develop into point winners with more experience.

From the local angle the big guns were Jacobellis, with a nice 10.9s victory in the 100 yard dash, a corking good performance on a day like last Thursday; and Tom Kirwin, who won the half going away in 2.11.

Kirwin was away out front at the finish and had he been pressed, could have done 2.05 or better. Jacobellis took second in the 220, being boxed in a race that was run unstaggered on a track around a turn. The Winchester sprinter could have repeated his victory of the 100 had the race been run in lanes.

Kleber took second in the high jump with a 5.02 performance and also was third in the shot with a heave of better than 36 ft. Flynn was third in the high jump. "Tikky" Reed, also being messed up in the go-as-you please 220, was just edged out of third place in a nice finish and several other boys made equally good showings.

All in all Coach Knowlton was pleased with the work of his charges against Belmont's good team and expects to have a track team here before the season closes.

Few of those who have enjoyed the Winchester High School Vaudeville Show during the 13 years it has been produced realize the magnitude of the task faced by Mr. Raymond V. Hayward of the school faculty who supervises the multitudinous details attendant upon the production, times the acts, synchronizes them into a workable program and generally looks out for the thousand and one things that have to be done to mold 150 odd teen-age youngsters into a smoothly working and coherent unit. He has help of course, among others, from Mr. Knowlton, school athletic director; from the girls director of Physical Education, Mrs. Matthews; from the music supervisor, Miss Stoddart; and from Mrs. Cora Corthell Phelps, whose coaching of the dance units has been of invaluable assistance. By and large, however, "Raymie", capable, self-effacing "Raymie", is the one who pulls the many strings to make the show really "go." He has been running the show since its inception, a long time to carry a heavy burden. He deserves the plaudits of all those who believe the Vaudeville Show is perhaps the best of the many co-operative ventures participated in by the students of the school.

IMMACULATE SHOW FEATURE

Rev. Fr. J. Joseph Kierce, who is in charge of arrangements for the Minstrel Show which the Immaculate Conception Church is holding Monday evening, May 7, in the Town Hall, announced yesterday morning that Dan O'Donnell and Coach Hennie Knowlton will put on their inimitable Scotch Skit as a special feature. This act was one of the outstanding hits of the recent high school vaudeville show and has to be seen to be appreciated.

In addition to this the Winchester High and Junior High Choral Groups, trained by Miss Alma Stoddart, will sing, and Ted O'Rourke, individual star of the high school vaudeville show, will strut his stuff.

There will be a children's show on Sunday afternoon, May 6, at 2:30, in the Town Hall and if there is sufficient interest, a second performance of the show on Friday evening, May 11.

SELECTMEN'S NOTES

Veterans of Foreign Wars have been granted a license to sell poppies on the streets on May 25, 26.

Thomas R. Aldrich of 21 Swan road was drawn as a juror to serve at the first session of the Superior Criminal Court at Cambridge, to report June 4.

William H. Rogers has been appointed Constable without bond to serve town warrants and other town papers.

On request of the Railway Express the clerk collected samples from four Winchester firms to send to Winchester, Va., as a part in the celebration of the opening of greater aviation facilities from Boston. Bacon Felt Co., Beggs and Cobb, Browning Laboratories and the J. O. Whitten Company were the contributing firms.

WINCHESTER BEATS LEXINGTON IN 11TH

Winchester High won its second straight Middlesex League baseball game Tuesday afternoon, beating Lexington High 2-1 on Manchester Field in an 11 inning game. The game was on the whole well played by both teams and a good one to watch, despite the cold.

Both Guy Washburn, veteran right hander of the local nine, and McLean of Lexington went the route with Winchester's unemotional flinger having the better of the battle. Fanning 13 and allowing only three hits in 11 frames is good hurling, even admitting the pitchers are at this stage away ahead of the batters. Both teams played well enough afield.

Winchester was without Sam Tibaudo, hard hitting shortstop, who was injured in the Reading game. Eddie Hicks filled in well for Sam at short and got himself a hit.

The locals scored first in the 7th. Walsh hit safely, went to third on Roche's one base error, first and scored on Jimmy Haggerty's long fly to center. Lexington tied it in the 8th on a base on balls, an infield error and two sacrifices.

In the 11th with no one out Ted O'Rourke beat out a slow roller to third, stole, and went to third on Bobbie Wilson's clean hit to left, scoring when Ferdon let the ball roll between his legs.

HISTORY CLASSES EXPLAIN DUMBARTON OAKS PLAN

On Wednesday morning, May 2, the history classes of Mrs. Ella Stacy presented a program to the assembled students on the subject of the San Francisco Conference and the Dumbarton Oaks Plan. Chairman Priscilla Morrill drew attention to a large chart illustrating the working elements of the Dumbarton Oaks Plan, which had been prepared for the use of history classes by Nancy Snow, and outlined the general nature of the proposal.

Warren Connor clearly explained the subsidiary units which work under the headings of Security Council, General Assembly, and International Court of Justice. Euan Phillips then contrasted the present proposal with the old League of Nations, drawing particular attention to the fact that the Dumbarton Oaks Plan calls for a military organization to put teeth into the agreements of the security council.

Vivienne Chapman drew her topic from the Economic and Social Council which deals with the monetary, labor and other problems of the member nations. Priscilla Hurd made a plea for support of the plan and indicated that the human element is the deciding factor in whether this plan or any other can prevent World War III.

UNITED NATIONAL CLOTHING COLLECTION

A final checkup of all clothing collected in Winchester to be sent to the war-torn Allied countries indicates that the people of Winchester donated approximately 11 tons of serviceable used clothing.

The results of this month-long collection in Winchester have been most gratifying to the committee and the generous response typifies the manner in which all worthy appeals are supported in this community.

On behalf of the local committee, I want to particularly thank Mr. James J. Quinn, Supt. of Schools, Mr. Parker Holbrook, Town Engineer; and Mr. T. Price Wilson, Editor of the Star; for their co-operative efforts which helped so much to make the Clothing Collection such an outstanding success.

Vincent C. Ambrose,
Local Chairman

DONALD LESLIE MARSHALL
Conductor of Mystic Glee Club

The Mystic Glee Club concert under the sponsorship of the En Ka Society will be presented to a capacity audience Friday evening, May 11 at the High School Auditorium.

The Glee Club will sing under the direction of Donald L. Marshall, talented musician and composer, who is well known in musical circles throughout this vicinity. Mr. Marshall is musical director and organist at the Union Congregational Church at Medford Hillside. As his special contribution to this year's program, he has written the music for a theme song with lyrics written by Austin Nanry. Mr. Marshall has also made a special arrangement of the popular Navy Hymn for joint participation for the guest soloist, Miss Gertrude Ehrhart and the Glee Club.

Tickets for the concert are available from members of the En Ka Society. More information on tickets can be obtained by contacting any one of the En Ka committee: Katherine Bunten, Louise Elliott, Hester Goddu, Charlotte Greer, Jeannette Harlow, Mary McLean, Dorothy Russell, Esther Sawyer, making their headquarters at the En Ka Whar-Not shop.

PROGRESS OF 7TH WAR LOAN DRIVE

The primary means by which Winchester's very large quota will be met is through house-to-house calls by volunteer solicitors. A display notice in this issue of the Star lists time, place and date of Precinct meetings which volunteer solicitors are urged to attend.

Our town can look with pride to its past record of subscriptions to the six preceding War Loans and, perhaps, this is one reason why a truly difficult job has been assigned to Winchester in the coming seventh war loan.

Our total quota could probably be raised without tremendous effort if it were not for the fact, that this time the accent is very much on sales to individuals. Two thirds of our quota must be of this nature. Specifically, we are faced with the task of selling $104,000 in Series E Bonds to individuals and $511,000 of other than Series E Bonds to individuals.

It will take some doing, but Maurice C. Bird, chairman of Winchester's War Finance Committee, is confident it can be done if every resident will cooperate fully with the volunteer solicitors who will call at every home during the period from May 14 to May 31.

Mrs. Bowen Tufts of Arlington, formerly of this town, returned last week from Hollywood, Cal., where she visited her son, Sonny Tufts, featured movie actor.

SGT. STEVENS D. BROWN

Winchester friends of Sgt. Stevens D. Brown, USMC, a former resident, will be shocked to learn of his death in action in the Pacific area on March 19. His mother, Mrs. C. Winfield Brown of Malden, formerly of Concord and Winchester, received a telegram on Wednesday from the War Department and information received by Sgt. Brown's wife would indicate that he was instantly killed when a Jap suicide plane crashed into the Aircraft Carrier on which he was serving.

For several years Sgt. Brown and his mother made their home on Cambridge street with Mrs. Brown's brother-in-law and sister, Mr. and Mrs. George B. Smith.

Sgt. Brown was in his 23rd year. He was born in Concord where his late father was for many years a teacher at Middlesex School. He was educated at Fenn School and Middlesex in Concord, graduated from Williston Academy in 1942 and was a member of the class of 1946 at Brown when he entered the service in March, 1943. He trained for 18 months at Santa Barbara, Cal. and in Pasadena, Cal. Oct. 14, 1944, he married Anne C. Finkenstaedt of Grosse Point, Mich. She and his mother are the only immediate survivors.

LOCAL UNITARIANS PARTICIPATE IN REGIONAL CONFERENCE

With "Unitarian Advance" as its Conference Theme, the annual South Middlesex Conference of Unitarian Churches will gather in the Winchester Unitarian Church, Sunday, May 6. It is interesting to note that this is one of the oldest known church conferences in America, dating back to the very early days of the New England colonies. It is of especial importance this year because the annual May meetings of the American Unitarian Association will be omitted this May to cooperate with the government's request to eliminate travel.

The South Middlesex Unitarian Conference includes approximately 27 churches in this general area, of which the local Winchester Unitarian Church is one. Delegates to the Conference from our local church include Mr. and Mrs. T. C. Browne, Mrs. M. B. Brown, and Mr. and Mrs. A. G. Robbins, Mr. and Mrs. Lyle K. Bush, Mr. and Mrs. E. C. Whittemore.

(Job 20:4, 5).

There is no other way . . . To the physical senses, the strict demands of Christian Science seem peremptory; but mortals are hastening to learn that Life is God, good, and that evil has in reality neither place nor power in the human or the divine economy" (p. 327).

BRITISH WAR RELIEF

Winchester Canteen Busy Now in the Netherlands

Many Winchester people helped several years ago in raising the money which gave to England a Rolling Kitchen, as Americans liked to call them, a Mobile Canteen, as Britain officially named them. It was put in immediate service as one of the Queen's Messengers, under the control of the British Ministry of Food.

Our canteen bore the inscription, "From Friends of England in Winchester, Mass., U. S. A." In the dark years of the air raids it went busily about bringing first aid to bombed areas

As robot bombings lessened, and as armies of the United Nations have liberated areas of France, Belgium, and Holland, when transportation is a great problem, some of these mobile canteens have been sent over to the continent to relieve crying needs.

News of our Winchester canteen has just come from England, in a letter from Mrs. Fred Cameron, who was head of the Winchester Unit when this rolling kitchen was purchased. Our canteen is now in service in the Netherlands. Winchester people will hear that news with deep satisfaction, glad that something we gave was near at hand to help these starving victims of Na... hatefulness, as soon as the German hordes were driven out. The canteen still carries our name in its new field of service.

Friday, May 11, members of B. W. R. units in the Boston area will meet at luncheon in the ball room of the Statler Hotel. Mr. Clark Minor, president of the British War Relief Society in America will speak. He has just returned from a month's survey of England's needs for civilian relief. Sir John Appleby, vice-president will tell of the Society's future plans.

Mrs. Malcolm Cook will take reservations for the luncheon (Win. 1298). They must be made by Monday, May 7.

That week of May the Winchester unit will have also a party of its own. The evening of Saturday, May 12, Mrs. Ernest Dudley Chaes will have the unit as guests at her home, 2 Lakeview terrace. She invites members and their husbands to come early, any time after 7:30, to enjoy sunset in her garden. Later Mr. and Mrs. Chase will show moving pictures which they took in motor travel on the Continent and in England.

M. S. P. C. A. AUXILIARY

The last meeting of the Winchester Auxilwary, also the annual meeting will be held Friday, May 11, at 2 p. m. at the home of Mrs. A. H. Hildreth. Mr. Eric Hanson, president of the M. S. P. C. A. will be our speaker.

The change of day from Thursday to Friday will be made as Mr. Eric H. Hanson speaks at Springfield S. P. C. A. Auxiliary on our regular day. A large attendance is desired.

Mrs. Dunbar F. Carpenter, Mrs. James Nowell and Mrs. Herbert W. Kelley are among the patronesses for the Boston Vassar Club Pops Concert May 15.

CAPACITY AUDIENCES APPLAUD 13TH VAUDEVILLE

Capacity audiences watched the 13th annual Winchester High School Vaudeville Show make another in a long series of hits last Friday and Saturday evenings at the high school auditorium. Postponed two weeks from the scheduled appearance, this year's show appeared not to have lost any of its sharpness by the delay. Consisting of a variety of acts which make a complete review impossible, the 1945 production was a credit to Director Ray Hayward and to his excellent staff consisting of Coach Henry Knowlton, Mrs. Lyman Matthews, Miss Lillian Antonelli and Mrs. John T. Phelps. Special mention must also be made of the great contribution of Mrs. A. B. Corthell, who has been regular accompanist at all 13 Vaudevilles.

Probably the most appreciated number on the program was the tableau depicting the memorable occasion of the United States Marines raising the American Flag on Iwo Jima. This highly effective bit of drama was enacted by a trick of lighting which illuminated the figures behind the regular motion picture screen to give an unusually impressive picture.

Grouping the dance numbers, one observed the greatest degree of proficiency in Blue Ribbon Ponies and Parade Piquant, but realized that Tip Top Taps required one more skill. Marguerite Derro caused the seated toe and heel dancers to thrill to her snappy Tapsichorean Technique, and Loraine LaFontaine added just the right flavor to a Little Bit of Irish with an Irish Folk Dance. Marilyn Campbell was extremely pleasing in a Polish Dance number entitled Maid of Honor.

Although not essentially a dance number, the Maneuverettes demonstrated precision in their drills and wheels.

Replacing the old football ballet and other similar performances were the Honolulu Horoscope, featuring genuine Hawaiian grass skirts; and the cossack-clad Moscowvite Masquerade, featuring Samovar Bellinovitch. Both of these numbers "brought down the house", as did the antics of Jock O'Donnell and Sandy MacFarlane Knowlton in their Scotch Sketch, with special emphasis on Knowlton's bagpipe and O'Donnell's knees.

Ted O'Rourke really stole the act entitled A Little Bit of Irish with his inimitable gestures, singing and general stage presence. In his later monologue burlesque he again drew a big hand as he performed a genuine vaudeville act.

Three Thrushes, with the Hight Sisters and Marty Jackson, pleased with well rendered vocal selections. They were followed by the Herlihy-dominated turn-about skit called It Won't Be Long Now.

Priscilla Morrill gave another of her much appreciated monologues which could hardly be classed as amateur. Also competing in this field were Ewen Cameron and James Ware, whose performances were amusing and well done.

Jeanne Burtnett and Roy Monson were again received enthusiastically in Accordian Acoustics and might easily have reappeared for an encore.

An innovation this year was the Fashion Fantasie, directed by Miss Antonelli and providing colorful costumes, dancing and some merriment at the expense of the young people in rather unfamiliar roles, definitely contrasted with the usual attire of brother's shirt and dungarees.

Acrobatic Artists were the tumblers who defied the law of gravity and, led by Dick Kleber, furnished spine tickling thrills, aided by the comedy of Francis Sleeper who reminded one of the newspaper reading individual in a highly popular stage play of a few years ago. Gyro Girls Mary Jean Browning and Jane Russell whirled in a series of complicated maneuvers which left their audience in a state of exhaustion. The Bilateral Ballet offered something different in routine with the girls representing the top half getting the credit, while those providing the other extremities did all the work.

Vocal Versatility was provided by Lucy Russo's monologue and masculine impersonation. Threesome of Thrills featured a little close harmony as did one of the groups in A Little Bit of Irish, consisting of Eileen Welch, Mary Carroll and Lucy Russo. Batonierre Theresa Mulhern gave a lively exhibition of baton twirling that just cried for that new band.

In A Little Bit of Irish, already mentioned, there was a variety which also included a clever tap routine with Sue McCauley and Rosamond McPeake, and the singing of present and past Irish favorites by a girls' choral group led by Dorothy Hickey.

No Vaudeville of recent years has been complete without Silhouettes in Silver, that group of boys who submit to the ordeal of being silvered in order to be able to present a series of striking tableaux depicting familiar scenes, such as Tug-o-War and others.

From the Trumpeture of Dominic Rotundi to the Finale, this year's production was a fast moving, well timed, colorful show, with the novelty numbers vying for popular acclaim with those developed from a combination of skill, patient practice, and the enthusiasm made for Vaudeville.

The efficient handling of tickets and reserved seats was again directed by Miss Ethel Knowlton of the faculty. The cover design and other sketches in the program were contributed by many-talented June Moffette. Music during intermission was supplied by Marjorie Johnston and Marion Horwood.

THOREAU COLLECTION ON DISPLAY AT WINCHESTER LIBRARY

It was 100 years ago this spring that Henry David Thoreau built his hut at Walden Pond where he took up his residence on July 4 for a little over two years. Today his works are read throughout the world and a Thoreau Society has been organized with a membership of several hundred members living in all parts of this country.

In commemoration of the Walden centenary, Miss Corinne Mead, Librarian, has dedicated a Thoreau exhibition now displayed in glass sases in Winchester Public Library. It consists of special editions of Thoreau's works on loan from the private libraries of Dr. Langley C. Keyes and Prof. Harold H. Blanchard, arranged for display by Dr. and Mrs. Keyes.

Residents of Winchester are invited to see the many interesting items here shown. Perhaps the most interesting of all are the three little volumes standing in the left hand corner with gold-lettered titles on their backs. These are very early original editions of his two works published in Thoreau's lifetime: the "Week on the Concord and Merrimack Rivers", and "Walden." They have a quaintness and simplicity to them greatly beloved by lovers of Thoreau. In contrast to them are two handsome illustrated modern editions of "Walden" lying open in the right hand case. Probably the finest edition of "Walden" yet published is the one from the Lake Shore Press in Chicago, with its distinction of format and its sensitive illustrations by Rudolph Ruzika. The other edition comes from the Peter Pauper Press; it is done in a modernistic style with larger type and with strikingly imaginative illustrations.

Two authentic portraits of Thoreau are shown: the smaller one was done in Worcester when he was 39 years old; the larger one was made in New Bedford the year before his death when traces of ill health were already visible. Two pages of another volume show a facsimile of his handwriting, with its pronounced slant to the right and characteristic vigor in motion.

Another handsome volume is entitled "Through the Year with Thoreau." It presents selections from his writings gathered from every month of the year, with specially prepared photographs of the Concord countryside by Herbert W. Gleason. The recent scholarly edition of "Thoreau's Poems" edited by Carl Bode is shown; also the two handsome volumes printed by The Bibliophile Society presenting hitherto unpublished manuscripts on "The First and Last Journeys of Thoreau." A volume of different kind is Harry Lee's poetic work entitled "More Day to Dawn." This title is a quotation from some of the last words of "Walden", and the book is a poetic tribute to the life and character of Thoreau.

The background of one of the cases is occupied by a large decorative map of "Thoreau's Concord" recently made by Mrs. Harold Blanchard. This map shows Thoreau's favorite places throughout the Concord township. It was designed to accompany the study of the Thoreau country recently made by Professor Blanchard and published in "The Tuftonian," the magazine of Tufts College, a copy of which is also displayed in the collection.

PACK 6, CUB SCOUTS

The Cub Scouts of Pack 6, under the sponsorship of the Citizen's Committee and under the leadership of Cubmaster Rev. Paul H. Chapman of the Unitarian Church, will end activities, excepting for a June outing, this Friday, May 4.

Our closing meeting will consist of entertainment of two Den skits, group singing under the leadership of Asst. Cubmaster James Coons, awarding of merits for achievements, a display of each Cub's prideful handicraft and colorful ceremonies which will end our Pack meetings for this year.

The fact that we have had to close enlargment of Dens and have a waiting list of boys who wish to enter into Cubbing, has proven to us who are in charge of Pack 6, that Cub Scouting has its place in Winchester. We are confident our boys will face the eventful summer with flying colors.

There will be a committee and Den Mothers joint meeting May 24. Cubs of Pack 6 will hear from us again in regard to the June outing. We will be proud to present the Eisenhower Awards then. The annual Den Mother's and Pack Committee dinner will be held in May as usual.

At the recent meeting of the Cub Pack Committee, the treasurer, Mr. E. G. Pierce reported a substantial sum in hand and all bills paid. Mr. John Foley, chairman, stated that this tidy sum was primarily due to the sale of paper which amounted to a number of tons collected and many boys achieving the 1000 pounds required for the award. The 10 dens have done a remarkabe job.

The Pack Committee welcomed Mr. Robert G. Abbott as a new member and elected Mr. Harold W. Thistlewaite as an assistant Cubmaster. Mr. Thistlewait served as a Scoutmaster for a number of years before coming to Winchester and will give his special attention to boys of Lion Cub rank so that they may be well prepared to become Boy Scouts upon graduating from Cubbing. Pack 6 graduated eight boys this past year all but one of whom joined Troop 6, where they are making an enviable record as Scouts.

The Cubmaster, Committeemen and Den Mothers wish our boys happy sailings, hikings, and campings. We'll be seeing you next fall, Cubs.

CANTEEN NOTES

The Scavenger Hunt, postponed because of rain, will be held on Friday evening, May 4. After the hunt prizes will be given to the bowling champs. Saturday night the canteen will not be open.

May 19 has been set aside for the donce promised you. We will have the Arcadians who helped make our mid-winter dance such a success. Grab a date or come stag.

SCHOOL DEPARTMENT

Endorses Policy of Granting School Credit for Those in the Armed Services

At a Winchester School Committee meeting during the first week in April, the following policy was accepted:

"Any senior who is in good standing and who is within six weeks of being 18 when drafted into the armed services or inducted into the armed services as a volunteer between the Christmas recess and the end of the school year be granted his diploma in June at the time of the regular graduation."

The following recommendations made by the Superintendent as to the policy which might well be pursued in granting credit toward a diploma to those students who have not completed their high school course before entering the armed forces of our country, were also approved:

1. Credit will be granted for basic or recruit training as suggested in the pamphlet, "Earning Secondary School Credit in the Armed Forces", Page 8 (National Association of Secondary School Principals of the National Education Association, 1944). To be more specific, the amount of credit for such basic or recruit training will be two units or ten points.

2. Credit for all special training programs will be granted in accordance with the recommendations found in "A Guide to the Evaluation of Educational Experiences in the Armed Services" (American Council on Education).

3. All subjects studied while off duty, having the same or equivalent requirements as a high school course, will receive full credit provided the applicant submits proof that he has passed examinations in such subjects by the United States Armed Forces Institute or an accredited college.

4. The requirements of successfully passing at least three years of English and of taking a course in American History will be faithfully adhered to.

5. When a member of the United States Armed Forces, or one who has been honorably discharged, has fulfilled all requirements, a letter will be sent to him to that effect.

6. A Winchester High School diploma will be awarded at the next regular high school graduation in June following the date of fulfillment of all requirements.

V-E DAY IN WINCHESTER

Town's Reaction Quiet. Schools and Most Stores Closed. Churches Filled

Winchester's reaction to V-E Day was one of relief rather than hilarity, nothing in the way of a boisterous celebration being apparent. Nothing at all comparable to the way the victory announcement was received in large cities took place here, and there was nothing like the impromptu celebration staged on Armistice Day in 1918.

Soon after President Harry Truman delivered his sober announcement of the German surrender, with its note of the need for future work and prayers to build a just and lasting peace, the town's church bells and that in the town hall belfry pealed forth, while the Civilian Defense sirens blared for several minutes. Not long afterward the school children, dismissed for the day, came trooping through the center and stores commenced to close, Filene's, Woolworth's, Brigham's, Fred Mitchell's. By mid-forenoon the chain provision stores were closing and the drug stores were announcing afternoon closings. Some local restaurants closed by early afternoon and by mid-afternoon the center was a deserted village.

In accordance with the sober note of the entire day Winchester as a whole went to its churches to observe V-E Day. Churches throughout the town were open all day for prayer and meditation and many went to them alone or in groups to offer their own personal thanksgiving for at least partial peace.

Rev. Dwight W. Hadley, rector of the Church of the Epiphany conducted services there at 10:15 in the morning and at 7:45 Tuesday evening, the second being held in conjunction with Episcopal Churches throughout the country. The evening service of dedication and thanksgiving had the full choir and the churchh was filled.

Many parishioners went to the Immaculate Conception Church to pray during the day and in the evening Rev. Fr. J. Joseph Kierce led a large congregration in the Rosary.

At the First Baptist Church there was a special service of Thanksgiving Prayer and Dedication at 8 o'clock with the pastor, Rev. Walter Lee Bailey, officiating, assisted by the full choir. The church was open all day and there was organ music at 10 a. m. and 3 p. m.

The Unitarian Church had a largely attended service of Prayer and Meditation in the evening with organ music. The minister, Rev. Paul Harmon Chapman, was assisted by Mr. Theodore C. Browne, chairman of the church standing committee.

The First Congregational Church was open all day, and it was reported that a number from out-of-town availed themselves of the opportunity to enter for prayer and meditation. There was organ music at 11 in the morning and 3 in the afternoon by the church organist, J. Albert Wilson, and Miss Frances Randall, and at 7 in the evening Kenneth Moffatt played an organ program. The pastor, Rev. Howard J. Chidley, conducted services of worship at 12 noon, 4 p. m. and 8 p. m., the evening service being with full choir. Several hundred persons attended.

A special service of Thanksgiving was held at 8 o'clock at the First Church of Christ, Scientist, conducted by the first reader, Mr. Ernest J. Wright. The church was filled, and there was congregational singing as well as organ music.

Many visited St. Mary's Church through the day and in the evening the church being open until 9 p. m. The pastor, Rev. Fr. John P. O'Riordon, chanted the Te Deum, as a Service of Thanksgiving for Victory at 3 o'clock in the afternoon and again at 7:30 in the evening, there being large congregations.

The Second Congregational Church was well filled at the service of Thanksgiving conducted at 8 o'clock in the evening by the pastor, Rev. John Heidt. The church organist, Mrs. George Lochman, played and Mrs. Grimes was soloist.

The Crawford Memorial Methodist Church was open all day and a largely attended service of Thanksgiving was held in the evening with the full choir and organ music. The pastor, Rev. Harris E. Heverly, was assisted in conducting the service by Dr. Ralph Becker, professor on the faculty of the Boston University Theological Seminary.

THE MYSTIC GLEE CLUB SINGS TONIGHT

The Mystic Glee Club presents its annual Spring Concert in Winchester this evening. The program represents a well balanced group of 16 songs taken from their fast growing repetoire. A few of the songs from previous years have been included in this program in response to requests.

The Glee Club was organized in 1940 for the sole purpose of enhancing musical interest and enjoyment among the men in Winchester. They have maintained their status as a non-profit organization, preferring to sing for the benefit of worthy charitable organizations in Winchester and its environs.

Mr. Carl W. Wood, president of the Glee Club, has indicated that the program being presented this evening will equal that of any other previous year, and that the benefits derived from this performance will be contributed to the En Ka Society. A hard working En Ka Committee, headed by Mrs. Theodore Elliott and Mrs. Alger T. Bunten, have been concentrating their efforts in the selling of tickets to the full capacity of the Winchester High School auditorium.

All music lovers in Winchester are assured of a pleasant evening's entertainment listening to the Mystic Glee Club and their assisting artist, Miss Gertrude Ehrhart. A few tickets will be available at the door for those who may have been unable to secure them from the En Ka committee.

As such her duties will be largely in the social and public relations field, working directly with the students and acting as head of the college system of house presidents as well as in other official capacities more or less in the extra-curricular field. She has accepted the position for one year and expects to commence her new duties next September. She replaces Dean Catherine P. Robinson, now on leave of absence for overseas duty with the Red Cross.

Mrs. Greene is a Mt. Holyoke graduate, class of 1912, her mother having preceded her at the college and her daughter, Eleanor, having followed her there. MET IN FRANCE

Lt. Col. Robert M. Hamilton, commanding the 535th Quartermaster Group somewhere in Belgium, while on a recent visit to France, saw his son, Lt. R. Sheldon Hamilton, who is with a Quartermaster outfit there. "Shellie," former Star linotyper and his dad had a nice time of it on French soil and then "Shellie" got a leave to accompany his father back to Belgium to see some of the sights there.

The visit with his father in Belgium was doubly pleasant to "Shellie" because an old schoolmate, "Gerry" Gaffney, former Winchester High football star, is an officer in Col. Hamilton's outfit.

Col. Hamilton writes the Star that things are quiet in his sector of Belgium since the bombs stopped, the Allies finally finding out where the Nazis were making them. According to Bob no one in his outfit was sorry when they stopped.

ASSISTED AT WOBURN FIRE

The Winchester Fire Department sent apparatus and men to Woburn Tuesday evening to assist at a fire in the Shaker Glen district which practically destroyed a house on Acadia road there.

Woburn Box 345 came in at 9:20 p. m. and since this is a mutual aid box the local department started at once for the fire, putting on Box 512 which is the Winning Farm box at the Arlington, Woburn, Lexington, Winchester line.

When the local apparatus arrived the fire had gotten a fine start and the house situated on a knoll was well ablaze. The story and a half structure was a total loss in the opinion of Winchester's Chief John J. Garman. The property is owned by Margaret Kelley of Orient street, South Boston.

A LETTER FROM "AL"

The Star received a letter last week from "Al" Gaum, veteran of World War I who finally was able to talk his way into the present conflict and who is currently overseas as a technical sergeant in Claims, Headquarters Intermediate Ooise Section, somewhere in the European Theatre.

"Al" just had to let the home town know how happy he was upon getting back to Headquarters after 10 rather painful and distasteful days of traveling around "Sunny" France to find nine letters from Mrs. Gaum, another from Lt. Col. Bob Hamilton, promising a visit in the near future; another gloating screed from Capt. "Nook" Bacon, in which the latter informed "Al" he expected to go home soon; still another from "Al's" son, "Buster", now a lieutenant with the Black Watch somewhere in Germany; and finally, last but by no means least, a copy of the Winchester Star.

"Al" also recorded the fact that he found something else waiting him at Headquarters but was saymg nothing about it as there was not enough of it to go around. He described himself as fine and wanting to come home and mad as blazes at Hitler and the Japs for starting this mess.

Finally he sent along his regards to Parker Holbrook, George Franklin, Bill Hevey and Ken Colgate with the reminder to the Fitzgeralds, Joe Donahue, Jimmy Treacy and the American Legion that he hasn't heard from any of them for some time. His serial number is 408062, his APO 513 and his address c-o PM, New York.

RALLO'S SQUAD GOT JAPS

Fighting in some of the most rugged terrain encountered during his overseas career, Tech. Sgt. Francis P. Rallo, son of Mrs. Eleanor Rallo, 34 Eaton street was in charge of an Americal Division rifle squad that killed nine Japanese without casualties to themselves in the space of a few minutes.

It was during his company's advance against Jap hill positions in the Central Philippines. In the absence of an officer, the Winchester sergeant was placed temporarily in charge of a platoon.

During the platoon's advance, Rallo spotted a group of Japs around a hut. He immediately led a re-inforced squad forward, outflanking the enemy group by skillful maneuvering and catching the Japs by surprise. After the short battle that followed, nine Japanese lay dead on the ground and a large amount of food and ammunition was captured.

The Winchester infantryman, veteran of the Solomons and Leyte, is serving with the 182nd Infantry Regiment.

PARTICIPATED IN SEVEN CAMPAIGNS

First Lt. Lloyd P. Jonas, USAAF, of Provincetown, son of Mr. Clinton Jonas of 40 Arlington street, is entitled to wear a seventh bronze battle stars on his theatre ribbon.

Communications officer of the 87th Squadron, 79th Fighter Group, a P47 Thunderbolt unit recently operating with the desert Air Force in Italy, he has stars for Egypt-Libya, Tunisia, Sicily, Italy, France, Germany and Northern Italy, his having been the first air force unit to participate in seven campaigns. He is also authorized to wear four overseas bars and the Diatinguished Unit badge.

Lt. Jonas, who studied chemical engineering at Northeastern, was employed by the Boston Woven Hose and Rubber Co. as assistant office manager before entering the service.

MET IN ITALY

Mrs. Edward B. Woodbury of Washington street, in a recent letter from her husband, learned of a meeting which her husband, a captain in the Air Forces, had recently in Italy with Maj. Edward A. Bartlett, former teacher coach at Winchester High School.

Capt. Woodbury, former teller at the Winchester National Bank, is attached to the 58th Air Squadron of the 62nd Service Group. His wife sends him the Winchester Star, and in a recent issue he read about the award of the Bronze Star Medal and Citation to Major Bartlett.

The article gave the information that the Major is attached to the 449th Bomber Group and this was of great interest to Capt. Woodbury, since the 449th was included in his Air Wing. Knowing Bart, he immediately looked him up, found him located about 20 miles away and arranged for a meeting.

The two got together some time around the 19th and had a great time discussing Winchester news and friends. With the exception of Dave Holmes, who is with his group, Capt. Woodbury was the first boy from Winchester "Bart" has seen since he went overseas.

CAPT. MAIETTA AT HOT SPRINGS

Capt. Angelo L. Maietta of this town has arrived at Army and Navy General Hospital at Hot Springs, Ark. for treatment of arthritis following 15 months overseas service that included duty as a battalion surgeon from the Normandy beachheads through Belgium and Holland to Germany, it was announced by the Public Relations Office.

For bravery under fire in the performance of his medical duties during the D-Day landings in France, Capt. Maietta was awarded the Bronze Star Medal. Subsequently he served close to the front lines in the Allied drive across Europe.

At Army and Navy General Hospital, a Rheumatism Center of the Army, Capt. Maietta will receive highly specialized medical care and the benefits of an extensive reconditioning program.

His wife, a son and a daughter reside at 408 Main street.

BROTHERS HAVE REUNION

Lt. Parker W. Blanchard of the Army Air Forces accompanied by his wife and daughter arrived from Langley Field, Va., last week for a short furlough with his parents, Mr. and Mrs. Wallace Blanchard of 5 Rayenscroft road. He was pleasantly surprised to find his youngest brother Lt. Charles W. Blanchard of the Infantry also at home on a furlough and it was the first time that they had met since entering the service over two years ago. Charles left last Friday for Fort Ord, California and Parker will leave next week for California to rejoin his B24 crew of which he is the navigator.

ROD MACDONNELL'S COMPANY HONORED

T-5 Roderick MacDonnell, USA, son of Mrs. Margaret MacDonnell of 21 Forest street, is a member of Headquarters and Service Co. of the 325th Engineer Combat Battalion awarded the Meritorious Service Unit Plaque for superior performance of duty during its service in France and Germany. The company provided complete front-line administration, planning and supplies for the 325th Battalion in the Century Division's campaign in France and Germany last November.

WINCHESTER SOLDIER IN FIGHT EPISODE

It is rather difficult to establish a battalion command post right in the middle of a Nazi-held town, even if it is well to the rear of the front lines, according to Capt. Anthony F. Kutauskas of Scranton, Pa.

After the 103rd Infantry Division's push into Germany, Capt. Kutauskas was leading a small advance party to set up headquarters for his battalion of the 411th Infantry Regiment.

The captain selected a town, but decided to set up his advance post in a smaller nearby town until the remainder of the battalion headquarters had moved up. Moving into a large building, he ordered all the civillans out.

"I thought they left rather willingly", the captain recalled, "they usually moan and groan. In fact, these people hurried."

Suspecting something unusual, the captain walked out to the street, just in time to glimpse five German soldiers running across the street a 100 yards away. Capt. Kutauskas whipped out his pistol and gave chase. Two of his staff sergeants, John H. Menchhofer of Indianapolis, Ind. and Edward L. French of Winchester, were at his heels.

"I figured they were just Volksturmers, so I fired a couple of shots, expecting them to surrender," the officer said. The three Americans got a hail of lead from machine pistols and rifles in return.

"We found that we had run into a group of 35 Nazi SS troops who had been cut off and were attempting to sneak through our lines to rejoin their outfit. They were all veterans and many wore Iron Cross decorations," the captain explained.

Attracted by the shots, the rest of the American party joined the fight, although outnumbered two-to-one. When a sniper fired from the window of a house and sent a slug whipping through Menchhofer's clothes, French angrily loaded up a 57 mm. anti-tank gun and fired. The shell blew gaping holes in the near and far walls of the house and eliminated the sniper.

At that point help from a nearby outfit of engineers came and the German resisance was broken. The captain's men had accounted for three of the SS troops, one killed, one wounded, one captured. One by one, the remainder of the Germans were later taken prisoner.

WINCHESTER SOLDIERS SHARED AWARD

Two Winchester soldiers, S-Sgt. Thomas B. Dorsey of 1 Town way and Pfc. Orlando A. Subrizio of 5 Quigley court, were among the 78 Massachusetts members of the 106th Quartermaster Company of the 106th (Lion) Division, which recently received a Meritorious Service Unit Plaque. The Divison's commanding general cited the unit for "superior performance of duty in the accomplishment of exceptionally difficult tasks during the period between Dec. 1, 1944 and Jan. 29, 1945.

RECEIVES BRONZE STAR

Sgt. Leo J. Herlihy of 62 Oxford street, 8th Armored Div., 9th U. S. Army, has been awarded the bronze star for heroic action against the enemy in Germany. The award was made by Brig. Gen. John Devine, commanding general. On March 28, exposing his tank to mortar and artillery fire, he gave supporting fire to three knocked out tanks, enabling the crews to evacuate their vehicles.

HOW MUCH TO MOVE A WAR?

As soon as we can, we'll bring to bear on the Japs all the additional might we've been using against Germany.

What will it cost, this Moving Day of War?

Estimate it in these terms: The job of moving millions of men from one front to another. Thousands of ships to carry the supplies of battle. Swarms of new-type aircraft to blast the path into enemy territory.

You can get an idea of the cost from the fact that Uncle Sam needs 7 billions from us in the mighty Seventh War Loan—*now!*

The Seventh War Loan will call for the greatest bond-buying we have ever done.

SONS OF ITALY LODGE NEWS

Well, here I am writing this with the V-E day proclamation of the President still in my ears. The impulse is to get up and give one great big yell but instead I am silently praying in thanksgiving that our boys over there have completed the job of ridding the world of that Nazi scourge that threatened all of us. We will roll up our sleeves a little higher, adjust our belts and help in every way we can to get our boys as soon and as easy as possible to Tokyo.

Last Thursday evening seven members of our lodges went to Lexington to install their officers for the year 1945-46. Among those present at the ceremony were: Ven. Marion Manoli, Hilda Violante and Lena La Russo of the ladies' lodge; Ex. Ven. Angelo P. Tofuri, Eugene Rotundi and Frank Frongillo of the Men's Lodge. Bro. Tofuri acted as Herald for the ceremony.

The Winchester Lodge has been represented at many installation ceremonies in the past month, through our leading officers: Ex. Ven. Tofuri, Ven. Frongillo and Asst. Ven. Frongillo. Some of the lodges visited are: Woburn, Medford, Arlington, Lexington, Somerville, Lynn, Brockton and East Weymouth.

Now the long awaited news of the Bowling League. The bowling season started with a bang and thanks to the good-natured rivalry that existed between the players, the bowling was one exciting match after another from beginning to end. When you can get fellows like Jack Pantaleo, Cousin Capone, Pippy DiIorio and many of the older members of our lodge to be not only interested, but participants in the bowling you can see that when all the boys are home again bowling is going to be a major activity of the lodge.

The bowling matches were in two series consisting of 18 strings each series. We are not going into too much detail about the statistics, as on paper they are rather dull. But here are a few of the more important ones:

Highest Average, first half: F. Procopio 99; second half: E. Rotundi 100.

Highest Single String: Sam Puma 142.

Highest 3 String: Carmine Frongillo 336.

Winning Team: Wolves, consisting of the following players: Frank Procopio, Capt. Carmine DeMinico, Archangelo Amico, Frank Frongillo, Louis Luongo.

The other teams were the Bears, the Tigers and the Foxes. Here is a list of those who participated in the bowling matches: F. Procopio, A. P. Tofuri, A. Jacobellis, J. Gaudioso, J. Buttafuoca, E. B. Rotundi, C. Frongillo, H. Chefalo, F. Dattilo, F. Frongillo, S. Puma, L. Manoli, A. Amico, P. Muraco, L. Luongo, A. Vespucci, C. DeMinico, R. Luongo, W. Falzano, J. DiIorio, A. Giliberti, G. Pantaleo and E. Capone.

A chicken dinner was enjoyed by the winners at the expense of the rest of the boys. It was a perfect season and the boys look forward to bigger and better season next winter.

RAIN STOPPED STONEHAM GAME

Heavy rain half way through the 8th inning stopped the Middlesex League baseball game between Stoneham and Winchester High Schools on Manchester Field Tuesday afternoon with the score 1-1. The local boys led 1-0 for several innings only to have a walked batsman in the lower half of the order finally score with the tieing tally.

Winchester is having hard luck with its ball games. Already it has three to replay, counting Tuesday's tie. Games with Belmont and Reading, called off altogether because of rain have to be played, Reading May 29 and Belmont May 31. The date for the Stoneham replay has not been fixed.

These replayed games are a headache for Coach Hayward who at present has only two pitchers of varsity caliber. Playing two and three games a week regularly is hard enough with a two man staff and with extra games inserted in the schedule the problem becomes even more acute.

TENNIS

Co-operating with the early spring, Tom McGowan and his depleter crew have long had the courts ready for playing and a few of the old-timers as well as some new hopefuls have been getting back their form. As usual the Winchester Tennis Association is planning a spring get-acquainted doubles tournament open to everybody in the town. There will be family doubles and also the following draw doubles: men and boys, women and girls, and mixed. Entry fee is 25c per person per event.

Connie Rosander, 2nd heads the committee this year and will be supported by Whit Gray, last year's efficient chairman, Wee-Gee Underwood, Bob Halstead, and Connie 3rd. Contact them for your entry, or leave your name with Mrs. Wilcox at the courts. We hope to get started at 10:30 a. m. on Wednesday, May 30, but watch signs and the paper for the final announcement. my11-2t

BLOOD DONOR SERVICE

Red Cross officials have announced that the Blood Donor Service in this area will remain in operation to meet the continued demands for whole blood and plasma from Europe and daily shipments to the Pacific war zone.

Blood donors are urged to "remain on the job" as at least 500 donors a day will be needed at the Boston blood center to meet the increasing emergency.

Nineteen of the smaller blood centers will be closed on May 19 which will release for duty elsewhere 400 nurses and 45 doctors and the remaining 11 centers are relied upon to meet future requirements.

Winchester citizens will continue to do their part in this most important patriotic service.

WINCHESTER VISITORS AT SEAMEN'S CLUB

The annual meeting of the Women's Aid to the Seamen's Club of Boston, Monday, May 7, was attended by the official representative of the parish of the Epiphany, Mrs. Alfred Denley and by several other Winchester members of the Women's Aid: Mrs. Ernest Barron, Mrs. George Bryne, Miss F. Louise Nardin, Mrs. William C. Sache and Miss Betty Sharon. Epiphany counted also in its number Mrs. Sache's guest, Miss Lucy Bacon formerly of Winchester.

In addition to committee reports, among which was that of Miss Sharon as elected head of the Junior Starboard Watch, Bishop Raymond Heron spoke of the club's busy and successful year in spite of the uncertainties with which it began, and Lt. Ralph J. Meyers showed an interesting film portraying the history of the American Merchant Marine, its slumps in periods of peace, and its prodigious achievements when two World Wars have called for ships and men.

William E. Ramsdell, Jr., son of Rep. and Mrs. William E. Ramsdell of Summit avenue, is now receiving instructions in Chemical Warfare at M. I. T. A graduate of Winchester High School, class of 1941, he was a member of the championship baseball team of 1939. His brother, Robert C. Ramsdell is a lieutenant in the U. S. Merchant Marine.

WINCHESTER 17, WOBURN 2

Winchester High, behind its poker-faced veteran right hander, Guy Washburn, overwhelmed its old rival Woburn on Manchester Field Wednesday afternoon 17-2. The locals combed three Woburn pitchers for 13 hits and were aided in piling up their football total by 11 visiting errors.

Washburn fanned 10, walked none and held Woburn runless until the 7th when Tirrell's hit, three wild throws and a sacrifice resulted in 2 runs. Blanchard, Winchester's third sacker, got four hits in five times up to lead both teams at bat.

WINCHESTER AT ARLINGTON

Winchester High's track and field forces go to Arlington Monday afternoon for a meet with Arlington High. The local boys lost last week at Lexington, 47-30 and have yet to win a meet, but they are still enthusiastic, are running good teams and showing improvement with each meet. They are taking on nothing especially soft in Arlington and probably will finish on the short end, though a repetition of their Cambridge Latin form could quite easily surprise the favorites.

SILVER STAR TO TETREAULT

Pvt. Arthur H. Tetreault, Jr., son of Mr. and Mrs. Arthur H. Tetreault of Winthrop street, arrived home this week after being recently liberated from a German prison camp. Wounded in the action in which he was captured, he wears the Purple Heart Medal, Presidential Citation and Combat Infantryman Badge.

On April 15 he was awarded the Silver Star Medal with the accompanying citation:

"Pvt. Arthur H. Tetreault, Jr., ASN, 14092200, first scout 422nd Infantry Regiment, USA, for heroic achievement against the enemy in the Schnee Eiffel region of the Ardennes Forest Dec. 19, 1944. Pvt. Tetreault volunteered as part of a seven man patrol in order to delay an enemy attack and to allow his comrades to execute a retrograde movement.

As the patrol advanced, its members were subjected to the fire of machine pistols and a concentration of direct fire by enemy tanks and SS's, shells bursting within five to ten yards of them and bullets striking the ground at their feet. While the hostile force concentrated fire on the patrol their comrades were able to withdraw to a more favorable defensive position. The seven man patrol charged headlong into the furious automatic fire and killed many of the enemy with their submachine guns and grenades. In the ensuing action Pvt. Tetreault was wounded and taken prisoner. Pvt. Tetreault's combat skill reflects the finest traditions of the U. S. Infantryman and is awarded the Silver Star for disrupting an attack by a vastly superior enemy force."

MARINE FLYER VISITED HERE

First Lt. Charles H. Carr, 23 year old Marine Corps pilot, of Worcester, formerly of this town, was in Winchester last week Thursday, visiting Mr. and Mrs. Samuel D. Cole at their home in the Winchester Arms on Washington street. While in Winchester Lt. Carr's parents, Mr. and Mrs. Edwin F. Carr of 3 Bay State road, Worcester, lived on Woodside road and were neighbors of the Coles, who formerly resided there.

Lt. Carr is one of the first Marine pilots to fly combat from a Navy carrier, and he personally participated in four major strikes, including one on Tokyo, the latter being the first carrier assault on the Jap homeland.

Lt. Carr figures himself lucky to have gotten back from the Tokyo raid as many of the Corsairs in his division were shot down by the terrific ack-ack thrown up by the Nipponese. As it was his plane limped back with its belly tank afire and a gaping hole in its right wing. High spot of his combat experience was covering the Marines landing on Iwo Jima. Before his carrier assignment Lt. Carr had completed 20 strikes from a land base in the Marianas. He has a brother, S-Sgt. Edwin F. Carr, Jr., 25, now stationed in Oklahoma after service in the Pacific.

POSTAL EMPLOYEE JOINS NAVY

Robert R. Purrington, who became 18 years of age last week has joined the Navy. He has worked in the Winchester Post Office for the past two years and has performed his duty well as he will also when the Navy takes him this Friday. He will receive his diploma from the Winchester High School before he goes. As one of the most popular boys at the office, the Winchester Post Office Employees' Association was pleased to be able to present him with a substantial check as a part payment of his fare to Tokyo and return when we ill be pleased to welcome him home again.

GARRISON PROMOTED

The promotion of Joseph D. Garrison, 23, from first lieutenant to captain has been announced at an 8th Air Force B-17 Flying Fortress base. A member of the 95th Bombardment Group, commanded by Col. Jack E. Shuck of Casper, Wyoming, the captain is pilot of a fortress.

Capt. Garrison is a member of the Fortress group which was cited by the President for leading the first American bombing attack on targets in Berlin, in March, 1944, and was cited previously for its outstanding bombing assault on railroad marshalling yards at Munster, Germany, in October 1943. As a component of the distinguished 3rd Air Division, the group also shared in a Presidential citation given the entire division for its historic England-Africa shuttle bombing of an important Messerschmitt fighter plane plant at Regensburg, Germany, in August of 1943. While flying more than 300 combat missions, the 95th has dropped over 17,000 tons of bombs on Germany and German-held targets.

The AAF pilot, son of Mr. and Mrs. E. H. Garrison of 97 Highland avenue, was a student at the University of New Hampshire before entering the service. His wife, Mrs. Shirley G. Garrison, lives at 58 Wellington street, Springfield.

LIKES CALIFORNIA

Take it right from the old "Polock" Chief Pharmacist's Mate Fred McCormack, former Winchester High football star and clerk at McCormack's Apothecary, there's no place like sunny California. He's even contemplating going native and settling there after the war.

Right now Fred is on shore duty and is located in San Diego at 3880 Greenwood street. Not long ago Tom Lynch, former clerk at Richardson's Market, dropped in at his home, his ship, an L. S. T., being at the San Diego repair base. Bud Foley, another Winchester boy, happened to be visiting "Polock" and the trip spent a great day on the beach at La Jolla.

Fred writes that "Albie" MacDonnell, former high school athlete and Millionaires outfielder, is at the hospital at San Diego, but thus far "Polock" has been unsuccessful in his attempts to locate him.

TEACHING AT ANNAPOLIS

Comdr. Kenneth T. West, USN, son of Mr. and Mrs. H. T. West of Mason street, has been assigned by the Navy to the Naval Academy at Annapolis, Md., where he is teaching Marine Engineering.

Comdr. West, a Winchester High and Annapolis graduate and regular Navy man, was on duty for nearly 10 years in the Orient before being sent to Annapolis. His mother, Mrs. West, left this week to visit him and his wife at their Annapolis home.

GRADUATED FROM RADIO COURSE

S 1c Richard W. LeRoy, son of Mrs. Harris G. LeRoy of Forest street, was graduated the last of April from the Radio Course at the Naval Technical Training Center, Memphis, Tenn. LeRoy, a member of the Combat Air Crewman Corps, is now attending gunnery school at Jacksonville, Fla.

En route he stopped for several hours in Atlanta, Ga., to visit his brother and sister-in-law, Lt. and Mrs. Whitman S. LeRoy. Lt. LeRoy after a year's service in the Southwest Pacific is now in charge of air traffic control at the Atlanta Base.

CAMBRIDGE LATIN BEAT WINCHESTER IN TRACK

Winchester High School's rapidly improving track and field forces gave Cambridge Latin with two schoolboy State champions, a real tussle before yielding 37-31 at Russell Field, Cambridge, Monday afternoon. The final relay, decided the meet, Cambridge having a hair-line 32-31 lead going into that event.

Latin's two champions, Braithwaite, 300 yard title holder and Downey, indoor 100 yarder, won their events as was expected, the former doing 55.8s in the quarter and Downey turning in a 2.05.9 half. Winchester's "Tikky" Read got a nice third in the fastest race he has run at a quarter and Tom Kirwan was second at Downey's heels in the half another good performance.

Winchester made a clean sweep in the shot Johnny West nudging out the ball 38 ft. 2 in. for first place, his best performance of the season. Faleta and Kleber were right behind him and in high jump Bud Way and Kleber finished one-two, Way's height being 5 ft. 2 in.

Jacobellis, off to a poor start, wasn't a full stride behind Latin's good sprinter, Scalise in the 100 and won the 220 from the Cambridge boy, also finishing third in a 19 ft. 7½ in. broad jump.

RECORD RAMBLINGS

May 7 to 13 inclusive is National Music Week and is being celebrated everywhere withthe international language of music. Use music to foster unity for the war and peace to follow. Each month Victor promotes a special classical dividender. The May feature is the Fingal's Cave Overture by Mendelssohn on a 12 in. record. Some time ago you may have seen this portrayed on the screen in technicolor at the Fine Arts Theatre. The orchestra on the sound track was the London Symphony Orchestra. It was a vivid and interesting interpretation of this great classic. Try it over at SAYBROOK STORES . . . The greatest popular song to come out of this war is said to be Rodger Young a plaintive story of a gallant soldier. This disc is recorded by John Charles Thomas backed by a spirited vocal of The Army Air Corps . . . The New York Philharmonic performed the Brahms' Fourth Symphony on its Sunday broadcast which reminds us of the superb new Columbia release by the Philadelphia Orchestra, conducted by Eugene Ormandy. This recording is brilliant and fortunately lacks the usual amount of surface noise. The forthcoming advertisement in Life Magazine will arouse the curiosity of every music lover. See this album featured in SAYBROOK STORES' display window . . . Already the film version of the life of George Gershwin entitled Rhapsody in Blue has been shown overseas and the boys are greatly enthused. It covers a vast amount of Gershwin music, so typically American, especially Porgy and Bess and the Rhapsody in Blue. There are two available albums on the latter; Columbia presents Alec Templeton, the blind pianist; Victor features Sanroma, the Boston artist. Take your choice at SAYBROOK STORES . . .

Have you heard any of the score from Up in Central Park? Something new, something different in musical entertainment! Victor has just released an inexpensive album of this musical comedy starring Jeanette MacDonald. Some of the outstanding songs are Close as Pages in a Book, Carousel in the Park and The Fireman's Bride . . . Everybody enjoys a lively samba particularly when it's by Xavier Cugat and his versatile orchestra. Good, Good, Good, is a good samba and well adapted for dancing. You will like the catchy rhythm and vocal on this one . . . A nonsense song which has made a terrific hit with the youny fry is Yah-Ta-Ta, Yah Ta-Ta. Judy Garland and Bing put it over with a bang. Watch this make an appearance soon on your Hit Parade. You'll hear somebody playing this morning, noon, or afternoon at SAYBROOK STORES . . . A new Johnny Mercer hit, entitled Dream is a slow and mellow love song. There's a smooth Freddy Martin orchestration of this on Victor backed by a velvety vocal of Everytime . . . A moody arrangement of My Heart Sings with low, rhythmic bass background features the Duke at the ivories. Carnegie Blues on the reverse side is a strictly blue and sultry instrumental. . . . Betty Hutton is an exploding bombshell in Stuff Like That There. The other number is the oldie. Blue Skies with a dreamy heartbreaking chorus, followed by a hot chorus . . . As Mother's Day approaches, we suggest that every mother will be delighted with a gift of music, the gift that keeps on giving. You'll find that perfect and lasting gift at SAYBROOK STORES.

"THE CHALLENGE OF VICTORY"

First Congregational Church
Sunday at 10:45 A. M.

In co-operation with the request of President Truman, that the churches observe next Sunday as a day of prayer and thanksgiving, Dr. Chidley will preach a special sermon on, "The Challenge of Victory."

He will give a word-picture of our vast army and navy, the strategy pursued from Casablanca to Berlin, and an interpretation of what all this means for democracy. He will make an assessment of the human values involved in this war, and the lessons to be learned from it. The public is welcome.

MINSTRELS PLAYED TO PACKED HOUSE

The Immaculate Conception Parish Minstrel Show played to a capacity audience at the town hall Monday evening, with many failing to gain admission after the legal capacity of the hall was reached. Despite the fact that it was nearly midnight before the finale was reached the big crowd remained in their seats, giving every indication of complete satisfaction.

Frank Flahive directed the performance with Mrs. Catherine Costello at the piano. Henry Murray, grand knight of Winchester Council, 210, was interlocutor, and among those from Winchester in the show were Jim McClellan, Tom McKee, Mr. and Mrs. James A. Cullen, Rita McCormack and Mabel Mulhern, Florence Albert, Maureen Cullen, Dot Wyman, **Dan O'Donnell and the high school's** popular coach, Hennie Knowlton.

Hennie and Dan in their inimitable Scotch skit made a big hit and former Selectman Jim Cullen in his John L. Sullifan recitation and Irish jig was well received. Undoubtedly the most finished bit was the tapping of Joe LeBlance, a professional and former partner of Bill Robinson, though the "bobby sockers" went in a big way for youthful Angelo Picardi, a little boy with a big voice, Blind Bill Flaherty brought down the house as he danced with two pretty Colleens, Misses Costello and Foley, while old timers in the hall loudly applauded the finished Irish step dancing of the Maddenettes.

Rev. J. Joseph Kierce, curate at the Immaculate Conception Church, exercised general supervision over the many details attendant upon the show and is deserving of much credit for its complete success.

JONES ELECTED FLEET CAPTAIN

George Jones, master craftsman and sailor extraordinary, was selected to guide the destinies of the Winchester Snipe Fleet for the coming season.

"Bart" Sullivan, another of the fleet's staunchest supporters was elected first mate; "Bill" Hall, a member of the Board of Directors and an ever active Skipper was chosen secretary; and Dave Merrow of the famous Merrow sailing clan was re-elected Purser.

The first official Snipe fleet race will be held on Sunday, May 20.

Club Chatter

The first Snipe to slip down the ways was George Jones' Youani. With a brand new deck and a couple of bright new coats of paint, it certainly looks swell . . . Bart Sullivan's boat, looking sleek and shiny is also in the Mystic ready for action . . . The club dining room officially opens May 13. Maurice says that in spite of his "weep" power it's exceedingly difficult to dig up food . . Kay Burleigh doesn't know it yet, but the fleet has put the finger on her to be its official starter. Let's hope her years away with Col. Ted haven't made her forget how to "beep" . . Anyone seen Weenie Pratt?

ALLEN—WITHROW

Miss Doris Withrow, daughter of Mr. and Mrs. George K. Withrow of 28 Sheridan circle and Mr Robert G. Allen, son of Mrs. Marion Allen and the late Mr. Edward Allen of Commonwealth avenue, Boston, were united in marriage on Saturday, May 5, at a 4 o'clock ceremony in Ripley Chapel of the First Congregational Church, by Rev. Howard J. Chidley, pastor.

Mr. Albert Wilson, organist and choirmaster of the church played a half hour of sacred music during the seating of the guests.

The bride was given in marriage by her father, and wore a gown of ivory satin with a sweetheart neckline edged with lace, fitted bodice with long sleeves, and a full skirt which formed into a long train. Her train length veil cascaded from a tiara of pearl orange blossoms and she carried a satin covered prayer book, centered with three rare orchids and streamers of white satin ribbon wth istephanotis and maiden hair fern.

Miss Dorothy Allen, sister of the groom was the honor maid and Miss Barbara West of Medford, and Mrs. Reginald Hiltz, Jr. of Allston were the bridesmaids. The honor maid was gowned in shell pink marquisette with a tiara of pink sweet peas and sweetheart roses, and carried a cascade bouquet of pink snapdragons, sweetheart roses, larkspur and statice, tied with aquamrine satin ribbon. The bridesmaids dresses and accessories were like those of the honor maid, except that their dresses were aquamarine, and their cascade bouquets were tied with pink ribbon.

Mr. Lawrence Tee of Carlisle was the best man and Mr. Nathaniel Upton, and Mr. Harold Burnes, both of Woburn, and all three life long friends of the groom, were the ushers.

Assisting the bridal couple in receiving were the parents of the bride and the mother of the groom. Mrs. Withrow was gowned in violet with a corsage of orchids, and Mrs. Allen was gowned in aquamarine with a corsage of pink sweetheart roses and sweet peas.

Immediately following the ceremony a reception was held in the banquet hall of the church amid a bower of palms and ferns and profusion of white flowers, where refreshments were served and early in the evening Mr. Allen and his bride left on their honeymoon to an unannounced destination. On their return they will make their home in Allston.

ENTERTAINED SERVICE MEN

The Parish Players of the First Congregational Church took their recent spring play, "The Whole Town's Talking," to the Chelsea Naval Hospital May 1, playing to 400 sailors whow ere enthusiastic about the show and proved a most appreciative audience.

Sunday, May 6, the Players went to the Cushing General Hospital at Framingham, where their audience was smaller, but no less delighted with the performance. Soldiers in casts and wheel-chairs laughed heartily at the humor of Waldo Bond and Milne Blanchard, the play being especially good for men in their condition.

Mr. Harry Bigelow of Rangely ridge has sold his house to Mr. Henry B. Harris of Hillside avenue, who will occupy the estate. Mr. Bigelow has rented Mr. Harris' house on Hillside avenue and will occupy it with his family.

GUILD OF THE INFANT SAVIOUR

The last social affair of the season, the annual luncheon, bridge and fashion show was held at Hotel Continental, Cambridge, on last Tuesday May 8, was as always a most enjoyable event. It is the one party of the year upon which our financial resources depend and the outcome was a complete success. There was no more fitting way to celebrate V-E Day than in helping this worthy charity, for the relief of the unfortunate and destitute.

After a delicious luncheon, bridge and contract was enjoyed. Very lovely table prizes were boxes of note paper of ornamental designs. Besides these bridge prizes, many very lovely awards were made to the following winners: Miss Josephine Brine, Mrs. J. Hoar, Mrs. Wm. Croughwell, Mrs. Holden, Mrs. Jos. McGaragle, Mrs. J. J. Donovan, Mrs. LaMarco, Mrs. J. E. Maroney, Mrs. Thos. McDonough, Miss I. Gagan, Mrs. D. Abbott, Mrs. H. Graves, Mrs. Albiani, Mrs. J. Doherty, Mrs. F. Donahue and Mrs. O'Rourke; door prize won by Miss Lora Martin.

A style show that was different was put on during the afternoon. It was planned by Mrs. John Lennon. It was a display of modern millinery which is always of much interest to the ladies. It was interspersed with vaudeville acts by talented youngsters. The luncheon was very capably handled by Mrs. Clarence Dunbury, chairman, and she was assisted by Mrs. John Doherty, Mrs. Fred Patton, Mrs. K. Doyle, and Mrs. F. Murphy. Mrs. Virgil Ghirardini was in charge of chances, assisted by Mrs. John Gorman and Mrs. Wallace Fisher. Mrs. James Carr in charge of table prizes assisted by Mrs. Ed. Kenney and Mrs. Owen Logue. The committee who worked faithfully for many weeks before this event, deserves our heartfelt thanks. The next event of importance on our program is the Communion breakfast on May 20 at Lycum Hall. Members will receive Holy Communion in a body at 8 o'clock Mass at St. Mary's Church. We are inviting the Junior members, who will have a special table at the breakfast. A Memorial Mass will be celebrated Friday morning at St. Mary's Church at 8 a. m. May 18 and we hope all our members will be present.

Now for the final punch!

On this day of victory America rises in grateful tribute . . to the valor and skill of our own fighting forces . . . to the armies of our brave allies . . . to the leaders who planned and executed the greatest military triumph in history . . . to the superb industrial machine which produced the materiel of victory . . . to all who have had a part in destroying the evil thing called Hitlerism. But—

Let's not celebrate yet. Rather let us pray, and rededicate ourselves to the grim task ahead. For the war in the Pacific is not over yet. From this moment, more than ever, our watchword is: "Remember Pearl Harbor!"

Our forces in the war against Japan still need equipment and supplies. They still need our donations of blood. They still need the support of our War Bond dollars and cheerful words from home. They still need the continuing support of American industry and American workers.

So let's carry on. Give, work, fight—for *total* Victory!

On the day our country went to war against Germany and Japan, Boston Edison Company pledged all its resources to the winning of the war. To America's fighting men on the road to Tokyo we renew that pledge. Our post-war program will not begin until the final punch is delivered and our forces are triumphant on every battlefield.

BOSTON EDISON COMPANY
JAMES V. TONER, *President*

Boston Edison's Honor Roll now has 632 Stars for employees in the U.S. Armed Forces. Of these, seven have been killed in action, two are missing in action, two have died in service, one has died since receiving his honorable discharge, three are prisoners of war, nineteen have been wounded in battle.

NINTH GRADUATING CLASS OF NURSES' AIDES*

Standing (left to right): Mrs. Esther Stephenson, instructor; Miss Florence Cullen, Miss Olive Aitken, Mrs. Thomas Dee, Miss Mary Crosby, Miss Alice Twombly, Miss Mary Pettenger, Mrs. Charles Butler.

Seated: Mrs. Eileen Thomas, instructor; Mrs. Daniel Holland, Mrs. Oliver Andrews, Mrs. John Maloney, Mrs. Gertrude Murphy, Mrs. Everett Bartlett, Miss Laura Rogers, Superintendent of Nurses, Winchester Hospital.

*Miss Ruth Mathews also was graduated, but was unable to be present.

NURSES' AID GRADUATION

Winchester's ninth class of Nurses' Aides was graduated at the Unitarian Church on Tuesday evening, May 1.

The welcome of Mrs. Wayne B. Thompson, chairman of the Nurses' Aide Committee, to the 13 women who had completed their training and to a large number of relatives and friends preceded the dignified ceremony of capping by Miss Laura Rogers and awarding of pins by Mrs. Eileen Thomas. Mrs. Esther Stephenson read an appropriate creed and Mr. Frederick B. Craven, Deputy Director of Winchester Civilian Defense, administered the oath of Civilian Defense to the class.

Mr. James S. Allen, as chairman, brought a greeting from the Winchester Chapter of the American Red Cross. He said that no work done by the vast number of women volunteers in this war is more useful or sacrificial than that done by the Nurses' Aides.

Mrs. Gertrude Hammond, Red Cross Field Director for this area had come to Winchester to be present at the graduation and to bring a greeting from the the National American Red Cross.

In a short talk she gave unstinted praise to the work of 60,000 Nurses' Aides all over the country and told how ably they had taken over much of the work of the registered nurses who had gone into war service.

Miss Judith Reed was the charming special speaker of the evening. Miss Reed is a Winchester girl, daughter of Rev. and Mrs. George Hale Reed. She had just returned from Red Cross work overseas. From her days of preparation in Washington, her trip over, her short stay in Casablanca through her 10 months in Iran at a Replacement Depot and her month of service in Italy to her delighted home coming last month, her talk was full of bright, interesting stories of experiences in her line or duty.

CUT IN HOME CANNING SUGAR ALLOTMENTS

Sugar supply available for balance of 1945 is seriously curtailed due to the decrease in Cuban production and other factors. As a result, substantial reduction is required in sugar rations for all types of civilian use. The following changes in the Home Canning Program have been made by amendment effective May 1, 1945, and should be followed in all issuances from that date.

The maximum allowance of sugar for home canning and preserving for home use is reduced to 15 pounds per person (instead of 20 pounds); and the family unit consisting of more than eight persons may not obtain more than 120 pounds of sugar (instead of 160 pounds). Also, for the 1945 canning season no Board may grant for home canning more than 70 per cent of the total amount of sugar it granted for such purposes from Feb. 29, 1944 to Dec. 9, 1944, inclusive.

GAS COMPANY WINS SAFETY AWARD

The employees of the Arlington Gas Light Co., performed their duties throughout the entire year of 1944 without suffering a lost time accident and, in recognition of this, the company was given a Meritorious Safety Award at the annual meeting of the Mass. Safety Council held in the Hotel Statler recently.

The framed certificate was accepted for the company by Mr. A. K. Peirce, chairman of the local Safety Committee, who attended the meeting with other members of this committee.

Company Manager Horace G. Taylor in commenting upon the award, stated that every employee was to be congratulated for their part in making this record possible, and he particularly appreciated the work that the Safety Committee was doing to promote safe working conditions.

Miss Shirley Brackett of Winchester was a member of the committee in charge of arrangements for the night at Pops sponsored by the Kathleen Dell Secretarial School in Symphony Hall last evening.

WINCHESTER SCHOOLS OBSERVED V-E DAY

Students in all of Winchester's public schools participated in special Victory-in-Europe Day programs, which were especially drawn up for the eagerly awaited pronouncement. Assembling at the usual morning hour, the pupils attended to their regular Tuesday morning duties and then gathered to hear the proclamation by President Harry Truman. Following the radio feature, the pupils took part in programs designed to draw attention, not only to the joyous occasion of peace in Europe, but to the task remaining. Mingled with expressions of gratitude and appreciation for the good work already accomplished was the humble spirit of reverence commemorating the falling of loved ones.

Following the assembly programs, schools were dismissed for the day.

Miss Judith Hawkins, popular senior, has received word that she is to be the recipient of a full year's tuition scholarship at Bates College. Miss Hawkins has been prominent on athletic teams during her relatively short stay in Winchester and last summer served as life guard at the Winchester Boat Club. She has also been active in the Forum of the First Congregational Church, having served as vice president during the current year.

During the last two weeks six more senior girls have concluded their schooling and have accepted positions in commercial establishments or are doing other clerical work. They are Kay Dattilo, Ellen Carson, Mary Jane Conley, Ann Defilippo, Pauline Ferro, Lefferia Post and Joan Laverty.

WINCHESTER GRANGE

At Winchester Grange on Tuesday evening the officers chairs were filled by members of the Middlesex-Essex Lecturers' Association.

Mrs. Josphine Meskell reported that the latest package of gifts for wounded soldiers had been sent to the Cushing General Hospital and that a letter of appreciation and thanks had been received from the chaplain.

A request for contributions from the Russian Relief Association was referred to the Home and Community Service Committee with the suggestion that each member make some contribution.

It was voted to send the Lecturer of Winchester Grange to a conference to be held by the State Lecturer on World Peace.

An interesting entertainment was presented by six youthful members of Mrs. Cummings' Dancing School. The young people were heartily applauded for their efforts.

Visitors were present from Woburn, Wakefield, Saugus and Reading. After the meeting lunch was served.

Wendell O. Smith of this town is listed among those who have joined the thousands of civilian workers at the Pearl Harbor Navy Yard maintaining the ships of the Pacific Fleet. The workers live in a large civilian housing area operated for them by the Navy.

The marriage took place in Kittery, Me. and was performed by the Rev. Frederick Olsen. The attendants were Rosemary Howe of Brookline and Earle D. Goss of Kittery, classmates of the bride and groom both of whom are students at the Univeristy of New Hampshire. The groom graduated from Winchester High in 1942, entering University of New Hampshire that fall, but left to join the Navy after one half year. Last summer he was given an honorable medical discharge by the Navy and returned to University of New Hampshire where he is now a sophomore.

Mrs. B. Edward Zinn, Mrs. Rangar T. Brandt, Mrs. Kenneth Lamprey, Mrs. Durgin, Mrs. Robert Cummins, Mrs. Dunbar Shanklin, Mrs. Paul Lamb, Mrs. John Mirak, Mrs. Lawrence K. Hawkins, Mrs. Walter Birnie, Mrs. Joseph McCauley, Mrs. Lester Snow, Mrs. George Carey, Mrs. Henry K. Archibald, Mrs. Francis A. Barrett, Mrs. Donald R. Simonds, Mrs. Nat H. Godbold, Mrs. Thomas E. Mr. Joseph DiMambro requests permission to convert an existing open piazza into an enclosed porch, on an existing dwelling house located at number twenty-five (25) Kirk Street.

This alteration is in the twenty (20) foot front yard set back required by section 147 of the Building Laws.

All persons interested are invited to attend.

EPIPHANY FAMILY NIGHT

Friday, May 18, the parish of the Epiphany will experiment with a spring event for the whole parish, young and old. Since it is a three-wave occasion, the sponsors had to find a cover-all name for this picnic, coffee party, and auction, and so they initiate it under the name Gala Family Night.

The first, the picnic, part of the evening will begin with a box supper at 6:30.

The people who just must have a hot dinner will dine at home and they will constitute the second wave when they roll in at 7 o'clock to have their dessert in the parish hall.

This second part of the evening will be in charge of the Ways and Means Committee: Mrs. Ernest Barron, Mrs. Malcolm Cook, Mrs. J. Warren Shoemaker and Mrs. Lloyd Wallis. These are the parish Sea Bees who built the notable bazaar dinner and the successful annual dinner. It is they who devised the Family Night to take the place of the spring bridge luncheon which used to provide fun for only the women of the parish. They assure ticket holders of coffee such as the radio-talkers wax lyric about, and, believe it or not, homebaked cookies, and the best dessert the season can supply. Now they think it will be ice cream submerged in strawberries, but if America should meanwhile invent a better dessert than that, the committee will be up to the minute.

At 8 o'clock Mr. Gerald Hills will take over as master of ceremonies at the Chinese auction. Chinese applies to the manner, not the goods. The wares will vary from things as American as a full size apple pie and hostess aprons to things from any land. Each family will furnish some article good of its kind. There will be fun in the buying.

W. H. S. JUNIORS AND SENIORS HELD ANNUAL PROM

LEGION TO SEND BOYS TO "BOYS' STATE"

Two Winchester boys will be sent by Winchester Post, 97, American Legion, to the second annual session of aMss. Boys' State, sponsored by the Legion's Mass. State Department and held at Mass. State College in Amherst from June 24 through July 3.

The Boys' State program was instituted by the Illinois State Legion in 1935 and has been so successful that it has been adopted as a major program by 35 State Departments. Three hundred and seven boys from all over the State attended Massachusetts' first session last year.

The purpose of the Boys' State is to educate youth in the duties, rights and responsibilities of American Citizenship. While the "State" is in session the boys have their own city or town, county and state governments, electing their own various officials. They learn the duties of the various public offices, their functions, limitations and their powers. nI their own legislatures they introduce and argue bills, they also make and enforce ordinances and conduct their own elections.

A boy, to be eligible for attendance at the Boys' State must be a member of the junior class of the senior high school in his community during the school year ending in June, 1945, and in the upper third of his class scholastically. He should have qualities of leadership and must be of good character. Applications must be made in Winchester to Principal Samuel M. Graves of the High School prior to May 15.

So far as existing political parties are concerned the States are nonpartisan. At a recent meeting of Winchester High School juniors Mr. Tracy A. Dibble, Department Vice Commander of the State Legion, outlined the possibilities of the Boys' State, showed a film of the 144 Massachusetts State and urged all boys to apply for the nine days outing.

THE FLAME OF FREEDOM
shines across the sea . . .

— onward to final VICTORY!

Across the sea the night is lifting. The torch of Liberty sends its dazzling beams across 3000 miles of ocean to re-enlighten and re-inspire nations newly risen from beneath the Nazi heel.

Hitler has been crushed . . . but Tojo remains.

And so in other directions the Lady of Liberty casts her piercing rays to dispel the gloom over every tortured land where the yellow blight has touched and lingered. For wherever it shines it brings new light and hope, where formerly there dwelt only darkness and despair.

And please God the night will be lifted . . . everywhere . . . and soon. Divine Aid, humbly besought and reverently received, will make Allied Arms invincible against the cruel might of Nippon. Japan, whose emblem is the rising sun, but whose slightest touch brings darkness and degradation, will crumble and dissolve in the light of Freedom and Truth. Let us help to speed that happy day through continued prayer, toil and sacrifice . . . that we may be worthy of a happier world that is His providence.

NOT A HARP FROM THE EMERALD ISLE

To the Editor of the Star:

Some folks have asserted in a sneering, sarcastic way that I am a harp from the Emerald Isle. That assertion is absolutely incorrect. I am the son of a Civil War Veteran and was born on Winthrop street in Winchester, Sept. 2, 1869. The house was demolished several years ago. I attended the old Gifford School that was located on Main street adjacent to the Unitarian Church that was destroyed by fire Nov. 16, 1897. The cornerstone of the church building was laid on Aug. 25, 1869. As a member of Excelsior Hose 3 of Swanton street I assisted in extinguishing the conflagration.

My teacher's name, who taught me at the Gifford School, was Miss Johnson. She resided on Summit avenue. The Gifford School was erected in 1854. When I was 7 years of age my parents moved to Swanton street. I attended the Chapin School on Swanton street that was erected in 1875, replacing the Adams School house on Swanton street that was erected in 1857. My teacher's name, who taught me in the Chapin School, was Miss Mary A. Emerson.

The Grammar School was overcrowded and sessions of the Grammar School were held in the Chapin School. My teachers' names were Miss Marston, Miss Isabelle Livingstone and the late Charles E. Swett.

My first job I received from Marshall Symmes, father of Samuel Symmes in 1880. I assisted in piling the lumber that was utilized in the house that was erected in 1715 by Ebenezer Brooks, grandfather of Col. John Brooks, who afterward became Maj. Gen. of the State Militia and Governor of Massachusetts.

From 1816 to 1823 I was employed by Martha Hanson in her greenhouse that was located on Fletcher street on the site of the Middlesex Canal adjacent to the abandoned gasometer that was located on Church street at the corner of Fletcher street in close proximity to the public dump.

Scrutinize the beautiful homes that are erected on what was at one time a public dump. Did the town fathers of that period contemplate using eight acres of valuable sand and gravel for a dump? Wonder! I worked for John R. Newman and Sons, florists, in their greenhouses that were situated on the corner of Bacon and Central streets. I worked 20 years for Marshall Symmes, James W. Russell and George H. Russell on their farms. I was a call fireman for nine years, a special police officer for seven years, and a regular patrolman, or peeler, for two years under the supervision of my good friend, the late Chief of Police, William R. McIntosh. The policemen and firemen that were associated with me have joined the silent majority except former Selectman Irving L. Symmes, ex-fire chief; ex-Selectman James J. Fitzgerald, ex-fire chief; ex-Selectman Samuel S. Symmes, former member of the School Committee; and Charles S. Symmes.

I labored for the Health and Highway Departents for 40 years and six months. The firemen and policemen who have joined the silent majority are now looking up at the roots of the green grass in the garden of the dead waiting for the verdict or judgment. I trust that I have come to the end of a perfect day.

Very truly yours,
Patrick H. Craughwell

FINE SHOW AT LIBRARY

Another very finished exhibition, this time of oils by Emile A. Gruppe, is being shown this month at the Library Art Gallery by the Winchester Art Association. The pictures fall generally into two classifications, snow landscapes and marines, each being handled in masterful fashion, the drawing, colors and choice of subjects being alike pleasing from an artistic as well as technical viewpoint.

Winter Wood, Interior, for instance, is a most unusual study, painted with the view through well drawn trees toward distant uplands looming against a silvery sky. Mill Stream is another landscape with a lot of appeal, weather-beaten cupola-topped barn and outbuildings being shown on a bank sloping down to a snow-girt icy stream.

Vermont Covered Bridge is still another popular subject with its weather-beaten structure at the turn of a road ith an evergreen covered hill in the background and icy water winding into the foreground.

There is fine depth to the snow study of Mt. Mansfield with its cluster of small snow-capped houses in the foreground and a road that loses itself nicely in the middle distance. Winter Stream and Meadow Brook are also fine winter landscapes, full of atmosphere and sensitive painting.

Fine marines are After the Storm, with its big green curler just commencing to show white in its rush into a narrow rock lined channel, and Morning, Bass Rocks; a pleasing study of brown rocks and blue water stretching away to a vague skyline.

Mr. Gruppe's Gloucester background shows in his studies of harbors and shipping, all of these paintings having real feeling for their subjects as well as finished craftsmanship. Late Afternoon, Gloucester, shows several small boats on dark low water beside a wharf with rocky hills in the rear and a purpling cloud-banked sky.

Red Sails in the Sunlight is a fine study in blues, a green-hulled sailing vessel, sails partially down, being shown on blue water under a blue sky with a man at work on a motorboat in the foreground and the usual harbor atmosphere and the white dwellings of a village showing at the rear. Gloucester Ships is another nice study of small shipping in a characteristic harbor setting.

There is fine luminosity and sensitivity in Foggy Morning, Gloucester, with boats made fast to a wharf in the foreground and the masts of ships and outlines of water-front buildings looming spectral through the silvery mists in the background.

Afternon Sun, Glen Cove, is also very luminous as well as having real depth and fine shadow treatment. Its rotting wharf and empty dory aground at dead low water are very picturesque.

The show will remain at the Library Gallery through May and is open to the public.

Boxes of note paper; note paper and letter paper combination at Wilson the Stationers. Star Building.

FLORENCE CRITTENTON CIRCLE

Mrs. R. H. B. Smith, chairman of Ways and Means of the Winchester Florence Crittenton Circle, entertained her committee at luncheon on Tuesday at her home on Dix street.

Decorations of flowering hawthorne, tulips, lilacs and syringa made a most attractive setting for the affair and the committee sat about a crackling wood fire discussing plans for next year's bridge luncheon until 5 o'clock.

Every one was most enthusiastic and hopes to make next year's bridge the most successful in the history of the circle, realizing a large amount for the new Welcome House of the League.

He is to speak Sunday morning at the Copley Church, Boston, before leaving Sunday for the return trip to his post at Roswell.

LEAGUE OF WOMEN VOTERS

At its annual meeting last Friday, May 11, the Winchester League closed a fine year's work under the presidency of Mrs. Philip Woodward and set forth on a new one as Mrs. S. Henry Magruder, newly elected president, took office.

A report was made by Mrs. Moses Lurie, president of the Mass. League, on the work of the National League as she had viewed it on a trip to National Council meetings in Washington. Her picture of the high type of work, the efficiency and general excellence of offieers and staff and the League's record of attainment was gratifying and inspiring.

Reviews by Winchester Department and Committee chairmen pointed up the amount of work done here in Winchester toward the goal of "intelligent participation in government."

The entire slate of officers elected at the meeting are as follows:

1st Vice Pres., Mrs. Rodney W. Long
2nd Vice Pres., Mrs. William E. Spaulding
Rec. Sec., Mi.. Louise Nardine
Cor. Sec., Mrs. Angelo Ghirardini

VICTORY IN EUROPE

does not mean that the work of the Red Cross has been completed over there or that it will be less needed at home but it does mean that in the Pacific it has only just begun.

Those suffering from wounds and the tired, homesick soldiers awaiting demobilization in Europe must still be cared for and the increasing casualties in the Pacific will need more and more attention while on the home-front serious problems are continuing to confront us.

What we have so proudly started let us faithfully finish.

Now, more than ever the help of all is needed.

Let's All Stay on the Job

To the Citizens of Winchester

Now that the war with Germany is ended, the state authorities feel that there is no further need for an air raid defense organization, consequently most of the units of Civilian Defense will now be completely demobilized.

The units which will still remain active are the Auxiliary Police, Auxiliary Firemen, Nurses' Aides, and all War Services including of course Salvage and the Block Leaders. Headquarters at 572 Main Street will still be maintained.

The efficient communication and air raid alarm system is now being dismantled and the Report Center closed. The several sirens set up in various parts of the Town are being taken down. The supplies and equipment in the Medical Depots will be turned over to other organizations which have need for them.

The protective units of Civilian Defense in Winchester were never called upon to act in a war emergency. Nevertheless they were organized and ready to act if the need arose, and the citizens of the Town felt much more secure because of their existence.

The Public Safety Committee is grateful to all members of these units for their co-operation, their loyalty, and their unselfish service, and takes the opportunity to publicly express its appreciation to them.

May 22, Tuesday, 3 p. m. Annual meeting of Winchester Mothers' Association at home of Mrs. Henry Dolliver, 15 Grove street.

NEW OFFICERS OF EPIPHANY SERVICE LEAGUE

At the annual meeting the women of the Epiphany saw their year's work in review as committees made brief reports. The wai had of course given them some special things to do. With the more than 200 men and women of the parish in the armed forces Mrs. Paul Roberts has sent 154 of the special Epiphany birthday cards to carry greetings. The League and the Tuesday Luncheon Group under the leadership of Mrs. Alfred Dewley has provided a tea and two dances for men at the Seamen's Club; and gifts for men who would be in embarkation areas or at sea on Christmas Day. The Tuesday Luncheon Group supplied Christmas gifts for sick and wounded at the Brighton Naval Hospital and magazine subscriptions for the Cushing Hospital. Mrs. Newton Lamson distributed hundreds of magazines and books and games to places where men must wait long hours.

Under the leadership of Mrs. P. Stewart Newton a sewing group on Tuesdays made for the Red Cross 333 garments for army hospitals and for civilian relief. Mrs. Newton brightened the stream of reports by making hers in rhyme.

The League's war sewing had not cut down the work which Mrs. Bernard Swiedler had got done for the nation-wide missions of the church. The workers directed by Mrs. Howard Richardson had made more than 15,000 surgical dressings for the Winchester hospital.

For the Women's United Thank Offering Mrs. Henry B. Sawyer reported more dollars given in 1944-45 than ever before.

The leaders of these patriotic, diocesan and church wide activities were re-elected for 1945-46 as were also Mrs. Ellsworth Snow as parish representative for the Church Home Society and Mrs. Dunbar Carpenter, co-chairman for mission sewing.

Heading parish activities again are these:

Altar Guild, Mrs. Harvard Mann
Religious Education, Miss Ethel P. Davis
Library, Mrs. R. E. Meehan
Welfare, Mrs. Malcolm Nichols
Publicity, Miss F. Louise Nardin
Rector's Vestments, Mrs. William Wightman
Choir Vestments, Mrs. Charles A. Underwood
Epiphany Exchange, Mrs. Edward Boyd
Parish Directory, Mrs. S. Walter Taber
Co-operation with the Y. P. F., Mrs. Henry E. Moffette and Mrs. J. Warren Shoemaker

These new heads were elected:

Church Housekeeper, Mrs. Helen S. Brown
Kitchen Supplies, Mrs. Paul Rocray
Hospitality, Mrs. Maxwell McCreery, Mrs. Hugh Webster

A high spot of news came from the Evening Branch and its 10 year plan to pay $2500 on the Rectory mortgage. Mrs. Alfred Denley reported that the Branch had beaten its schedule. In eight and two-thirds years it had finished its $2500 and had in hand $200 for whatever new parish project the branch will now undertake.

The League re-elected for 1945-46 its central officers:

Pres., Rev. Dwight W. Hadley
1st Vice Pres., Mrs. Harold H. Blanchard
2nd Vice Pres., Mrs. E. Phillips Walker
Treas., Mrs. Francis E. Booth
Sec., Mrs. Herbert W. Kelley

HAD FATAL HEART ATTACK

David Flynn, 70, registered pharmacist in the employ of Purtle's Pharmacy at the corner of Washington and Swanton streets, died Monday afternoon at the Winchester Hospital after a short illness with heart disease.

Mr. Flynn was found unconscious by the proprietor of the Pharmacy, Mr. Thomas L. Purtle, when he arrived at the establishment at 7 o'clock Monday morning. He had apparently locked up at 10 o'clock Sunday night and suffered a heart attack soon afterward. He was taken to the Winchester Hospital in the Police ambulance, but little hope for his recovery was held out.

Mr. Flynn had an attack of heart disease three years ago and recently had not been in good health. A native of Somerville, he had been in the drug business for 50 years, having worked for many years in Jamaica Plain and at the Franklin Pharmacy in North Cambridge. He had been at Purtle's for the past 10 years and was highly regarded by patrons of the Pharmacy and by all who knew him. He made his home with his sister, Mrs. Margaret Hamilton at 74 Partridge avenue in Somerville, and was a member of the Somerville Knights of Columbus. His sister is his only survivor.

The funeral was held Thursday morning with high mass of requiem at St. Anne's Church, Somerville.

MRS. ELIZABETH A. STONE

Mrs. Elizabeth A. Stone, widow of Charles H. Stone and a former resident of Stetson Hall, died late Saturday night, May 12, at a nursing home in Stoneham after an eight weeks' illness.

Mrs. Stone was the daughter of Robert, and Elizabeth (Brundage) Gorham. She was born April 28, 1865, in St. John, N. B., but came at an early age to this country and for many years made her home in the Back Bay of Boston, later living for a time in Medford before coming to Winchester. She had lived in this town for the past eight years, and leaves a daughter here, Mrs. John C. Moakler of Stetson Hall. A granddaughter, Mrs. George R. Marsh of Portland, Me., also survives, with two sisters and a brother.

Private funeral services were conducted at the Kelley and Hawes Chapel, Tuesday forenoon by Rev. Dwight W. Hadley, rector of the Church of the Epiphany. Interment was in Mt. Hope Cemetery, Dorchester.

ALAN R. MacLEOD

Alan R. MacLeod, 40, of 15 Emerson road, well known Boston insurance man, died Saturday evening, May 12, at the New England Baptist Hospital after a short illness.

Born in Sidney, N. S., Mr. MacLeod spent his early life in Roxbury and had been associated with the American Mutual Insurance Company for the past 10 years. He had made his home in Winchester since 1938.

In 1934 Mr. MacLeod married Elizabeth F. Flemings of Lowell and for several years after their marriage they resided in New York. His wife survives with two sons, Russell A., and James F. MacLeod, both of Winchester.

Largely attended funeral services were held on Tuesday afternoon at the Kelley and Hawes Chapel with Rev. Walter Lee Bailey, pastor of the First Baptist Church, officiating. Interment was in the Lowell Cemetery.

WINCHESTER CHECKING UP

In our community nine grocery stores and markets were found to be in violation of ceiling prices during the recent check up Mr. Dunbar Carpenter, chairman of the local War Price and Rationing Board, announced today.

During the recent survey price panel workers checked upon 25 grocery stores and markets.

TAXI DRIVER FORCED FROM CAR IN WINCHESTER

Early Sunday morning at 12:45 a taxi driver who gave his name as Leon Morse of 52 Pierce avenue, Everett, employed by the Malden Yellow Cab, told the Police he had been forced from his Buick sedan on Highland avenue by five men who had driven away with his car.

Sgt. Joseph Derro and Officer James E. Farrell were sent to meet Morse, who had called from the home of Mr. Forrest L. Pitman, 36 Mt. Pleasant street, and were told that the taxi driver had picked up his five fares in Malden and was to drive them to Pinehurst in Billerica.

As they were driving through Medford in front of the Legion Home on Winthrop street the passengers took possession of the car and allegedly robbed Morse of some $20. They forced him out of the car in Winchester on Highland avenue in front of the home of Mr. F. Manley Ives, continuing in the direction of Stoneham.

The Winchester Police broadcast the alarm over the radio and teletype and the Medford Police took charge of the investigation. At 5:41 Sunday morning the Medford Police notified local Headquarters that the car and occupants were picked up in Woburn.

Monday morning the men were arraigned in the Malden Court where they were each held in $3500 for appearance before the Grand Jury.

Allen Kimball will be on hand to answer any questions concerning the report. The Survey Reports are now available at the respective school buildings and at Mr. Quinn's office.

This meeting is open to all interested citizens and it is hoped that many will come armed with their reports and ready for a lively discussion period afterwards.

STRUCK BY FLYING SHINGLE

Miss Louise Cipolla, 19, o Dunton road, Wilmington, while crossing Mt. Vernon street from Hevey's Pharmacy shortly after 12 o'clock last Friday afternoon, was struck in the face by a wooden shingle which the high wind had blown from the roof of Lyceum Building.

Miss Cipolla was cut and bruised about the face and one eye. She was taken in the Police Patrol Car to the office of Dr. Richard W. Sheehy who treated her for her injuries. She was not thought to have been seriously hurt.

This is the last notice of the 25th reunion of the W. H. S. class of 1920, to be held at the Winchester Country Club at 7 p. m. on Friday, May 25. All members who have not sent in their acceptances are requested once more to do so at once. Please send your check for $3.25 to Lillian Gray Donaghey.

The committee has worked hard to assure the success of the reunion and at this time Stuart Eldredge, class president urges all members to come back for this memorable night to meet and talk with their old friends and schoolmates.

The reunion is informal and those who entered high school with the class are urged to come whether they graduated or not.

The committee would also like to add that if any member find it inconvenient to come alone that he or she may bring husband or wife.

HRUBY—PHIPPS

Mrs. Hruby is on the faculty of Hathaway-Brown School in Cleveland. Both bride and groom are graduates of the University of Rochester.

The Fire Department was called at 12:40 Tuesday afternoon to the home of Mr. Eastman Weaver, 326 Main street, where a leak had developed in the hot water tank. The firemen found when they shut off the water that there was a leak in the house service and the Water Department was notified.

PRIZE PIGGY BANK

In the window of the Winchester National Bank is a piggy bank full to the top with coins. Nobody knows how much money it contains.

To maintain local interest in the 7th War Loan, pupils of Winchester schools are invited to stop at the bank and enter their guesses as to the total of money in the piggy bank. An entry blank with space for the pupil's name and address, school attended and pupil's "guesstimate" will be provided.

A prize consisting of a $25 War Bond will be awarded for the nearest guess. This prize has been generously donated by a citizen of our town who prefers to remain anonymous.

The contest is now open and will continue through the last day of school prior to summer vacation and the winner will be announced promptly thereafter.

TENNIS BUMPERS

The Winchester Tennis Association which has been in existence for about 15 years was organized to promote amateur tennis within the Town and between groups of amateurs in and around Boston. It has long announced and directed the Town Tournaments held in both spring and fall, and before the war started, its team (of men) played in the Old Colony League. The war forced abandonment of the league activity, but all look forward to its resumption once the Nips have thrown in the sponge.

Recently the Association has begun to build up a membership from among the women of the town, and finally it has also been decided to establish a junior membership open to all high schoolers and younger folks of the town.

Competition in the game is maintained among the members who choose to enter the "bumper lists." As of May 15 the standing of these lists was in sequence as follows:

Seniors: Jim Ware, Jr., Jim Riley, Wallace Blanchard, Whit Gray, Bob Halstead, Dwight Bellows, Ted Godwin, Bob Drake, Doc Blanchard, Stan Seaver, Wee-G Underwood, Ann Albree, Barbara Hughes, Ray Terhune, Connie Rosander, 3rd, Brad Hersey, Cam Ross, Connie Rosander, 2nd, Ken Lamprey, Eben Caldwell, Sheldon Caldwell, Les Leathers and Bernie Eckberg.

Juniors: Girls, Ann Albree, Lulu Seager, Marilyn Chase, Sylvia Gagan, Mary Clennon, Caroline England, Alice Seager. Boys: Sheldon Caldwell, Billy Knights, Roger Swanson, Charley Watson, John Duffett, Ted Greene, Robert Eckberg, Richard Hills, Mallory Smith and Harry Brown.

Now that the above ratings are published for all to see, the air of Winchester ought to fill, particularly in the vicinity of Palmer street, with challenges and possibly, recriminations.

TENNIS

Co-operating with the early spring, Tom McGowan and his depleted crew have long had the courts ready for playing and a few of the old-timers as well as some new hopefuls have been getting back their form. As usual the Winchester Tennis Association is planning a spring get-acquainted doubles tournament open to everybody in the town. There will be family doubles and also the following draw doubles: men and boys, women and girls, and mixed. Entry fee is 25c per person per event.

Connie Rosander, 2nd, heads the committee this year and will be supported by Whit Gray, last year's efficient chairman, Wee-Gee Underwood, Bob Halstead, and Connie 3rd. Contact them for your entry, or leave your name with Mrs. Wilcox at the courts. We hope to get started at 10:30 a. m. on Wednesday, May 30, but watch signs and the paper for the final announcement.

ARLINGTON WON ON TRACK

Arlington High beat Winchester High 38½ to 28½ in a dual track meet at Arlington Monday afternoon, but once again the inexperienced local boys looked good in defeat.

Jacobellis won the furlong dash for Winchester, Tom Kirwan romped to a first in the half and Johnny West once again annexed the shotput. Jacobellis was second in the 100, Tutein was third in the 220, "Tikky" Reed, sec d in the broad jump and third in the quarter; Kleber, third in the broad jump and tied for third in the high jump, Way was second in the high jump and Frank Faieta, third in the shot.

Way, after failing at 5 ft. 4 in. in the high, changed his jumping form and cleared that height and then 5 ft. 5 in. after the jumping was over. "Tikky" Reed ran his fastest quarter, 57s, but was against two good men in State Champion Anderson and Sullivan, the winner's time being 56s, good for the Arlington track.

A little more experience and a bit of luck here and there and Arlington would have been hard pushed to win. The summary:

100 yard dash: Won by Minot, (A); 2nd, Jacobellis (W); 3rd, Gleason (A). Time: 11s.

220 yard dash:Won by Jacobellis (W); 2nd, D. Ring (A); 3rd, Tutein (W). Time: 24 3.5 s.

440 yard dash: Won by Anderson (A); 8nd, Sullivan (A); 3rd, Read (W). Time: 56s.

880 yard run: Won by Kirwan (W); 2nd, Myers (A); 3rd, Powell (A). Time: 2m. 11s.

Running broad jump: Won by B. Ring (A); 2nd, Read (W); 3rd, Kleber (W). Distance; 19 ft. 10 in.

Shot Put: Won by West (W); 2nd, B. Ring (A); 3rd, Faieta (W). Distance: 38 ft. 1¾ in.

Running high jump: Won by B. Ring (A); 2nd, Way (W); 3rd tie, Hamilton (A) and Kleber (W). Height: 5 ft. 4 in.

880 yard relay race: Won by Arlington: (Minot, Gleason, Anderson and D. Ring. Time: 1 m. 41s.

Winchester High School's girls' tennis team made it two straight shutouts Tuesday afternoon by blanking the Belmont High girls' at Belmont, 4-0. The number one singles match between Beverly Swift of Belmont and Winchester's Ruth Murray was stopped at five games all of the first set when Miss Swift was forced to quit because of painful blisters on her feet, this match being thrown out.

The summary:

Singles

Dudie Jennings beat Joan Appel, 6-3, 6-0.

Libby Fenno beat Irene Pearson, 6-4, 6-3.

Doubles

Nancy Snow and Ann Albee beat Ann Lewis and Mary Jo Engel 6-0, 6-2.

Patsy Eberle and Anne Dubuis beat Betty Ann Owes and Sylvia Jackson 6-0, 6-2.

READING 7—WINCHESTER 3

Reading High dumped Winchester from the unbeaten class in the Middlesex League Tuesday afternoon, winning 7-3 on Manchester Field. The locals blew a two run lead going into the 5th when some poor throwing let the visitors knot the count. Another bad inning, the 9th, gave Reading 5 more runs, mostly unearned, while the locals could add but one to their total.

This was a good legitimate tally, Walsh hitting safely, stealing and riding home on Roche's well hit double. Twice Winchester had batters fan with the bases full.

Roche fanned 14 batters, retiring the first seven batters to face him. He was frequently in the hole, due to wildness, once pitching himself out with three on and no one down. He allowed five hits.

DOVER CHARTER MEMBER OF "SCROLLS"

Edith Dover, daughter of Mr. and Mrs. Henry H. Dover of Vine street, was one of the 13 freshman girls at Mass. State College chosen and tapped by Isogen, Senior honorary society, for "Scrolls", newly instituted honor society for sophomore women at MSC.

Those chosen for "Scrolls" will serve through their sophomore year and were selected on the basis of leadership, personality, service and scholarship. They will assist with the freshman orientation week program, provide a substitute for freshman hazing, sponsor a convocation devoted to college spirit and scholarship, usher at Social Union and other college functions, assist with the high school day program and help Isogen when necessary.

Selection as a charter member of "Scrolls" ranks as an outstanding honor for members of the current freshman class at MSC. Miss Dover has been prominent among her classmates, being vice president of the first year class, a member of Pi Phi sorority, Naiads, Glee Club, Freshman Choir and Outing Club. A graduate of Winchester High School, Miss Dover was an outstanding athlete, playing field hockey and captaining an unbeaten basketball team.

CANTEEN NOTES

The Red and Black Canteen will sponsor a dance this Saturday evening. It will be the last evening that the canteen will be open this season. Music will be furnished by the Arcadans orchestra.

The team to bring in the funniest thing which was a set of false teeth was Shirley Finn, Eunice Doucette, Eleanor Fiore. Patsy Maher was in charge of the hunt.

Sunday afternoon May 13, a meeting of the Junior and Adult Committees was held. Plans for next year were discussed. A petition for larger quarters was received by Mr. Fenno. The canteen will close next week and will open about the time of the first football game. A new director must be chosen for the canteen as Mr. MacGee will not be able to resume his job as director. Our thanks and appreciation for his careful guidance and enthusiasm is great:

UNITARIAN MEN'S CLUB ANNUAL MEETING

The annual meeting of the Men's Club of the Unitarian Church was held Monday, May 7, at which the following officers were elected:

President: Lyle K. Bush
Vice Pres., W. Allan Wilde
Treas., Henry A. Dellicker
Sec., Charles Y. Wadsworth
Executive Committee: Donald R. Kroell, Herbert Black, Edwin C. Whittemore

An account of the daffiest day in a daffy business, was given by Herbert Black, foreign editor of the Boston Globe. He related how the original flash of German surrender came from the Associated Press, and how the extras were put on the street with anxiety and trepidation brought about by the lack of confirmation from the United Press and other sources.

The speaker for the evening was Rev. Carl Bihldorff, the pastor of the First Parish Church of Brookline, who talked on the subject of, "Unitarian Advance."

Rev. Howard J. Chidley, Mr. Charles A. Gleason and Mr. George T. Davidson left on Tuesday for a week's fishing at Kezar Lake, Me.

TEELE COVERS DOUBLE

Royal "Paper Trade" Teele, doughty president of the Palmer Beach Horseshoe Association, didn't turn out to be a winner at this week-end's matches on the beach courts, but he was not, because of that fact, doomed to partake of the traditional "sour soup" which has long been the portion of those who consistently lose in the arena on the wind-swept shores of Wedge.

As a matter of fact Mr. Teele went home from the matches very happy indeed, and all this despite the fact that he had failed to win a single match during the entire session. His ebullience and joie de vivre stemmed undoubtedly from his having been the first during the current budding season to cover a double-header, and this gilt-edge accomplishment, notwithstanding the fact that it was his only one of the session, entirely decimated the gloom in which he would ordinary have been wrapped because of his elementary showing. Covering a double gives any horseshoe pitcher a thrill, but none of our acquaintance seems so doggone pleased with himself for accomplishing this home-run-with-the-bases-loaded of the barnyard league as Mr. Teele, perennially champion of the Paper Trade and widely known in Wells River.

Mr. Teele covered a double header thrown of all persons, by the Association's Secretary. When you come right down to it, reference to the records will establish the fact that by far the greater number of times Royal has covered a double the original shoes have been hung on the stake by the Scrivener. Seldom, if ever, has the President covered two ringers when he and the Secretary have been playing together as partners.

Aside from his double-covering Mr. Teele contributed little to the session. He was far from his best form, having been handicapped with a heavy cold which necessitated his swathing the Presidential frame in layer upon layer of sweaters which naturally impeded the free functioning of his pitching arm. He himself blamed his poor showing upon the indifferent support accorded him by his partners, Roland "Thin Finger" Pridham and "Wild Willie" McLaughlin, the pride of Stowe and Champion of all Nabnassett. In fact his condemnation of the McLaughlin pitching was so bitter that Willie finally lost his habitual calm and threw so many ringers while paired with the Secretary that they defeated Mr. Teele and Mr. Pridham two straight, thereby evoking Presidential censure on the Pridham eye and arm.

Few readers of this column will credit the statement, but the Secretary was really the champ of this last session of the Association, winning first with Mr. Pridham, two games out of three from the President and Mr. McLaughlin, and then winning two staight as mentioned above. If Mr. Teele was displeased with his partners' showing, the Secretary was more than delighted with the support he got from "Willie" and "Thin Finger", and he blamed well had a right to be, for as usual his own contribution to his side's point total, aside from the double-header that didn't count, was practically nil.

Herbert "Garrulous" Gardner did not show up for play, nor did Howard "Foul Line" Witter. The latter was no doubt engaged in caring for his blueberry bushes, rank with growth promoted by the exceeding wet weather, but what kept Mr. Gardner is not at this writing known, nor is it, as a matter of fact, ever likely to be.

The session was however graced by the appearance of Mr. L. Edwin Goddu, Esq., noted kyakist, fisherman and duck hunter of parts. Wearing his football corduroys and moccasins, Lou was accompanied by Mr. "Snapper" Mathews, who kept his older companion pretty well occupied while at the beach. Mr. Goddu was cordially urged to participate in the horseshoes, but declined, his decision being announced with more firmness than grace.

Arthur E. Butters, sometimes called the State of Maine Champ, was again among the missing, and the boys are pretty near ready to join Mr. Teele in giving up on Arthur. He evidently does better in the winning line at golf.

BAPTIST YOUNG PEOPLE'S ENTERTAINMENT

At 8 o'clock Saturday evening, May 19, the young people of the First Baptist Church are sponsoring their big event of the church year.

Arthur Rouner, talented magician of Portsmouth, N. H., is giving his famed performance in the recreation hall of the church.

Already our victorious eagles are on the wing from the battlefields of Europe to the Pacific . . . symbols in the sky of America's invincible armies and fleets.
With prayers of Godspeed we at home follow their flight. With humble thanks we open our hearts to the youth of the land who made this great day possible.
But we do not pause in our work. Victory does not come in half-measure. With all our will and with all our might, we remain a nation at war until Victory is full-measure . . . in the Pacific as in Europe . . . and all our eagles come home.

We noticed on Monday afternoon a big uncovered truck filled to overflowing with swill passing through the center, leaving in its wake a stench capable of offending the strongest sensibilities. In response to our expression of disgust, the officer in the square informed us that such trucks pass through Winchester's center and main streets several times a week—always uncovered. We always thought Winchester had laws covering such occurances. In fact it was not so many years ago that our Board of Health had considerable to say about uncovered swill trucks. Whether it is up to our present Board of Health, the Selectmen, or someone else, this practice should be stopped. Of course this is War, and everything and anything goes, but even half-cooked roasts perched atop (uncardo) pears, orange peels and mixed with loins of lamb and succulent celery have their places, especially in these days of ration points. And when mixed with the gravy from Boston's restaurants the effect is not such as to assuage any meat hungry residents. Winchester may not have any regulations regarding the covering of swill trucks. If so we might well call a special town meeting and make some. If we do have regulations, someone should enforce them. It's bad enough to view the town's empty meat counters without undergoing the sight and stench of the offal of Boston's opulent markets and hotels on its way to the piggeries.

GRANDSTAND SEAT AT OKINAWA

John J. Maguire, 23, seaman, 2c, son of Mrs. P. J. Maguire, 14 Kendall street, had a grandstand seat from which to view the invasion of Okinawa.

His hard-hitting ship, while under threat of air attack, moved up within 3000 yards of the shore, cruising slowly back and forth and pulverizing the beach targets at point-blank range. The crew could clearly see the explosions from the ship's shells as her guns smashed pillboxes, gun emplacements, warehouses and trench fortifications.

By early afternoon of invasion day, the big ship's primary target area had been captured and she was free to lend her powerful support against other enemy held areas.

PALSON DESTROYED NAZI PLANES

Lt. Richard C. J. Palson, USAAF, son of Mr. and Mrs. W. C. Palson of Myrtle terrace, brought his total of Nazi planes destroyed to eight when on a recent strafing mission over German territory when he accounted for four enemy fighter planes in an attack on an airfield. Two planes were Focke-Wulf 190's and the others Messerschmitt 109's. On a previous strafing mission over Northern Germany Lt. Palson accounted for two of the 46 enemy planes destroyed by his group, the 479th Fighter Group of the 2nd Air Division. The 21 year old pilot flys a P51 Mustang.

In their Northern Germany strafing raid Lt. Palson's group had to seek out airfields of the Luftwaffe when the German pilots showed no inclination to meet them in air combat. Spotting a crowded enemy drome, his quadron raked it repeatly with machine gune fire for a full hour, leaving the field obscured by smoke from the burning planes.

Lt. Palson destroyed two Heinkel-III's, damagtd a Focke-Wulfe 190 and another Heinkel-III. On strafing missions in Southern Germany Lt. Palson destroyed planes at two airdromes, Landshurt and Erolding, damaging two more on the ground. This brought his total to eight planes destroyed and four damaged during the relatively short time he has been in action.

Before entering the Army Air Forces in February, 1943, Lt. Palson was a student at the Mass. School of Art in Boston. He is a graduate of Winchester High School and former star track and cross country runner.

WAKEFIELD IN 15TH

Winchester High lost a heart-breaker to Wakefield on Manchester Field Wednesday afternoon, 7-6, after 15 hard-fought innings.

The locals were behind 6-2 going into their half of the 8th but tied the score on hits by Walsh, Roche and Tibaudo, three errors, a base on balls, a sacrifice and fielder's choice.

Roche went in to pitch for Winchester instead of Hannon in the 9th and L. DeMarco replaced Foley for Wakefield during the big Winchester 8th.

Wakefield won the game on L. DeMarco's triple which opened the 15th, aided by a big break. Tibaudo threw out Collypello, holding DeMarco to third. Rich walked. O'Rourke threw out P. DeMarco, Walsh taking the throw and once again the runner remained on third. Roche then fanned Armstrong, but the last strike got away from Wilson and the runner reached first, L. DeMarco scoring. Roche threw out Pridmore.

O'Rourke hit safely with two out in Winchester's 15th but Walsh fanned to end it all.

The locals lost a great chance to win in the 13th. Blanchard, first up, reached second when P. DeMarco threw wildly to first on his topped roller. L. DeMarco then proceeded to pick him off second by a country mile just before Twiggy Nolan arched a nice hit between right and center. O'Rourke skied to Pridmore and Walsh fanned. Roche fanned 13 batters in six innings and L. DeMarco 10 in 7. Chucker twice retiring the side on strikeouts, once with the bases filled.

The Golden Text: "They that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit" is from Romans 8:5. Other Bible citations include, "The Spirit itself beareth witness with our spirit, that we are the children of God" (Romans 8:16).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "In Science man is the offspring of Spirit. The beautiful, good, and pure constitute his ancestry. His origin is not, like that of mortals, in brute instinct, nor does he pass through material conditions prior to reaching intelligence. Spirit is his primitive and ultimate source of being; God is his Father, and Life is the law of his being" (p. 63).

But this is only part of the fun. There'll be three swell door prizes for holders of the winning tickets; some exciting movies; a huge grab bag for the youngsters and free refreshments for one and all.

MYSTIC GLEE CLUB HOLDS ANNUAL MEETING

The Mystic Glee Club held its annual business meeting Monday evening at the home of Carl W. Wood, club president.

Preceded by a reputed soft ball game on the diamond (?) adjoining President Carl's property, the sideline experts were left with the firm conviction that "as ball players, the boys made excellent singers."

Following a period of fun singing, which left Director Don Marshall, gasping with surprise at the almost perfect harmonic resonance, the business meeting got under way. After a lengthy discussion concerning the clubs future plans and policy, the following slate of officers was presented and duly elected;

President, Carl W. Wood
Vice Pres., Robert W. Carlson
Sec., E. V. Chapman
Treas., Austin E. Nanry
Master of the Punch Bowl, Lindsay Caldwell

Lindsay thanked the members for their continued confidence and readily assumed the duties of this important office.

Accompanist, Mary Louise Wood, and director, Don Marshall were presented gifts in appreciation of their excellent services and loyalty to the club.

The club plans to increase its quota of membership as it starts the fall program in September and invites any man in Winchester or adjoining towns interested in glee club activities to membership. Further information may be obtained by contacting the club secretary, Win. 1819-M.

SONS OF ITALY LODGE NEWS

Well, here I am sitting down to write the column for this week and I haven't a letter or card from the boys. If the column isn't interesting I hope you will please realize that it is quite a job to fill one without some help from those who read it.

We've had many letters from servicemen and we've put parts of them in this column hoping that others who read them might feel that they would like to have a helping hand in keeping this little column going.

What's the matter with your writing arms? particularly M-Sgt. Gay Vespucci, Maj. Barone and Maietta, Lts. Ferro, Ciarcia, Volpe and Penna, Sgts. Russo, Jack Vespucci, Joe Fiocciello, etc.; all you Corporals, you privates, yes and even you yardbirds. I could go on and on asking you all to help us out.

Many of you boys when you write, say you are glad to see that the club is still going and you hope it will keep open until you all get back home. Well, with rationing, OPA etc., you can't realize what a job it is to do it. But thanks to our Angelo Tofuri, who is being helped by Tony Gilberti, he manages to get some merchandise that can be sold in the club hall. I know it's a hard job.

Then there is another very important member of our organization who has done a splendid job. He is none other than our brother Vincent Gigliotte. It is he who has taken over the stewards job and done it faithfully. Many times he was not feeling well, but he opened the club hall, so that we could have our brothers assemble or relax for an hour or so ater many hours of work. He has done and is doing a splendid job just so that the club hall is at the disposal of any service man who is at home on furlough or leave.

Al Subrizio, who was home on a furlough several weeks ago, was home again for a few hours (4 to be exact) last Sunday. Sorry we didn't get to see you Al.

Maj. Angelo L. Maietta is home on furlough. As I haven't had a chance to see him yet I can't write much about him. If I can I'm going to see him and ask him a few questions and probably have him write something for this column (I hope he takes the hint).

I also heard that Lt. John A. Volpe is home for a short leave. I will try to get him to make a statement.

Well that's about all. You can readily see that I didn't write much of anything and if you don't see this column in the Star this week you'll know why. (Boy is that a corny paragraph?)

Better luck next week, if there are some letters.

DR. CHARLES TOZIER SHOWS PICTURES OF BRAZIL TO HIGH SCHOOL STUDENTS

The assembly on Friday morning was the occasion for the showing of the film The Amazon Awakens, a technicolor sound movie, prepared by Walt Disney and brought to Winchester High School by Dr. Charles Tozier.

Prior to the showing of the film, Dr. Tozier spoke of the enormous size of Brazil and of the Amazon River and its tributaries which forms a basin as large as the entire United States. Besides telling of personal experiences on the Amazon, Dr. Tozier emphasized the need for history courses which could enlighten pupils of our South American neighbors. Many were surprised to learn that the dominant language spoken in Brazil is Portuguese rather than Spanish.

The Disney film, which is made available through the co-operation of U. S. Government agencies, revealed the very modern civilization of the inland areas and showed certain large developments which have proved the climate and soil of Brazil ideal for specialzed plant life.

On May 10 at 2 o'clock the Better Homes Garden Club met at the Public Library to enjoy the colored moving picture, "Trees and Homes of the Northwest." The second group consists of the negro spirituals Were You There? and De Gospel Train. The program concludes with Now the Day Is Over. This year's chorus boasts 185 members.

The girls' glee club will render The Night Is Young, Calm Be Thy Sleep and The Lord's Prayer. Martha Jackson, the club's president, will direct the singing of the beautiful Sevenfold Amen.

As its selections, the boys' glee club will sing Ole Man River and When Johnny Comes Marching Home.

Other features of the program will be solos and selected group songs. The concert, promising an interesting and varied program, will be held Friday evening, May 5, at 8:15 in the high school auditorium.

Subjects of general interest to mothers of all school children will be discussed. Mrs. William Spaulding is giving the history of the Winchester Mothers' Association, explaining its purpose and its aims. Mrs. Ralph O'Neil of Arlington is speaking on the Parent Teacher Association, explaining what is required of such an organization. She is well qualified to talk on this subject, having just retired as president of the Arlington Council. Changes in the administration of the Scholarship Fund will be explained by Mrs. Lyman Smith.

After the meeting refreshments will be served by Mrs. Colver Dyer, assisted by the presidents of the different Mothers' Associations, as follows:

ANNUAL MEETING OF THE WINCHESTER COLLEGE CLUB

On Wednesday afternoon, May 9, Mrs. William L. Davis opened her beautiful home and garden for the annual meeting of the Winchester College Club. The well attended meeting was led by the president, Mrs. Langley C. Keyes. After the reports of the secretary, Mrs. William A. Kugler, and the treasurer, Mrs. Albert A. Haskell, were read and accepted, Mrs. Keyes called on the leaders of the study groups for reports.

Mrs. Fred H. Abbott reported that the Art Study Group had made a most interesting series of trips to the Boston Art Museum where they had listened to lectures and seen exhibits of paintings that had been removed from hiding since there was no longer danger of bombings. Mrs. Charles O. Nichols reported that the History Group had had a most stimulating year studying Current Problems in America. Reports given by members of the group had ranged from government and taxation to labor problems, race problems, and transportation and these had been followed by most lively discussions.

The Evening Study Group report, given by Mrs. John L. Lobingier, revealed that this group, under the leadership of Mr. and Mrs. Lobingier, had been very large and active. Its over 125 members had been divided into four groups studying science, drama, religions, and international relations. All four groups had come together for a final meeting and from the reports of the various groups all had agreed that it would have been hard to choose which had been the most successful.

Mrs. James J. McGovern, chairman of the nominating committee, offered the names of the two new officers for next year, Mrs. Robert M. Keeney, vice president and Mrs. Philip P. Wadsworth, treasurer. After these names had been accepted, Mrs. Keyes read the names of her board for next year. They are as follows:

President: Mrs. Langley C. Keyes
Vice Pres., Mrs. Robert M. Keeney
Sec., Mrs. William A. Kugler
Treas., Mrs. Philip P. Wadsworth
Morning Study Groups, Mrs. Austin T. Bunker
Evening Study Groups, Mr. and Mrs. Samuel M. Graves
Program, Mrs. J. Girard Chandler
Membership, Mrs. Harold H. Blanchard
Social, Mrs. Richard H. Frazier
War Work, Mrs. Fred B. Chamberlin
Publicity, Mrs. Lyman B. Smith

Mrs. Keyes then turned the meeting over to Mrs. J. Girard Chandler who introduced the speaker, Mr. Bartlett H. Hayes, Jr., director of the Addison Gallery of American Art in Andover. Mr. Hayes gave a most interesting talk on, "Art in America." He showed that although American political history has been isolationist, our cultural history has always been international. He illustrated his lecture by showng copies of American and European paintings from various periods in the history of art. His remarks reflected an amazing background of knowledge in all fields of culture.

Following the lecture there was a social hour at which the new members were made welcome and everyone took advantage of the opportunity to enjoy Mrs. Davis's beautiful gardens. Refreshments were served by Mrs. Richard H. Frazier, assisted by the board.

MYSTIC GLEE CLUB

The Mystic Glee Club, directed by Donald Leslie Marshall and with Mary Louise Wood as accompanist, for its annual spring concert, this time benefitting the En Ka Society, presented the following program in the high school auditorium last Friday evening: Grieg, Brothers Sing On; May Day Carol (English Folk Song); Dowland, Come Again Sweet Love; Henschel, Morning Hymn; Negro Spirituals, Were You There and I've Been Listening; Protheroe, De Sandman; Scandalize my Name, arr. by Gladys Pitcher; Bullard, Sword of Ferrara; The Whiffenpoof Song, rev. by Rudy Vallee; Old Man Noah (Sea Chantey); Clokey, The Musical Trust; Campbell-Tipton, A Spirit Flower; Arcadelt, Ave Maria; Malotte, The Lord's Prayer; and The Navy Hymn, arr. by Tom Scott. The assisting artist, Gertrude Ehrhart, soprano; sang Csardas from Rosalinda by Johann Strauss; Branscombe, The Morning Wind; Scott, Lullaby; Saar, The Vagrant; Edwards, By the Bend of the River; and Hagaman, Follow, Follow.

An audience that filled the floor of the auditorium and overflowed into the balcony was always appreciative and at times, enthusiastic over the singing of the club. Technically the men gave their best performance to date, the club having better balance, with a much improved first tenor section and getting the necessary support in the middle voices so obviously lacking in many past concerts. Especially did Conductor Marshall concern himself with these middle voices, seeing to it that they assumed the importance intended for them by those who scored the music, and his efforts resulted in a much more even performance as well as richer nuance. In fact, Mr. Marshall generally conducted in very effective fashion, keeping his singers competently in hand and giving them the definite help they needed for attacks, entrances and releases.

A very pleasing innovation was the club's method of appearing on the stage. Instead of the usual march from the wings, the men were heard behind the closed curtain, singing their new theme song, written by Mr. Marshall and Austin Nanry, the curtains opening to show the club in formation ready to commence the program. Again at the finale, the men sang their theme song, the curtain gradually closing upon them during the singing of the number.

The highlight of the evening was of course the appearance of the Club's original and very popular leader, Bill Cruger, home on leave from Tinker Field, Oklahoma, where he is in the Army Air Forces. In uniform, Mr. Cruger was persuaded to mount the platform and lead the club in the singing of the popular Yale Whiffenpoof Song, Mr. Marshall's gracious words of introduction adding just the right note to what was obviously a joyous reunion.

The program presented was reasonably ambitious while containing plenty of the lighter music which seems definitely the club's metier and which Mystic audiences always seem so thoroughly to enjoy. Once again the club scored heavily in its singing of the spiritual group, encores being literally demanded after the nicely done I've Been Listn'in and De Sandman.

It would be hard to state whether the club or the audience enjoyed more the singing of the Musical Trust, a quirkfully humorous number that combined catchy old songs with some clever clowning that really brought down the house. Special mention should be made of John Thornton's cymbal playing, Harold Jackson's sax and the bass-drum technique of Ben Marshall. Miss Frances Randall also contributed materially to this number with her playing of the bass part of the four-handed piano score.

It should not be understood that the club was successful only in its lighter music. The men gave a good account of themselves in Bullard's splendid bravura song, The Sword of Ferrara, and also sang the Lord's Prayer effectively. Spirit Flower, with its thrilling climax and tenor solo by David Downer, was encored and The Navy Hymn with soprano solo by Miss Ehrhart was a pleasing finale. Besides Mr. Downer, club members heard in incidental solos were Nathan Hartford in May Day Carol, Leo Twombly in De Sandman and Aram Mouradian and Stephen Hanscom in the Sword of Ferrara.

The club's accompanist, Mrs. Wood, proved again her technical competence and musicianship in the able manner in which she supported the singers and responded to each demand of score and conductor. Her value to the club can not be over-emphasized.

The guest artist, Miss Ehrhart, was warmly greeted by the audience and proved both good to look at as well as pleasing to listen to. The lighter songs of her second group seemed most popular and the quality of her voice seemed much improved for them. She was encored after her second group and presented with flowers, singing her encore directly to the Glee Club. Her accompanist, Morse Haithwait, proved very accomplished both as a pianist and assisting artist.

Following is the club roster:

First Tenors: William J. Cruger*, David R. Downer, Clifford England, Benjamin T. Marshall, Jr., Roland H. Parker, Edmund H. Povey, Ernest A. Roy*, John W. Thornton.

Second Tenors: Adin B. Bailey, Frank T. Barnes, Jr.*, E. Verne Chapman, John H. Downes, Frederick R. Hill, Jr.*, Alban J. Lobdell, Jr., Francis O. Merchant, W. Noel Middleton, Aram Mouradian, Austin E. Nanry, John A. Plumer*, James Sewell, Edward G. Taylor*.

BREAK AT DOWNS ESTATE

The Police were notified last Sunday evening that the former Downs estate on Arlington street, recently acquired by Mr. Robert W. Armstrong of Curtis circle, had been entered and ransacked.

Sgt. James P. Donaghey went to the estate and talked with servants who told him the break had occurred while they were away from the house sometime between 2:30 and 7:30 p. m. Sunday. Access was gained by opening a first floor casement window which was unlocked and puncturing a screen near the catch of an inside window.

The intruders entered the dining room of the house and ransacked rooms on all three floors. The servants, new to the house, were unable to say whether anything had been taken. Mr. Armstrong and his family were in Friendship, Me., and were notified by the Police.

The telephone wire entering the house in the west wing had been severed apparently by those who made the break.

Boston, May 23, 1945—Taking part in the Winchester Day broadcast of "Life to the Front" over WEEI Wednesday were (left to right) Mrs. George A. Dutting, executive secretary of the Winchester Chapter of the Red Cross; Mrs. Ruth E. Hilton, chairman of Winchester's blood donor committee; Gene Jones, singing star of the CBS "Coffee Club"; Miss Anastasia Kirby of the Boston Chapter of the Red Cross and writer of "Life to the Front"; Fred Garrigus, WEEI's director of war and educational programs; Capt. Angelo L. Maietta who played "himself" in the radio dramatization of his battle front experiences in France and Germany, and Postmaster Vincent C. Ambrose of Winchester.

WINCHESTER DAY

Winchester's part in the Red Cross blood donor service was paid a high tribute Wednesday in a 15-minute broadcast of the "Life to the Front" program over Station WEEI.

The broadcast climaxed an intensive drive to stimulate blood donations in Winchester. At both the Boston blood center and at WEEI Wednesday was officially proclaimed "Winchester Day."

Nearly 100 Winchester residents gathered at WEEI for the broadcast. The program was a dramatized account of the experiences Capt. Angelo L. Maietta of Winchester had in Europe where he personally saw the lives of dozens and dozens of American soldiers saved by plasma and blood donated by patriotic people back in the United States.

Capt. Maietta, who now is in Winchester on leave, spoke briefly over the air in an appeal for more and more blood donations.

He had landed in France on D-Day at "H plus one hour", and was the only doctor on Omaha Beach during much of the hardest D-Day fighting. With a dental officer and 13 medical corpsmen, he set up a temporary medical station. Then, under cover of darkness he and his co-workers advanced deeper into France to bring medical aid as near the battle lines as possible.

In recognition of his achievements beyond the call of duty, Capt. Maietta has been awarded a Bronze Star.

The appearance of Capt. Maietta and the broadcast honoring his fellow Winchesterites climaxed a week of "Life to the Front" campaigning headed by Mrs. Ruth Hilton, chairman of the Winchester Blood Donor Committee. During the week the Edison Company devoted a large window display on Mt. Vernon street to the drive.

At the Winchester Country Club last Tuesday, May 15, 53 members of the Gallon Club held a pep meeting. Miss Anastasia Kirby of the Boston Blood Donor Center and Gene Jones and Bob Williams of WEEI presented a sample program taken from a previous blood donor radio program.

MEMORIAL DAY BAND HISTORIC

The First Corps Cadet Band of Boston which is to furnish the band music for the Memorial Day parade in Winchester on May 30, is the lineal descendant of the oldest military band in the United States.

The Cadet Band was organized on Nov. 3, 1772, when, "it was voted: That the Company have a band of musick." Col. John Hancock (then commander of the Independent Company of Cadets) acquainted the company, "That as they had voted for a band of music he desired they would accept of the instruments, and that he would send to England immediately for them to be shipped on the first vessel." The uniforms were furnished by the members of the Company and Mr. Locke, the band master of the 64th British Regiment Band then quartered in Boston was selected as the instructor.

The first public appearance of the band is recorded under the date of May 26, 1773 when the Cadets escorted the Governor, "Under Arms with the new Band, two Bassoons, two French Horns and two Hautboys added." We quote from another early record of the band, "On May 31, 1773 at the celebration of the anniversary of the day appointed by Royal Charter for convening a great General Court or Assembly of this province, the Honorable His Majesty's Council were escorted by His Excellency's Company of Cadets who were under arms commanded by the Honorable Colonel Hancock having an excellent band of music playing on their march."

The band was part of escort of President George Washington on Oct. 28 and 29, 1789 during his visit to Boston in 1789 and later in 1793. The band functioned at a review to President John Adams in 1797 and for General Lafayette. The history of the band is practically complete to the present day.

The band is enlisted as the First Motor Squadron M. S. G., First Corps Cadet Band and is quartered in the Cadet Armory, Boston. The Warrant Officer in charge is Edward Sammon.

LITTLE SHAKER CLOSES

Another Winchester business firm closed its doors last week when the Little Shaker, a restaurant which has operated for a long time on Thompson street, went out of business. According to the tale, government restrictions and the shortage of food and help gave it the final nudge which determined the action. On Monday a public auction was held at which the fixtures and equipment was sold. The sale was largely attended and the bidding lively. It is rumored that the real estate firm of Murray and Gillette, now located near the station, will open new offices at the restaurant site.

ELKS' LADIES NIGHT

One of the most successful in its popular series of ladies' nights was held last Saturday evening in Lyceum Hall by Winchester Lodge of Elks.

A catered supper was served at 6:30 and was followed by dancing to the strains of Strachan's Elks' Orchestra. One hundred couples enjoyed the supper and dancing.

Michael F. Grant, exalted ruler of the lodge, delivered the impressive 11 o'clock toast.

HORLEY—McHUGH

Miss Eleanor Virginia McHugh, daughter of Mrs. Helen V. McHugh of Webster street and Dr. Donald Whenman Horley, son of Mr. and Mrs. Alfred J. Horley of Wyman terrace, Arlington, were married Saturday evening, May 19, at 8 o'clock at the Winchester Country Club. Assorted spring flowers made an attractive setting for the ceremony which was performed by Rev. George A. Butters of the Waltham Methodist Church, formerly pastor of the Crawford Memorial Methodist Church of this town.

Miss McHugh was attended by Miss Ruth Collins of Winchester. The bride wore a gown of white satin with a long train and a finger-tip-length veil. Her flowers were gardenias and lilies of the valley. Miss Collins wore an aqua dress having a taffeta bodice and tulle skirt. Her bouquet was of red roses.

Alfred J. Horley was best man for his son, and the ushers were Lt. Edward W. Kingman, USNR, of Arlington and Dr. Malcolm Harris of Presque Isle, Me.

A reception was held after the ceremony at the club, the bride's mother and the parents of the bridegroom assisting in receiving with the honor maid, Mrs. Maxwell G. Jacobs and Miss Janet Horley.

After a honeymoon spent trout fishing in Stewartstown, N. H., Dr. Horley and his bride will make their home at 66 Eliot road, Arlington.

The bride is a graduate of Winchester High School. Dr. Horley, an optometrist with an office in Arlington, is a graduate of the Mass. School of Optometry.

STONE—JOYCE

The marriage of Miss Barbara Joyce, daughter of Mr. and Mrs. Charles R. Joyce of Webster street, to Donald Clark Stone, Cpl., USAAF, son of Mr. and Mrs. Charles H. Stone of Brookside avenue, took place Saturday afternoon, May 19, at the Church of the Epiphany. The rector, Rev. Dwight W. Hadley, read the service at 5 o'clock in an attractive setting of spring flowers, and a reception followed at the home of the bride's parents.

Miss Joyce wore a wool gabardine suit of pale pink with white accessories and carried a bouquet of bridal roses and gardenias. Her matron of honor and only attendant, Mrs Robert Joyce of Exeter, N. H., wore a wool gabardine suit of lime green with accessories of green and white, and carried a bouquet of gardenias and daisies. Joseph Stone of this town was best man for his brother.

Cpl. Joyce and his bride flew to New York after the ceremony for their wedding trip. Both are graduates of Winchester High School, Miss Joyce having been employed as a secretary for a Boston attorney. Cpl. Stone is a gunner on a B-29 Bomber and is returning to Kansas City, Mo. for assignment overseas.

The Fire Department was called at 9:25 Tuesday night to put out a pile of burning brush on the links of the Winchester Country Club near Arlington and High streets. Wednesday forenoon at 10:20 there was a grass fire along the railroad in the rear of Canterbury road off Grove street.

TASK FACING BUS COMPANY IS EMPHASIZED BY DISPLAY

Captioned "Fighting Behind the Men at the Front," a display prepared by the Eastern Mass. Street Railway Company in the window of the business office of the Boston Edison Light Co. at 2 Mt. Vernon street, Winchester, draws a sharp comparison between the service in peacetime and the difficult task confronting the railway during the war.

Because of the critical shortage of certain materials and automobile parts it has been necessary to restore, reclaim, remodel or recover worn out units in order to keep the fleet of 797 buses in steady operation to effectively support the men on the fighting fronts the display points out.

WILLIAM H. GILES
Manager, Eastern Mass. Street Railway Co.

Manager William H. Giles declared today that 37 men are employed at the local garage in Melrose and are doing a splendid job of keeping the 61 buses in operation here properly serviced and rolling under difficult conditions.

He pointed out that all general repair work is done locally, while overhauling work is done at the shop in the Campello section of Brockton. With new equipment difficult to get, these men are faced with the formidable task of reconditioning crippled busses to maintain the high standard of service, a job that is especially difficult in winter, he added.

The display designed and assembled by a Brockton engineer of the company, is a miniature stage and contains a two-part drawing in black and white as a background. One shows a bus proceeding along a country road lined with trees in full leaf, and in the distance, a peaceful village nestling in the foothills.

The other part shows a continuation of this road, but the motif is entirely different. Lumbering along this section, which is lined with the remains of trees destroyed by war, is a military tractor with a heavy field piece in two. In the background is a burning village, its smoke blending with the clouds of its peaceful neighbor. Superimposed on these scenes is the title "Fighting Behind the Men at the Front."

In the foreground of the window is a large white "V" carrying photographs taken at the railway's shop at Campello. On the base of the "V" is the following: "The Eastern Massachusetts Street Railway has found it necessary, because of the critical shortage of certain materials and automotive parts, to restore, reclaim, remodel or recover worn and fatigued units and parts as depicted within the symbol of Victory, in order to keep its fleet of 797 busses in steady operation so that those on the home front can effectively support the men on the fighting front."

FULTZ ASSIGNED TO DUTY IN CHARLESTON

Comdr. Harold F. Fultz, USN, of Belmont, formerly of Winchester, is now serving as security officer for the Sixth Naval District with headquarters in Charleston, S. C. He reported at his Charleston headquarters from duty as captain of the naval hospital ship, Comfort, having been relieved of duty as her skipper only 12 days before the hospital ship was bombed by Japanese planes off Okinawa, killing 29 members of the crew, hospital unit and patients.

The Comfort had been under attack before when three bombs straddled her during the battle for Leyte Gulf, the ship being 300 miles off the coast at that time. She was also at another time caught in a severe typhoon off the Philippines, lasting 50 minutes, a terrifying experience for the patients.

Comdr. Fultz describes life on a hospital ship in the Pacific as very lonely, the ship traveling alone and often going for days and thousands of miles without seing another ship. The Comfort once went 22 days without seeing land or another ship.

Locals First to Beat League Leaders

Winchester High gave Belmont its first Middlesex League defeat of the season Tuesday afternoon on Manchester Field, blanking the circuit leaders, 3-0, behind the three hit pitching of Guy Washburn.

The locals' poker faced right hander was very good out there, pitching perfect ball until the 6th with no Belmont batter reaching first until that frame. With one out in the 6th Wettlaufer, behind two and nothing, got a base on balls, Umpire Johnny Temple calling one that could have gone either way a ball. Coates fanned but Goulter drove the first hit of the game into center, also with two strikes on him. Papazian fanned for the third out.

Weeden started Belmont's 8th with a hit, and Pellagrino, hitting for King, drew a pass. Washburn then bore down hard and fanned the next three in a row. Papazian was safe to start the Belmont 9th when Sam Tibaudo erred on a ground ball to his left. The runner was out stealing on a short passed ball, Walsh to Olivier, young Jimmy playing Walsh's high throw nicely. Blanchard threw out Buckley, Gibson hit safely but Morrow fanned to end the game.

Winchester was a much improved ball club against Belmont, playing really good ball all the way behind the sterling pitching of Washburn. Walsh's catching seemed just what was needed to hold the locals together and they looked as good as any club to show here in some time.

Especially good was the performance of young Jimmy Olivier at second, Walsh's old slot. Playing his first game of the season, Olivier drove in Winchester's first run in the 2nd, hit another one on the nose into the shortstop's hands next time up and acepted four chances afield without an error. Sammy Bellino contributed a corking running catch of Buckley's foul behind third in the 4th, and "Chucker" Roche, playing right field, threw out two men in a row in the third for another feature. Sammy Bellino was also thrown out at first on a clean single into right in the 6th, the fielders playing short in the garden because of a hard wind against the batters.

Winchester scored all its runs in the second. Roche walked for a starter. Haggerty fanned, Bellino beat out a hit to second and when Gibson's throw to catch Roche off second got away from Papazian, Roche reached third and Bellino second. Olivier singled cleanly into center to bring in Roche and then Blanchard, Washburn and O'Rourke hit safely. Bellino and Olivier scoring. Blanchard, attempting to score from second on O'Rourke's hit to center, was out at the plate, Morrow to Wettlaufer.

Aside from this inning Coates was effective on the mound for Belmont, allowing only one hit, O'Rourke's one baser in the 7th. The summary:

TENNIS

Co-operating with the early spring, Tom McGowan and his depleted crew have long had the courts ready for playing and a few of the old-timers as well as some new hopefuls have been getting back their form. As usual the Winchester Tennis Association is planning a spring get-acquainted doubles tournament open to everybody in the town. There will be family doubles and also the following draw doubles: men and boys, women and girls, and mixed. Entry fee is 25c per person per event.

Connie Rosander, 2nd, heads the committee this year and will be supported by Whit Gray, last year's efficient chairman, Wee-Gee Underwood, Bob Halstead, and Connie 3rd. Contact them for your entry, or leave your name with Mrs. Wilcox at the courts. We definitely will get started Saturday, June 2 at 2 o'clock.

WITTET AND McLAUGHLIN

Howard "Foul Line" Wittet was able to leave the blueberry bushes long enough to participate in the regular matches of the Palmer Beach Horseshoe Association last week-end and was rewarded for his long pedal to the beach courts by winning championship honors, paired with "Wild Willie" McLaughlin, the Pride of Stowe and Champion of all Nabnasset. As the Secretary aptly pointed out, winning championship status with McLaughlin as partner is nothing particularly to stick on side about, but still top honors are top honors, especially to Mr. Wittet, and he went home to his steak dniner very happy over the whole thing. Mr. McLaughlin, on the winning end so often, bore his championship laurels with becoming modesty, and admitted that it had been pretty easy to win, considering the competition.

In that he said a mouthful for the pitching on the whole was pretty elementary. Arthur E. Butters, sometimes called the State of Maine Champ, surely never would have had to take up golf to win if he had been throwing them last week-end. Even Mr. McLaughlin, old double-header "Willie" himself made but a single twin-killing, and that was one more than any of the other competitors could make.

Mr. Wittet and Mr. McLaughlin, first turned back the Secretary and Roland "Thin Finger" Pridham, taking the first game by the somewhat one-sided score of 25-1. The Scrivener and Mr. Pridham led right up to the final brackets in the second game, but an unexpected ringer or two by Wittet turned the tables with victory in sight.

During this match Mr. Teele, president of the Association as well as perennial champion of the Boston Paper Trade and Wells River, was champing at the bit. Royal arrived so late at the courts that he was not permitted even to match for a chance to play in the opening round, his tardiness having held up the whole shooting match because of the fact that he had the only usuable stakes.

Mr. Teele entered the lists with Mr. Pridham and succeeded in carrying the champs to odd games before losing, the deciding contest being won by a Wittet ringer with the count 24-23 against his side.

It should be said for Mr. Teele that he was without his "googles" and as a consequence somewhat handicapped in his efforts to find the stake, his vision range being about 20 feet without his cheaters. As a result of this deficiency he was constantly throwing at an invisible upright and we suppose on the whole his efforts were commendable though they failed to win any acclaim from Mr. Pridham.

The last match found the Association's President and Secretary battling the champs two hard-fought matches, losing both, but putting up a game fight. After being away ahead in the first game the officers splutterted out as usual, losing 25-19. In the second game, behind 20-12, they crawled up to a 24-23 counting, only to have Mr. Wittet take the deciding point from the thoroughly disgusted Secretary with a shoe barely within counting distance, a shoe that Mr. Teele admitted he never would have counted and a shoe that would not have been permitted to count with Maj. Joseph Eugene Flaherty in the ball game.

WINCHESTER SECOND IN RELAYS AT BELMONT

Winchester High finished second in the Class C competition of the 18th annual State Relay Carnival last Saturday afternoon on the Concord avenue playground in Belmont. Rain and cold weather were all against fast times but there were some worthwhile performances turned in and some nice competition.

Belmont swept all four events in Class C, piling up 20 points, while Winchester in the runner-up slot, pick up but eight. After the meet, however, Coach Henry Knowlton was satisfied with his boys' showing and felt they had done as well as could be expected. He was especially pleased with the runniny of Tom Kirwan in the quarter and half and with the sprint relay legs turned in by Jacobellis.

Both Coach Knowlton and Lou Goddu caught Kirwan in 2:04 for the half and 56s for the quarter, nice going for a day like last Saturday. Jacobellis' times weren't taken but he made a good showing, especially in the 220 anchor leg of the half-mile team race.

Winchester won this heat, being ahead all the way, and Jacobellis added a lot to the lead turned over to him. Tutein, Flynn and Kolligian ran before Jacobellis in that order and their 1m. 42.2s was only good enough for third, Belmont doing 1m. 40s and Cambridge Latin, 1m. 40.7s.

Winchester was third in the two mile, Grimes, Brackett, Cameron and Kirwan doing 9m. 14.6s to Belmont's winning 9m. and Watertown's 9m. 12.6s. In the mile Winchester was again third, Kirwan, Gallello, Whittemore and Read doing 3m. 58.2s against Belmont's 3m. 47.6s and Cambridge Latin's 3m. 51.7s. In this race the locals should have been yards faster. Kirwan, running first, turned over a nice lead, but both Gallello and Whittemore got confused and, instead of taking the pole as they were entitled to with the lead they had, they remained on the outside of the curved track, thereby losing their advantage by running many yards further than they should.

In the quarter mile event Winchester placed second to Belmont in the faster of the two heats, Jacobellis, West, Tutein and Read turning in 49.5s against the winner's 47.4s. Boston Tech did 48.4s to take second place in the award of places by times.

In the Class D competition Boston English and Rindge Tech tied with 12 points apiece. Lexington won top honors in Class B with 13 points. Malden Catholic beat out St. Mary's of Waltham for the Parochial School crown, there being no other entries.

SWANSONS WIN FIRST SNIPE RACE

Bob and Roger Swanson brought their boat By-George across the finish line a scant half minute ahead of George Jones' Youani, to win one of the most exciting opening races we've ever witnessed.

From start to finish, the race was wide open. John Powers took the Youani out to the front at the gun, followed by the Swansons and Dave Mernow in Don't Duck. But before the race was a lap old, Dave had outfoxed both the leaders and it looked for a while as though he'd make it a one boat race. But somewhere along the first lap, Dave lost the touch and dropped away back to fifth place, with the Swansons taking over first, Jones second, and Bart Sullivan a threatening third.

For the last lap and a half the Swansons kept Jones covered and carefully protected their slender lead, with both skippers keeping an ever anxious eye on the dangerous Sullivan. Fourth place went to Holbrook, Bugbee; fifth to Dave Merrow; and Connie Dana who was also a starter, failed to finish.

Club Chatter

Don't forget "sweepstakes night" at the club Saturday, May 26 with 10 exciting horse races, movies, a grab bag and refreshments. It promises to be an evening packed with excitement and fun. Better plan to be on hand . . . Sunday's sunshine certainly brought the members down to the club. From now on, weather permitting, there'll never be a dull moment . . Seemed strange not to have Simonds Sinbad in the opening race. It's not ready for launching yet. But that didn't keep Don away. He acted as judge and did a competent job . . We finally found Weenie Pratt but now we've misplaced "Kay" Burleigh. If any of you see her, sieze her and send her via parcel post to the Snipe Fleet. We've got a job for her.

Miss Dorothea Richardson, daughter of Senator and Mrs. Harris S. Richardson of Mt. Pleasant street, is at home for the summer vacation after completing her sophomore year at Smith College.

NEWS FROM KEZAR POND

The Star is informed that L. Edwin Goddu, Esq., well known duck hunter, and his brother, W. Frederick took a trip to Kezar Pond, Me., over the past week-end to check up on the condition of their camps their. They found things far from perfect. A family of rodents had moved into Lou's camp and, aside from messing things up as rodents will, had appropriated Lou's bed, of all places, as a repository for acorns. Over at Ward's there wasn't much wrong excepting that a squirrel had chosen the well as a place to "end it all," necessitating the pumping out and thorough cleansing of the place. All in all the visit was both a memorable and a busy one for the boys.

AIR MEDAL TO ELLIS

A few weeks after being promoted to his present rank, 1st Lt. Emmons S. Ellis, P51 Mustang pilot of 9 Madison avenue had his 22nd birthday made especially memorable by being formally presented with the Air Medal for meritorious achievement in aerial flight against the enemy. The son of Mr. and Mrs. A. Russell Ellis of Winchester, he is a member of the top scoring 31st Fighter Group of the 15th Air Force Mustang Wing in Italy.

An alumnus of Winchester High School and a former student at Harvard prior to entering the AAF, Ellis flew his first combat mission with the 31st last December over Germany. Since then he has taken part in 33 separate assaults against Nazi targets in southern Europe, some as escort to the heavy bombers and others strafing enemy ground targets. The most recent of these were in direct support of the wind-up campaign of the ground forces in Italy.

Credited with the first German fighter destroyed by AAF fighters in the whole European theater, on Aug. 19, 1942, while covering the Dieppe raid, the 31st has since run its aerial victory total to 570 enemy planes, including seven jet propelled ME 262's. Five of the jets were shot down over the German capital, Berlin. Ellis' squadron, the 370th, has accounted for 200 of the 570.

Miss Jane McCarthy and Miss Betty Elliott of this town are vacationing this week with a classate at New Haven, Conn., after completing their junior year at Wellesley College.

The days are slipping by and as yet no steps have been taken to get Manchester Field into condition for next fall's football. With Framingham, Belmont, Reading, Woburn and Watertown playing here next fall some better provisions than those obtaining last fall should be made, for there will surely be much larger crowds to handle, especially for the big Turkey Day classic with Woburn. The field needs to be resurfaced of course, and the Park Board, it is understood, are planning to do something about this. The immediate need would seem to be a suitable enclosure and this can be obtained by moving the fence now surrounding the Shore road field to Manchester Field. It is serving no useful purpose where it is now, and it ought to be in place before the work on the playing surface of the field is commenced. The town is fortunate to have this fence available. It would be impossible to secure one under present conditions. Those charged with Winchester's football destinies and incidentally with providing funds for the entire athletic program at high school are anxiously waiting for the start of the job to put Manchester Field in shape for next fall's campaign.

Announcement in last week's Star of the dissolution of all but a few units of Winchester's Civilian Defense organization served as a reminder to those close to the local picture of the arduous job done by Director Harold S. Fuller. Heading an organization numbering some 2000 people, of all sorts, conditions and temperaments, would in itself have been quite an undertaking, but the difficulties of the job were increased many fold by the fact that the entire organization had to be built from the ground up, in a hurry, and with no background of past experience to serve as a guide for the functioning of the new born. Add to this the necessity for working locally in accordance with directives not especially adaptable to local conditions and bearing the responsibility for securing efficient local action upon orders which seemed foolish to many who were asked to carry them out and you have some little idea of the task which Harold Fuller shouldered during the days when every one was thinking in terms of Civilian Defense. That mistakes were made in the organization and functioning of Winchester's Civilian Defense is admitted. Unfortunate differences of opinion occurred, as they were bound to, between persons all sincerely working for the same end and all sincerely of the opinion that they were right. The wonder of it is that there were not many more. At the showdown some one had to make the final decision and incidentally take the final "rap." That some one was Harold Fuller. The Star believes he did a good job, and further believes this statement is attested by the fact that Winchester's Civilian Defense organization on the whole functioned in a way to reflect credit to the community. Few have any conception of the time and effort which Harold Fuller has given and is giving to the town in heading its Civilian Defense, and his job is not yet finished. He is surely entitled to the deep appreciation of the entire community.

ODOR INCLUDES FISH

To the Editor of the Star:

I do not know whether you will print this note or not, since I do not wish to enter into any controversy with our Board of Health, but I read with much satisfaction in this week's STAR your complaint over the passing of dripping, uncovered swill trucks through our main streets and center. Certainly this practice should be stopped—and soon. And another thing which should receive attention is the beach wagons and light delivery trucks which pass through with a full load of what appears to be and smells like decayed fish. Let us stop this. Your New Deal may condemn us to eating cows tails and bulls lips, but let us make it spare us from living on the smell of offal—and it is!

A LETTER OF APPRECIATION

Monday, May 7, 1945

Dear American Red Cross:

I have a few minutes tonight and want to write a note of thanks and appreciation to you for the sweater that I'm wearing.

Our Red Cross representative, Mr. Taylor, attached to our outfit, issued my sweater and you can understand my amazement when I saw by the label that it came from Winchester, Mass.

You see I am a resident of Cambridge, Mass., and graduated from the Arlington High School, so your sweater really brought back memories and made me homesick. I can't tell you where I am now in the Pacific although my wife guessed right away. The sweater is a life saver about every night when we have to turn out, dress and crawl into a cold damp cave that the Japs had built but vacated.

Contrary to reports from World War I, your sweater fits me fine and neither love nor money could get it away from me.

I want you to know that out here the American Red Cross has done a wonderful job and we all join in giving the American Red Cross a heartfelt "well done" for their fine job here.

Sincerely,
W. H. MacLaughlin, Jr.,
Warrant Officer, USMC.

Mr. Granville Flagg of Wyman court with his sons, Parker and Peter, left today to enjoy a few days fishing at Millsfield, N. H.

RECORD RAMBLINGS

Eddie Heywood, the colored pianist, was a guest a few weeks ago on the Bing Crosby program and performed his famous interpretation of "Begin the Beguine." It was a terrific hit, so Eddie later recorded it on the Decca Personality Series. Have you hear it at SAYBROOK STORES? Did you see the movie "Can't Help Singing?" The best thing about that film was the music, featuring Deanna Durbin. "More and More," "Californ-I-Ay" and the title song with three other tunes are now available in album form . . Enter your little world of make-believe and listen to "Dream," a rhythmic blending of lovely voices as recorded by the Pied Pipers and soon all your cares will vanish . . Hot jazz collectors are wildly acclaiming the new American Jazz Album recently issued by Capitol. A vital part of America, jazz has made a hefty dent in the nation's musical menu. Free flowing improvisations, real jamming, compelling beats mark this collection as a great collectors' item . . At last, the "Drum King", Gene Krupa has recorded a solid disc, entitled, "Leave Us Jump" and "Dark Eyes", featuring a drum solo on each side. This really is in the groove. Ask for it at SAYBROOK STORES . . Another new instrumental platter of keen interest is Artie Shaw's Little Jazz. It has plenty of hot trumpet plus Artie's limpid clarinet. This side is backed by a sophisticated orchestration of September Song . . A new artistic coupling in the record field is that of Bing Crosby and Xavier Cugat on "You Belong to My Heart" and "Baia" . . The jump fans will be wild about Woody Herman's latest instrumental disc of "Apple Honey" as recorded by his band, plenty swingy, it's a good dance number. Charming Jeanette MacDonald has recorded an enchanting album called "Smilin' Through" from the movie of the same title . Such popular songs as "Smilin' Through", "The Kerry Dance", "Land of Hope and Glory" and "A Little Love, A Little Kiss" are included in the set. . . . You will rate the new star-studded album of Morton Gould as a No. 1 collection of famous tunes. Who can forget the swirling strains of "Dancing in the Dark" or the haunting rhythm of "Temptation." Like old friends "Besame Mucho" and "I've Got You Under My Skin" will charm you in this new release available at SAYBROOK STORES . . Two albums of the sparkling and spontaneous melodies of Victor Herbert are recorded by Nathaniel Shilkret and such artists as Thomas L. Thomas, Jan Peerce and Anne Jamison. Each set contains about 30 songs fom Herbert's successful operettas and is a great memorial to this musical genius . . The latest Columbia Masterworks Series is the Symphonie Espagnol by Lalo as recorded by the celebrated violinist, Nathan Milstein and the Philadelphia Symphony Orchestra, conducted by Eugene Ormandy. As a 19th century French composer, Lalo met with little success during his lifetime in the creative field of music. This symphony is in five movements employing the Spanish idiom and is extremely rhythmic and harmonious. This should become familiar to every serious music lover . . The outstanding concerto of the concert season this year is the Brahms' Second Piano Concerto in B Flat. Horowitz and Toscanini have produced a flawless performance of this on Victor and we suggest that you hear it at SAYBROOK STORES.

Mrs. Edmund C. Sanderson and Miss Polly Kimball are on the sick list. They both have the mumps.

LET'S MAKE THIS JUST A SCRAP OF PAPER!

A Jap war bond still buys things—Zeros, bombs, grenades—things for the killing of American soldiers and sailors. It keeps seventy million buck-toothed sons of heaven going—fit to bomb our hospital ships or to butcher helpless American prisoners.

That's what a Jap war bond does.

It ought to make you hot under the collar—mad enough to dig very, very deep into your pocket to buy American Seventh War Loan Bonds.

This way—and this way only—can we hasten Victory in the East. It's *your* job and the most important job you'll ever have.

Also included in the Lesson-Sermon will be the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy. "To divest thought of false trusts and material evidences in order that the spiritual facts of being may appear, this is the great attainment by means of which we shall sweep away the false and give place to the true. Thus we may establish in truth the temple, or body, whose builder and maker is God" (p. 425).

NEWTON HOSPITAL ADDS WELLESLEY TO NAME

Incorporators of Newton Hospital have changed the name of the institution to Newton-Wellesley Hospital, Clifford H. aWiker, president of the corporation, announced last night. The action, he said, recognized that it is a community hospital, primarily serving Newton and Wellesley residents, and that Wellesley has shared with Newton the cost of operating the hospital for many years.

For "G. I. HOME LOANS"

TAKE THESE 3 STEPS

1 Choose an available home property that truly appeals to you—one that suits both your practical needs and your income.

2 Talk it over with the treasurer of your Co-operative Bank. He *knows* local real estate values.

3 File your "G.I." application with him. He'll forward it to the U. S. Veterans' Administration.

Co-operative Banks—the choice of a majority of Massachusetts home owners—are the logical choice of ex-Servicemen desiring wise counsel and friendly help.

RED CROSS BLOOD DONOR MEETING

A novel and most interesting meeting of the Blood Donor committee as host to those blood donors of Winchester who have given a gallon or more of their blood was held at the Winchester Country Club on May 15 at 7:45 p. m.

At this time the "Gallon Club" was organized, as members to which all those who have donated a gallon or more of their blood are eligible. Miss Anastasia Kirby, assistant director of the Boston Center, as guest speaker, outlined the program of the Boston Center for obtaining its quota to assure the continued flow of blood plasma and whole blood to the Pacific area.

An interesting Navy picture of activity in the Pacific was presented by the U. S. Navy.

Miss Jean Burtnett and Roy Monson furnished the music for the social hour previous to the meeting.

The members of the gallon club will join with the Blood Donor Committee in helping to recruit additional donors for the Boston Center.

More than even blood donors are needed to help bring back to health those wounded in battle.

The Winchester members of the Gallon Club already registered through the Winchester Red Cross Chapter are as follows:

Vincent C. Ambrose, Eva W. Anderson, N. Frederick Anderson, Gerald Barrett, Ralph H. Bonnell, Anna Colgate, John Converse, Stevenson Corey, William H. Daley, Jr., Ione Dana, Henry A. Dellicker, James F. Denton, Frances A. Dogherty, Benjamin Dorman, Earl Doub, Sylvia Elliott, Vincent Farnsworth, Jr., Winnifred M. Fay, John F. Fitzgerald, Reginald Gay, Marguerite Hanlon, Evelyn Howard, Clara W. Huckins, Albert K. Huckins, Vesta R. Keeney, Martha W. Kelley, Frances Lamb, Leon E. Leavitt, Elsie M. Lyons, Joseph Lynch, Emily Marks, Beatrice I. Moffette, Claire E. Mullen, Katharine McGowan, Mary E. O'Doherty, Frederick L. Oliver, Joseph Peel, Herbert P. Preble, Helen E. Ramsdell, Madeline Sawyer, Ruth C. Smith, R. H. B. Smith, Chandler W. Symmes, Austin Tracy, Jeanette S. Thompson, Viola E. Thompson, Walcott B. Thompson, Marguerite H. Troop, Eleanor Walker, Madeline Zimmerman.

Many of the above members have given more than one gallon and some have given two gallons. The Winchester Red Cross Committee urgently appeals to all additional gallon donors to register with the Winchester Red Cross Chapter and join in recruiting more donors.

SECOND CHURCH TO HOLD DRIVE

Sunday, May 27, is to be a red letter day in the history of the Second Congregational Church. Starting on that day, solicitors from the church will call on all its members and friends in an effort to raise a fund of $800 to be used for the salary of a permanent pastor for the period from September through December, 1945. The church has been without a resident minister for several years, but this year the feeling has been overwhelmingly in favor of making a new start with a real spiritual leader. Since this year's budget is not large enough to bear the expense, this special canvass has been developed. It will be under the direction of the Prudential Committee, of which John O. Robinson is chairman. The increased budget for 1945 will be raised through the regular Every Member Canvass to be held later in the year.

Friends of the church and residents of the community will watch this drive with interest, as the Highlands section should be favorably affected by an upswing in the spiritual life of the church.

GUILD OF THE INFANT SAVIOUR

Last Sunday morning the members of the Guild and their daughters, received Holy Communion at St. Mary's Church at the 8 o'clock Mass.

After Mass they were served a delicious breakfast at Lyceum Hall. They had as their guest speaker, Rev. Fr. Myles McCarthy, who gave a most interesting and timely talk on the problems confronting our present generation. The junior members of the Guild had a special table at the breakfast. The tables were beautiful, with arrangements of spring flowers in shades of purple and yellow.

Mrs. Michael Hintlian, president, was seated at the head table with the guest of honor, Rev. Fr. Myles McCarthy, our Pastor, Rev. Fr. John P. O'Riordan and all our past presidents, Mrs. Virgil Ghirardini, Mrs. James Carr and Mrs. James Gaffney.

BRITISH WAR RELIEF

The Winchester Unit of British War Relief will not meet for sewing, Wednesday, May 30, Memorial Day, but the following Wednesday, June 6, the group will sew as usual in the Epiphany parish hall.

The Unit is proud of the salvage its record-making knitter, Mrs. Minnie Fletcher, has just made from a scarf that moths had nipped here and there. Ravelling it, she made four pair of mittens and a beanie with a jaunty little decoration of fringe on top. Thrift is the Unit's watchword.

George Gould, who resides with his aunt, Miss Lillian Gould of 28 Lakeview road, was recently graduated from Phillips Academy, Andover. During his enrollment, George was a member of the Philo Club, the varsity debating team, the camera club and the rifle club. He was a popular player on this year's football team. George plans to enter Yale in the fall.

WINCHESTER MOTHERS' ASSOCIATION

The annual meeting of the Winchester Mothers' Association was held on Tuesday, May 22, in the attractive garden of Mrs. Henry A. Dellicker.

Reports of the different school activities for the year were given, followed by several very interesting speakers. The set-up of a Parent-Teacher Association was explained, and this was found to be almost exactly parallel with the Winchester Mothers' Association, the only difference being that a Parent-Teachers Association is in contact with the state organization. A delegate attends the state conference and part of the dues go to the state.

The following officers were elected for the coming year:

Pres., Mrs. James H. Coon, Mystic School
1st Vice Pres., Mrs. George L. Chatfield, Washington School
2nd Vice Pres., Mrs. Kern E. Folkers, Lincoln School
Sec., Mrs. Mortimer L. Downey, Wyman School
Treas., Mrs. Joseph Mullen, Noonan School
Member at Large: Mrs Frank C. D'Elseaux, Wyman School
Publicity: Mrs. George E. Trant, Mystic School
Social: Mrs. R. Foster Cleaves, Washington School
Nominating: Mrs. Lyman B. Smith, Lincoln School

MT. HOLYOKE COLLEGE CLUB

The Winchester Mt. Holyoke Club met at the home of Mrs. Hazen Ayer on Oxford street Monday, May 21.

Mrs. Martin Swanson reported on the scholarship fund and announced that Barbara Smith and Janet Johnson will be the recipients this year.

Mrs. S. Frederick Calhoun and Mrs. Gerald Barrett reported as chairman and treasurer of the 1944-45 book talks given for the scholarship fund.

Plans for next year's book talks are well under way. Mrs. Howard Morrison is the new chairman assisted by Mrs. S. Frederick Calhoun; Mrs. John H. Clarke, treasurer; and Mrs. Winslow Smith, publicity. Alice Dixon Bond has been secured for the first Tuesday of the months of October, November, December, March, April and May.

The Mt. Holyoke Club plans to entertain Mrs. Bond at a tea in her honor at the home of Mrs. S. Frederick Calhoun on Wednesday, June 6.

Plans were also made for a picnic for members of the Mt. Holyoke Club and their husbands to be held at the home of Mr. and Mrs. Martin Swanson on June 13.

Mrs. Harold Smith, president of the club, announced the new officers for the coming year: Mrs. S. Frederick Calhoun, president; Mrs. Sears Walker, secretary and treasurer.

When the meeting was adjourned, tea was served and Mrs. Calhoun poured.

Miss Janet Hayward, daughter of Mr. and Mrs. Ray V. Hayward of Eaton court was graduated Monday, May 21, from the Bouve-Boston School of Physical Education at exercises held at the school, 105 South Huntington avenue, Boston. Completing the four year course, she will receive her B. S. Ed. degree from Tufts College, with which Bouve Boston is affiliated, on June 7.

SECOND BREAK AT DOWNS

A second break occurred at the Downs estate on Arlington street Monday afternoon, access being gained by forcing another window on the same side of the house as that opened for the first entrance. Apparently some odd articles were taken, Sgt. Thomas F. Cassidy recovering a cane and a small clock where the intruders had dropped them after leaving the house. Some small statues in the grounds around the place were also tipped over. The care-takers at the house were in the chauffeur's quarters outside the house when the break occurred.

Mr. Henry A. Goddard of Wolcott road, with his son, Richard P. Goddard, is leaving tomorrow to spend the summer at Manomet Bluffs, Manomet.

SONS OF ITALY LODGE NEWS

On Thursday evening, May 17, about 30 members were assembled at our lodge quarters to welcome Capt. Maietta, who had just returned from overseas, for a well-earned furlough. Another member of our lodge Lt. John A. Volpe was also present. We sat around and talked about many things, everyone taking part in the conversation. Doc's impressions of the various people he had met and talked to were very interesting and left varied impressions on his listeners. Tony DeLuca, Pete Fiore and Dom Guarino, all veterans of World War II, were also present. All in all, it was an evening well spent and we are looking forward to many more like it.

On Wednesday afternoon at 4:30 p. m. Capt. Maietta spoke over Station WEEI. Being an Army doctor, he spoke on the value of blood plasma, and why we must be blood donors. We can't go to the blood donor center often enough to fill the demands for plasma, according to many pleas by Army surgeons.

Lt. Joe Russo and Sgts. Barney Vespucci, Tom Gigliotti, Joe Ficociello are all home on furloughs. In civilian life they were inseperable and this is the first time that the four have been home together. It goes without saying that the town is being ripped wide open by the big four.

Tech. Sgt. Gigliotti and S-Sgt. Ficociello are both in the 15th Air Force. They were stationed in Italy and are home on 30 day furlough after which they will report to Atlantic City for re-processing. They did not meet until they were getting on the boat in Naples. The trip across was enjoyed by both, especially Ficci who volunteered to do KP, thereby spending most of his time where the food was.

I received a letter from a neighbor of mine, which was interesting. He is Pfc. Charles Pietrantonio. Charlie Pete as he is more familiarly known is in the 3rd Army. He told of his experiences and boy, I'm telling you, that 3rd had something on the ball. He was reported as missing in action and several weeks later his family received word that he had been found and had rejoined his outfit. He's another soldier who will have some interesting things to tell when this mess is over.

Here's an incident that I heard about that is worth repeating. Some of you boys who are in the service have experienced the same thing so you can appreciate it. It shows what our America is made of.

One night, six girls were walking along one of Boston's shopping district streets, window shopping, when they saw this sailor walking along slowly and glancing in the store windows, just idling away the time. One glance at him and they saw that he was just a boy of 17 or 18 who was on leave in a strange city, after having just completed boot training. Six hearts went out to him and as if by a pre-arranged signal they all dived for him and carried him off. They told him that for the rest of that night he was their guest. He was so surprised that he was unable to protest, as if it would have done any good.

First they took him to a fine restaurant and gave him a meal that he will never forget. Then they took him to one of the girls' house where they had a swell time, dancing, singing and eating some more. The sailor would be caught pinching himself and saying "I can't believe it, I must be dreaming!" With tears in his eyes he bid the girls good night, saying that he would gladly give his life to protect girls like these. I only wish I could put down on paper what was in that young sailor's mind. Boy this sure is one swell country.

DANCING SCHOOL ASSEMBLY

On May 4 Mr. Russell Curry of Arlington concluded another of his successful dancing courses. The class receiving its final instruction was composed of 7th graders from the Junior High School.

As might have been expected this session was in the nature of a party and ice cream, frolics and favors predominated. Spring flowers and a blinking light house decorated the stage.

Mrs. Harvey L. Macauley and Mrs. Donald W. True were patronesses.

This year's class has been well attended. A number of parents have been seen in the balcony at all meetings thus justifying the committee's belief that Mr. Curry's instructions have been favorably received.

The members of the committee are Mrs. Robert S. Baylies, Mrs. Charles H. Burnham, Mrs. Theodore Chilcott, Mrs. Ernest Dale, Mrs. Morris Freeman, Mrs. Raymond H. Holdsworth, Mrs. James M. WINCHESTER OBSERVED MEMORIAL DAY

Lowering skies that threatened the early morning activities gave way later in the forenoon to bright sunshine, aiding materially in Winchester's observance of Memorial Day on Wednesday. A stiff wind kept the marchers cool and comfortable but made the work of the color-bearers doubly difficult. The Memorial Day program was carried out by Winchester Post, 97, American Legion, Senior Vice Commander Ove E. Mortenson heading the committee in charge of arrangements. Post Commander Charles B. Watson headed the parades to Calvary and Wildwood Cemeteries.

For the Legionnaires the Memorial Day program opened last week Thursday evening when the annual pre-Memorial Day banquet was held with a large attendance in K. of C. Hall. Navy Chaplain Ralph E. Tupper of the Harvard Naval Unit was the speaker and his address one of the most interesting and entertaining the Legion has listened to for some time. Comdr. Charles B. Watson presided at the short business meeting and introduced the speaker who was enthusiastically received.

Last Sunday morning the annual Memorial Day service was held, this year at the First Congregational Church. Commander Watson led a detachment of 50 Legionnaires to the service, the veterans being accompanied by their Colors and color guards. The pastor, Rev. Howard J. Chidley, preached a special Memorial Day sermon upon the "Salvage of War", pointing out the benefits which may come from the horrors of the struggle despite the pain and anxieties all have had to bear. The Church Choir under the direction of Organist J. Albert Wilson presented an appropriate musical program.

As usual on the day before Memorial Day uniformed Legionnaires visited the schools of the town and addressed the school children upon the significance of the occasion. Commander Watson spoke at the high school. During Tuesday afternoon and evening decorating details visited the graves in Wildwood and Calvary Cemeteries, Senior Vice Commander Ove Mortenson heading the Wildwood detail and Martin Foley that in Calvary.

The parade to Calvary left the Legion Headquarters at 9 o'clock Wednesday, stopping enroute to decorate the memorial boulder at Augustus M. Leonard Field, named for a veteran of World War I. At the cemetery, exercises were held at the War Memorial, the speaker being Rev. Fr. James F. Fitzsimons, pastor of the Immaculate Conception Church. Echo taps were blown from the corners of the cemetery.

After a short rest the parade formed for Wildwood, pausing at the War Memorial statue on the high school lot. Commander Watson placed a wreath at the base of the statue the ranks came to attention and once again the mournfully sweet notes of taps rang out as civilian heads were bared.

The roster for the parade to Wildwood was the larger of the two, most of the Girl Scout units and some of the Boy Scouts remaining out of the first line of march. It included:
Motorcycle Officer Irving Reardon
Police Escort, Lt. E. W. O'Connell, commanding
Auxiliary Police, Chief Robert Johnson, commanding
Comdr. Charles B. Watson, Marshall and Post Adjt. John O'Connell
Jor Frank Conrad
First Corps Cadets Band, Drum Major, Frank Conrad
Detachment, Aberjona Post, V. F. W., with Colors and Color Guard, Comdr. Ralph DelGrosso commanding
Colors and Color Guard Winchester Post, A. L.

FORBES H. NORRIS
Winchester's New School Superintendent

Mr. Forbes H. Norris, unanimous choice of the School Committee to succeed Mr. James J. Quinn as superintendent of schools, was selected after four months of investigation and interviewing candidates. For the past 12 years assistant superintendent of the Richmond, Va., schools, Mr. Norris is 48 years old, is married and has a son and daughter attending high school.

A native of Pendleton, Indiana, birthplace of Wendell Willkie, Mr. Norris graduated from Pendleton High School in 1915. He successfully passed the State teachers' examination and taught a rural school in Indiana until 1918 when he entered Manchester College, from which he was graduated with the degree of A. B. in 1922. He attended summer school at University of Chicago in 1924 and at University of Illinois in 1925, coming to Harvard in 1925 and receiving his Master of Education degree from Harvard in 1926. He continued to study at Harvard and University of Illinois and March 1, 1945, completed work entitling him to the Ph.D. degree from Harvard. He compiled excellent scholastic grades throughout his undergraduate and graduate careers, and added to his studies in this country a summer of travel and study in Europe in 1937.

After teaching full and part time in rural grade schools from 1915 to 1919, Mr. Norris became a teaching principal in a small high school in Madison County, Indiana, from 1922 to 1925. In 1926 he went to Richmond, Va., as supervising principal of the Robert E. Lee elementary school of some 1500 pupils. After seven years in this position he was appointed assistant superintendent of the Richmond school system in 1933 and during succeeding years of service in this capacity has supervised elementary education for five years and the senior and junior high school educational program for seven years, in the order named.

Mr. Norris is a member of Phi Delta Kappa honorary society and has held important posts in several national educational societies. He is a past resident of the Richmond Rotary Club, has been active in the Community Chest, Red Cross, and Tuberculosis Association drives in Richmond, and since his college days has been deeply interested in YMCA and boys club work.

Having a pleasing personality and a keen sense of humor, Mr. Norris is regarded in Richmond as a fine public speaker. He has been exceptionally popular with his teachers, the students in the schools and the general community in Richmond, and the School Committee feels with his sound educational background and rich experience at all school levels he is eminently qualified to fill the challenging position of superintendent of schools here.

Any one who listened to the Winchester Day broadcast Life to the Front over WEEI on Wednesday, the 23rd, must have been deeply impressed with the importance played by whole blood and plasma in the war across the Atlantic.

Now that the struggle has shifted to the Pacific the casualties are bound to continue, perhaps to a greater degree, and the need for blood may be greater than ever, so let us all listen to the promptings of conscience and continue to do our part toward restoring peace to a war shattered world.

SHEPARD POND

Shepard Pond of 2 Salisbury street, member of a family long prominent in the civic and social life of Winchester, died suddenly Monday evening, May 28, at the Winchester Hospital. He entered the hospital the night previous but had not been in the best of health for several weeks.

Mr. Pond was the son of Handel, and Amelia (Herrick) Pond. His mother's father, Moses A. Herrick, a member of the original Water Board that laid out the North Reservoir and gave to Winchester its successful water supply system, came to Winchester in the late '60's. Handel Pond took up residence in town at about the same time.

Mr. Pond was born in Winchester Feb. 18, 1889, in the house now standing at the corner of Main and Prospect streets and occupied by Mr. William E. Spaulding. He attended the Winchester schools and Winchester High School, playing first base on one of the best baseball teams in the history of the school in 1904.

Concluding his college preparatory work at Milton Academy, Mr. Pond entered Harvard with the class of 1910. He was graduated with the degree of B. A. in three years and from 1909 until 1923 was associated with the banking house of Hayden, Stone and Company in Boston. Since that time he had been with his brother, Clarence H., in the Ivers and Pond Piano Company, of which he was treasurer, and with the Poole Piano Company, serving the latter firm as president and secretary.

During World War I he attended the second Plattsburg Camp and served as a captain in the United States Army from November 1917, to December 1918, acting for some time as aide and interpreter for French Generals in this country.

For many years Mr. Pond was deeply interested in the study of numismatics. He had written much upon this subject and was a specialist in, and authority on coins and medals of the French Revolution and Napoleon, being considered by many experts the highest authority in this particular field.

He was a member of the Massachusetts Historical Society, serving as the society's curator of coins. He was also a member, and formerly for many years president, of the Boston Numismatic Society, as well as a member of the council of the American Numismatic Society in New York. He was also a member of the board of governors of the American Numismatic Association, a fellow of the Royal Numismatic Society, London; member of the Societe Francaise de Numismatique, France; Societe Royale de Numismatique de Belgique and corresponding secretary for the Numismatic Society of Australia. His clubs were the Odd Volumes Club of Boston and the Harvard Clubs of Boston and New York City.

Mr. Pond spent all of his life in Winchester, excepting for four years prior to 1940 when he lived in Brookline. His brothers, Clarence H. Pond of Boston and Dana Pond of New York City, internationally known artist, still maintain the family home at 102 Cambridge street and spend a part of their time each year there. How she was burned is not definitely known. She told the Police who took her to the hospital that she was playing with her cat in the kitchen and had lighted the gas stove. Whether she got too near a burner or there had been a leak from which a jet flamed suddenly, she could not say but she first noticed the sleeves of her dress afire, the flames spreading to the bodice of her dress.

Neighbors went to her assistance and Dr. Milton J. Quinn was called to attend her before she was taken to the hospital.

FIRE IN LORING AVENUE HOME

The interior of the home of Mr. Gaspare Russo at 76 Loring Avenue was quite badly damaged by fire last Sunday afternoon. The family was away at the time and neighbors noticed heavy smoke pouring from the house, notifying the Central Fire Station by phone. Box 47 was put on at the station.

The firemen found a hot fire in progress when they arrived and a two hour fight was necessary to put out the flames. The fire started in a closet in the kitchen which extended upward to the second floor. The kitchen was burned out and there was fire damage on the second floor as well as damage done by smoke and heat.

An electric iron which pulled out from the closet and which was apparently pushed back into its place with the current on, is believed to have been responsible for the fire.

George K. Huckins, son of Mr. and Mrs. Albert K. Huckins of 246 Highland avenue, is enrolled for the summer term at Syracuse University.

SWANSONS WIN SECOND STRAIGHT

Bob and Roger Swanson led the Winchester Boat Club Snipe Fleet for the second consecutive Sunday, but this time did it with the greatest of ease, crossing the finish line a full three minutes ahead of the second boat, Youani with John Powers at the helm.

True, the Swansons came from behind again, but once they took over the lead at the beginning of the second lap, they kept By-George boiling along, ever increasing their margin of victory.

The real thrills of the morning were provided by Bart Sullivan and young Dickie Simonds who put on a sensational battle for third place. For three full laps, the third place position kept changing hands with never more than a boat length between the boats. Dickie finally beat Bart by a half a boat length with Bart overhauling him at a terrific rate as they crossed the finish line.

Dave Merrow was this week's champ of the fleet flounderers, beating out Connie Dana and Holbrook Bugbee by an ample margin.

Club Chatter

Sweepstake Night at the Club last Saturday was a tremendous success making it two hits, no errors so far this season for the Club's energetic entertainment committee. The movies provided by Harry Damon were interesting and entertaining; Mrs. Lillian Burr and her refreshment committee turned out some very tasty tidbits, and Bob Dalzell, who organized and ran the races, did a swell job. Practically everyone present went home heavily ladened with prizes, lots happier than any group going away from "Gansett" . . It's the custom after winning a shell race to toss the coxswain in the water. Looks like the Swanson boys have adopted a variation of this idea. As soon as they had crossed the finish line, Roger took over the controls and in a twinkling Bob and the boat went over. . Speaking of going overboard a big dog fell in off the end of the dock and try as he might couldn't get back on the dock. Two heroic members of the club rushed down to the dock and pulled him out. His reward for their lifesaving was a quick shake and a generous soaking . . Dickie Simonds was sailing his first Snipe race and got a third, which must be some sort of record. Of course, he had Fleet Champion Don Simonds, his dad as crew and we suspect pop gave him a little advice, but, after all isn't that what fathers are for? . . Jack Albree did a nice job of judging the Snipe Race Sunday.

SONS OF ITALY LODGE NEWS

We received a letter from Pfc. Francis Muraco. He is feeling fine and hopes that all the brothers are well. Butta writes that he hasn't had any luck in meeting anyone he knows. At the time of his writing the letter the war wasn't over and he told how he and his outfit had the Germans on the run and that things looked pretty good.

We also received a letter from Pfc. Jumbo Marrone. He is somewhere in Austria with a tank outfit. He is taking his toll of damage on enemy property. When Jumbo has no time for baseball you can readily see that he is kept busy. He still wants to hear from Deadhorse, but I guess Deadhorse still hasn't learned to write. As usual, Jumbo is a typical G. I., because he has a gripe or two. As every other soldier, Jumbo is looking forward to coming home as soon as possible.

The great Willie is home for a 30 day furlough from the South Pacific. Willie was wounded in Iwo Jima and is home recuperating. Willie is full of stories about some of his experiences. Knowing him the way I do I can see where he gets his story telling ability. It's too bad that I can't relate some of his experiences, but that is something that can be told when this war is over.

On Monday, May 28, five bowlers from our lodge went up to the Towanda Club alleys in Woburn and bowled the Towanda Club bowlers. The Winchester boys lost by one pin in a hard fought match. I have never seen a match where every man on the two teams bowled 100 or more string at least once. Tony Jacobellis of the Winchester team led his team mates with a 308 and Don Boutwell of the Woburn group led his team mates with a 310.

The summary:

Another member of our lodge has gone and done it. S-Sgt. Joe Ficocielo got married on Sunday, May 27. Antonette Corsette of North Woburn led him to the slaughter. Pardon me, I meant alter. Tech. Sgt. Dom Kulch of Newton and S-Sgt. "Skippy" Rathborn of New York City, radioman-gunner and waist gunner, both members of "Elmers" Bomber crew were present at the execution. Also present was T-Sgt. Tom Gigliotte also of the 15th Air Force. All of them are home on 30 day furloughs.

RUTH MURRAY TENNIS WINNER

Ruthie Murray, Winchester High School freshman and number one on the high school girls' tennis team won the girls' singles title in the 23rd annual boys' and girls' tennis tournament last Saturday, under the direction of Mrs. Hazel Wightman, on the clay courts at Longwood. Ruthie won in the final round from Clarissa Nash of Milton and her victory was a sweet one for the Winchester girl had been runner-up for the past three years and was playing in her last tournament due to the age limit.

Ruthie also won in mixed doubles paired with George Harris of Quincy and in this bracket the Winchester girl had once previously been runner-up. Ruthie and Harris won their way into the mixed doubles final at the expense of a Winchester team, Ann Albree and Sheldon Caldwell beating them, 6-4. Their final round victory was at the expense of Priscilla Dunphy and Roger Swanson, whom they beat at love.

Winchester did well at Longwood with Sheldon Caldwell and Roger Swanson getting in the semi-finals of boys' singles and Ann Albree getting into the girls' semi-finals.

Ruth Murray is the third Winchester girl to have won both singles and mixed doubles in the same Longwood tourney, Shirlee White and Jean Drake having previously accomplished this feat.

WINCHESTER SCORED AT STATE MEET

Tom Kirwan's three points in the half mile were Winchester's only score in the State track and field meet at Dickinson Stadium, Newton last Saturday afternoon, though several other local boys made good showings, considering their lack of experience.

Kirwan finished second, behind James Downey of Cambridge Latin in the fastest half mile heat of the afternoon in any class, three seconds faster in fact than Clinton of Rindge Tech turned in to win the class A crown. Tom finished not more than three yards behind Downey, being clocked in the nice time of 2m 05.5s. The Winchester boy went all out and couldn't match Downey's closing sprint which was terrific.

Downey is the State indoor 1000 year champion and a much better judge of pace than Kirwan, especially on a quarter mile track, the Winchester runner having to do his work on a moguel track with laps at an odd distance.

Kirwan ran beautifully and off the last turn had nearly 25 yards on Downey, who however was running well within himself On the home stretch the Cambridge runner opened up with a spirit that swept him past the tired Kirwan to victory in one of the best races of the afternoon

In the 220 yard dash Art Tutein ran his best race of the year, finishing second in his heat to Don Ryan of Belmont in 25.2s, but his time wasn't quite good enough to place. "Tikky" Read ran a 55.6s quarter to place third in the opening heat of this event, his best running of the season This time also was not good enough for a place at the final. Braithwaite of Cambridge Latin turning in a 52.6s Johnny West placed just outside the shotput money with a heave of better than 38 ft.

STONEHAM 3—WINCHESTER 1

After beating Belmont, Woburn and Concord on successive days, Winchester High lost a heart-breaker to Stoneham last Friday afternoon, 3-1 the defeat all but eliminating the locals from Middlesex League championship possibilities.

"Chucker" Roche had toyed with Concord the day previous, winning 7-1, and Guy Washburn, local ace, was on the rubber against Stoneham Washburn was effective in every inning but the 6th, and good support in that frame could have gotten him by.

In Winchester's 5th Washburn tripled and had to run hard to make third. O'Rourke rolled out at once and Guy had to take the mound pretty well blown. He walked the first man, but erased him at second on Wright's attempted sacrifice. Wright went right down and when Wilson threw high over second, kept on for third. Haggerty in turn threw into the crowd past third and Wright was in with the tieing run. Tibaudo threw out Gelineau, but Winton singled past short and Washburn, still far from his best form, passed Dill and Corkum. With three on and two out Livingstone lofted one to short right Roche foafed on the ball and finally muffed it, letting Winton and Dill tally. MacDonald skied to Roche to end it. The locals couldn't do anything with Winton in their last three chances.

Winchester's one run was scored in the second on Roche's well hit triple followed by Sammy Bellino's single. The locals were without Walsh, regular catcher, on disciplinary probation he having been the third player of the week to miss games, Roche being out against Woburn and Wilson against Concord, both for infractions of school rules. WINCHESTER 10—READING 8

Winchester slugged its way into a top tie in the Middlesex League Tuesday afternoon, beating Reading at Reading, 10-8. The locals had an 8-7 lead going into the 8th, but in that frame Washburn's infield hit, three fielders' choices, a wild throw and Cogan's second hit of the game racked up two more tallies.

Reading added one in the 9th on a pass to Neagle and hits by Fisher and Bloom. Bellino erased another run on a nice throw home to nip Fisher. Cogan hit a two run homer for Winchester and Walsh, a triple. The score:

Innings	1	2	3	4	5	6	7	8	9

Last Friday two boys broke a window in the real estate office of Murray & Gillett on Thompson Street. They got away at the time but later Motorcycle Officer Irving Reardon located one of the pair. The boy admitted breaking the window, but refused to name his companion. His mother agreed to make good the damage.

McLAUGHLIN AND PRIDHAM

Royal "Paper Trade" Teele, president of the Palmer Beach Horseshoe Association and perennial champion of Wells River, went home to some pretty sour soup after last week-end's regular matches. Royal tried hard and had on his fishing cap with the long long vizor, but he couldn't win. In fact he didn't win once during the entire session.

To be sure he was again without his "goggles" having lost them this time, and the absence of his cheaters hurt, for the stake became slightly slanted during the matches and this threw Royal off, he believing it to be a sapling and pitching at a small stick, stuck upright in the sand and left there by one of the kids at the beach during play. It wasn't until the matches were nearly over that Royal's partner, Mr. McLaughlin, at the time pointed out to him the mistake he was making. After that the President did much better.

"Wild Willie," the Pride of Stowe and Champion of All Nabnassett, was again champion, sharing his titular honors with Roland "Thin Finger" Pridham. The old "Lake Street Lancers" are always a formidable team, and with the quality of last week's opposition were easily unbeatable.

Mr. Teele and Herbert "Garrulous" Gardner were the first team to go down before the champs, two straight, after which the Secretary and Howard "Foul Line" Wittet, took it on the chin, two in a row.

Mr. Teele and Mr. Gardner then took up the white man's burden again and this time carried the champs to odd games. Mr Wittet and the Secretary fared no better in their second try than in their first.

By this time Fire Fighter Walt Skerry had arrived at the beach, and by a unanimous vote the Champs were kicked out of play. Mr. Teele and Mr. Skerry taking on Mr. Gardner and the Secretary. The latter team was returned the winner, Mr. Gardner being so encouraged by changing partners that he fairly surpassed himself. It might be said that Mr. Skerry did well too, but carrying the President squarely on his back all the way proved rather too big a handicap for one not used to the Teele eccentricities.

In the final match of the session, Mr. McLaughlin and Mr. Teele opposed Mr. Gardner and the Secretary. This was easily the best match of the session, Mr. Teele having discovered the approximate location of the stake and the Secretary and Mr. Gardner sprucing up under the improved competition.

"Willie" and the President took the first game, 25-16, Mr. Teele's joy being a pleasure to see after his long stretch of adversity. The second game was pulled out of the fire by the Gardner-Secretary combination, 25-21, with old "Garrulous" delivering the coup-de-grace.

The final game was a scorcher, Mr. McLaughlin and Mr. Teele, leading 12-5, only to have the Secretary and Mr. Gardner break out in a rash of ringers to run the count to 24-12 in their favor.

This unexpected feat on the part of the supposed victims so enraged Mr. Teele that he threw ringers and even an occasion double-header, his sterling pitching, aided and abetted by Mr. McLaughlin's steadiness, bringing the score to 24-19, despite the fact that "Garrulous" and the Secretary were doing pretty well too.

With the count 24-19 Mr. Teele threw a double-header, his whoops of triumph frightening the gulls hovering over Wedge on the lookout for fish-heads. Admonished seriously by Mr. Gardner, the Secretary took deliberate aim, and covered one of the ringers, his second shoe, while going on and off again, removing one of the Teele hookers, thereby reducing the point total from a winning 6 to a paltry one.

Behind 24-20, Mr. McLaughlin threw a ringer and a close one, Mr. Gardner duplicating his feat, but the odd point going to McLaughlin by a short head. Mr. Teele and the Secretary threw no count ringers, their second shoes being "N. G." Again Mr. McLaughlin got the better of ringers and close ones, the count being 24-22 as Mr. Teele stepped up to pitch.

Royal tried hard, but lost the range, being as you will remember without his "goggles." His beautifully opened shoes skimmed the pin only, while the Secretary rung the iron for the winning point. "Sic trans it gloria mundi!"

L. Edwin Goddu and Mr. "Snapper" Matthews were at the beach, once again solely in the role of spectator sportsmen. As a matter of fact the eminent kyakist seemed so definited displeased with the Secretary over some triviality at one time that Mr. Wittet cheered up appreciably, thinking he might have a chance to get a new partner.

The big six-wheel swill trucks, heaping and uncovered, wafting their fragrance through our main street and center, continue to roll through Winchester (when they get a clear light). All town departments report their utter inability to check the situation, although it is said that steps are being taken to draft a new town by-law which will cover the nuisance. It did not take the Town long to stop the dropping of crushed stone and gravel on the streets. Swill seems to be different. But judged by the heaped-up trucks plenty must be dropped. Although the Wedgemere avenue resident who is reportedly the owner, has no regard for health or sensibilities, it might be possible that the State may have a law or two tucked away somewhere that would stop a public nuisance detrimental to general health. But then, perhaps a lot of people like it—after getting a whiff of some center stores.

AND NOW IT'S RATS

Editor of the Star
Dear Sir:

Several of my neighbors and I myself have been fighting a ruggedly individualistic but losing battle against droves of rats which are systematically laying waste to our flower and vegetable gardens. In spite of our efforts, their numbers and their depredations are increasing. At present, they constitute a serious menace to our victory gardens, but as potential carriers of such diseases as typhus and bubonic plague, they constitute a still greater menace to the health and safety of the town.

Since measures of rat extermination can be effective only when they are applied throughout a large area, it is evident that a truly dangerous situation can be averted only by an energetic anti-rat campaign sponsored by the town and participated in by every rat-afflicted resident.

Very truly yours,
RUTH D. TERZAGHI
(Mrs. Karl Terzaghi)

NOT CASES OF SOAP!

To the Editor of the Star:

Do you know you taxpaying citizens of Winchester, that it has been suggested to pull down the High School building? To replace this building will run into a big bill that we must pay, over a long period to be sure, but pay no less. Are we all sure that a new building will answer our needs best? Are we sure that material equipment is more important than some other reform? Let us return to that question later.

What about our present High School building? Should it be junked for a $100 like the "Highland School?" As one born on the site, the writer thinks such a plan far from wise.

The location, the walls, the main skeleton of the structure, even its appearance are adequate. There are deficiencies of plumbing, lighting, floors, lockers and interior layout in general. But a thorough revamping of these items would only cost a fraction of what a complete new job would cost.

The science departments, the practical arts departments, etc. we hope to see enlarged and enriched. That is one suggestion of the survey and a point desired by many parents. A one-story pent-house, back of the existing parapet would give ideal housing for these departments. Top lighting is perfect for drawing rooms, shops and laboratories. By moving these departments to a new floor, space for new class rooms would be made available on the lower floors. The writer has made surveys of school shops in the past 15 years and has come to the conclusion that a basement is no place for a school shop. Yet that is the most common place to find this activity struggling with poor light and ground dampness. Take another common error in school house equipment, that of window shades. Ordinary roller shades are the worst system that can be installed and are a constant maintenance expense. The writer knows one of the best modern school buildings in Eastern Massachusetts. This building was designed by an architect who had over 200 schools to his credit. This building has half of its classrooms facing south and thewhole south wall practically filled with steel sash. Yet the only way sun-glare can be regulated is by drawing roller shades. Rooms are thus far too dark and hot. Of course slatted blinds would have been one solution. How do such blunders as this happen? Well—in this case, the members of the building committee were all amateurs or figure heads. It is doubtful if any teacher was asked to look over the plans! Here in Winchester some of us have wondered who was guilty of placing the wood-working shop of the Junior High where it is, with windows below street level!

In conclusion and to come back to that fundamental question, "Will the Winchester School System be improved most by new buildings or by some other kind of improvement?" As a school man with long practical experience, the writer suggests that the one step that will do more to better our schools is this—Win the whole-hearted interest and devotion of your teaching staff. Your teachers are far more important than your buildings. The first and hardest problem of our new Superintendent is this welding of his staff into a happy and devoted organization. If he fails in this, he is licked. And you who pay the bills will be sadly disappointed. A school system is just as good as its teaching staff. Splendid buildings alone gain you little. After all, this business of education is dealing with human beings, not pairs of shoes or cases of soap.

SEVENTH WAR LOAN

Thus far Winchester has not covered itself with glory on its Seventh War Loan record. House-to-house solicitation, started the middle of May, is nearly completed. Still, Winchester has pledged only $129,000 in Series "E" Bonds up to and including May 26, or but little more than one-fourth of our quota.

While neither the sale of bonds other than Series E to individuals nor our sum total of all bonds sales are anywhere near up to quota, Maurice Bird, speaking for the Winchester War Finance Committee, believes that we shall be able to meet our quota on these items but is deeply concerned with the present poor showing on the sale of Series E Bonds for which the record by precincts up to May 26 is as follows:

Precinct 1	$17,643.75
Precinct 2	12,487.50
Precinct 3	21,206.25
Precinct 4	34,856.25
Precinct 5	21,337.50
Precinct 6	6,843.75
Not indicated by Precinct	14,943.75
Total	$129,318.75

It is Series E Bond sales which really measure the patriotism of any community since these Bonds are purchasable only by individuals and their sale indicates whether, family by family, Winchester does its duty or plays the part of Alibi Ike.

There is still time for our town to redeem its present poor showing in the Seventh War Loan Drive. If you have not been called upon by a solicitor, go to any local bank or the post office and buy your quota of Series E Bonds. If you have bought and can possibly buy more, please do so at once. Winchester, which has done well in six previous War Loans, has bogged down in the Seventh and needs your help.

THE QUESTIONNAIRE

As Head of the Division of Provision for Revision
Was a man of prompt decision — Morton Quirk.
Ph.D. in Calisthenics, P. D. Q. in Pathogenics
He has just the proper background for the work.

From the pastoral aroma of Aloma, Oklahoma
With a pittance of a salary in hand
His acceptance had been whetted, even aided and abetted
by emolument that netted some ten grand.

So, with energy ecstatic this fanatic left his attic
And hastened on to Washington, D. C.
Where with verve and vim and vigor, he went hunting for the Nigger
In the woodpile of the W. P. B.

After months of patient process Morton's spicular proboscis
Had unearthed a reprehensible hiatus
In reply by Blair and Blair to his thirteenth questionnaire
In connection with their inventory status.

They had written—"Your directive when effective was defective
In its ultimate objective — and what's more
Neolithic hieroglyphic is, to us, much more specific
Than the drivel you keep dumping at our door."

This sacrilege discovered, Morton fainted—but recovered
Sufficiently to write, "We are convinced
That sabotage is camouflaged behind perverted persiflage—
Expect me on the 22nd inst."

But first he sent a checker, then he sent a checker's checker
Still nothing was disclosed as being wrong.
So a checker's cheker's checker came to check the checker's checker
And the process was laborious and long.

Then followed a procession of the follow-up profession
Through the records of the firm of Blair and Blair
From breakfast until supper some new super-follow-upper
Tore his hair because of Morton's questionnaire.

The file is closed, completed, though our Hero, undefeated
Carries on in some Department as before
But Victory is in sight of—not—because of—but in spite of
Doctor Morton's mighty efforts in the war.

MEMORIAL DAY

Legion Detachment, Senior Vice Commander Ove E. Mortenson, commanding

Boy Scout Detachment, Commissioners Harry Moulton and Ollis Weld commanding

Selectmen and Legionnaires in automobiles
Red Cross Wagon, Dorothy H. Donovan driving

At Wildwood the exercises were held at the Soldiers' Monument on the hill, the speaker being Rev. Mr. Chapman. Both he and Fr. Fitzsimons stressed peace in their remarks. The exercises concluded with the blowing of echo taps.

On the return march to the Legion House the marchers were reviewed by the Board of Selectmen and the Commanders of the Legion and Veterans of Foreign Wars, the reviewers standing upon a bunting-draped platform erected in front of the town hall. Many felt this innovation added much to the finale of the parade.

After the march the marchers were served light refreshments at the Legion House, the more exuberant of the youngsters soon being engaged in squirting pop at each other and running about in a manner that indicated scant evidences of fatigue.

Notes

Despite the fact that no military escort could be secured this year there was a sizeable line of march, especially in the second parade. There seemed an especially large group of girl and boy scouts in line and the youngsters looked well. As the head of the line stopped at the Memorial Statue at the corner of Main street and the Parkway the final marchers were just leaving the Legion House.

* * *

Hon. Lewis Parkhurst, Winchester's grand old man and leading citizen, was among those at the statue for the exercises there. His son, Richard, former Post Commander, towered above the Legionnaires in line.

* * *

Quite a few noticed a sturdy little blond kiddie in the crowd at the statue, wearing a regulation little Army windbreaker with the gold leaves of a major on the shoulder straps. He was Bobbie Lowe, whose father, Maj. Robert Lowe, is an artillery officer in the European Theatre. Bobbie's salute was something to see.

* * *

The honor roll and memorials in the center were well decorated this year. In addition to the town wreaths there were wreaths from the Veterans of Foreign Wars and baskets from the Legion and the Winchester War Parents' organization.

* * *

The Legion had a good sized delegation in line, especially for the second parade and most of the marchers were in uniform. The Legionnaires who did not show up for the march to Calvary had to take a bit of a ribbing from their hardier brothers, but all the late arrivals claimed they overslept.

* * *

Legion colors were carried by big Neil McCarthy and George Donaghey, the latter having been a bearer for years. The guards were Clifford Towner and George Johnson. The Post Adjutant, Jack O'Connell, was in Navy uniform, he being a veteran of World War II.

* * *

Quite a few veterans of the present war in that V. F. W. group. One of the color bearers, Espedito Ficocielo, got home from active duty in Europe within the past week and wears the Air Medal with clusters. The other color bearer was Mike Saraco and the guards, Harold Fitzgerald and Robet McKee, two members of the Fie Department. Comdr. Ralph DelGrosso and Senior Vice Commander James Russo were the top officers and all this group have been "out three" in World War II.

* * *

The First Corps Cadets Band, technically the band of the First Motor Squadron, First Corps Cadets, Boston, made a big hit all along the line, playing snappy music and plenty of it. They semed to hit a particularly good tempo for the marching and their music was good to listen to. Warrant Officer Edward F. Sammon commanded under Band Officer Capt. Raymond Fales. Uniformed in khaki, the band made a good showing.

* * *

Those gleaming white suits of the Sea Scouts helped a lot to dress up the parade, and as usual these youngsters made a fine showing. Skipper Lou Goddu insists on rigid discipline and his training shows plainly when his unit is on the street. The boys know their routines and carry them out well. When Lou yells "hep" they "hep", and how! Some of the other units should take a leaf from their book.

* * *

Ted O'Rourke, ol' McNamara Ted, carried the Sea Scout colors and the guards were Charlie Campbell and Johnny Moore. Johnny Rutherford and Dick Brackett were petty officers under the "Skipper."

* * *

This year's parade marked the first appearance on the street of the Mariner Scouts, bright blue clad lassies, who are being drilled by Stanley Howe. Stanley didn't march with them, though!

* * *

Besides Commissioner Roberts the Girl Scout leaders in line were Mrs. Adin Bailey, Mrs. Allan Lindblad, Mrs. Lyman Smith, Mrs. Alfred Nelson, Mrs. Walter Dickson and Miss Natalie Stansfield.

* * *

With Commissioners Moulton and Weld the Boy Scout leaders were John Casler, Adin Bailey, Charles Hart, Rev. Paul Harmon Chapman, Stafford Rogers and Gordon Bird.

* * *

Allan Wilde drove the Selectmen over the route, but they rode in a closed car and couldn't be seen as well as in former years. Too bad!

* * *

Fred Mitchell, old Black Watch Fred, led the refreshment detail at the Legion House, Helping out were Jim Rogers, Jim Treacy, Louis Godell, Ken Colgate, Ken Barnard, Marty Foley and John Kelley.

A CALAMITY!

Many a mouth watered about 4 o'clock in the center yesterday and exclamations of profound regret were generally rife when a quart bottle of what smelled like excellent whiskey rolled from a beach-wagon bound west on Church street in front of the National Bank building. A woman riding in the car also fell to the street from the unexpectedly opened door of the vehicle as it made the curve at Vine street, but aside from the Police, no one seemed especially interested in her. According to reports she got up and was helped into the machine which sped away, well in advance of the arrival of Sgt. Cassidy and Officer Dempsey. The latter retrieved the broken glass but the whiskey was a total loss!

H. S. MUSICAL ORGANIZATIONS IN CONCERT

The Winchester High School musical organizations, Chorus, Boys' and Girls' Glee Clubs, Choral Group and Junior-Senior High School Band, presented a concert program last Friday evening in the school auditorium, under the direction of the supervisor of music, Miss Alma Stoddart. A capacity audience warmly applauded the various groups and so large was the attendance that every seat was taken and a number were turned away.

The program was pleasingly varried and well presented. Miss Stoddart directed the various groups with the single exception of the Sevenfold Amen which closed the final group of the Girls' Glee Club. Miss Martha Jackson directed the singing of this number.

The singing of the Lord's Prayer by Malotte was dedicated to the Winchester High School graduates and students in the service of the Country and was an impressive performance.

The newly organized band, in rehearsal only since the first of the year, did well on the whole and showed promise. Soloists were Barbara Galucia who sang "The Big Brown Bear" by Mana-Zucca, Sam Buzzotta, whose selection was O'Hara's "Give a Man a Horse He Can Ride", and Emily Hanson, pianist, who played "Etude Mignonne" by Schuett and "Jealousy" by Gade.

The combined chorus of 185 members closed the program with the hpmn, "Now the Day Is Over." Accompanists were Emily Hanson and Barbara Elliott. Sam Buzzotta was the boys' director.

The Golden Text, "When the enemy shall come in like a flood, the Spirit of the Lord shall lift up a standard against him" is from Isaiah 59:19. Other Bible citations include, "Truly my soul waiteth upon God: from him cometh my salvation . . . God hath spoken once; twice have I heard this; that power belongeth unto God" (Psalms 62:1, 11).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "The maximum of good is the infinite God and His idea, the Christ. Evil is a hypothetical lie. As named in Christian Science, animal magnetism or hynotism is the specific term for error, or mortal mind. It is the false belief that mind is in matter, and is both evil and good; that evil is as real as good and more powerful. This belief has not one quality of Truth" (p. 105).

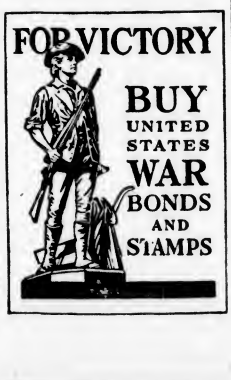
MRS. MINNIE H. FOHLIN

Mrs. Minnie H. Fohlin, widow of Peter L. Fohlin and mother of Mrs. Bessie Foreman of 22 Nelson street, died Thursday afternoon, May 31, shortly after she was admitted to the Winchester Hospital. She had been ill for many months.

Mrs. Fohlin was born Oct. 20, 1863, in Wisby, Sweden. She came to this country as a girl of 17 and was for many years a resident of Dorchester, being a member of the Congregational Church there. Following the death of her husband nine years ago she had lived with her daughter in Winchester.

Besides Mrs. Foreman she leaves a son, Charles Fohlin of Brookline; a daughter, Mrs. Nels Anderson of Milton; a granddaughter, Virginia Foreman of this town and a grandson, Herbert Anderson, serving in the Navy at Great Lakes Naval Training Station.

Arrangements for the funeral had not been completed when the Star went to press.



25TH REUNION W. H. S. CLASS OF 1920

A gala "once in a life-time event" took place at the Winchester Country Club on Friday evning, May 25, when the W. H. S. Class of 1920 held their 25th reunion. The first hour or so was devoted entirely to greeting old classmates and reminiscing over old times.

A delicious lobster dinner was served to the members, the tables being set up in the form of a T. The guests of honor, all former teachers at the head table, were Miss Florence Parker, English; Mrs. Eva Stacy, history and Mr. Arthur Rutters, Math. The gathering was welcomed by the President, Stuart Eldredge, who made a most capable and efficient "master of ceremonies."

The evening program was based on the commencement number of the W. H. S. Recorder for June 1920.

John Sullivan was asked to start off the program by reading his salutary and essay, "The Immigrant of 1620 and the Immigrant of 1920", which he wrote and delivered at the graduation exercises 25 years ago. John's rendition of his essay at this time caused a great deal of laughter as he kept up a line of witty remarks and expressions. In fact he gave Miss Parker all the credit for writing this essay stating he just couldn't have written such an essay himself.

We grew more serious, however, when Eleanor Tilden Jefferson read the Valedictory. This was wonderfully written and again inspired us all as it did 25 years ago. Katherine Pike Shorey wrote the Class Oration, hut as she was unable to be present, the President asked Helen Bowe Robbins, our Vice President to read still another inspiring essay. It made us feel how really talented some of our classmates were along these lines.

Then we turned again to a lighter vein when the Class Prophecy was read. This was written by Carol Dowe Howe and Fred Boyle. The Class Will which was read by Frances Hill Emery, was next and we feel that Frances still lives up to the reputation of her classmates when she was voted the "sweetest girl" in the class statistics back in 1920.

"Facts About Seniors" was then read by Ruth Poland Tansey, which brought back many forgotten memories about ourselves. The President then took turns with Francis Barrett in reading letters from the following classmates, who were unable to attend their 25th reunion: Kitty Pike Shorey, Edna Mitten Gardner, Enid Bennett Billings, Hazel Bowles, Clarissa Barnard Foote, Lt. Col. Robert W. Hart, Jr., A. C., Ronald K. Hatch, Stillman Weston, Althea Fogg Davis, Dr. Alston W. Noyes, Miriam Cobb Schoenherr.

Each member was then asked to give a brief resume of his life since leaving W. H. S. and the facts revealed were most interesting.

Even the teachers made speeches which delighted all of us Althea Fogg Davis, although unable to be present, won the honors for having the largest family, boasting of five children. Second place honors were divided between Ruth Poland Tansey and Lillian Gray Donaghey with four children each. Later in the evening Edward MacDonald projected our graduation pictures from a sterioptican machine, much to the delight of all present.

Most of us agreed that we hadn't changed so very much after all, even though we secretly knew we had put on a little extra weight and perhaps had a few gray hairs. The orchid of the evening went to Mrs. Stacy, we believe, who was the center attraction of a circle of classmates, when a new comer joined the group and started to greet several of them. Coming to Mrs. Stacy she paused in front of her and said she couldn't remember her. When the information was volunteered that it was Mrs. Stacy, her former history teacher, she laughed and remarked, "Oh my gosh! I didn't know you! Why you look much younger today than when you taught me 25 years ago."

Special mention should be made at this time to Ruth Nelson, who made all the place cards for the banquet. These were made out of white card board with an exact miniature of our class pin done in black and gold on the upper left on the card, with the date 1920-1945 underneath and the name on the right. Also to Carol Dowe Howe go our thanks for the very effective table and hall decorations. Each girl found a corsage at her place, which Carol had made herself. Corsages were also given to Miss Parker and Mrs. Stacy. As Miss Eva Palmer was unable to attend the reunion as our guest, a gift box was sent to her from S. S. Pierce with the best wishes of the class of 1920.

We are very proud of three of our members, who were unable to attend our reunion, as they are serving Uncle Sam in this war. Maj. Winslow Jennings, who is stationed at Base Headquarters at Guam; Bernard Cullen, who is with the First Army in Germany and Lt. Col. Robert W. Hart, Jr., A. C., stationed at Dayton, Ohio. We were happy to have Lt. Harrison Chadwick with us as he is stationed in Boston at present.

It is with sincere sympathy that we have heard two of our classmates Doris Bean and Annie O'Connor have passed away since our gradution.

We feel much of the success of this reunion is due the following committee, but special thanks go to Stuart Eldredge, who started the first meeting of the class officers back in February and gave so much of his time to make this a memorable occasion, and also to Frank Valleley who gave untiringly in his efforts to contact and send notices to every member of the class.

The committee: Francis Barrett, chairman; Stuart Eldredge, president; Helen Bowe Robbins, vice president; Frank Valleley, secretary; Lillian Gray Donaghey, treasurer; Carol Dowe Howe, Ruth Nelson and Ruth Poland Tansey.

We regret the following members were unable to make it after sending in their reservations: Mae Shields Noonan, Fred Boyle, Claude Elden, John O'Connor and Prescott Taylor.

The evening passed all too quickly and everybody had such a good time that it was suggested we have another one in five years. This suggestion was immediately acted upon and John Sullivan was elected to take charge, with the help of the following committee: John Pushee, Frank Holland, Stuart Eldredge, Ruth Nelson, and Lillian Gray Donaghey.

We sincerely hope that all the members who were unable to attend this reunion, will look forward to this next one.

A list of the members attending their 25th reunion is as follows:

Guests: Miss Florence Parker, Mrs. Eva Stacy and Mr. Arthur Butters.

Stuart Eldredge, Frank Valleley, Francis Barrett, Helen Bowe Robbins, Lillian Gray Donaghey, Ruth Poland Tansey, Ruth Nelson, Frances Hill Emery, Eleanor Tilden Jefferson, Carol Dow Howe, Alice Chamberlain Lawton, Mary LeDuc, Helen Foley, Alice Hanlon Rehm, Lt. Harrison Chadwick, John Pushee, John Sullivan, Ruth Farnham MacElhiney, Pearl Dearborn Antle, Edward G. MacDonald, Dorothy Davidson Foss, Mary Fitzgerald Bane, Jennie Ralph, Sherwood Kelley, Catherine McMinamin McGrath, Harold Hargrove, Evelyn Toppan Jordan and Margaret Leahy Reardon.

The WINCHESTER STAR

MODERATOR'S OPENING ADDRESS AT MARCH TOWN MEETING

Because many citizens of the town have expressed the desire for a copy of the opening remarks of Moderator Joseph W. Worthen at the March Town Meeting the Star is pleased to publish them herewith:

"Ladies and Gentlemen:

During the last three years the annual Town Meeting has been opened by a brief reference to those of Winchester in the service of their country. So long as we are at war the precedent is one which, I hope you agree, should not be broken. For since last March, although in a sense the war has become more and more remote, with the fighting fronts to the east of us moving further east and those to the west of us moving still further west, yet in a far deeper and more vital sense the war has been coming closer and closer home. More or our boys and men are in the midst of constant hardship and extreme peril; more of them have been wounded; more of them, of the noblest and best of them, will not return. As to them, in our deep sympathy for the families who are bereaved and knowing so well our own irreparable loss, perhaps we can best say, simply, as was said by a great Canadian last summer: 'It is not the years they put into their life, that count; it is the life they put into their years.'

"Yet the losses which we have suffered, and which have bound us ever more closely together in a common gratitude and a common obligation, are not only those in the armed services of the nation. It was said, long ago, that almost every institution is but the lengthened shadow of a man. This democratic institution, the New England Town Meeting, here in Winchester, is the lengthened shadow of many men, whose plans and visions we are carrying always forward and whose purposes we are proud to make our own. Henry Maguire, Charles Main, Jim Russell, Joe Butler, Burton Cay, Harrrison Lyman, Harper Blaisdell, Ted Munroe, Charles Greene,—and so many more! It is they and our warm and grateful memories of each of them that make this meeting so much more than just another annual gathering, and transform it into a milestone in the long progress of a noble tradition, which we are all striving to preserve and to hand on, unimpaired, to our children and to their children after them.

"And so, ladies and gentlemen, it is RESOLVED that we, the representatives of all our citizens, assembled in town meeting, and all those with us here tonight, are mindful of those of Winchester who are separated from us,—whether by space or by time. We know that in our democracy, of which meetings such as this are the very keystone, the worth of what we do and even the very privilege of doing it all are dependent on what they have done and are doing; and there goes out to all of them, wherever they may be, not only from our lips and our minds but from our hearts, a message of deep and everlasting gratitude."

(The resolution was unanimously adopted by rising vote.)

EPIPHANY CHURCH SCHOOL ENDS YEAR

At the closing sessions of the Epiphany Church School, May 20, the superintendent, Mrs. Edward F. Boyd, announced that these members of the third grade had completed the work of the Lower School and in September would go into the Upper School: ernon W. Carrier, Thomas Ordway, David A. Owen, James R. Willing, George Sourman, H. Stanley Mullen, Donald Turpin, Stephen G. Nichols, Ronald C. Vernet, Jack C. Wills, Jr., Lambert O. Nichols, Roxanne E. Jape, Sally L. Parkin, Susanne G. Wadsworth, Barbara Ann Fudge, Jane E. Lynch, Patricia J. Aitker, Patricia L. Page, Marissa A. Richardson, Candace S. Bostwick, Betty Ann Joyce, Jane Chisholm.

The final session of the Upper School was held at 11 o'clock Sunday, May 27, as a part of the regular parish service of Morning Prayer. The superintendent, Mr. Dana Cotton, presented these members of the final class, to receive their diplomas from Rev. Dwight W. Hadley:

With Honor: Georgiana Albree, Ann Gleason, Louise Knight, Virginia Claire Walters.

George Cady, Willis Carrier, 2nd, Louise Knight, Richard Knight, Guy Philip Livingstone, Jr., Joanne Meskell, Roger Osborne, Robert Donald Parker, Harriet Louise Sherman, Priscilla Alden Sherman, Wesley Bradford Swanson, James Troast, Frances E. Votaw.

The following received honorable mention for attendance:

Perfect Attendance: Marilyn Chase

One Absence: Charlotte Farquhar, Russell Herrman.

The address to the class, which took the place of the usual sermon was made by Lt. Harrison Chadwick, USA. He spoke on "What the Church Has Meant to Me." No one could speak from a more complete association with Epiphany than Lt. Chadwick's has been. From the font-roll up through all the grades of study, to teacher and to a term as superintendent he had known the church school; and from the laying of the cornerstone of this present building, which the family history says he attended in his baby-buggy, through all the additions of parish house and tower, he has watched the visible structure of Epiphany grow. Parents, and all friends of youth were glad to have this young officer in uniform stand up and say that the meaning of the Church, had grown for him with the growing meaning of life.

PIANO RECITAL

On Sunday afternoon, May 20, Lillian Alexander presented her junior class, 20 children, ages from 6 to 11 years in a program of 28 numbers.

An audience of friends and relatives were most appreciative.

The class entertained the guests with light refreshments. This is the sixth and last program of the season.

The participants were: Ted Cole, Caroline Linn, Alice Pride, Audrey Elliott, Lois DeCamp, Leslie Wilcox, Ann Albree, Helen Walker, Marjorie Linn, Murile Pride, Patricia Connelly, Ann DeCamp.

MYSTIC MOTHERS' ASSOCIATION

The new board of the Mystic Chapter of the Mothers' Association met the retiring board at the home of the president, Mrs. Albert D. Swazey, on Main street, Monday afternoon.

Fathers' Night, which is to be held on June 5, and will close the activities of the current year, was discussed and it was decided to make this an open meeting and to extend a welcome to all former parents of the Mystic Chapter who wish to attend. Dessert and coffee will be served, and music will be furnished by Mrs. Charles Livingstone, Mrs. Leon Sargent, and Mrs. Robert Drake. Opportunity will be given to meet and chat with teachers and friends before the rooms are thrown open for the parents to see the work of their children. It is hoped that many will attend this reunion night.

The duties of the new board members were explained and plans made for the coming year. These include an evening meeting with our new superintendent and an old fashioned box supper auction with a possible square dance for father's night. Much enthusiasm was expressed by the 30 members present and the social hour which followed was enjoyed by all.

SECOND CONGREGATIONAL CHURCH DRIVE A SUCCESS

On the basis of returns submitted by the various teams at 6 o'clock on Sunday afternoon, May 27, the success of the Special Fund Drive of the Second Congregational Church was assured.

There was a great deal of enthusiasm among the solicitors, as each team's report brought the total nearer and nearer to the goal. The clean-up of the campaign will be carried on this week and the final figures announced after the services next Sunday.

All those who gave so freely of their time and energy, under the leadership of John Robinson, are to be congratulatd, and the generosity of members and friends of the church, which made the result possible, was highly gratifying.

Another person who certainly must be mentioned is Mrs. Earle Baker, who served a delicious buffet luncheon to the solicitors upon their return.

PIANO RECITAL

The pianoforte pupils of Mrs. Mina H. Ralston presented a pleasing recital program Sunday, May 27, at her home, 15 Governor's avenue. Vocal solos by Marie Frotten and Patricia Carroll varied the program which comprised solo and duet arrangements, Mrs. Ralston assisting in several of the four-hand numbers.

BRITISH WAR RELIEF

The Winchester Unit had a table of eight at the Dutch treat luncheon last Friday in Boston.

Those attending were Mrs. George Cooper and her guest, Mrs. Richards, Mrs. Percy Gleason, Mrs. Gerald Y. Hills, Miss Nardin and her guest, Mrs. Horace Myers, Mrs. Bernard Swiedler and Miss May Wilson. Winter and the press of work in every local unit had made the interval since the last of these news-giving luncheons very long, and an atmosphere of reunion marked the large gathering. It was B. W. R.'s V-E Day celebration.

News was the chief element. Mr. Clark Minor reported on his tour of B. W. R. work in Britain, especially of the craft heritage school, which sends each crippled child in its care out into the world equipped with a skill by which he can be a self-supporting, successful person.

The need for such care and training will not end with the war, and friends of this school for handicapped children hope to base it on a permanent endowment. Mr. Minor brought back to America with him one of the candles which are to be lighted when the good news comes that the fund is complete.

Mr. Robert W. Mortimore told of a gift a young woman had just sent to British War Relief in thanksgiving for V-E Day. This will probably go to the Craft Heritage School.

The warmest applause of the luncheon was for news given by Sir Robert Appleby. He told the workers that 5000 cartons of new and used clothing for Britain had just come when London learned how terrible was the need for garments in liberated sections of Holland, into which food and clothing could now be dropped from planes. "We were sure what you in America would want us to do," Sir Robert said. "You would want your gifts to help those whose need was now greater than ours and we sent the clothing straight over to the Netherlands. They know the gifts were from your country. We were only the relaying agents."

This prompt and generous use the applause warmly approved.

LEGION OF MERIT TO MAJOR MARKS

Maj.George A. Marks, USA, Medical Corps, Winchester surgeon whose skilled operating was often highly commended during the 28 months he served overseas in the Southwest Pacific Theatre of Operations, has been awarded the Legion of Merit Medal and Citation from the Headquarters of the U. S. Army Forces in the Far East by command of Gen. Douglas MacArthur.

Major Marks received the award on May 31 at a special review at the Waltham Regional Hospital where he is chief of surgery. He also has the Presidential Unit Citation for the portable surgical hospital which he commanded during the Buna campaign. He went overseas with the 105 General Hospital, one of two Harvard Medical Units and was surgical consultant for advanced bases in New Guinea. His service ribbon has two campaign stars.

Major Marks and his wife, Emily H., make their home at 85 Bacon street. They have three children, George A., Jr., Frederick H., and Anne. The citation which accompanied the Legion of Merit medal reads:

"For exceptionally meritorious conduct in the performance of outstanding services in the Southwest Pacific Area from 11 July, 1942, to 13 June, 1944. Major Marks organized, trained and commanded a portable surgical hospital which was attached to an infantry regiment during the Papuan Campaign. Under his exceptional leadership, the unit moved in close proximity to front line troops and achieved a remarkable record in the care of sick and wounded. It was essentially as a result of his professional ability and guidance that many lives were saved under the most difficult conditions of jungle warfare. Later, as a surgical consultant, he visited hospitals in advanced areas as an instructor and advisor. His knowledge and advice proved invaluable, both in the treatment of casualties and in assisting and planning the administration of additional facilities. By his outstnding ability in the field of surgery, Major Marks made a signal contribution to medical treatment in the Southwest Pacific Area."

When we read of the wonderful work being done by the Red Cross to comfort, entertain and save the lives of our boys in service and when on their return they sing the praises of the one organization which protects their interests and adds the home touch to their otherwise drab existence, we are thankful more than ever that we are privileged to be members of the Red Cross and can contribute to its support.

In the same spirit we all are glad to invest in war bonds to make possible an earlier cessation of hostilities in a warweary world.

The Red Cross and the War Department work hand in hand to hasten the return of a reign of peace which will come the sooner the more we co-operate.

WINCHESTER HIGH GRADUATED 126

With four of its 126 members already in the service and many others scheduled to go in the near future the class of 1945 was graduated from Winchester High School last Friday evening at exercises attended by a capacity audience in the school auditorium.

The graduates, led by President Samuel Buzzotta, marched to the bunting-draped stage to music played by the school orchestra. With them on the stage were acting Principal Samuel M. Graves, Mr. Leo F. Garvey, chairman of the School Committee; Rev. Paul Harmon Chapman, minister of the Unitarian Church; and the guest speaker, Dr. Rollo Walter Brown, author, teacher, traveler and lecturer.

Rev. Mr. Chapman made the invocation, after which President Buzzotta led the graduates and audience in the Salute to the Flag. The Boys' Glee Club, led by Miss Alma Stoddart, supervisor of music, then sang, "Ol' Man River" from "Show Boat" by Jerome Kern.

Introduced by Mr. Graves, Dr. Brown took as his subject, "What Youth Can Do." Developing the general theme that youth has been able to protect our freedoms by utilizing with outstanding heroism our machines of war, and therefor is capable of assisting in the operation of a democratic nation in peacetime, the speaker urged his audience to give youth a chance.

Citing instances of the achievement of youth, not only in the present generation, but in the past as well, Dr. Brown spoke of the 20 year old veterans, of the youthful scientists, of the militant youth of today, and drew the analogy that great works of art, literature and science have been produced by youth of all generations, frequently before reaching the age of 30 years.

Dr. Brown used illustrations of young people in schools and colleges who have found race and creed no barrier to the solution of mutual problems, and based his hope for the future upon the fact that youth, free from the established prejudices of their elders, can succeed in the attempt to find a solution for the problems of the post-war world.

Following the speaker, Miss Stoddart led the school chorus in two selections, "Sweet and Lovely" by Arnheim-Tobias-Lemare and "De Gospel Train" by Cain.

Mr. Graves announced and awarded the various honors, Mothers' Club Certificates for Scholarship and Citizenship going to Catherine Biggs, Ewen Cameron, Mary Jean Conley, Betty Ann Connor, Betty Dolloff, Judy Hawkins, Priscilla Hurd, Constance McCarthy, Marie O'Leary, Hazel Reeves and Francis Sleeper.

Mary Mueller was the winner of the Teachers' Club Scholarship and the Richard MacAdams Memorial Scholarship, given by Winchester Post, 97, American Legion, awarded to Marie Fitzpatrick. The Elizabeth Navin Award went to Leteria Post, and the Mary B. Davis College Club Award, to Betty Ann Connor.

Two scholarship awards made possible under the will of the late Jere A. Downs and administered by the School Committee were awarded to Natalie Dickson and Marie O'Leary. The Daughters of the American Revolution Medal for School Citizenship and Leadership, awarded by vote of the senior class and faculty, went to Betty Ann Connor. American Legion Medals and Certificates were awarded Betty Ann Connor and Francis Sleeper. Francis Sleeper was the winner of the Washington and Franklin Medal for excellence in the study of American History. Priscilla Hurd was the winner of the Smith College Club Scholarship and the Four Year Tuition Scholarship offered by Bates College was won by Judy Hawkins.

In addition to these awards, Honors work was done in American History by Vivienne Chapman and Francis Sleeper; in Business Training by Betty Dolloff, Mary Haggerty, Ruth Kerrigan and Marie O'Leary; in English, by Catherine Biggs; in Mathematics by Charles Lovejoy; in Science by James Ware; and in Spanish by Donald Thompson.

The Permanent Honor Roll of the class comprised Catherine Biggs, Ewen Cameron, Vivienne Chapman, Marilyn Chefalo, Betty Connor, Mary Haggertp, Judy Hawkins, Priscilla Hurd, Ruth Kerrigan, Constance McCarthy, Marie O'Leary, Rose Peluso, Francis Sleeper and James Ware.

After the honors awards the Girls Glee Club, under Miss Stoddart, sang "Calm Be Thy Sleep" by Cain and "The Lord's Prayer" by Malotte.

MRS. DRESSER HONORED BY MYSTIC SCHOOL

Nearly 200 parents, friends, and former pupils gathered at Mystic School on Tuesday evening to pay tribute to Mrs. Frank Dresser, the principal, who is just completing her 25th year of teaching in the Winchester schools.

Listed as being a regulation Father's Night and reunion, it developed into a gala occasion with the surprise to Mrs. Dresser being completely successful. Dessert and coffee were served by the social committee in the assembly hall which was most beautifully decorated with gorgeous bouquets by Mrs. Alexander Samoiloff and Mrs. George Pierce. A trio of Mrs. Leon Sargent, Mrs. Robert Drake, and Mrs. Charles Livingstone played a group of selections which set a bright keynote for the evening. These were a Sonata for two violins and piano by Teleman, Suite Antico by Albert Stoessel, and Sonata a tre by Leclair.

After a social period Mrs. Albert Swazey, president of the Mystic Chapter of the Mothers' Association, called the attention of the gathering. She graciously welcomed all, then introduced S 1c Philip O'Rourke as a former pupil of Mystic School, now home on leave and due to leave soon for a battle area. Mr. O'Rourke recalled his days in Mystic School and the travels taken within the four walls of the sixth grade which are no longer actually possible. He referred with humorous note to the assemblies and to the final celebration of his sixth grade, a picnic at the sheep fold in which the boys and their fathers participated. Then he turned to Mrs. Dresser and with sincerity and feeling expressed to her the regard and friendship which all feel who have been associated in any way with her through the years. As a token of this, he presented Mrs. Dresser with a corsage and bonds from parents and pupils who have been privileged to work with her during the last 25 years. Visibly moved, Mrs. Dresser gathered her indomitable spirit and wit and wished her pupils could see her now for she was speechless!

After she had been greeted by all present, the parents of children now in school visited the various rooms where they met the teachers and saw the work of their children during the year. These rooms were especially festive and showed a great deal of time and effort on the part of the teachers.

BATHING BEACH DECISION

Palmer for Winchester Only—Leonard Takes Outsiders

The Board of Park Commissioners received a petition, signed by 181 residents of Winchester, asking that the Board restrict the use of two beaches to Winchester residents only.

The Board has made an investigation of the practice followed in cities and towns where there are beaches, and found that in communities that restrict the beaches, said beaches are enclosed, and all persons, both resident and non-resident, are required to have a card, issued by the authority in control of the beach, for which a nominal charge is made, said charge being greater for non-residents.

The Board feels that because of war-time conditions, and also because of the co-operation given this Board by the municipal authorities of the surrounding cities and towns, through the lending of equipment to us, we should not at this time close both of our beaches to outsiders.

However, the Board has made a ruling that Palmer Beach shall be for the use of Winchester residents only, and until further notice Leonard Beach will be open to outsiders, after they have received a special permit from the Board.

FORTNIGHTLY NOTES

Plans for next winter's activities are well under way, with many committees already formed and programs arranged. The Literature Committee is to study the Development of Literature in Massachusetts; the Christmas program is to be in charge of the Music and Drama Committees; the Antiques Committee is planning at least one "pilgrimage" to a place that is near and easy to reach; while the Social Committee, with plenty of special assistants for special occasions, will try to see to it that club members have something to eat and drink at least once in two weeks!

"Breakfast in Hollwood"

Some time about the middle of September, at the Boat Club, there will be a gala occasion for Fortnightly members and their friends. Those who listen to the program on the Blue Network at 11 o'clock every morning, will understand what a hilarious breakfast this will be. There will be comedy features furnished by our own members, with plenty of nonsense, funny costumes and amusing contests.

This program used to be known as "Breakfast at Sardis," and is familiar to many under that name. It furnishes the basis for a very delightful social occasion which should make an especially happy opening of the new club year.

Federation Meeting

The annual meeting of the Mass. State Federation of Women's Clubs could not be held in Swampscott this year, due to war conditions. Instead a brief meeting for voting delegates, only, was held in Boston on Thursday, June 7, to transact necessary business. Members of the Fortnightly who attended this meeting included: Mrs. Paul G. WAR EXHIBITS HERE

Trophies Shown on Manchester Field June 21

The Mighty 7th Cavalcade, one of the greatest collections of heavy military equipment to be placed on display outside a military post in this state, will visit Winchester on June 21, under the auspices of the Winchester Savings Bank. The Cavalcade will come to Winchester from Woburn and go to Manchester Field, where it will be stationed from 11 a. m. to 1 p. m. for a War Bond Rally.

In the Cavalcade will be a 25-ton German Mark H. Tank armed with a gun comparable to the U. S. 75 mm. Howitzer and several lighter guns, and a PT Boat Engine, cut away to show its operating parts. In addition, there will be an Air Forces Jet Bomb, the newest weapon now being used against the Japanese and many pieces of Naval ordnance. One of the most interesting exhibits will be a Booby Trap exhibit especially built by the famous Navy Seabees which will show many of the devices used by the enemy to delay the advance of our troops. These devices will be demonstrated by a crew of Seabees.

Major Alex Smith is in charge of the Cavalcade whose personnel will include a 1st lieutenant, a Seabee Chief, seven soldiers and two Seabee Gunners. In addition, the group will be accompanied hy two veteran heroes recently returned from the front who will speak at the bond rally.

Plans for the Cavalcade's visit to Winchester are in charge of the Winchester Savings Bank, assisted by Mr. Maurice C. Bird, Chairman of the War Finance Committee. Speaking of the visit of the Cavalcade, Mr. Bird said, "The 7th War Loan quota for sales to individuals is $915,000 for this town. We invite the public to attend the special hond rally and hope they will come prepared to buy those extra War Bonds which are necessary to the success of the campaign."

The Cavalcade is being sent through the state hy the Savings Banks Association of Massachusetts as a part of their contribution to the 7th War Loan Drive.

At the Bond Rally members of the staffs of the Winchester Banks will sell bonds from a booth erected on one of the Cavalcade trucks.

VICTORIA REBEKAH LODGE

The Past Noble Grand's Service Club of Victoria Rebekah Lodge, No. 178, held its annual covered dish supper at the home of Sister Maud Wolloff on Mt. Vernon street. Dinner was served at 7 p. m., each member bringing a contribution for the supper unknown to other members, but which proved to be a very delicious dinner with everything from soup to nuts.

Sister Wolloff acted as hostess, serving the dinner assisted by Sister Lillian Donaghey who also poured.

The tables were very prettily decorated with spring flowers with a beautiful centerpiece of the same flowers.

After the dinner was over and the three faithful Sisters washed and wiped the dishes, the regular business meeting was held. Our president, Sister Margaret Bragdon, conducted the meeting. A great many items were taken care of as it was really our last business meeting or the summer.

Our next meeting to be in the form of a Weenie Roast on Wednesday evening, June 27 and will be held on the lawn at the home of Sister Jessie Ripley, Wedge Pond road.

SONS OF ITALY LODGE NEWS

Our regular monthly meeting was held on Tuesday evening, June 5, at our club hall. A good attendance was present. After considerable discussion a motion was made to change the night of our meeting from the first Tuesday of the month to the first Monday of the month, which passed by a vote of 20-2. As is customary, letters from our brothers who are in the service were read and enjoyed.

Word has reached us that Pfc. Al Subrizio has been hospitalized with a fractured foot. We hope that Al will recover very shortly as he has some unfinished business to attend to.

We know that some of our members who are in the service are either on the way home for furloughs or are going to be discharged. Up to this time word has reached me that Al Derro is on the way home, so we are looking forward to some interesting anecdotes from Al on his experiences and views. Al has the Purple Heart with Oak Leaf Cluster.

We have received another letter from Butta Muraco. We quote: "Here I am in Munestal, Germany and looking forward to being on my way home very soon. I was recently awarded the Bronze Star, which I am very proud of. How is my friend Mingo doing? Haven't heard about him for some time. Could it be he's slipping?"

Recently I told how we had four new members who are ex-servicemen. They have joined our organization in the past few months. They are Peter Fiore, Henry Suorizio, William Falzano and Anthony DeLuca.

Peter Fiore is better known as Burr. He lives on Spruce street and is about 30 years old. He went to Australia with the 182nd Infantry whinh is attached to the Americal Di- which is attached to the Americal Dibrides and Guadalcanal, having heen in the South Pacific for 2½ years.

Henry Subrizio lives in Quigley court and is a brother of our popular Al. He is about 30 years old. He saw two years of overseas duty in the South Pacific, seeing action in New Hebrides and Guadalcanal. He was with the 182nd Infantry of the Americal Division.

William Falzano who lives at 25 Spruce street also was in the 182nd Infantry of the Americal Division, which is still seeing active duty in the South Pacific. Bill saw two years of overseas duty and on one occasion was rescued by a member of his outfit who also comes from our Lodge. James Figlioli was with the detail that rescued Bill's patrol which was in danger, in which action Jim was wounded and received the Purple Heart.

Our fourth new member is Anthony DeLuca of Swanton street. Tony is a native of Connecticut and is married to the former Mary Derro. Tony is about 25 years old. He was with the 1st Armored Division of the 3rd Army. He is a veteran of three campaigns, Africa, Sicily and Italy, being overseas for nearly two years. He was wounded twice, for which he has the Purple Heart with Oak Leaf Cluster and also received a Unit Citation of the French Croix de Guerre.

Tony is the only member of the four, who is married. The other three feel that they have had enough of war.

UNUSUAL VISITOR

Saturday morning a resident of Dartmouth street notified Police Headquarters that she had heard suspicious sounds coming from the rear of her house. Officers Archie O'Connell and John Murray investigated and found that the prowler was a big muskrat. Officer Murray drove the "critter" back into Winter Pond and peace once more reigned.

BOAT CLUB NEWS

SULLIVAN STOPS SWANSONS

Wins First Race in Sensational Manner

The Winchester Boat Club Snipe Fleet took advantage of the break in the weather last Sunday afternoon to stage its third official race of the season, and Bart Sullivan took advantage of the blustery breeze to win his first race in three years of trying.

Bart crossed the starting line to windward of the rest of the fleet and before the race was half a lap old, it had resolved itself into a three boat affair, Sullivan, Jones and Swanson.

Sullivan kept his Hawkeye a scant length or two ahead of Jones' Youani and the Swanson's By-George for almost two full laps. Then, just as they did last week, the Swansons seemed to make their boat leap ahead as they swept by both Jones and Sullivan.

Losing the lead like that should have broken Bart's spirit, but he would not be denied. He clung to the Swansons like a burr on tweed trousers, then outfoxed them on the last windward leg, to gain a boat length lead, a lead which he protected with clever covering right to the finish line.

Third place went to George Jones and Dave Merrow led fleet flounderers Holbrook Bugbee and Carl Freyer.

Club Chatter

Make a memo to keep Saturday evening, June 16 open. The entertainment committee is making plans for one of its popular Chowder Parties on that evening. It'll be an evening of fine food and plenty of fun . . Director Stan Howe has been trying so desperately to get his boat painted he tackled it last Saturday afternoon just before the rains came. And danged if he didn't keep right on, with the aid of a battered bumpershoot. What a picture! . . Jack Albree judged the Snipe Race again. Looks like the fleet will have to make him its official starter.

WINCHESTER LOST FINAL GAME AT LEXINGTON

Lexington High edged Winchester, 2-1, in the final Middlesex League game of the season for the local nine last Friday afternoon at Lexington. Guy Washburn and Capt. Don McLean of Lexington hooked up in a pitching duel, and though the statistics favored Winchester's poker-faced right-hander, the Minuteboys put over the winning tally. An infield error, followed by two hits by the tail end of the Lexington batting order, did the damage. Winchester had plenty of chances but couldn't bunch hits when they meant runs.

For the locals the game was an anti-climax, the Belmont defeat of the day previous having knocked them out of the league title running.

BRONZE STAR TO VOORHIS

Maj. Nicholas R. Voorhis of 33 Lloyd street, judge advocate general of the 86th Infantry Division, now in Germany with the 7th Army, has been awarded the Bronze Star Medal for meritorious service in connection with military operations against the enemy from March 27 to April 29. He has covered a lot of territory in Europe since he went overseas in February of this year, having been with the 15th, 1st and 3rd Armies before joining the 7th.

Major Voorhis, a practicing attorney in Boston before entering the service, has been in the Army since November 1942. He was in one of the first classes to attend the Command and General School at Fort Leavenworth, and is on the Headquarters Special Staff of his division.

Major Voorhis is married to the former Virginia Warren of this town and they have three children, twin daughters, Martha Lee and Virginia Anne, and a son, Nicholas Robert, Jr.

CHAPLAIN GETS PROMOTED

WILL DEVELOP BROOKS ESTATE

Alderman Lewis H. Peters of Medford has been named chairman of a special committee to investigate the Brooks Estate and make recommendations for use of the property by the City of Medford. The property was purchased two years ago. One project is to make a large play area of the estate for both summer and winter sports and to use the stone mansion on the estate for a clubhouse.

RECORD RAMBLINGS

Did you hear the Ink Spots with Ella Fitzgerald at a Boston Theater this week? They held each audience spellbound with their terrific performance of the current hits May we suggest "I'm Beginning to See the Light" and "That's the Way It Is" as their most outstanding recording now in stock at SAYBROOK STORES. . . . We predict Jimmy Dorsey's new disc of "Negra Consentida", better knownas "My Pet Brunette," backed by "Can't You Read Between the Lines" will be the biggest seller in popular record history. One girl searched Boston for this release and was surprised and delighted to find it in her old home town at SAYBROOK STORES. It just goes to show you! . . . At last some music from "Carousel", the smash hit musical comedy, is available. Harry James is the forerunner with the first recording of "If I Loved You," a sentimental, romantic tune. For contrast, the other side offers "Oh Brother," a swingy dance number . . Wayne King has a smooth version of "My Mother's Waltz", a tune first made popular by Bing Crosby. On the other side, the Waltz King records "Remember When" with chirping by Nancy Evans . . The film, "Where Do We Go From Here" popularized a new tune entitled "All at Once." Vaughn Monroe has just released a platter on this plus "So--o-o-o in Love". Hear this dreamy, velvety vocal at SAYBROOK STORES . . . . Columbia has just released a new series of storage albums with colorful pictures of such artists as Frank Sinatra, Harry James, Benny Goodman and Kay Kyser. This is a splendid way to protect your popular recordings as well as make your musical library attractive. Victor is feature with album covers of such artists as Duke Ellington, Tommy Dorsey, Glenn Miller and others. Which reminds us, June 5 was Glenn Miller Day, in honor of the artistry of this beloved musician, who was lost possibly in the English Channel less than a year ago. This writer remembers vividly his gala performance at the Graduation Ball at West Point during June Week in 1944.

A new and interesting martial selection is the Richard Crooks recording of "The Americans Come." His perfect ennunciation will stir the patriotic fervor of every American heart. On the reverse side, he sings in French "The Cossack's Prayer for His Horse" . . . Amdres Segovia, world famous guitarrist, plays the intriguing and rhythmic music of Albeniz and Granados in characteristic Spanish style on Decca. Segovia is a sincere and devout artist on his chosen instrument, the guitar. The New York Times says his playing is "musical art at the zenith." He will undoubtedly go down in the history of music as the world's greatest guitarrist. This unusual album has just arrived at SAYBROOK STORES . . . Nelson Eddy, radio, stage and screen favorite brings you such beloved songs as "Because," "I Love You," "Without a Song" and five others in his latest album "By Request." This set is really a gem in vocal literature. Here is America's baritone at his best . . Local boy makes good! That trite but still effective phrase applies to young Leonard Bernstein of Lawrence who has startled the world with his musical genius as composer and conductor. He wrote the score and conducted "On the Town," a refreshing ballet hit of last season now available in album form on Victor Red Seal Records. Bernstein shares conducting honors with Robert Shaw, successful choral conductor of "Carmen Jones." The album features delightful ballet music and vocals by the Victor Chorale. We would like to have you hear it at SAYBROOK STORES . . Leo Litwin gave a sensational performance of "Warsaw Concerto" at Pops last Sunday assisted by Arthur Fiedler, conductor and the "Pops" Orchestra. Here's hoping "Pops" will record it as well as their super version of "Tico Tico" which is really out of this world.

Word from a former well known Winchester boy was received by Mr. Frank E. Rowe this week when he welcomed a letter from Donald Cole of Washington, D. C., formerly of Mystic avenue. Mr. Cole is working in the Treasury Department and writes that his son, Don, Jr., is graduating from Dartmouth this month.

Public reaction to the School Committee's announcement of the appointment of Mr. Forbes R. Norris to the position of superintendent of schools seems definitely favorable. Even those not too enthusiastic over public schools in the south admit that by education and actual experience Mr. Norris seems eminently fitted to cope successfully with the problems he will be called upon to solve here. Committee members are enthusiastic over the new superintendent's personality and soundness while all the evidence which comes from persons who have known and worked with him in Richmond, where he has been assistant superintendent of a 32,000 pupil school system, indicate that we are to have a high type of man as the professional head of our school system. One of the most satisfactory aspects of Mr. Norris' appointment is the fact that he will come to Winchester as the unanimous choice of the School Committee. Everyone will be glad to feel that there is no one of our school authorities who does not feel that he is just the man to tackle the stiff job of reconstruction here. Whoever the superintendent might have been he would have been handicapped had there been even one member of the Committee opposed to his appointment. Mr. Norris faces no such handicap, and those who have met him are confident he will be able to secure the co-operation he will need from his teaching staff and the parents of school children. Thus the School Committee has met successfully its second test on the way toward improving our schools. Convinced the community wanted something done, its members first secured a competent and impartial, if provocative survey. Now, after carefully weighing the merits of a large number of desirable candidates, they have chosen a superintendent to whom no reasonable person can object. Much hard work for both committee and superintendent remains to be done before our school system will function as many believe it can and will function, but at least a good start has been made. The School Committee has every right to be satisfied with its judgment and progress thus far.

William S. Packer of 11 Yale street has become a member of the Boston Committee for Education on Alcoholism. This group has already arranged for an information center opening July 1 in the medical building at 419 Boylston street, Boston, where many physicians have their offices. An experienced secretary will be in charge able to discuss with all comers the ways and means of seeking rehet from addiction to alcohol.

Harrison Chadwick of Everett avenue has been promoted from 1st Lt. to Captain in the Army Service Forces. Capt. Chadwick was inducted in September 1942 and received basic training as a medical soldier at March Field, Cal. In May 1943, he was commissioned from the Officers' Training School for Army Administration at Fargo, No. Dakota. He was then assigned to Headquarters First Service Command in Boston where he has been engaged in supply work. At the present time, Capt. Chadwick is chief of the storage and stock control branches and acting director of the Distribution Division for the First Service Command.

WINCHESTER AND THE WAR LOAN

We seem to be like the high school student who is a whizz at English, history and languages but who flunks math. Winchester's total quota in the 7th War Loan will, in all probability, be reached. Our sale to individuals of bonds other than Series E is already $528,000 or $17,000 over quota.

But, in sales of Series E Bonds our standing as of June 2 was $185,000 which is only 45 per cent of our $404,000 quota. This was a decided improvement over the previous week's record and it is fervently to be hoped that the rally will continue.

Most but not all homes have been called upon by precinct solicitors. If yours is one of the homes which has not been called upon, don't wait, go to a local bank or the post office and make your E Bond purchase. If you have already bought E Bonds and can possibly add one more, that is just the sort of help we need.

On June 21, Winchester will be visited briefly by the 7th War Loan Motor Cavalcade. More about it in the next issue of the Star.

BRONZE STAR TO MURACO

Pfc. Francis Muraco, USA., Infantry, attached to the 378th Regiment, has been awarded the Bronze Star Medal and citation, for heroic achievement in connection with military operations against the enemy Nov. 26, 1944, near Neidersville, France.

Pfc. Muraco is married to the former Mary Corbi who is making her home with her family for the duration at 41 Irving street. A graduate of Winchester High School, he entered the service Feb. 26, 1944, and has been overseas since last August.

The citation which he received said in part: "During an advance Pfc. Muraco and his squad were suddenly fired upon by a machine gun as they moved over a hilltop. While the squad sought protection Pfc. Muraco voluntarily made his way toward the stonewall, behind which the gun was emplaced. Then, after throwing a grenade which forced the Germans to abandon their weapon, Pfc. Muraco coolly killed two with his rifle and forced the survivor to surrender."

LT. RILEY HOME THIS WEEK-END

Mr. and Mrs. James A. Riley of Church street talked by telephone Monday evening with their son, 1st. Lt. Richard F. Riley, USAAF, in New York, he having arrived in that city earlier in the day on a hig transport bringing liberated United States prisoners of the Germans to this country.

Lt. Riley reported that all aboard ship were well and that he expects to be home either Saturday or Sunday for a long furlough, after an interim stop at Fort Devens. He was captured Aug. 17, 1943, his plane having been shot down in action over Germany.

First imprisoned at Stala Luft III, Lt. Riley was moved last February, marching 300 miles to Stala 7a at Moosburg. He was freed from that prison April 29 and taken to France where he sailed for this country from Le Havre April 29, returning by the long southern route.

PLAYED IMPORTANT AIR FORCE ROLE

Lt. Col. Alfred W. Lawson, who for about three years was attached to the 8th Air Force, where he played a very important role; having to do with bombing targets, on detached service with British Air Ministry, returned this week to his home, 2 Ardley place where his wife and son Arthur have been living, waiting for this return day.

Lt. Col. Lawson in World War I was in the Air Forces, as a flier, in the Aero Squadron with General Kenney. Col. Lawson was shot down and made a prisoner, by the Germans, not being released until the end of the war.

It has long been his ambition, at some time to retaliate for his long imprisonment, which he has nobly done in World War II.

ROTARY NOTES

The Rotary Club of Winchester met yesterday noon in Masonic Hall with a full attendance and a number of Woburn visitors. Two Winchester service men, home from over three years abroad were introduced by President Harry Bigelow—Capt. Ed Woodbury and T-S Robert Harris. To "Bill" Beggs fell the honor of introducing the club's latest member, Dr. F. Milne Blanchard.

The speaker was Martin R. Durkin, Esq., of Arlington. He gave a very interesting and enlightening talk upon the present tax situation as affecting everyone, and especially property owners. He included State and individual community taxes in his description and answered numerous questions from his attentive listeners.

SELECTMEN'S NOTES

The town counsel attended the hearing on May 29 at Gardner Auditorium, State House, on the proposed Metropolitan Rapid Transit System, and registered a protest for the Town of Winchester, as the Board felt that it would not be to the advantage of the town.

GARDEN CLUB NEWS

On Wednesday a. m., June 6, the members of the board of the Winchester Better Homes Garden Club met at the charming home of Mrs. John Chipman to discuss plans for the club luncheon to be held June 13 at the home of Mrs. Samuel Kirkwood. Among those present were Mesdames Austin Bunker, Robert Baylies, Clifton S. Hall, Waldo V. Lyons, Harold M. Twombly, Chester F. Wolfe, John C. Gilbert, Frank J. Robinson, W. S. Phippen and Gerald R. Barrett.

DR. MORRIS HEARD AT BAPTIST MEN'S CLUB

"One of the most illuminating and thought-provoking talks heard in Winchester since the war began," this was the general verdict of the large group of men who heard Dr. Frederick K. Morris, geologist of M. I. T. at the Baptist Church Tuesday night. Profusely illustrated with lantern slides covering the strategic areas throughout which the war against the Japanese Empire is being waged, the lecture gave an extremely realistic picture of the military and supply problems facing our armed forces. It explained graphically where progress must necessarily be slow and where we may expect quicker results through aviation's conquest of natural obstacles.

The importance of topography in mapping our strategy against Japan the manner in which sections of China have been protected not by her teeming millions but by natural barriers and the unique position held by Russia largely through the surrounding formations of the earth's crust, were the highlights of the address.

Most interesting of all was the bearing of these formations on world events of the near future. And the climax came when Dr. Morris, as he said, "put his neck out" to use these same facts of nature as a basis for a forecast of both military and political thing to come.

Other features of the evening included accordian solos by Mr. Wendell Stickney, group singing and refreshments. Visitors included Dr. George Johnstone of Los Angeles, pioneer of mechanical breathing in this country.

CHILDREN'S DAY SERVICE

The children of the First Baptist Church School will have their day on Sunday, June 10, when the entire morning worship service will be conducted by the various departments. Rev. Walter Lee Bailey has turned over the service to Frederick B. Parks, Church School Supt.

A fine program has been planned by Miss Alice Ralph and Mrs. Frederick Parks, co-superintendents of the Beginners Department; the Primary Department under Miss Doris Emery; the Juniors under Mrs. Harry Moulton; and the Intermediate-Senior Departments under Mrs. Malcolm Wilson.

Special features include the awarding of diplomas to the members of each class graduating from one department to the next higher one; the presentation of perfect attendance pins; gifts of potted plants to the younger pupils and the service of consecration of young children by Mr. Bailey.

The service begins promptly at 10:30 a. m. and the regular church school classes regularly held at 9:30 will be omitted. With this service, the school activities for the season come to a close.

MR. CHASE'S EUROPEAN PICTURES GREATLY ENJOYED

The beautiful motion pictures, shown by Mr. Ernest Dudley Chase in the parish house of the First Congregational Church last Wednesday evening, were greatly enjoyed by the many families and friends of the church servicemen and women who attended.

The pictures were of the countries where nearly 100 of these servicemen have fought and helped to win the European war, Sicily, Italy, the beaches in Normandy and the beautiful countrysides, Paris, the Seine, across the Rhine above Cologne and deep into Germany. Then across the Channel into England, with its historic beauty spots, all places long familiar to our armies overseas.

Coffee was served from 7:30 to 8 p. m. Mrs. Ernest Dudley Chase and Mrs. Thomas Worthen, poured.

Among the members of the Servicemen's Comimttee, under whose auspices the pictures were shown, who acted as hostesses were: Mrs. Henry K. Spencer, Mrs. Clarence P. Whorf, Mrs. Charles H. Tozier, Mrs. Raymond C. Strawbridge, Mrs. Rex T. Crandall and Mrs. Harold F. French.

Assisting at the coffee table were: Mrs. William D. Barone, Mrs. F. Donald Bates, Mrs. Arthur Cutler, Mrs. Winslow Smith.

An exhibit of the work of the committee was shown, which included a pre-view of the 1945 Christmas box.

MASSACHUSETTS COUNCIL OF CHURCHES STARTS DRIVE

A group of ministers and laymen from the Protestant Churches of Winchester met at the Winchester Country Club last Friday evening to hear Dr. Frank Jennings and Rev. Frank Dunne present an appeal for the Council, which represents 13 denominations and 2000 individual churches in Massachusetts, for funds to enlarge its work, by surveying areas in Massachusetts which are overchurched by Protestants, by widening the scope of its Weekday Religious Education Schools for children, and by creating a new public relations department.

The campaign calls for the raising of a special fund of $100,000 for these purposes. Winchester has been assigned a quota of $5000.

At the meeting Mr. Chester B. Koontz, of the Methodist Church, was elected chairman of the campaign committee and Dr. Howard J. Chidley as co-chairman.

At a meeting at the Methodist Church last Sunday afternoon plans were completed for the drive and quotas assigned to the individual churches. The appeal of the Council speakers met with an enthusiastic response and the local campaign is now underway.

BRITISH WAR RELIEF

"Haven't you quit?" "Are there still workers and work on Wednesdays at Epiphany hall?"

No, they haven't quit, and Epiphany hall looks natural on Wednesdays, busy and cheerful. What the workers will be making on coming Wednesdays is 40 girls' dresses. These Mrs. Ernest Dudley Chase thriftily cut by hand from sample madras lengths which Mrs. Maurice Bird gave to the Winchester Unit. With her approval these will go directly to United Nations Relief. Britain has warmly approved this use where the need is greatest and where the road is now open for sending in clothing, new or old.

What American help meant to Britain in its time of greatest need can now be shown to liberated countries in the plight of Greece or the Netherlands.

The Epiphany work room will continue on Wednesdays in June to receive used clothing, and will see that all such gifts go to United Nations Relief.

MRS. HAROLD BLANCHARD ENTERTAINS COMMITTEE OF FALL BAZAAR

May 29, Mrs. Harold H. Blanchard, re-elected head of the Epiphany Service League, entertained the committee which will create the annual parish fair, next Nov. 2.

Mrs. Herbert T. Wadsworth will be the chairman, with Mrs. Gerald Y. Hills as co-chairman, bringing to the 1945 fair experience which she gained as chairman of 1944.

In these days of shortages, the food departments of a parish festal day have to be manned by brave souls, and Mrs. Wadsworth wisely filled early these strategic posts. The most difficult food undertaking, the supper, will be in charge of Mrs. Henry Etton Moffette of the Tuesday Luncheon Group, a representative still to be chosen by the Symmes Corner Group, Mrs. Ernest Barron of the Evening Branch and Mrs. Frank Ebens of the Jordan Group. Luncheon will be in charge of Mrs. Ray E. Mauger and the Jordan Group, Mrs. James Willing and Mrs. Stephen Nichols will be co-chairmen of the tea.

Tables selling food will be in charge of these leaders:

Preserved foods: Mrs. Henry B. Sawyer

Home-cooked foods: Mrs. Roland Fletcher, Miss Dorothy Hall

Candy: Mrs. Maxwell McCreery, Mrs. Frederick W. Aseltine, Jr.

Other table chairmen are:

Kitchen: Mrs. Alfred Denley

Variety: Mrs. Howard P. Richardson

Gifts: Mrs. Francis Bowes, Mrs. William Martens

Plants: Mrs. Chas. A. Underwood, Mrs. Ambrose Reasoner

Books: Mrs. Marcus B. May, Mrs. Robert Thomason

White Elephant: Mrs. Edward F. Boyd

Toys: Mrs. Arthur Hertig, Mrs. R. Alan Page

Children's Garments: Mrs. E. Phillips Walker, Mrs. F. G. Chase

Children as fun-buyers will be catered to by these chairmen:

Grabs: Mrs. Granville Flagg

Puppet Show: Mrs. Paul Forester

Movies: Mrs. Wm. A. Everett

Ice Cream: Mrs. Charles A. Hart

The festive atmosphere will be secured by these chairmen:

Decorations: Mrs. Guy Livingstone, Mrs. Harrison M. Rainey

Entertainment: Mrs. John Lynch

Corsages: Mrs. Prescott Taylor

These will serve in the business foundations of the fair:

Treasurers: Mrs. Francis E. Booth, Mrs. Herbert W. Kelley

Supper Tickets: Mrs. Dunbar F. Carpenter

Telephone Committee: Mrs. Clarence Perkins

Publicity: Mrs. Harold H. Blanchard.

Mrs. Wadsworth has this year created a new member of the fair staff, a member-at-large. Mrs. J. Warren Shoemaker will have this assignment to be generally useful.

The committees at this first meeting chose the general theme of the bazaar, it will be a Mother Goose Fair.

At the tea, Mrs. Dwight W. Hadley and Mrs. N. Lester Troast were honor guests and Mrs. Herbert Wadsworth poured.

GURNEY PROMOTED

Kenneth Gurney, son of Mr. and Mrs. Walter Gurney of Hemingway street, has been promoted from captain to major in the Army Air Forces. He is now stationed at Fort Lauderdale, Florida, but before returning to this country served a long tour of duty in the European Theatre, seeing plenty of combat action. He is married to the former "Kiki" Sullivan and they have a small daughter, both being with Major Gurney in the South.

WOMEN'S ASSOCIATION PLANS

June activities for the Women's Association of the First Congregational Church will be limited to three meetings for fall planning. On June 12 the program committee will meet at 10 a. m. in the ladies' parlor. The Executive Board meets again on June 19th and a meeting is being planned for the chairmen of tables for the Merry Go Round Fair. Mrs. Edwin R. Rooney, chairman of the Fair announces its date as Nov. 27, the first Tuesday after Thanksgiving.

Plans for the Fair are well along. Another opportunity shop will offer the chance to buy and sell slightly used clothing. Mrs. James McGovern will be its chairman. Mrs. Earle F. Spencer, head of the white elephant table, will appreciate its being kept in mind as things are put away after housecleaning. Mrs. Frederick S. Hatch, 20 Jefferson road, Win. 0836-W, will be happy to accept orders all through the summer for her book shelf.

SOUTH PACIFIC FILMS FOR SERVICEMEN'S FAMILIES

Wednesday evening, June 13, Dr. Charles H. Tozier will show motion pictures of the South Pacific for the families and friends of the servicemen and women of the First Congregational Church. These pictures are supplied to Dr. Tozier from Hollywood. They are superb sound films, showing the Hawaiian Islands, Malay Peninsula, Indo China, Dutch East Indies, the South Seas, Manila, Java and Hong Kong. They are being presented by the Servicemen's Committee in the hope that they will be of interest to the families showing where their servicemen are fighting. They are not war pictures.

Because of the unusual opportunity to see these superb films, the Servicemen's Committee invites all friends of servicemen and women of the church to be present.

After-dinner coffee will be served at 7:30, movies at 8 o'clock. This is an excellent opportunity for the families of Servicemen of the church to get together as they did last Wednesday when Mr. Ernest Dudley Chase presented his very fine pictures of Europe.

FLEW TO BEIRUT

Monday evening Dr. Dennett received a cablegram from his son, Daniel C. Dennett, Jr., that he had arrived safely at Beirut, Lebanon. Mr. Dennett is attache at the American Legation there having been appointed to the position by the State Department a little over a year ago. He recently made a hurried business trip to Washington from Beirut, expecting to return with his family, sailing from New York on the S. S. Gripsholm. In the meantime fighting having started between the natives and the French troops stationed there, Mr. Dennett received orders from Washington to return to his post at once by airplane. He flew from New York Thursday morning, May 31, at 5 o'clock and arrived in Beirut Sunday, June 3. Mrs. Dennett and their two children sailed on the Gripsholm. They have resided on Winslow road in this town up to the time of their departure for the Near East.

STOLE SHOES FROM TRUCK

Last Friday afternoon two boys, said to be about 16 or 17 years old, broke open a case on the rear of Conlon's Lowell Express truck, on which they were riding through town, and stole one of the canvass shoes the case contained.

The operator of the truck, Michael Conlon, saw what the boys were up to and the later dropped from the truck and ran for it, Conlon giving chase.

Officer Henry Dempsey noticed the activities and phoned Headquarters, he going after the boys in a car driven by Stanley Mullen, Park employee. Officers James Flaherty and Edward Bowler were sent out in a cruising car to help, but the boys got away with the shoe, which probably isn't the right size for either of them anyhow.

SEVERAL COMPLAINTS OVER WEEK-END

The Police received a number of complaints of thefts and other mischief about town over the past weekend.

Saturday morning a resident of Central street notified the Police that a tent, 6x8x8 feet from a canvass cot had been stolen from his backyard, being stripped from the poles actually before he had a chance to pay a workman for having erected it.

At noontime on Saturday Officer Edward Bowler had to go to Symmes Corner and replace two bulbs which had been stolen from the traffic beacon facing Grove street there.

Shortly after 2:30 Saturday afternoon the Police were notified that a boy was chopping down trees at Russell's Hill on the property of Mr. William E. McDonald, Jr. The boys' father was informed of his son's activities and warned not to permit any repetition without the permission of the owner.

Mr. William Kuhn of the firm of Kelley and Hawes, furniture movers, discovered last week-end that nine panes of glass had been broken in the rear and sides of the old Blanchard Building on upper Main street, used by his firm as a storeroom.

Sunday night Mr. James A. Cullen of Bacon street informed the Police that sometime since the previous Wednesday some one had stolen four batteries from his loam-loader parked on his property at the old freight yard on Swanton street.

WEEK-END FIRES

The Fire Department had two calls over the past week-end. The first was at 9:41 Saturday morning from the office of the Arlington Gas Light Company in Lyceum Building. Occupants of the office smelled smoke but the firemen found that rubbish burned in the heating plant of the building was responsible for the odor and there was no fire.

Saturday afternoon at 3:25 there was a woods fire on Molly's Spring road in the Fells off South Border road.

CAR CRASHED FENCE ON BACON STREET

Mrs. Mary P. Berard of 69 Baker avenue, Revere, sustained a fracture of the left arm and shoulder and a cut over the right eye shortly before 8 o'clock Tuesday evening when the car she was driving south on Bacon street skidded on the wet metal runs of the bridge over the Boston and Maine Railroad tracks, finally crashing through the fence beyond the sidewalk on the left side of the road to be stopped by two trees at the crest of a steep embankment at the southerly end of Ginn Field. Had the trees not stopped the progress of the car it might well have tipped over in its plunge down the steep grade, resulting in much more serious injury to Mrs. Berard, the only occupant.

Mrs. Berard told the Police she was driving south across the bridge and was about half way over when her car skidded. The machine first swerved sharply to the right and struck a pole, crossing the sidewalk and breaking a part of the fence on the right hand side of the road.

It then swerved to the left and crossed the street, going over the sidewalk and through the fence at a point about 80 feet below the bridge, smashing some 17 feet of fence.

The Police were notified of the accident and Sgt. James P. Donaghey and Patrolman James E. Flaherty went to the scene. They took Mrs. Berard to the hospital in a car driven by Edward J. Powers of 16 Grace road, West Medford. At the hospital the injured woman was treated by Dr. Alexander Aitkin and later taken home by her husband.

Meanwhile a short circuit was discovered in the wiring of her disabled car and a call was sent in for the Fire Department, Engine 4 responding. The firemen disconnected the battery in time to prevent a fire. The car was badly smashed about the front end and underneath. It was gotten back on the road and finally towed away by garage men from Lowell.

WINCHESTER GIRL IN DEB LIST

Daughters of Former Winchester Boys Also Included

Miss Joan Ray, daughter of Mr. and Mrs. Harold Hooper Blanchard of Calumet road, was among the debutantes on the list for 1945-46 season announced last week-end by the Parents League of Boston. With her sister, Miss Roberta Ray, who had already made her bow, she attended the Debutante Cotillion at the Copley Plaza last Friday evening.

For Joan the Cotillion had an especial thrill for during the evening Ruby Newman had his band play her "Cotillion Waltz." a number she had written for the party at Connecticut College where she is studying music. Mr. Newman scored the waltz for orchestra and after annourcing it, played it once through before repeating it for dancing. The number proved both pleasant to listen to and excellent for dancing. Mr. Newman thinking enough of it to inform its author he intends to use it at the Waltz Parties next winter. All present last Friday voted it a real success.

Miss Ray's mother and the latter's sister, Mrs. William Shaffer Vincent of Norfolk, Va., are giving a tea for the debutante Tuesday afternoon, June 19, from 4 until 6 o'clock at Zero Marlborough street in Boston. Miss Roberta Ray will head the pourers, included among whom will be Miss Ann Crowell, Miss Barbarie Harmer and Miss Louise Kelley of this town.

Most of this year's debs are planning volunteer work and Miss Ray will soon enter a nurses aid course, after which she will assist in hospitals until she returns to college.

Besides Miss Ray, there were included in this year's Deb List two girls in whom Winchester is interested. Miss Gertrude H. Suter is the daughter of Mr. Philip H. Suter of Milton, who lived as a boy in Winchester and whose father, Rev. John Wallace Suter, D. While it is true that hostilities in Europe have ended, the war in the Pacific is increasing in its intensity. Those already wounded and maimed must be cared for until recovery or readjustments have rendered them independent and self-sustaining and in addition the unavoidable future casualties must be anticipated and adequately cared for.

At this stage of the conflict when the tendeny to slacken our efforts is more and more appealing we must stop to realize that the war is not over and graver conditions may lie ahead so let us stick to the job and and finish gloriously, what we have so successfully started.

The Red Cross is organized both in peace and war to minister to those in need just as we would wish to have it done if the responsibility was ours.

WITH "BING" IN BOSTON

Winchester's Harry McGrath (right) strides through Station with Radio and Movie Star Bing Crosby and Governor Tobin.

McGRATH COMMITTEE CHAIRMAN FOR BING CROSBY'S BOSTON VISIT

A Winchester man, Harry A. McGrath of Rangely ridge, was, as chairman of Governor Maurice J. Tobin's committee, really the major-domo in charge of arrangements for Radio and Movie Star Bing Crosby's visit to Boston last Saturday. Harry put in quite a day with the indefatigable "Bing," and it was largely through hos capable advance planning that the entire program went so smoothly.

Harry was one of those with the Governor who met Boston's popular guest when his train from Montreal pulled into the North Station at 8 o'clock. With Crosby was Fred Corcoran, tournament manager of the Professional Golfers' Association. After breakfast at Governor Tobin's Jamaica Plain home there was a tour of points of interest in and around Boston, including, at "Bing's" insistence, a visit to the home of the old Boston Strong Boy, John L. Sullivan, one of pugilism's most famous heavyweight champions.

From their sight-seeing tour the Crosby party went to the Bethlehem Ship Yards in Quincy for the launching of the U. S. Cruiser, Oregon City. Luncheon followed at the Neighborhood Club in Quincy where "Bing" sang, upon the insistence of the big gathering.

After luncheon the party went to Boston Common where "Bing" appeared at a 7th War Bond rally, said to have been the largest yet held locally.

From the Common the next stop was the Commonwealth Country Club inNewton where Crosby played an exhibition golf match, teamed with the old Siege-Gun, Jesse Guilford, against Governor Tobin and Fred Wright. Proceeds from the match benefitted the Soldiers' Rehabilitation Fund of the Professional Golf Association.

After the golf came that part of the program in which Mr. McGrath was most interested. This was "Bing's" appearance before the wounded veterans at the Cushing General Hospital in Framingham, an appearance made under the auspices of the Mass. Elks' Association and the Elks' War Commission, of which Mr. McGrath is chairman. Harry has devoted much time to the Elks' program for entertaining disabled veterans and has played a prominent part in arranging the 20 or so shows which the Order puts on monthly for soldiers in service hospitals.

At 11 o'clock a now weary Harry McGrath saw Crosby on his train leaving Boston for Washington.

U. S. ARMY NURSE CORPS IS CALLING FOR REGISTERED NURSES—THE NEED IS URGENT

PRIDHAM AND THE SECRETARY

Readers of this column will scarcely credit the statement that at last week-end's regular matches of the Palmer Beach Horseshoe Association the lowly and usually hornswoggled Secretary actually won titular honors for the second time this season. This is an all-time record for the Scriveners, who is generally numbered among the also-rans, and goes far to show that the average run of competition at the mirky marge of Wedge has not as yet reached a frightfully high level. As a matter of fact it is still pretty elementary if your correspondent may borrow an expression from the prolific vocabulary of President Royal "Paper Trade" Teele.

Mr. Teele, himself, did not do so well. It really is painful to record that during the entire session he won but two games and no series at all. To be sure the perennial champ of the Paper Trade outings arrived late at the courts and so was kept out of the first two series, but after watching his late-session form, all Association members will concur in the statement that it was just as well he did not have to pitch for a longer interval. Still minus his "googles", which even Mrs. Teele has not as yet been able to unearth, the Paladin of Wells River was very much "second court" in his showing. Both Herbert "Garrulous" Gardner and "Wild Willie" McLaughlin, the Pride of Stowe and Champion of All Nabnasset, who were linked with Mr. Teele in partnership combinations, seemed pretty definitely of this opinion, though Mr. McLaughlin was too polite to say so. Mr. Gardner played longer with Royal and in the end broke down and spoke the truth, briefly of course, but to the point.

Getting back to the Secretary and his amazing good fortune! He and Roland "Thin Finger" Pridham first set down Howard "Foul Line" Wittet, AWOL from the blueberry bushes, and Mr. Gardner, two straight. Then they handed out "the works" to Mr. McLaughlin and Mr. Wittet again. Mr. McLaughlin carrying the match to odd games with a mighty effort that deserved a better fate. Mr. Wittet tried hard and had the whole-hearted support of his daughter, Sandra, who undoubtedly left the beach with the idea that, McLaughlin aside, the members of the Association are on the whole a bunch of "meanies."

At this point Mr. Pridham reluctantly took his departure and the Secretary paired with Mr. McLaughlin to oppose Mr. Teele and Mr. Gardner. This match, thanks to some steady pitching on the part of Mr. Gardner, went to odd games before the Scrivener and "Wild Willie" pulled victory out of the fire. Both teams were in the 20's in the last two games, and the score of the deciding game was 25-23.

Mr. Teele was for keeping right on but Mr. Gardner felt a change would be beneficial, at least to him, so sides were changed, "Garrulous" and the Secretary opposing Mr. Teele and Mr. McLaughlin. It was at this point that an unfortunate difference of opinion occurred to mar the friendly feeling which always, or nearly always prevails on the wind swept courts of Wedge.

The difference of opinion was regarding the score, which Mr. Teele felt was 20-10 in favor of himself and McLaughlin, while the Secretary could only remember Royal and Willie scoring 10 points and believed that the count was tied.

Neither Mr. McLaughlin nor Mr. Gardner knew the score and so admitted in manly fashion that became them well. As a compromise the Secretary agreed to split the difference and give Mr. Teele and Mr. McLaughlin a five point advantage, 15-10. It really made no difference, for Willie and Royal didnt score another point, the Scrivener and "Garrulous" running out the count, 25-15.

Mr. Teele protested voluably and incessantly, claiming that the argument and unfair ruling had so unnerved him that he could not do his best. In vain did Mr. Gardner point out that his showing had been very consistent with his previous form. Mr. Teele would have none of it. He literally demanded another game.

To his credit it must be admitted that Royal surpassed himself in the game which followed, a game which he and Mr. McLaughlin won hands down, 25-6. The enraged Mr. Teele got to throw an occasional ringer, even without his "googles" and once even slapped on a double-header to aid the Pride of Stowe.

Meanwhile the Secretary was exhausted from constant competition since the opening gun of the session, and lost the range completely. Mr. Gardner, in a brief statement, claimed he didn't care about that particular game anyhow!

WINCHESTER NINE WON EIGHT OF 14 GAMES

While Winchester High hardly lived up to its potentialities as a baseball team this spring, especially in Middlesex League competition, the locals did win more than they lost, taking eight out of 14 games and taking two straight from Woburn in the bargain.

Winchester had potentially the best team in the Middlesex League and looked as good as any team it faced this spring, even when on the losing end. Both games the locals lost to Wakefield, for instance, went extra innings, one 13 and the other 15, and in both inexperienced pitchers had to start because of the pressure of league competition. Both times against Wakefield Winchester had to get several runs to tie up the game and send it into extra frames.

Ray V. Hayward, English teacher, coached the nine this spring and did an excellent job. About everything that could happen went wrong for him in his first year in a long time as baseball mentor and everything considered, he deserves a lot of credit for the showing of his team. The local boys were never outclassed, and a break or two here and there would have meant a much better won and lost record for the club. The boys didn't hit too well on the average, but their fielding game was good enough and their pitching, with Washburn and Roche on the hill, easily the class of the league.

Coach Hayward's chief difficulty was postponed games, rainy weather raising hob with his pitching schedule and also with his practice sessions. Toward the end of the season his club was playing three or four games a week, givng him virtually no time to correct such faults as cropped up in competition.

Erratic catching, bane of Winchester teams for several seasons, handicapped the club at the start of the seson, neither Bucci nor the inexperienced but aggressive Wilson being able to give the club the steadiness needed behind the bat. With the shifting of Walsh from second base to catcher and the insertion of young Jimmy Olivier at the second base slot, the team seemed to find itself, and had it not been for the loss of players for disciplinary reasons in three games toward the end of the season, might have won the league title.

Winchester's infield was quite all right with the flashy Ted O'Rourke at first, Olivier at second, Sam Tibaudo at short and Pete Blanchard at third. Eddie Hicks did well with the utility job. In the outfield Sam Bellino played a good left field, Jimmy Haggerty was the usual centerfielder, backed by Cogan, while Roche and Washburn played right field when not pitching, aided by Twiggy Nolan. Francis Sleeper was team manager.

Following is the season's record:

Winchester	2	Concord*	1
Winchester	2	Lexington*	1
Winchester	7	Wakefield	8
Winchester	17	Woburn	2
Winchester	3	Reading*	7
Winchester	6	Wakefield	7

For the benefit of those who still are wondering about those white lines that have been painted on many of the sidewalks around the center, the Star is pleased to announce that they are not for the purpose of enabling the Police to determine the sobriety of persons suspected of tarrying too long in their wine cups. Folks are not being made to walk them, nor are they balk lines for hopscotch or prisoner's base. Those lines, friends, denote the exact amount of land which the property-holder owns in front of his business establishment. Beyond those lines occupants of business buildings cannot encumber the sidewalks with impedimentia or this and that. We understand our friend Jim Scott, president of the National Bank, is thinking of using the jutting cape of cement in front of his building for display advertising, in addition, of course, to the space he regularly employs in the Star.

FLAG DAY

As another Flag Day passes it is fitting that American Citizens should review Sections 5, 6 and 7 of Public Law 829, a law arpproved by joint resolution of the 77th Congress,

"Sec. 5. That during the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention, and salute. Those present in uniform should render the military salute. When not in uniform, men should remove the headdress with the right hand holding it at the left shoulder, the hand being over the heart. Men without hats should salute in the same manner. Aliens should stand at attention. Women should salute by placing the right hand over the heart. The salute to the flag in the moving column should be rendered at the moment the flag passes.

"Sec. 6. That when the national anthem is played and the flag is not displayed, all present should stand and face toward the music. Those in uniform should salute at the first note of the anthem, retaining this position until the last note. All others should stand at attention, men removing the headdress. When the flag is displayed, all present should face the flag and salute.

"Sec. 7. That the pedge of allegiance to the flag, 'I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation indivisible, with liberty and justice for all,' be rendered by standing with the right hand over the heart. However, civilians will always show full respect to the flag when the pedge is given by merey standing at attention, men removing the headdress. Persons in uniform shall render the military salute."

MISS REGAN HONORED

The Mothers' Association of the Lincoln School held a tea Wednesday afternoon, June 13, in the school auditorium in honor of Miss Agnes Regan who is resigning her position as principal of the Lincoln School with the close of the current year.

Miss Regan has been a teacher in the Winchester schools since 1910 and has been principal of the Lincoln School sine 1917. She has been beloved by the pupils in her charge and highly esteemed by their parents who view her departure from the local school system with genuine regret.

At Wednesday's tea Miss Regan was presented with a corsage and war bonds by the Mothers' Association and mothers of former pupils of the Lincoln School as a token of their appreciation of her long and faithful service. The presentations were made by the president of the Lincoln Mothers' Association, Mrs. John A. Lutes. Afterward a social hour was enjoyed.

FLOWER PICTURES AT LIBRARY

The Winchester Art Association is sponsoring at the library art gallery during June an exhibition of watercolor paintings by Polly Nordell. Paintings by Mrs. Nordell have often appeared in joint shows here and her current exhibition is a nice one, if not too varied.

Most of the studies are of flowers and Mrs. Nordell paints flowers with a delicate realistic touch that is withal wholly artistic. She evidently has a liking for blue and few can quarrel with this preference upon seeing the complimenting backgrounds created for her subjects in this color. The deep blue of the background in "Field Flowers," for instance, makes this study especially vivid while a large and nicely done study of Rhododendrons appears to fine advantage against dark blue. A much lighter shade is used to blend with the delicately painted study of morning-glories, entitled "Heavenly Blues."

Departing from blue, Mrs. Nordell chose a flaming orange background for her painting, "White Petunias" and an apple green of especially appealing shade to complete an attractive bowl of purple petunias.

Besides her flower pictures there are two well done still life studies of fruit and two excellent landscapes. "New Hampshire" shows a house and barn in a setting of green meadows and trees with a background of blue highlands. "Mountain Homes" is full of charm with the tops of rambling houses peeping from among tall trees at the foot of a rugged cloud-tipped chain of mountain peaks.

In addition to Mrs. Nordell's paintings there is also a showing of ceramics by members of the Art Association, a variety of well done subjects being on display in two cases. Those showing include Edith Turner, Edna Hatch, Carol Nickerson, Rowena Hallowell, Margaret Bailey, Susan Russell, Esther Howe and Priscilla Pentz.

ATTENTION, BOYS AND GIRLS

This week reservations are being made for the vacation Church School to be held at the Crawford Memorial Methodist Church, corner of Church and Dix streets, from July 9 to 20. Boys and girls from 7 to 14 years of age are eligible.

There are many creative projects in the program. Boys, do you whittle? Bring your jacknives and learn to carve boats of all kinds, a PT boat or an ocean liner, a yacht or a warship. Girls, do you knit? With a gay plastic shuttle, you can knit snoods, turbans and scarves, or shopping bags and bags for tennis balls. Are you interested in finger-painting? Finger painting is 2000 years old, but it is one of the creative arts which you will enjoy today. It is easily learned and you can make book covers, place cards, decorated note paper, wall paper designs, coverings for waste baskets and many original gifts, by the use of your own talent.

Bible stories will be more interesting than ever and you study them from a new angle and the story of Naaman, the leper, will be presented in the form of a play. A group will work on costumes and another as a stage crew, while still another will make a relief map of Palestine. Scrapbooks will accent some of the highlights of this department.

Have you a flair for news? Then you will want to be a reporter for the Vacation School paper which will be issued each week. New songs, folk dances and recreational games will increase the jollity and fun. You can't afford to miss these two weeks of working together and playing together. "We all need each other." Please send your application to Mrs. Harris G. LeRoy, Registrar.

BOYS' AND GIRLS' LIBRARY

The following summer program is being offered by the Winchester Public Library to the boys and girls of Winchester in addition to the regular services.

Reading Club

A new reading club is now being started to stimulate the children to read voluntarily and to explore under guidance at the correct grade level the resources of our library. This year the Army and Navy will be the theme of the club and all children of school age are invited to enlist.

Music Hour

Music recordings will be played daily from 2:30-3:30 and at other times when requested by the children. Special musical programs will be arranged as often as possible during the summer. The first of these will be a musical story hour based on Kipling's Jungle Book on hTursday, June 21, at 2:30.

Vacation Cards

Boys and girls going away for the whole or part of the summer may apply for a vacation card which will allow them to take library books away with them. Those who are staying at home are urged to keep in touch with their library in order to know the dates on which all special programs are to take place.

Finger Painting Exhibit

An exhibit of finger painting from the Children's Hobby Center is now being displayed in the Boys' and Girls' Library. The paintings were done by Carol Ashenden, Natalie Bellows, Ricky Gray, Janice Heaton, Jane Lynch, Margaret McCreery, Deane Shafer, Charlotte Tripp, and Miss Josephine Durrell, the class instructor. The exhibit will continue through the month of June.

Summer Hours

From June 15 to the opening of school in the fall the Boys' and Girls' Library will be open from 10 a. m. to 6 p. m., Monday through Saturday.

ROTARY NOTES

In the absence of President Harry Bigelow, vice president Vincent Ambrose presided at yesterday noon's luncheon of the Rotary Club of Winchester. As usual it was a full meeting, with a number of visitors present.

Dr. J. Churchill Hindes had little to do in the conduct of the singing, as moving pictures with words and tunes of old songs flashed on the screen made individual effort fruitless. An old member, Phil Galagher, was welcomed after an absence of two years in the service.

Don Lewis of the Winchester Trust Company was the winner of the War Bond. In place of the usual speaker, motion pictures were shown on rubber making through the courtesy of Ed Mara of the Firestone Tire and Rubber Company. His appearance was made possible through the efforts of Bob Shaw.

SWIM TO LIVE!

7000 People May Drown This Year in the United States

That was the record for 1944. To reduce this drowning rate the American Red Cross Water Safety slogan "Swim to Live" has been adopted and the Winchester Red Cross Chapter will again offer free water safety instruction as an aid to this end.

Swimming classes ranging from young beginners to adult groups will present an opportunity for all to learn to enjoy in safety the fine Winchester beaches. In addition a special life saving course, combined with functional war-time swimming, will be offered those boys and girls about to enter military service.

Class instruction commencing July 2 and continuing for eight weeks will be given at Leonard Field on Monday, Wednesday and Friday mornings and at Palmer Beach on Tuesday, Thursday and Saturday mornings as per the following schedule:

10 to 10:30, beginners; 10:30 to 11, advanced beginners; 11 to 11:30, intermediates, 11 to 12, swimmers.

Life safing and functional swimming will be given at Leonard Pool on Monday, Wednesday and Friday evenings from 6 to 8 and there will be an adult swimming group and water ballet instruction at Palmer Beach on Tuesday and Thursday evenings from 6:30 to 7:30.

Registration with the bath house custodian at either one of the local beaches may be made at any time.

A NEW BUSINESS OPENS IN WINCHESTER

On July 1, a new cleansing shop, Regal Cleansers, opens for business at 23 Thompson street, in the space formerly occupied by the Little Shaker Chowder Bar.

Regal Cleansers is owned and operated by one of Winchester's well known younger business men, the popular Mr. Paul E. LaMarche. Mr. LaMarche's qualifications for this exacting type of business are summed up in the simple statement that he is one of the comparatively few graduates of the Washington Institute of Cleansers and Dyers, an expert in his field and a successful operator in his profession. He believes in practical citizenship, serving the town as a precinct member. With his young and attractive wife and two adorable little boys, he resides at 97 Highland avenue.

His new shop will be a welcome addition to the business of the town, for under his close personal supervision it will provide cleansing facilities of highest grade. It will be a personalized shop in which the needs of each customer will be given the careful individual attention which Mr. LaMarche believes should be expected of a modern cleansing establishment. He is confident that you will find it a pleasure and a relief to leave your cleansing problems with him. Courteous, prompt and efficient service will be the watchword of this new shop.

JUNIOR HIGH SCHOOL CONCERT

Hundreds of parents and friends of the Junior High School pupils who participated in their first concert in many years thoroughly enjoyed the program at the High School Auditorium on Wednesday evening of this week. Directed by Miss Alma Stoddart, the band, glee clubs, and soloists performed their specialties with poise and dignity.

Especially praiseworthy was the vocal solo "The Lord's Prayer" by Miss Gery Clifford. Spontaneous applause from the enthusiastic audience developed into an ovation for the pleasing singing and manner of this youthful performer.

Other well received soloists were Peter Hutchins who played Liebestraume by Liszt as a trombone solo; Koren Kolligian, whose piano selections were "Claire De Lune" by Debussy, and "Minute Waltz" by Chopin; and Phillip Nelson, who played as a trumpet solo, "Recollections from Gilbert and Sullivan," arranged by Price.

The Junior-Senior High School band opened the program with "America" and later played "Activity" by Bennett.

The Girls' Blee Club sang "The Old Clock" by Towner, and "There's a Little Wheel A-Turnin' in My Heart" a spiritual by Repper.

The Boys' Glee Club sang "Yo Ho" a sea song, and "I Would Be a Sailor" by Avery.

Part 3 of the program consisted of the combined Glee Clubs singing "Sanctus" by Schubert, and the 8th grade boys' glee club's rendering "A Prayer for Peace" by Wagner.

SHOWER GIVEN TO MISS DOROTHY E. DANFORTH

Thursday evening friends and business associates of Miss Dorothy E. Danforth gathered at the home of Miss Grace Wickwire, 83 Cambridge street and surprised her with a shower party. Miss Danforth is to be married in Ripley Chapel of the First Congregational Church on Aug. 3.

Miss Wickwire's home had been prettily decorated for the party by beautiful cut flowers from her own gardens and colorful ribbon arrangements. Philip Emery Dresser entertained with piano selections and Miss Suzanne Harriet Dresser sang several solos.

After the entertainment and the presentation of a multitude of useful gifts to the bride to be refreshments were served by Mrs. Archibald Dresser.

Miss Danorth is secretary to Miss Wickwire, assistant treasurer of the Warren Institution for Savings in Boston. Mr. James Charles Seaver, whom Miss Danforth is to marry, is an accountant and was recently honorably discharged after serving in the United States Navy. After the wedding the young couple will make their home in Montague, Mich.

60TH WEDDING ANNIVERSARY

Old residents of Winchester will learn with interest of the 60th wedding anniversary of Dr. and Mrs. Frederick Harlan Page, observed Monday, June 11, at their home, 25 Greenwood lane, Waltham. Mrs. Page is the former Grace Conant, a native of this town and daughter of the late Mr. and Mrs. Charles E. Conant who lived for a time on Myrtle street and later were residents of the west side.

Dr. Page and Miss Conant were married in Winchester in 1885 by Rev. Charles R. Seymour, pastor of the First Congregational Church. Editor of the Boston Daily Advertiser at the age of 28, Dr. Page gave up his journalistic career to enter the ministry and was pastor of Trinity Congregational Church in Lawrence from 1896 to 1906. Later he was for 20 years pastor of the First Congregational Church in Waltham, resigning to become president of the Mass. Congregational Conference and Missionary Society with headquarters at the Congregational House in Boston. This position he filled for nine years, during which his wise and helpful influence was widely felt beyond denominational lines.

SONS OF ITALY NOTES

The other day I was looking over our list of members and I noticed that there were six members of one family in our organization. They are the Marchesi family. When I came across Salvatore Marchesi on the list it dawned on me that he had three sons a daughter and a son-in-law in the service. His son-in-law, Tech. Sgt. William Lionetta is married to Angelina. He is a member of our neighboring lodge, Arlington, so we expect to see quite a lot of him at our club house when he returns home, if his wife will let him out.

Sgt. Grace Marchesi is at present stationed somewhere in the Philippines. She has three stars on her service pin, having been in Hollandia, Leyte and at her present battle area. She is stationed about 125 miles from her brother, Fiume. Through the efforts and co-operation of the American Red Cross, Sgt. Grace has been able to talk by telephone to her brother Fiume. She described it as being the greatest thrill of her life, which we can imagine it would be.

She had the pelasure of meeting a neighbor of hers, Al Tibaudo on one of the Pacific islands. The story of the meeting goes as follows: "Handsome Harry" was walking along with some of the boys when he spied Grace. Getting excited, told the boys that he knew that WAC. They thought that he was pulling one of the old Army games, so they doubted him. So he said "Hello" to Grace. Grace, returned the greeting and failed to recognize him, as she didn't expect to meet anyone she knew, so far away from home. So the boys began to rib "Handsome" about it, but he insisted he knew her. So he called to her in loud and determined tone, "Hey Grace" making her stop and giving him a chance to make himself known. The rest you can imagine.

Sgt. Fiume Marchesi is at present stationed somewhere in the Philippines. He was stationed at Hickam Field on that fateful Dec. 7, 1941. He was injured in that action at Pearl Harbor. He was the first Winchester boy to receive the Purple Heart in the second World War, being one of the first six New England boys to be awarded the medal at Pearl Harbor. He has also seen action on Guadalcanal, New Georgia, Munda, Luzon and Leyte. He will be home shortly as he has 130 points.

Tech. Sgt. William Lionetta, husband of Angie, is at present stationed in Hawaii. He is in the Signal Corps of the Army Air Forces. At present very little can be told of his activities, but as soon as we can, we will let the members know what one of our brothers is doing in the Pacific.

Then there is Sgt. Paul Marchesi. Chink is now stationed at a prisoner of war camp in New Jersey, as a cook. He was with the 182nd Infantry of the now famous Americal Division. He was overseas for 28 months and saw action in New Caledonia, Guadalcanal and the Fijis. He was with many other Winchester boys. He also had the pleasure of meeting his brother, Fiume, being the first time they had seen each other in years.

Last but not least there is Pvt. Joseph Marchesi, the baby of the family. Joe Fish is at present stationed at Boca Raton Field in Florida, having been in the service one year. He is going to the Army Air Forces Radio Mechanics School.

Besides five sons who are members of our lodge, Salvatore Marchesi has three daughters, Grace, Angeline and Mary, who are members of the ladies lodge.

Larry Penta has arrived safely in Okinawa with the Marines. His address is: Sgt. Lawrence J. Penta, Service and Supply Co., 1st Service Battalion, 1st Marine Division, FMF, c-o Fleet Post Office, San Francisco, Cal.

There is no bargain counter for Telephones

DISTRIBUTING telephones on a bargain counter basis (everyone for himself) would be a quick way for us to dispose of available facilities. But would it be best for all concerned? For example, shouldn't those whose work is important to the war effort or to the safety and health of the community have preference?

Communications are very close to the public welfare, especially in wartime. That is why we distribute telephones only in strict conformity to Government regulations set up for that purpose.

People agree that this system is fair. Under it, no one can get a telephone out of turn.

As each new application for service comes in, we check it in the light of these regulations and existing facilities. The waiting applications are reviewed periodically . . . none is overlooked. And applicants are asked to keep us informed of any change in their circumstances which would alter their application status.

So, because available facilities are distributed according to a well-considered plan, there is no opportunity to get service except under rules which people tell us they think are fair rules, fairly administered.

GIRL SCOUT TROOP TALES

The wind and the weather co-operated with Girl Scouts just beautifully on Saturday, June 2 and made our festival perfect. After a very bountiful lunch which we cooked over open fires, we all went down into the maple grove to sing. At 1:30 when our parents and friends arrived we were all in gala party mood, and the rest of the afternoon went all too quickly.

The World Friendship Fund had a representative from each troop dressed as the country she portrayed. These colorful costumes lent a gay appearance to our woodland scene. Mrs. Allen Farquhar had charge of this part of the program and her ideas carried forth the spirit of Julliette Lowe and her international friendliness.

A very hilarious skit showing how not to do home nursing was put on by Troop 12 under the direction of Mrs. J. Michelsen. The girls then showed how they could do it if they had to.

Troop 1 demonstrated a square dance and looked as if they were having so much fun doing it that everyone in the audience clapped and kept their feet going "in time" to Pop Goes the Weasel. The Mariner Ship put on a very nice closing to the program, lighting candles for each Girl Scout law, and Troop 3 sang the Girl Scout Chant.

Service pins for 15 hours of community service were awarded to Betty Ann DeCourcy, Nancy Dowe, Marcia Flaherty and Jane Robinson of Troop 2. Blue service ribbons to add to the pins already received for 40 hours of service went to: Frances Barrett, Sally Birnie, Dottie Brandt, Shirley Carr, Franceline Cullen, Audrey Elliott, Allene Goodwin, Carol Hawkins, Phoebe Greenwood, Betty Kneeland, Diantha Lamb, Muriel Pride, Carole Shahlin, Marjorie Zinn, Judith Lamprey of Troop 3 and Ruth Halm of Trooo 2.

For 65 hours service additional, a white ribbon was presented Judy Lamprey of Troop 3. For 90 hours a red ribbon went to Judy Lamprey of Troop 3, and Shirley Hamilton of Troop 2. For the girls who have been registered scouts for five years a roman numeral guard for their scout pin was awarded to June Tracy of Troop 9 and Ann Dillingham, Phyllis Gange, Patty McElhenney, Sally Morgan and Eleanor Pettenger of Troop 11. And to Jackie Fritch of Troop 14.

The girls in Troop 1 who received their first class badges from the Commissioner, Mrs. Clarence Roberts were Beverly Gay, Betsy Chipman, Mildred Spofford and Nancy Townley-Tilson. From Troop 2 Ruth Halm, and from Troop 12, the following: Martha Daschbach, Nancy Grant, Lois Hottle, Janet McIntyre and Barbara Maher and Martha Feinberg. From Troop 14 Jackie Fritch and Barbara Michelsen.

For the coveted curved bar, the highest award in girl scouting the following girls qualified: Troop 1: Martha Bailey, Catherine Elliot, Mildred Spofford, Carolyn Zinn, June Tracy, Mary Emily Bodman and Marilyn Hiscoe; Troop 12: Nancy Griffiths and Joanne Meskill.

An important part of the program was the dedication of the camp and cabin site to our late benefactor, Lucy Waterman Joy, and from now on the camp will appropriately be called Camp Joy. As long as girl scouts enjoy camping the spirit of Mrs. Joy will live on with them at this beautiful spot.

WINCHESTER, MASS. BLOOD BANK RECEIVES RECOGNITION OF NATIONAL NETWORK

In addition to the program broadcast over WEEI on May 23 saluting the Red Cross Blood Bank, Winchester received recognition twice on the Columbia network on its Arthur Godfrey program 9.15 a. m. May 23 and June 13.

Valuable publicity like this is a great asset to the town and the Winchester Red Cross Unit can be congratulated on its enterprise in stimulating this interest.

WINCHESTER HIGH SCHOOL, CLASS OF 1920

The 25th anniversary meeting and second reunion of W. H. S. Class of 1920, was held at the Winchester Country Club, Friday evening, May 25.

Of the graduating class numbering 54 students, 21 were present. These were:

Francis Barrett with the New England Tel. and Tel. Co., recently advanced to Providence, R. I., in an executive capacity.

Helen Bowe (Robbins) looking more handsome than ever, spending her time between her home at Lexington, and Washington, D. C., where her husband is a government official.

Alice Chamberlin (Lawton), still tall and lanky, as chipper as ever.

Pearl Dearborn (Antle) who came a long distance, from Milford, N. H., and very well satisfied she is there, because with the cows and the chickens she suffers no dearth of sustenance.

Carol Dow (Howe) who we all remember entering the class fresh from Florida. Southern accent still lingers.

Stuart Eldredge (Doc) our genial class president, healthy looking as ever, and bustling to make the party a success.

Ruth Farnham, with her husband, Mr. McElhiney, the latter a member of the class of 1921.

Mary Fitzgerald (Bane) still sporting that nice grin which we would like to have.

Helen Foley, who promised a male member of the class a hug if he attended, but called him a "wolf" when he tried to collect.

Lillian Gray (Donaghey) our famous athlete of exceptional ability, who worked hard on the committee.

Alice Hanlon (Rehm) who never grew tall as she had hoped back in medieval 1920.

Frances Hill (Emery) who also never grew tall, with her charming and dainty appearance unchanged all of these years.

Mary LeDuc, sparkling and enjoying herself every minute.

Edward MacDonald, tall and handsome, said the war effort is keeping him busy until he can get back and start selling the townspeople their automobiles.

Catherine McMinamin (McGrath) charming and youthful, whispered that she was a happy mother of three.

Ruth Nelson, had dodged matrimony, but it must be from choice, her complexion the envy of all.

Ruth Poland (Tansey), mother of four children, patiently waiting for "Joe" to return from the war.

John Sullivan, now of Hartford, Conn., had more to say at the meeting than he anticipated.

Eleanor Tilden, now of New London, Conn., our "smartest" student, practically unchanged.

Evelyn Toppan (Jordan) attended with her handsome husband, both enjoying it immensely.

Frank Vallely, still the fashion plate (so he said) and not much else to say.

Also present were members of the class who did not graduate, Harold Hargrove now of Salem, and John Pathee with Harrison Chadwick, the latter in Army uniform. John and Harrison confessed to a state of bachelorhood. Also tall and willowy Jenny Ralph. Margaret Leahey Reardon, mother of three lively boys; Dorothy Davidson Fass of Watertown and Frank Holland another care-free bachelor.

From the faculty, Miss Florence Parker who retires this year from W. H. S. presumably to return and enjoy herself in her native state of Maine. Also Miss (or Mrs.?) Stacey, and Mr. Butters. Mr. Butters entered W. H. S. in 1919. We were honored to have this fine representation from our school.

After a nice lunch, each present spoke briefly of their activities since leaving school. After this letters of regret were read from those who found it impossible to attend. Doris Bean was reported deceased. It was understood that a few of the class because of death or ill health would not be present. From our school paper, the Winchester High School Recorder, Eleanor Tilden read her Valedictory address, John Sullivan read his Salutary address, Frances Hill read the Class Will, and Ruth Poland the Class Prophecy. An added attraction was the protection of individual and group pictures of some members of the class taken at least 25 years ago. It was noted that all of us had changed but slightly.

"Yet 'tis sweet to remember,
The walks, where we've roam'd without tiring,
The songs that together we've sung,
The jest, to whose merry inspiring,
Our mingling of laughter hath rung,
Oh! trifles like these become precious,
Embalm'd in the mem'ry of years:
The smiles of the past—so— remember'd—
How often they waken our tears!
Yet 'tis sweet to remember!

FLEET FLOUNDERERS SCARE SWANSONS

You who are familiar with the racing careers of some of the feebler flounderers of the Snipe Fleet, may find the following pretty fantastic, but so help me it really happened. Last Sunday morning, that slick sailing team, the Swanson brothers, had to sail one of their finest races in order to beat out a couple o the worst wake walls of the Fleet. Here are the complete, unexpurgated facts.

The course was starboard and the first leg of the race was a windward beat from Winchester to Medford. We could say that by some very clever tacking and superb strategy, Carl Freyer reached the first marker first, but let's stick to the truth. He did round the first marker in the lead, closely followed by Holbrook Bugbee, but how these two faithful fleet followers got there first nobody knows.

This amazing phenomenon so upset the rest of the fleet, that they didn't recover for two laps. Freyer and Bugbee held the one, two position ofr two full laps, and when they finally did lose the lead, who but another flounderer in the person of Dave Merrow took over. But he blew his chance for glory in about two minutes.

Apparently the initial shock of following these wake wallowers for two full laps began to wear off, and a couple of the Fleet's front runners, George Jones and the Swansons snapped into action. They split tacks, George scurrying to the Medford side of the lake and the Swansons up the middle and when they rounded the Medford can for the last time, the Swanson's were three boat lengths in front, with Freyer three lengths behind Jones. And that's the way they crossed the finish line a few mniutes later. "Bart" Sullivan, last week's winner nosed out Bugbee for fourth, Merrow was sixth and Connie Dana was last. George Field, who was also a starter, failed to finish when his mast snapped in half, four feet above the deck.

Club Chatter

That Chowder party we reported last week has turned into a frankfort and bean supper. Guess the clam diggers are striking or something. Anyhow, the menu now calls for franks and beans, relish, rolls, coffee and ice cream. It's to be held outside (weather permitting) Saturday evening, June 16 . . The first race of the handicap season will be held Saturday, June 16 at 3 o'clock . . Jack Albree did another swell starting job for the Fleet last Sunday . . . Mrs. Dustin served a luscious roast lamb dinner last week-end and roast beef is on the bill of fare for this Sunday.

Mrs. John M. Conahay (Doris Perry) and her daughter, Nancy, are back in town, probably for the duration, staying with Mrs. Conahay's mother, Mrs. Betty Alden Perry of Main street. They had previously been staying in Cocoanut Grove, Fla., while Sgt. Conahay, now serving overseas, was on the fireball run. Sgt. Conahay came north with his wife and daughter for a brief seven days delay en route to his new duties.

SEVENTH INNING RALLY ON 7TH WAR LOAN

Winchester, at last, is beginning to hit its real stride in the War Loan Drive. On June 9, exactly $224,812.50 had been subscribed in Series E Bonds, leaving $179,000 to go to reach our "E" quota. On the sale of bonds other than Series "E" to individuals, we were far over the top with sales of $866,000 as against our quota of $511,000.

There is no doubt that our overall quota will be made but, with the drive more than two thirds completed, there is still a hard pull ahead to reach our Series "E" quota.

The standing by precincts as of June 8 on Series "E" Bonds was as follows:

Precinct 1—70 percent of quota subscribed.
Precinct 2—74 percent of quota subscribed.
Precinct 3—64 percent of quota subscribed.
Precinct 4—62 percent of quota subscribed.
Precinct 5—67 percent of quota subscribed.
Precinct 6—50 percent of quota subscribed.

If you have not bought your share of Series "E" Bonds please sign up without delay at any local bank or at the Post Office.

BETTER HOMES GARDEN CLUB MEETING

"A delightful afternoon" was the unanimous verdict of those members of the Winchester Better Homes Garden Club who attended the luncheon meeting of the club Wednesday, June 13, on the terrace of Mrs. Samuel Kirkwood's unusual home on 7 Swan road.

Following a short business meeting, Miss Dorothea K. Harrison, County Garden Supervisor, gave some very practical suggestions for the home gardeners. She particularly stressed the urgent necessity of home growing and canning of vegetables this year, not only because the weather has retarted crop production, but also because of the really acute shortage of help on the farm and in the canneries.

BOND CAVALCADE VISITED WINCHESTER

The Mighty 7th Cavalcade of motorized apparatus and ordnance used by the Army and Navy in World War II for transportation and destruction visited Winchester yesterday for a Bond Rally on Main street between the Parkway and Washington street from 11 a. m. to 1 p. m.

The string of motor vehicles was met at the Winchester-Woburn line by a Police escort under Lt. Edward W. O'Connell and St. Mary's uniformed band, directed by Prof. Frank Barone. Three attractive Drum-Majorettes, one in white and the others in the blue and red of the band, led the young musicians, who were preceded by their colors and color guards'

As the Cavalcade approached the center Winchester's grade crossing did what it could to help, the gates being lowered as the marchers reached a point opposite Park street and remaining lowered while two out-bound trains, one a freight, and one train inbound went through town.

Riding in a Jeep near the head of the line of march were Maurice C. Bird, chairman of Winchester's War Bond Committee, Treasurer William E. Priest of the Winchester Savings Bank, co-operating local member of the Savings Banks of Massachusetts, sponsoring the Cavalcade; Assistant Treasurer Ralph W. Hatch, Ralph H. Bonnell, chairman of the Board of Selectmen, and Assessor P. T. Foley, representing World War I Veterans.

Major Alex Smith was in command of the Cavalcade and in general charge of the local exercises. Among the objects of interest shown were a German Mark 4 Tank, a German 50 mm. Field Gun, a Robot Bomb, Naval Shells and other ordnance pieces, booby traps and two amphibious ducks, large and small, in which the youngsters who crowded the rally took a healthy interest.

Finally the kiddies were permitted to pile into the two vehicles and were given rides, including trips onto Wedge Pond, which the vehicles negotiated as easily as the ducks for which they are nick named. Members of the regular and auxiliary police went on the rides with the youngsters.

The 16 members of the Cavalcade personnel were dinner guests of Mr. Priest at the Rotary Club, incidentally praising the menu highly.

Robert Sheldon Hamilton, USA, QMC, in which the latter reports that he and his father, Lt. Col. Robert M. A NAVY S. O. S.

The police blotter is our authority for the statement that the police were called to a west side house earlier in the week, to investigate a complaint that a prowler was in the house. When the officers arrived a young Naval officer told them he thought he had heard the door open and some one come in. The police could find no one either in or around the house.

The part of the story which interested us was the fact that in the house at the time were nine Navy officers. Calling the cops to take care of an intruder with nine Navy men on the premises seems at least somewhat comparable to bearing the well known coals to Newcastle.

AT REDISTRIBUTION CENTER

Tech. Sgt. Thomas J. Gigliotti, USAAF, son of Mr. and Mrs. Bernard Gigliotti of 30 Florence street, is now at an Air Force Redistribution Center at Atlantic City, N. J., after nine months service in the European Theatre.

PRISCILLA HURD AND FRANCIS SLEEPER WIN UNITED NATIONS AWARDS

Once again the history students of Mrs. Ella Stacy are winners in the national competitive examinations sponsored in Massachusetts by the United Nations Association.

By taking first and third places respectively in the State competition this year, Priscilla Hurd and Francis Sleeper became the 11th and 12th winners from Mrs. Stacy's history classes in the last nine years. In making public this year's awards, the United Nations Association wrote as follows: "While paying tribute to the teachers as well as the students of other participating high schools in the State, it is significant that in the past nine years the Winchester High School has had winners in all but two (note: this has been corrected to one) of the annual contests—and on three occasions they carried off two of the three annual awards."

Lane McGovern of the class of 1941 is the only New Englander to have won a National Prize in this competition. It is estimated that approximately 200 pupils in Massachusetts compete in this contest, which is limited to two from each school, and about 3500 pupils compete in the 48 states.

Other Winchester winners have been John H. Downs and Ruth LeRoy in 1937; Jane Grimes in 1939; Barbara Hughes in 1940; Lane McGovern in 1941; Shirley Brackett and Betty Ann Elliott in 1942; Jean Stillman in 1943; Ruth Tapley and William Thompson in 1944.

In explaining her success and that of her pupils, Mrs. Stacy said that this year's five contestants, only two of whom could enter, spent about six weeks in outside preparation for the examination, but contributed as usual to the class study of the United Nations Organization and led a group that presented to the entire school an assembly on this subject.

Both of this year's successful contestants are on the permanent honor roll and received Mothers' Club Certificates testifying to their scholarship. Miss Hurd was also awarded the Smith College Club Scholarship and Sleeper, besides taking honors in history, received the Franklin and Washington Medal for proficiency in history.

This year's awards were held up until too late for graduation announcement because there was some controversy over awarding two prizes to one school. However, a judges' reconsideration returned two W. H. S. winners.

TROUBLE AT SYMMES CORNER

Complaints have come in at Police Headquarters of breakage of street lights on Main street and Highland avenue in the vicinity of Russell's Farm on lower Main street and of several panes of glass being broken in the farm buildings there. Also last week a gasoline pump at the farm was broken into and a quantity of gasoline stolen. Windows were also broken at Wedgemere Station.

Officer William E. Cassidy was assigned to investigate the damage to the local property while Sgt. Nordberg of the B. and M. Police came to Winchester to investigate for the railroad.

As the result of their investigations Officer Cassidy took a 15 year old boy living in that neighborhood to headquarters where he was questioned by Chief Rogers and Sgt. Nordberg. After a time the Police say he admitted breaking the street lights with an out of town boy, making restitution to District Manager Frank Randall of the Edison Company.

Police say the boy also admitted he and the out of town boy broke windows at Russell's Farm. He also admitted having tried to get into the gas pump there, but said he was unable to do so. He denied having any connection with the damage done at Wedgemere when questioned by the local and railroad police.

What action the Police will take in connectoin with the damage done at Russell's has not as yet been decided upon. Meanwhile investigation of the Wedgemere damage is being continued.

Wakefield. After clearing through Fort Devens he commenced a 60 days furlough Tuesday, and is coming to Winchester over the weekend with his wife, the former Nancy Sharp of Newton, and their young daughter, Carol Courtney, whom he saw for the first time when he arrived home.

Lt. Smith is the first of the three Winchester boys, imprisoned by the Nazis at Stalag Luft I to reach home, the others being Lt. Amos Shepard and Lt. John Blanchard. He reports having seen the other boys before leaving and that they are quite all right. They will arrived home on a later ship. Lt. PVT. DUQUETTE LOST

Winchester Survivor of Corrigedor Lost His Life in Sinking of Jap Prisoner Ship

Mr. and Mrs. Anthony M. Duquette, of 6 Dix terrace, were notified on Wednesday by Maj. Gen. J. A. Ulio, Adjutant General of the United States Army, that their son, Pvt. Anthony M. Duquette, Jr., captured by the Japanese at the conclusion of the first American-Japanese campaign in the Philippines, lost his life Oct. 24, 1944 when a Japanese ship loaded with prisoners headed northward from the Philippines was sunk by submarine action in the South China Sea.

Pvt. Duquette was in Army Intelligence, assigned to Headquarters Co. of the 131st U. S. Infantry, known as the American Foreign Legion and one of the units under General MacArthur in the epic defense of the Philippines against the Japanese after Pearl Harbor. So far as his parents could learn he was actually captured on Corrigedor and as a POW went through the tragic prisoners march to Bataan. According to the Japanese government he was one of 1775 prisoners aboard a Nipponese ship that left Manila sailing northward Oct. 11, 1944. This vessel was subsequently sunk by a submarine in the China Sea over 200 miles from the Chinese coast which was the nearest land. Five prisoners escaped in a small boat and reached the coast. Four others were picked up by the Japanese. All others, according to the Japs, were lost, and since Pvt. Duquette's name was not among those reported as escaped or picked up, the War Department considers he lost his life when the ship went down and is carrying him on its records as killed in action Oct. 24, 1944. His parents last heard from him in January of this year when they received Japanese imperial army post cards which he had written them in May, 1944.

Pvt. Duquette was born Aug. 10, 1922, in Baltimore, but spent much of his life in Winchester, attending the Winchester schools and enlisting from this town in the regular Army Aug. 10, 1940, the first boy to leave town for service in World War II. After a few weeks on the west coast he was sent immediately to the Philippines where he was when the Japs attacked.

Pvt. Duquette's father is a veteran of World War I. Besides his parents his grandmother, Mrs. Charles T. Fortis of this town survives.

A memorial service will be held at the Unitarian Church Sunday afternoon, June 24, at 2:30 o'clock, the minister, Rev. Paul Harmon Chapman chaplain of Winchester Post, 97, A. L., being assisted by a former minister, Rev. George Hale Reed.

SELECTMEN'S NOTES

The Selectmen are vitally interested in the move to expand the Metropolitan area to include many more of the outlying towns, and have suggested to some of our neighboring towns that our governing boards, town counsels and planning boards to get together in an endeavor to ascertain the feeling of the different communities interested and perhaps to form a policy for the group. Favorable replies have been received from several of the towns and they all seem to be in favor of concerted action.

Dennis McKeering has been appointed a temporary call fireman to replace Clarence W. Russell who was recently injured while on a visit in Maine.

It is a pleasure as well as a comfort to realize that the Red Cross, which as members we are privileged to support, is always on the job both at home and abroad.

While our boys are flocking back from the European Theatre the Red Cross is on hand to administer to the wounded and provide entertainment and recreation for all.

When many of these returning warriors, after a brief period of rest, will renew the struggle in the Pacific the Red Cross will follow to continue its errand of mercy whenever and wherever the need may arise.

We have demonstrated our interest in their welfare by sending them the Red Cross and we can emphasize that interest by purchasing more war bonds so that they may have sufficient supplies to insure an early victory.

The Winchester Chapter announces that it has received a new supply of layette material for the use of Red Cross workers. Allotments will be made upon application at Headquarters, third floor, Town Hall.

PRO-BURIAL MASS FOR PFC. LYNCH

For the second time since last fall Mr. and Mrs. Andrew J. Lynch of Grove place attended last Saturday morning at St. Mary's Church a pro-burial mass for one of their sons killed in their country's service. Saturday's mass was for Pfc. Andrew E. Lynch, killed in action in the Philippines April 12 while serving with K Co., Infantry, of the Americal Division. A similar mass, the first held for a Winchester boy in World War II, was held for their son, Sgt Robert Lynch, a radio gunner killed last October while serving with the U. S. 8th Air Force in the European Theatre.

Rev. Fr. John P. O'Riordan celebrated last Saturday's high mass, which was largely attended. Mrs. Irving Reardon was organist and the soloist was Arnold Callahan, lyric tenor.

Aberjona Post, 2719, Veterans of Foreign Wars, attended the mass with their colors and color guard, under the command of Senior Vice Commander James Russo. A delegation of members of Winchester Post, 97, American Legion, under P. T. Foley, also attended and the uniformed members of St. Mary's Band, acted as guard of honor under Bandmaster Barone. Vice Commander Russo, Harold Fitzgerald and George Foley were ushers.

Pfc. Lynch was born in Winchester Aug. 8, 1914 and was graduated from Winchester High School in the class of 1933, being a member of the school's State Class B Championship cross country team. He was one of the first to leave Winchester for the service and went overseas in February of 1942, seeing service in several major engagements and twice winning the Purple Heart.

Besides his parents, Pfc. Lynch leaves a brother, Thomas H. Lynch, radar man, 2c, USNR, now home on leave.

INJURED IN FALL FROM HOUSE

Mr. Clarence W. Russell of Manchester road was seriously injured last Saturday afternoon while visiting his uncle, Mr. Ben Russell, at the latter's home in Lovell, Me.

Mr. Russell was assisting in the repair of the roof of his uncle's house, which was damaged by fire some two months ago. He was at work on a ladder which in some way slipped, causing Mr. Russell to fall 22 feet to the ground.

He was taken in a neighbor's beach wagon to the Maine General Hospital in Portland where X-rays disclosed a chipped vertebra in his back and a broken right ankle.

Mr. Russell was put in a cast and then driven to Winchester in the same beach wagon in which he went to the hospital, arriving home on Monday. Police Sgt. Thomas F. Cassidy and Fireman John J. Flaherty helped to get him from the machine into his home and bed. It is exepcted that he will be in the cast for about three months.

FARE DISAPPEARED

Monday afternoon about 3.15 Patrolman Irving Reardon was accosted by an angry taxi-driver, Albert Wasserman of 7 Copeland street, Roxbury, driving for the Yellow Cab Co. of Boston.

Wasserman said he had picked up a young woman fare in Harvard Square and had driven her to a Boston Hotel for a meeting there with her former husband. From Boston the young woman told Wasserman to drive to Winchester.

Arrived in town, the young woman told the taxi-man to stop on Thompson street for about 10 minutes while she made a call or something. He watched her go up Common street and disappear on Church street.

She did not come back. The taxi meter read $5.60. Wasserman furnished the Police with a description of his fare, and said he would know the young woman if he ever chanced to see her again.

When one of the residents of Felis road arrived home Monday evening after a week-end out of town he found his house plastered with mud and one of his windows broken. The Police were notified and Sgt. Joseph Iberro located three neighborhood boys, aged 7 and 9 years, who were responsble. Their parents were notified and agreed to make good the damage done.

CENTRAL GREEN HOME ENTERED

Last Sunday morning the home of former Selectman Harold V. Farnsworth at 4 Central green was entered and some money, several articles of jewelry and other effects stolen. The family was away and the maid was at church, discovering the theft after her return.

The Police were notified and Sgt. Thomas F. Cassidy commenced an investigation. He was informed that a boy had been seen coming out of the driveway leading into Central street from the Ginn estate and a search disclosed some of the things missing from the Farnsworth home hidden under leaves in a field drain-pipe.

Sgt. Cassidy picked up the boy, a 16-year ol youngster on Bacon street, and found several articles in his pockets which he believed stolen. The boy claimed they belonged to him, but after the articles were identified as belonging to the Farnsworths he allegedly admitted having taken them. He will be summonsed into court.

Mrs. John J. Walsh of 189 Highland avenue notified the Police that while her automobile was parked on Main street in front of the Locatelli Building at 11 o'clock last Friday morning some one stole a bunch of bananas from the machine.

RECEIVED COMMISSION

Edward T Peach, husband of Mrs. Dolly E. Peach of 329 Highland avenue, is one of the 19 members of the 44th Division's 71st Infantry Regiment to receive field commissions as second lieutenants. The commissions were awarded in recognition of the leadership ability displayed by the men.

The 71st was formerly a New York National Guard Regiment. Under the command of Col. Ercil D. Porter it went into action on the 7th Army front on Oct. 24, 1944. Credited with the capture of Sarrebourg and the Maginot fortress of Simserhof, the 71st withstood the brunt of the New Year's Eve attack made by three German divisions near Grosz Rederching and went on to capture Mannheim and spearhead the 44th Division's drive from Ulm into the Austrian Tyrol.

It was during this drive that the new officers, then sergeants, demonstrated their ability to lead men by taking over their platoons and carrying on the offensive after their respective platoon leaders had become casualties or were transferred.

RECEIVED UNIT CITATION

Lt. Morton Wheeler, 30, USNR, of Plymouth, N. H., has received the Presidential Unit Citation for "extraordinary heroism in action." The presentation was made by Capt. C. F. Chillingworth, USN, gunnery and tactical officer of the Naval Training Station at Norfolk, Va., where Lt. Wheeler is now on duty, attached to the dental department.

Lt. Wheeler was serving aboard the USS. Bogue during the specific time covered by the citation. He wears the Amerian Theater and the European-African Middle Eastern Theater ribbons.

His wife is the former Lydia Rodgers of 44 Genn lrond, Winchester and they have one child, Judity, 18 months.

Son of Mrs. C. Wheeler of Plymoith, N. H., he is a graduate of Harvard University, class of 1942.

SONS OF ITALY LODGE NOTES

We received two letters from brothers who are in the service, one from Jumbo Marrone and the other from Gay Vespucci.

Gay's letter in part reads: "Yes it is a long time since I've written to you. But honestly fellas I hardly have time to write to my family as often as I'd like to. One would think that the end of the war over here might have made the work lighter, but, instead, it seems to get heavier and heavier. On top of it all, we now have the problem of redeploying the men who are in this theatre of war, and you may be sure its no easy task.

"As you've probably heard, I was recently appointed a warrant officer. The change from GI to officer is quite drastic and while I enjoyed being a G. I., life as an officer allows many freedoms that were not the lot of a G. I. No more bad checks and other such stuff. Wow.

"It has made me proud to see so many of our brothers from the lodge being given awards and decorations. Like the others, I am looking forward to getting back there to do my bit toward making it an outstanding lodge. Will write again soon."

Thanks for that interesting letter, Gay. That last sentence means what it says, I hope. In appreciation, I'll give you a little news about home and some of the boys.

Jumbo Marrone has written another one of his interesting letters. As usual his favorite topic is baseball. The team he is now coaching has a record of six wins, one loss and one tie. As usual he also asks about Deadhorse. He also writes that about two weeks before he wrote the letter, he had a nice talk with Eddie Quill, who worked for the Winchester News Co. If you know, Gay, Jumbo certainly writes a lot, considering that he is kept busy with his ball clubs. How does he do it?

Here's some news you'd be interested in, as well as the rest of the brothers. Sgt. Rugged Muraco has been transferred from Douglas, Arizona, to Biggs Field in El Paso, Texas, where he is an instructor to officers. Boy, I'll bet he will rub it in, which is every G. I.'s delight. Imagine telling an officer what to do and get away with it.

Tony Chefalo who has been with the Seabees in France and Germany was home for one day earlier this week. He and Willie DeMinico had a chance to be together for a few hours. You can imagine what a great time they had.

Gay, do you remember John Benenato? Well he is at present stationed at Fort Wright and he was home for a few hours. I'm sorry I missed him, but I have hopes of seeing him very soon. Gay, do you remember J. B. in the bridge games. How he used to look at the cards, twist that stogee around in his mouth, ponder for a couple of minutes while his partner would sweat it out and then what would happen? Right, he'd play the wrong card, remember?

The club house is carrying on as well as can be expected. After a long spell of bad weather, we are getting some good Victory garden weather. Many boys can be seen around town, who are home on furloughs.

I suppose I could go on but I'll have to save some for next week. Rationing, and all that sort of thing.

HIGH SCHOOL SPRING SPORT CAPTAINS ELECTED

"Dudie" Jennings, number two on this year's team, has been elected captain of the Winchester High School girls' tennis team for next season. Conrad Rosander is the new boys' tennis captain.

Frank "Twiggy" Nolan, right and center fielder, has been elected baseball captain for next season, and Tom Kirwan, star half-miler, is the new track captain. Kirwan ran a very fast half at the recent State meet in Newton, though beaten by the veteran Jim Downey of Cambridge Latin, the time of their race being faster than the winning time in the senior class competition. Since Tom was only about three yards off the pace, after leading most of the way it can be seen that the Winchester youngster has real possibilities for another season. He was honorary captain of this year's team, Co-Captains Fran McGlynn and Kevin Burke having entered the service.

WINCHESTER BOYS IN HONORED UNIT

Staff Sgt. Thomas B. Dorsey of 1 Town way and Pfc. Orlando A. Subrizio of 5 Quigley court are among the 131 New England soldiers honored recently when their unit, the 106th Quartermaster Company, a component of the 106th (Lion) Division, was awarded the Meritorious Service Unit Plaque "For superior performance of duty in the accomplishment of exceptionally difficult tasks during the period from Dec. 1, 1944 to Jan. 29, 1945.

VESPUCCI PROMOTED

Gabriel J. Vespucci, USA, son of Mr. and Mrs. Donato Vespucci of 72 Florence street, has been promoted from master sergeant to warrant officer, (jg), his appointment being as of May 26. He is still serving at General Eisenhauer's headquarters in the European Theatre of Operations.

Sam Tibaudo, shortstop and captain of this year's Winchester High School baseball team, was given honorable mention by the Globe in its announcement of all star selections last Sunday.

BUTTERS BACK IN ACTION

Arthur E. Butters, sometimes called the State of Maine Champ, was back in action at the regular matches of the Palmer Beach Horseshoe Association last week-end. That's the lead line for this week's story, the Butters appearance transcending in importance all other items of interest in connection with the session. Arthur had previous to last week-end been absent with and without leave for so long that even "Willie" McLaughlin, his staunchest supporter, was commencing to concur in the opinion advanced by President Royal "Paper Trade" Teele that the old Maine State Champ had permanently forsaken the scientific game of horseshoes for the possibly more ancient and admittedly more royal game of golf. Any one can easily understand, if they know "Willie", how pleased he was to see Mr. Butters show up last week-end and thus justify his confidence while at the same time proving Mr. Teele in error. There are few things better liked by the Pride of Stowe and Champion of all Nabnasset than proving Royal wrong.

Mr. Butters rolled up to the courts as nonchalantly as if he had always been there, participated in the matching for play and doggoned if he didn't win at the expense of Roland "Thin Finger" Pridham, a regular of regulars, and an advocate of 10 o'clock startings at that.

Arthur and Mr. McLaughlin collaborated as partners and first opposed Herbert "Garrulous" Gardner and the Secretary, who has been doing rather well at the beach of late. He didn't do so well last week-end and despite a sterling effort on the part of Mr. Gardner, Arthur and Willie were victors, two straight. Mr. Pridham then replaced the Secretary to Mr. Gardner's evident relief, but once again the champs of Maine and Nabnasset would not be denied, though the Pridham sky-scraper shoe did enable "Garrulous" to carry the match to odd games.

The funny part of it all was the fact that it was Mr. Butters who was carrying the load for the winners, Ringers and even double-ringers flew from his rusty paw and soup-bone while at times he even attempted his axiomatic hyperboleric shoe, usually thrown only at crucial moments toward the end of a long and busy season. Arthur was very torrid indeed in his first two matches last week-end and he called attention to the fact a bit sadly, thinking pedagogically no doubt how much better it would have been for the oft advanced teaching maxim of keeping the plough to the furrow and the shoulder to the wheel and the proboscis to the grindstone if he had not done so well.

It must not be understood that Mr. McLaughlin made no contribution at all to his team's victory record. The Pride of Stowe kicked in with ringers and double ringers when they were needed, but the McLaughlin watchword being "easy when you can," Willie was quite content to lay back and let Arthur do the spade work.

After winning two straight matches Willie and Arthur were separated for the good of the Commonweal, the Secretary and Mr. Gardner taking on McLaughlin and Howard "Foul Line" Wittet, the old blueberry maestro from the Highlands. Mr. Gardner continued to pitch superbly, but received no support at all from the Scrivener, who was even below his usual form, which is a strong statement. "Garrulous" hattled hard and carried the match to odd games, but a Wittet ringer in the final box, a ringer that slid between the prongs of a bridge formed by the Secretary's shoe decided the issue.

The last match of the session saw Mr. Butters and Mr. Wittet taking on Mr. McLaughlin and the Secretary, Willie taking pity on the luckless and by this time down-hearted scribe and consenting to having him as a partner. The McLaughlin shoulders are wide and he was able to carry the load, the Secretary throwing one double-header to aid somewhat in winning the second of Willie's two game victory.

It is painful to record the fact that the Association's president, Royal P. Teele, was absent from the courts, being it is presumed in Provincetown laying out the antiques for the summer season. Perhaps on the whole it is just as well he wasn't on hand to see how well Mr. Butters did after being so long exposed to the deteriorating influence of golf. And it is surely for the best that he did not, in view of recent past events, see the form which the Secretary displayed through out the session.

MORE ON RATS

To the Editor of the Star:

I have been told recently that it doesn't do any good to write letters to the paper about the rat situation because what is really needed is action by the Town Meeting Members. Nevertheless, I am writing in the belief that there is a real need for aroused opinion to get action at a meeting.

It is considered not proper to admit a close association with rats in a town or home, and one of the first reactions of people is one of aversion to talking about the subject followed by an honest opinion that they have heard people complain, followed by an admission that they themselves are experiencing rat trouble.

Through a chance knowledge of a neigrbor's affliction I have made inquiries and have found a good many cases not only in my neighborhood, but throughout the town.

The latest case was of a family so afflicted that they have felt it necessary to keep the baby's crib covered at all times.

Action by individuals is futile (I have been fighting them for four years) because the rats simply retire to happier hunting grounds where they are not annoyed by any local campaign.

I believe it a public disgrace and a health menace and I hope that other readers will bear witness to the genuine need for a campaign which is town sponsored rather than carried out by individuals.

Very truly yours,
Nellie R. Hottel
(Mrs. Hoyt C. Hottel)

RECORD RAMBLINGS

Rumor has it that Andy Russell is soon to replace Lawrence Tibbett as star of the Hit Parade. Andy has a gorgeous, mellow voice that bobby soxers will be screaming for. A sparkling personality plus good looks spells tremendous success for this Capitol vocalist. His latest release is, "My First, My Last, My Only" backed by "And There You Are." Andy really puts the sentimental lyrics over in an intimate fashion . . . Several SAYBROOK STORES customers have been fortunate enough to see the recent musical comedy hit "Up in Central Park" in New York and are raving about the songs. Decca presents the original cast in a four record set which contains four choice selections from the show. Have you heard it? . . . "The More I See You" has made the Hit Parade. It is a deserving tune with romantic words. Jerry Wald has recorded a smooth dance version of this tune as has Dick Haymes released an amorous vocal. This is a song sure to gain in popularity as time marches on . . . Speaking of marches, come in to SAYBROOK STORES and listen to the Goldman Band Album of snappy marches. Included are "King Cotton", "The Stars and Stripes Forever," "National Emblem March" and "Second Connecticut March" . . . For great song hit of a great American, SAYBROOK STORES would like you to hear the Victor First Nighter Orchestra and Chorus give their musical interpretation of George M. Cohan's "Yankee Doodle Dandy". Because Cohan was turned down in World War I to go there, he was inspired to write that triumphant national war song "Over There." Eight of his greatest song hits are collected in this album, definitely a collector's item . . . Let yourself go the polka way! Young and old enjoy doing the polka. For a collection of gay, lilting rhythmics created for dancing, try the Sonora Album of Polka as recorded by Stanislaw Mroczek. Get your friends together for a polka party using such favorites as "Victory Polka," "Clarinet Polka", "Pennsylvania Polka" or the "Helena Polka." Like America itself, these recording are or all people to enjoy . . .

Although there is no real reason for calling Mozart's Forty First Symphony the "Jupiter," it is known as just that. The music is vigorous and serene and at all times lyrical. Columbia has a splendid recording of this with Bruno Walter conducting the New York Philharmonic, now available at SAYBROOK STORES . . . Now that we are in a classical state of mind, you may be interested to know that Eileen Farrell, vocalist on popular discs, is soon to join the "Met". She is now on a South American tour and soon to be heard in serious music only . . Have you heard our favorite album of "Love Songs from Famous Musicals?" It is a delightful set, featuring Dorothy Kirsten, a Metropolitan star singing "My Hero", "Thine Alone", "Will You Remember", "Sweethearts", "One Alone," "Wanting You" and others. It's a fact, all these special songs are in one collection. Come to SAYBROOK STORES and see for yourself! You have probably hummed the Phillip Morris theme many times as you have heard it on the radio, but did you know it comes from Ferde Grofe's "Grand Canyon Suite." After visiting the Grand Canyon, Grofe decided to paint a muical portrait of that colorful region. He did so in a brilliant style using such titles as "Sunrise", "The Painted Desert", "Sunset" and "Cloudburst." He was associated with Paul Whiteman for 13 years, so we suggest the Whiteman recording of this suite as authentically American. See you at SAYBROOK STORES.

BRITISH WAR RELIEF

The lunch pause of the Winchester Unit last Wednesday became a gala event when Mrs. William Weeks, through whose interest British War Relief began in Winchester, came walking in, after a long absence, months of it in hospital. With characteristic humor and gallantry she made light of any great difficulty the crutches to climb the parish house stairs.

The Unit was glad that it had a not bad story to tell its founder about what the Unit had done for Britain in May. Babies had been the chief beneficiaries. But older civilians had been sent 30 articles of used clothing, including shoes and two woolen quilts. For babies knitters had made 22 garments, and the sewers had made 52, besides 12 crib quilts. Much credit for this good showing goes to Winchester's non-resident "member in the Berkshires", Mrs. Arthur Sandal of Holyoke, from whom came many exquisitely fashioned garments.

The Winchester Unit is working busily these June Wednesdays on girls' dresses. Members who have been occupied with other war work are making time for two or three last Wednesdays of work at Epiphany for old time's sake, and they give a happy little note of reunion.

P. O. RECEIPTS UP 15.83 PER CENT

The $100,000,000 mark was reached recently in payments to the general fund from this year's postal surpluses when Postmaster General Frank C. Walker mailed a $40,000,000 check to the Treasury.

Revenues are continuing to run well ahead of expenditures, Mr. Walker said, and the trend leaves little doubt that there will be a further substantial payment before the end of the fiscal year on June 30. Mr. Walker will leave the Postal Service on that date.

The Postal Service had a surplus of $18,042,156.60 for March. Revenues were $114,116,086.75, up $15,592,-998.55, or 15.83 per cent over March 1944. Expenditures were $96,073,930.-15, up $7,198,727.56, or 8.10 per cent over March 1944.

For the first nine months of the fiscal year, extending from July 1 to March 31, revenues were $994,064,-119.13, up $173,301,551.22, or 21.10 per cent over the same period in the previous fiscal year. Meanwhile, expenditures of $872,865,104.66 represented an increase of $62,313,305.33, or 7.69 per cent over the same period in the fiscal year 1944.

"MOUNTAINEER" WILL NOT RUN THIS SUMMER

"The Mountaineer", streamlined train which, for the past six years has provided summer train service to and from the White Mountain resort area in New Hampshire, will, in all probability not be operated this summer, it was announced this week by the Boston and Maine and Maine Central Railroads.

Since the start of the war, the railroads announcement stated the Mountineer has been operated as a seasonal summer service with the permission of the Office of Defense Transportation. No permission for this year's operation has been given, it was stated, although the two roads, in their regular petition filed with the ODT sought an exception from the ODT edict that no seasonal service can be operated by any railroad this summer.

"It was pointed out" said the roads' announcement, "that the streamliner, with its limited seating capacity of 132 seats could not be used for troop-carrying purposes, but we have been unable to secure the necessary permission to operate the train.

"The more than 300 persons wno have already filed applications for reservations will be notified that they can not be accommodated and that the year-round trains leaving Boston at 8.30 a. m. and 4.55 p. m., with an additional train at 1:15 p. m. on Saturdays will have to supply the transportation to the Eastern Slope Region, and the 9 a. m. and 12:30 p. m. trains via Woodsville will have to accommodate the Littleton-Bethlehem and Whitefield areas this summer."

The Mountainer left Boston at 12:25 p. m. on weekdays, except Mondays and at 9 a. m. on Sundays, operating through the Eastern Slope area direct to Whitefield and Littleton-Bethlehem.

CHANGES IN GASOLINE RATIONS

A Rations

On June 22 when the A16 coupons become valid, each coupon will be worth six gallons instead of the present four gallons. This increased value takes place automatically calling for no action by an A holder.

B Rations

On uJne 11, the "B" cealing increased from a maximum of 325 miles a month to a maximum of 650 miles a month.

Attention is called to the fact that this increase is not automatic. In order to get an increase in his present "B" mileage, a "B" ration holder must file a new application. Only those persons able to show a genuine need for additional gasoline can be given an additional amount.

The gasoline panel of the local Rationing Board will give full consideration to such requests for additional "B" gasoline as may be filed. Each applicant must show good cause for the additional allowance requested.

It is not necessary for any "B" holder to wait until his present ration has expired. His application for an increase will be effective as soon after June 11, as the Board takes favorable action.

You may file your application for an increase prior to June 11. We ask you to bear with us if you do not hear at once because it may take some time for the gasoline panel to examine and pass upon the large number of applications for an increase of the "B" rations that are anticipated.

Semi-Preferred Mileage

The OPA has recently established a new category called Semi-Preferred Mileage, the ceiling being 825 miles a month, or 33 coupons for the three month period.

Many who have had more than 825 miles a month are now finding that, when their applications are renewed, they receive only 33 coupons.

The Board will be glad to explain to any former preferred ration holder why he has been reduced, and to restore the former ration if it shall be shown that the activity of the applicant does noe bring him within the Semi-Preferred classification.

The gasoline panel meets every Wednesday evening. While it is not essential that an appointment be made in advance, the panel endeavors to see first those who have made appointments.

Appointments with the chairman of the Board, who is also a member of the gasoline panel can be made at other times by telephoning the rationing office, Winchester 1107.

Tommy and Sis, They Can't Miss

Through his profits as a junior street salesman of a Kansas newspaper, nine-year-old Tommy Jovalis is the proud possessor of a $100 and a $50 War Bond. But he doesn't own them alone. He asked the man at the post office to make them out in his name with his two-year-old sister, Frances, as co-owner. He presented them to her on their joint birthday last month.

Tommy has been "in business" since last July. Every afternoon after school, he plies his wares—up and down Kansas Avenue in Topeka.

"It was his own idea to save his money," according to his father. "As soon as he started, he began bringing his money home to his mother, and asked her to save it for him. He wanted to put it into War Bonds. He wanted to do something for his America."

Asked what he intended to use the bonds for, Tommy replied, "Some day I want to go to college, and I want Frances to go, too."

Few of our citizens realize the really worth while work which is being done by the Junior Red Cross under the leadership of Supt. of Schools James J. Quinn. Practically all of the students in the schools are members of the Junior Red Cross and are ever ready to do their bit for the good of the cause.

Recently a group under Mr. Otis Leary, made 12 playing card holders for the use of disabled soldiers which were sent by the local chapter to the Cushing General Hospital in Framingham. The boys were so delighted with these gadgets that the hospital wrote a very enthusiastic letter of appreciation and asked for more. In response 60 more holders were made and forwarded.

The Juniors also have produced from time to time kit bags for overseas, card table covers, afghans, sweaters, favors for hospital trays, etc. They can't start too young, and none are too old to help in the good work.

Red Cross Headquarters will be closed on Saturdays until Sept. 8.

Griswold of 52 Wedgemere avenue and Earl Paul Haney, also of this town, were married on Saturday afternoon, June 23, at 5 o'clock in the Crawford Memorial Methodist Church by the pastor, Rev. Potter, church organist, played the bridal music, assisted by Hope Wright, violinist.

Miss Griswold was given in marriage by Mr. Harry E. Smith of Belmont. She wore a gown of ivory frosted organdy, having a high neck with a sheer yoke, edged with a wide ruffle of lace, a fitted bodice and a bouffant skirt extending into a three yard train. Her fingertip-length veil of ivory illusion was caught to a matching 18th century bonnet trimmed with fresh gardenias, and the same flowers were combined with stephanotis in her bouquet.

Mrs. William Benson of Ashland was matron of honor and there were two junior bridesmaids, Miss Nancy Smith and Miss Helen Jane LeRoux, both of Belmont.

Mrs. Benson wore a dress of canary yellow organdy, having a fitted bodice and bouffant skirt. Her flowers were talisman roses and she wore a headdress of matching tulle and roses. Miss Smith wore a dress of American Beauty satin, having a sweetheart neckline, fitted bodice and ruffled skirt. She carried a bouquet of orchid sweet peas and wore a headdress of matching flowers and wisteria tulle. Miss LeRoux wore a similar headdress, except that the flowers were pink sweet peas to match her bouquet. Her dress was of wisteria mist tulle over pink satin, the bouffant skirt having six ruffled godets, between which were appliqued bowknots of pink ribbon.

Harry M. Haire of Stamford, Conn., was best man for Mr. Haney and the ushers were William D. Crookes of Marblehead and Claude LeRoux of Belmont.

After the ceremony a reception was held at the home of the bride, which was attractively decorated with bouquets of mixed garden flowers. The matron of honor, best man and junior bridesmaids assisted in receiving the guests. Hostesses were Mrs. Claude LeRoux and Mrs. Harry Smith.

RECEIVES JORDAN AND MARSH AWARD

Forrest W. Orr, 21, Winslow road, received the Richard Mitton Medal, and the highest cash award for "the painting receiving the greatest number of votes in the recent Jordan Marsh exhibition, of Contemporary New England artists.

Mr. Orr's prize-winning picture, "November Snow—Boylston Street", is a water color of that part of Boston near the Natural History Museum, done during a busy time of the day with a light powdery snow falling. Great skill was used in depicting the snowfall and the whole study is full of appeal. When one realizes the many fine artists of national reputation showing in the exhibition, the human interest quality of Mr. Orr's picture becomes even more apparent.

Sixty-six students turned in slips giving their guesses and Benson Snyder of Hillcrest parkway won the bond on his guess of $95, he being only $1.62 out of the way. Barbara Oliver was the next closest with a guess of $91. One other guess was in the 90's.

BOAT CLUB NEWS

FLEET FOLLOWS FLEET SWANSONS

The Swanson brothers, Bob and Roger, tucked away two more victories in the Winchester Snipe Fleet competition to make it five wins in six starts. And, like the man on the flying trapeze, they did it with the greatest of ease.

Sunday morning there was scarcely enough breeze to fluff a skirt, yet these superlative sailors managed to get the maximum out of every puff, kept their boat By-George moving, and won by a full 15 minutes over George Jones' Youani. The show spot went to "Bart" Sullivan in Hawkeye III.

Sunday afternoon with a good stiff breeze blowing, the Swansons, as if to prove that sailing conditions had nothing to do with their ability, took By-George to the front again. They sailed the course without a trace of competition, failing by only two minutes to set a new course record. "Bart" Sullivan bagged second and George Jones was third.

The only excuse we can find for the Fleets poor showing is the tragedy that overtook them Saturday afternoon. In a howling gale about eight of them went out for the first race of the handicap series and were soundly shellacked by that feebleest of flounderers, Carl Freyer. Although this discouraging and distressing event was simply the result of Freyer with the help of Art Tutien, being able to keep the Phooka afloat, it certainly was a most shocking and unforseen accident. Yes sir, Freyer finally finished first and it looks like he finished the fleet, too.

Club Chatter

The fifth annual 4th of July clambake occurs next Wednesday, rain or shine. . . . Anyone who has an idea sailing is a sissy sport, will quickly change his mind if he takes one peek at the beautiful shiner Holbrook Bugbee is wearing. He picked up this purple peeper when an extra heavy puff tipped him over Saturday . . . We're sorry to see Jack Albree leave for school. He's been doing a swell job of starting for the Fleet in the unaccountable absence of Kay Burleigh. We suspect George Jones won't miss him, though . . Jack crewed for him in last Saturday's Snipe race and fell overboard. Tsk, tsk!

The Fire Department was called last Saturday afternoon shortly after 1 o'clock to put out a brush fire on Mystic Valley Parkway near Sandy Beach. The men could find no fire in that vicinity.

COUNTRY CLUB NOTES

Waghorne and Lynch Won Abbott Trophy

A. C. Waghorne and C. F. Lynch won the John Abbott Golf Trophy, named in honor of the late John Abbott, president of the Winchester Country Club for over 30 years, by defeating D. F. Connors and F. R. Creelman last Sunday afternoon, 5 and 3.

This was the championship round of a four-ball, match play handicap tournament, the qualifying round of which was played in May with weekly rounds since that time. Waghorne and Lynch beat G. J. King and K. W. Baker in the semi-final round while Connors and Creelman beat C. H. Wansker and T. H. Howe in the same round.

* * * *

Some of Art Butters' horseshoe buddies were around to watch him and Otis Leary in the Abbott tournament play one Saturday afternoon, giving him some unwanted vocal support on one or two of the high number greens. Apparently these horseshoe jockies do not know that the etiquette of golf and horseshoes differs widely and that it is very much de trop to address a golfer when he in turn happens to be addressing his ball for, let us say, an approach shot.

* * * *

Play in the President's Cup match, the big event of the spring season, has reached the championship round with Horace Ford, former big league baseball player, and T. E. Garrity as finalists. This is a scratch event and the final should be a good match since both Ford and Garrity are going well right now.

* * * *

The club held a very successful clam bake last Saturday evening with an attendance of some 250. Club members and the club staff put on the whole party and every one was for it. The outdoor bake was held in the hollow between the tennis courts and the club house and was put on by the Entertainment Committee, of which Robert Tonan is chairman. The chowder and the remainder of the meal was by the club staff, under the direction of Miss Marguerite Donahue, stewardess. Bill Dunsworth was in charge of indoor hospitality. Chairs and tables were set along the terrace outside the club, and the bake was followed by dancing to the music of Ken Reeves.

HART NOW LT. COL.

Henry G. V. Hart, son of Mrs. Robert W. Hart of Glengarry, has been promoted from major to the rank of lieutenant colonel in the Army Air Corps Intelligence Service. He is at present an instructor at Fort Leavenworth in Kansas, having returned to this country last August, after more than three years overseas service in Egypt and the European Theatre.

FLAHERTY AT PALMER STREET

Things are happening right along at Palmer street these days; that is, so far as the Palmer Beach Horseshoe Association is concerned. First of all there were those two sessions at which the Secretary won titular honors, an occurance unparalleled in Association annals. Then two weeks ago Arthur E. Butters, sometimes called the State of Maine Champ, showed up for play at the beach after an absence of more than a year, another breath-taking event well liked by regulars at the beach.

It didn't seem in the cards that anything special could happen last week-end, aside from President Royal "Paper Trade" Teele being absent for the second week in a row, and the members arrived expecting only the usual competition.

Judge, then, their surprise when from the shade of the waterside seats there emerged the stalwart form of Maj. Joseph Eugene Flaherty, USA, QMC, not long back in this country after the dickens of a stretch in the South Pacific and recently assigned to duty at the Quartermaster Depot in Boston after a sojourn in Virginia.

"Gegan's" bronzed face was wreathed in smiles and his graying thatch bristling for action. He was "cut in" to the first match by general acclaim as an honor due his reappearance, and in the matching drew Herbert "Garrulous" Gardner as partner. "Wild Willie" McLaughlin, the Pride of Stowe and Champion of all Nabnasset, paired with the Secretary, provided the opposition.

The Major was very happy to be vis-a-vis to McLaughlin and actually chose to pitch against the capable exponent of the butterfly shoe, counting no doubt upon his conversational powers to offset any edge in skill possessed by the Pride of Stowe as the result of his recent more close connection with the game.

Let it be said at once that Joseph has lost none of his ability to talk a good game. The same jockeying that used so often to upset the equilibrium of the Association's undisputed champion, S. "Willoughby" Mobbs in the old day, is still in evidence, and was turned upon McLaughlin from the start of competition.

"Willie", however, stood the "needling" well, aided no doubt by the fact that he had little to fear in a competitive sense from a Flaherty, long in the hinterland and as a consequence lacking the feel of the shoes. "Gegan" did all right, for a Major; throwing two ringers and even one double-header. As a matter of fact it was the double ringer that led to his undoing.

For "Wild Willie", slightly peeved by a particularly ribald reference to one of his carelessly flung "cartwheel" shoes in the previous box, held his two shoes aloft after the Flaherty double, in the old Nabnasset signal of defiance which at Palmer street has long stood for a McLaughlin aroused and ready to do his best.

With a brief admonition to the Secretary to "take these two off", Mr McLaughlin deposited two nice ringers upon the two already hung on the pin by Major Flaherty. The cancellation broke the heart of the army and enabled Mr. McLaughlin to run out the match in odd games, Flaherty leaving the beach soon after, his head a bit bowed, if not bloody, and his lips muttering something about "changin' the rules on a guy."

He was probably thinking of the "Barnyard" he used to play before he rose to Association levels, but at all events he went away, not however, until he had promised to return for a day of recking with McLaughlin.

It has probably been noted already that no reference has been made to the part played in the above match by Mr. Gardner and the Secretary. Insofar as Mr. Gardner is concerned he acquitted himself well. As for the Secretary he was even a little worse than usual, if that is possible. Riding on McLaughlin's back got him by, and continued to do so in the next match which he and "Willie" won from Mr. Pridham and Mr. Wittet. Old "Thin Finger" was going well and gave Mr. McLaughlin a helluvan argument, but in the end the Stowe double-headers turned the trick in odd games.

"Foul Line" Wittet, the blueberry fancier, was having trouble with his new delivery and it was not until the final match that he commenced to get the ringers he has been garnering of late. Paired with Mr. McLaughlin he opposed the Secretary and Mr. Gardner, he and "Willie" finally winning in odd games, the last one of which was decided by Mr. Wittet with the score tied at 24.

As usual the Secretary threw the game away in the final box, after doing slightly better earlier in the match. Mr. Gardner spoke briefly as he left the beach, but we will not reproduce his comment upon the Secretary's pitching. Our pride forbids. P. S. Pridham and Wittet won their second game from McLaughlin and the Secretary, 25-6.

IMMACULATE LEAGUE TEAMS BUSY

The Immaculate Conception Parish League of Winchester is entering into its second month of activity. This league, which last year included 30 teams, senior and junior, and claimed the title of being the largest parish league of its kind in the country, operates chiefly at Loring avenue field, with interest thus far very high and the competition, intense. With several teams still tied for first place the first half champions are still anyone's guess.

Head coaches of the league are Foster Flint, Mark Kelley, Robert Higgins, Charles Valcour and Thomas McKee. Individual coaches are in charge of the various teams. In general charge are Rev. James F. Fitzsimons, pastor and Rev. J. Joseph Kierce, league director.

An all star team, recruited from the league, is selected each week. The all stars play the teams from out of town. Emphasis is placed on the fact that if a player proves himself during the week, he will be promoted and a regular demoted. This is true of the girl all-stars as well as the boys.

Among the leading pitchers of the boy's league all-stars are Guy Washburn, Sonny Swymer, Frank Gerbick, Tom Connolly, John Garvey, Frank Castiglione, Wally Mulkerrin, Bob Flynn and Jack McHugh.

Leading catchers of the league are Jack Garvey, Richie Reil, John Sealey, Bob Wilson, Tommy O'Melia and Noonan. Doris McKee, Mary Melargni, Maryrose Albert, Mary McDonough, Kay O'Donnell, Teresa Gonsalves, Rosalie Cullen, Eileen Welch, Marie O'Donnell, Mary Rogers and Shirley Sullivan rate as leading pitchers for the girl all stars.

Outside games during the present week are with Arlington, Charlestown, Burlington and two with Wakefield. Intra-league games include: Fordham vs St. Anselm's, Georgetown vs Notre Dame, Boston College vs Holy Cross, the Galloping Gaels vs the Hawks, Villanovans vs the Crusaders, Fighting Irish vs the Eagles, etc. Thus, the league operates for the good of all and its results have been eminent.

Yesterday a 16 year old Winchester boy was in court charged with breaking and entering a local home and with larceny. Other breaks have occurred in town for which this youngster was not responsible, yet the circumstances attendant upon them were such as to make the police believe that youths, and not professional burglars were to blame. Besides these breaks, the Police have received recently complaints of youthful depredations that include the stoning of automobiles, the smashing of street lights and windows, theft of gasoline from a gas pump, the smashing of locks and setting life-saving boats at the beaches adrift and the repeated smashing of glass at the greenhouses of the Winchester Conservatories. This is by no means a complete list, yet it is comprehensive enough so that many will question the statement, made at the March town meeting, that we have no juvenile delinquency problem in town. To be sure we have as yet no youthful gangs committing crimes of violence such as beating up police officers, but that there is a note creeping into the lives of our young people which is far from wholesome no one acquainted with the facts can very well deny. Why is juvenile delinquency on the increase? Many would like to know the answer to this question. There are those who hold the parents entirely to blame. Others blame the schools, the social agencies, police, churches. Others have the idea that a recreation program will keep the youngsters out of trouble. Possibly all these factors are somewhat involved in the young people's most evident disregard for law, order and the social and property rights of others. Perhaps, however, the best way to approach the problem of juvenile delinquency is to make things a little more tough for the youthful delinquents, themselves, and for their parents. The system now in vogue seems to be, in the case of property destruction at least, to let the parents pay for the damage and drop the whole business. Apparently this procedure, while helping the owner of the damaged property, is not in any way stopping further destruction. Apparently the youngsters responsible are not especially concerned with their parents pocketbooks, and the parents are satisfied as long as they and their youngsters are spared a trip to court. The police get a large majority of the youngsters, in this town at least, who are involved in property damage. They have deemed it wiser to get restitution from the parents than to invoke court action, especially since many property owners do not care to appear in court. They may be right. They are right of course if the courts are to continue the attitude of leniency they have assumed in many instances in the past. However, if the courts stiffen their attitude, and there are indications that an aroused public opinion may force them to be less tolerant with youthful malicious mischief, then it might be a good idea to let our youthful delinquents and their parents have the experience of facing the judge and taking their medicine. The latter procedure stopped almost immediately the continued breaking of windows around the business district. It might have wholesome results with youthful lawlessness elsewhere in town. Our big brother policy and attitude of leniency with youthful delinquency do not seem to be paying dividends. It could be better to get a whole lot tougher. Let the youngster realize that it is going to be uncomfortable for him to be anti-social and he will probably be a lot less likely to get involved in malicious mischief and petty crime. At least this procedure might be worth a try!

O'LEARY WITH PHOTO RECONNAISSANCE GROUP

Cpl. Daniel J. O'Leary, Jr., son of Mr. and Mrs. Daniel J. O'Leary of 16 Kendall street, is a photo laboratory clerk for the 7th Photographic Reconnaissance Group of the U. S. Army's 8th Air Force which has done a tremendous job in this important field.

Since March 28, 1943, the group's pilots have made about 1,090,000 reconnaissance photographs covering nearly 3,000,000 sq. miles of enemy territory in Denmark, Holland, Belgium, France, Czechoslovakia, Germany, Austria, Italy and Russia. The job required more than 360 miles of film nine inches wide.

From these negatives the group's laboratory produces nearly 5,000,000 prints for intelligence purposes. Aug. 14, 1944, was the record day for the group, when photo reconnaissance pilots flew 58 missions and shot more than 26,000 pictures.

Each photo aircraft carried from two to five large automatic aerial cameras, each capable of taking nine inch square pictures on 100 to 200 foot rolls of film. The group has flown 5693 operational sorties, involving 17,570 operational hours.

WINCHESTER OFFICER STARTS AVIATION PHYCHIATRY SCHOOL

Lt. Col. John Milne Murray of 9 Sheffield west, formerly chief consultant in psychiatry in the Air Surgeon's office, is directing the 30 day course in aviation psychiatry being established at the Fort Logan Convalescent Hospital for flight surgeons returning from overseas duty who express an interest in this field. The training program is designed to provide trained personnel for the treatment of Air Force returnees in need of special help for nervous disorders.

The course will begin every six weeks and those medical officers who show an aptitude for the work will be retained for two months' additional training.

Colonel Murray was assigned to direct the training program last fall when it became evident that the chief difficulty in setting up a competent psychiatric program for returnees was the lack of trained personnel. Since last November he has visited all the AAF convalescent hospitals preparatory to setting up the program at Fort Logan.

Born in Concord, N. H., Colonel Murray is a graduate of Dartmouth and of the University of Pennsylvania Medical School. He has done post graduate work in psychiatry abroad, studying at the University of Vienna and at the Vienna Psychoanalytic Institute where he had several personal interviews with Sigmund Freud, the famed psychoanalyst.

Colonel Murray is currently on leave as consultant in psychiatry at Mass. Institute of Technology and lecturer at the School for Social Work at Smith College and Boston University. For four years he has been a director of the American Board of Psychiatry and Neurology, Inc.

Colonel Murray was commissioned a major in the Medical Corps in November, 1942, and established the present psychiatric program in the Air Forces while working the Air Surgeon's office.

LT. TUFTS DECORATED

Lt. David A. Tufts, USNR, of Arlington, whose wife is the former Florence Watters of this town, was decorated with the Legion of Merit for "exceptionally meritorious conduct in the performance of outstanding services as comamnding officer of the USS. Inch while engaged in action aainst an enemy submarine on June 11 and 12, 1944.

Going to the assistance of a sister ship, Lt. Tufts ship executed a series of individual and co-ordinated depth charge attacks which rendered the attacking submarine untenable and forced it to the surface. There especially heavy gun fire from the USS. Inch and her companion ship completely destroyed the sub.

Lt. Tufts was awarded a gold star indicating a second Legion of Merit award on July 3, 1944. On that occasion, while acting as commanding officer of a destroyer escort screening an escort carrier of an Atlantic Fleet anti-submarine task group, Lt. Tufts made under-water contact with an enemy submarine and immediately went to attack it.

By expert seamanship and maneuvering his ship he was able to avoid the torpedo launched at him by the sub and approaching the enemy craft delivered the first of two accurate attacks which undoubtedly damaged it.

His ship then joined another in a search which relocated the submarine and eventually destroyed it.

Lt. Tufts has been home on furlough recently, but expects to leave soon for duty in the Pacific Theatre.

WINCHESTER CORPORAL DECORATED IN ITALY

Cpl. Oliver Andrews, Jr., 28, of Winchester, recently was awarded the Bronze Star Medal for meritorious achievement in action on the 5th Army front in the Italian Campaign.

He is a battalion clerk with the 87th Mountain Infantry Regiment of the 10th Mountain Division.

In an advance across mountainous country, at night, the command group of an infantry battalion accompanied other elements to establish a command post. Heavy artillery began falling on the road they were traveling, and the party passed a road block set up by men who were forward, sweeping for mines. At this point, contact was lost between the head of the column and a group of medics, radiomen and communications personnel from the battalion headquarters.

With no one to guide this group, Andrews led the way, about 20 yards in front, in an uncleared area in unknown territory. He risked his life to select and to direct the others in the march. He soon re-established contact with the other group, making it possible for the personnel to begin their vitally needed services.

He entered military service on Aug. 26, 1943. His wife, the former Betty Whorf, daughter of Mr. and Mrs. Clarence Whorf, lives at 2 Central green.

ANTHONY DUQUETTE, JR.

To many readers of the Star, the name Anthony Duquette, Jr., suggests only the first boy to leave Winchester for service in World War II, but some of us are more fortunate than they.

To us, he was our neighbor's boy, the lad across the way who came over to chat on the doorsteps, played on our lawn with the children of other neighbors, borrowed our encyclopedia to read up on the habits of ants whose work he had watched with interest, or to find out how the airplane makes its way among the clouds, discussed with us problems of work or play.

Then came a period of severe illness when even the doctors at the hospital almost lost hope, but not so with Anthony. He set his young feet on the road to recovery and finally made the goal.

With returning vigor, came the first years of High School where Anthony soon adjusted himself, was quick to make friends, faithful and dependable. He was a favorite of both pupils and teachers. In spite of prolonged illness, his scholastic record promoted him from grade to grade with credits to spare.

Yet he was not contented. The routine of his life was irksome to him for he was by nature an adventurer whom strange voices called and distant lands beckoned. He enjoyed the people whom he knew but he wanted first-hand experiences in hitherto unseen countries. For these reasons, even before the clouds of war gathered, he enlisted in the United States Army.

So, we who knew and loved our neighbor's boy, remember him, and, remembering, we know that he is not dead. Somewhere in God's universe, he lives,—an unconquerable soul.

Eva Moore Palmer

IN PRAISE OF WINCHESTER HOSPITAL

To the Editor of the Star:

May I have the privilege of expressing, through the Star, my very deep appreciation of the care and kindness given my mother during her long illness in the Winchester Hospital by Miss Laura Rogers and the nurses under her.

Nursing is, indeed, one of the highest professional calling for great patience and understanding. Realizing the nerve-wracking job of running a hospital in war-time and having had some experience with hospital circles, I have been all the more struck by the good job being done by the staff of the Winchester Hospital.

May I also add a word of thanks to the Nurses' Aides who waited on mother as they would their own mothers. She loved them all—nurses and aides and although she could not see them, came to know their steps and voices. When she was able to speak she said to me so many times, "This is my first experience in a hospital and I am amazed at the kindness of all these girls."

The brightest spot in her long days was the visit of her doctor who served her so faithfully to the end. I think Dr. McManus will agree with me that the phrase of one of our war correspondents "Queens die valiantly" in discussing the disabling of our battleships, equally applied to my mother.

My very sincere thanks to all who cared for her through a trying time.

Cordially yours,
Gladys N. Toye,
91 Mystic Valley Parkway

Sunday services at 11 a. m.

Wednesday testimonial meeting, 8 p. m.

Reading Room, 5 Winchester terrace (off Thompson street). Open daily except Sunday and holidays from 11 a. m. to 4 p. m.

The subject of the Lesson-Sermon to be read in The Mother Church, The First Church of Christ, Scientist, in Boston, and in all of its branches, on Sunday, July 1, will be "Christian Science."

The Golden Text, "Lift up the hands which hang down, and the feeble knees; and make straight paths for your feet, lest that which is lame be turned out of the way; but let it rather be healed" is from Hebrews 12:12, 13. Other Bible citations include, "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father" (John 14:12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Our Master healed the sick, practised Christian healing and taught the generalities of its divine Principle to his students; but he left no definite rule for demonstrating this Principle of healing and preventing disease. This rule remained to be discovered in Christian Science" (p. 147).

SONS OF ITALY LODGE NOTES

WAC Sgt. Grace Marchesi wrote that she was granted a three day pass and spent them with her brother, Sgt. Fiume Marchesi, near Manila in the Philippines. She also wrote that her brother, Fiume had left Manila bound for home arriving here about July 1. It goes without saying that Fiume's father will be "tapping" a barrel around the first of July.

I received another letter from Charles Petriantonio, better known as Charly Pete. Charley is at present in Czechoslovakia with the 9th Army. The people in the town where he is stationed consist of Russians, Polish, Dutch, Italians and French. All of them were slave laborers forced to work in the factories and mines. Quoting Charlie: "You should see the happy expressions on their faces when we liberated them in town after town. Only these people really know what war is and one can readily see that."

Charlie plays quite a bit of softball and like every G. I., he thinks his division, the 79th (better known as the "Cross of Larraine") is tops. It spear-headed the 7th Army and also the 9th Army's crossing of the Rhine. They didn't stop in one place long enough to shave. His outfit just missed making that famous meeting of the Russians and Americans in Germany. He was glad to hear that his cousin Ralph "Roundy" Fiore's outfit made the memorable meeting. Ralph was with the 1st Army. Charlie writes that he has been in six foreign countries but he'll still take the good old U. S. A.

I hope you will pardon me for bringing my family into this but anytime I receive two letters in two days from my brother Jerry I think its worth a mention. As a matter of fact any time any G. I. writes two letters in two days, that is bigger news than if they bit a dog or something.

According to his two letters he is now stationed at Berchtesgarden, Hitler's hideout, with the 101st Airborne. Jerry made his 25th combat jump recently and he hoped to make his next, a practice jump, in the good old U. S. A. If he does, there's a very good possibility there, I will go down and see it. (Who wouldn't?).

Well, that's about all for this week. Expect to have more news next week.

Pfc. Al Subirio, who has a fractured ankle was home on a short furlough. As I was unable to speak to him I can't say what is what. I wanted to see him as did several others because we wanted to ask him how he can get around.

RADCLIFFE DEGREE CONFERRED

Among the many graduates at the commencement exercises at Radcliffe College on June 7 was Miss Virginia T. McPartland, daughter of Mr. and Mrs. Hugh F. McPartland of Church street. She has been active in student government, in the French and Spanish Clubs and as vice president of the Radcliffe Catholic Club.

The Woburn Police called local headquarters Monday afternoon asking a local patrol car to meet their patrol and take three Medford boys to the Medford line. Officer Irving Reardon responded, meeting the Woburn patrol at the Woburn line and a Medford car at the Medford line. One of the boys, Francis J. Woods, 14, of 99 Capen avenue, Medford Hillside had a badly cut left foot sustained while swimming at Foley Beach in Woburn. He had been treated at the Choate Hospital in Woburn.

HEAVY RAILROAD TRAFFIC

The first of some 20,000 girls and boys who, in the next four days will give the Boston and Maine and the Maine Central Railroads the tremendous task of moving them on regular trains to organized summer camps in Northern New England will leave the North Station this morning to board the Kennebec Limited at 9:40 a. m.

Bound for Camp Vega at Augusta this contingent has 145 girls and close behind them, scheduled to move on almost every through train, Thursday and Friday will come the "Army of Young America" moving in increasing numbers. The greatest number are scheduled to move on Thursday, when a railroad spokesman said last night, Northern New England's rail and bus lines will face overcrowded conditions on many schedules.

By orders of the Office of Defense Transportation the railroads this year are forbidden to operate "Camp Specials" which for many years, including the previous war-time years, have moved the youngsters in special cars and trains. This year, with registration at the camps apparently reaching record-breaking numbers, New England's rail and bus lines must, with the ODT edict, handle the children on regularly-scheduled trains.

Some commuter trains will probably be overcrowded for short distances between now until after the 4th of July, a spokesman for the Boston and Maine said last night. He explained that "we have a large number of our best equipment already exclusively assigned to the pool of cars in which the tremendous movement of troops from coast to coast is being made.

Roy M. Green Tells a Farm Story

By President Roy M. Green
Colorado A & M College
Fort Collins, Colorado

Big crops and good prices left a wheat farmer not long ago with $30,000 cash in the bank. Said he, "If I don't invest this in inflated land values, what can I do with it to earn anything?" I said to him, "Did you ever think of using part of it to insure yourself a steadier farm income after the war? For $150 a month, or $1,800 a year in War Bonds, you can begin to collect ten years after the war $200 a month. As you will be getting older by that time, wouldn't that be a better supplement to what income the farm then produces than having to turn again to the cream can and what your wife can make out of chickens? Wouldn't it be a nice retirement fund for a fellow that is now 55 years old? Wouldn't you like to have had $200 a month cash coming in last time?"

In addition, if you can put in War Bonds a lump-sum as reserve for operations in bad years, for deferred purchases of equipment, for repairs, for up-keep, for new household equipment; and then whatever the postwar adjustment, you would have an easier time of it than you had last time.

You wouldn't have to wait on somebody's extra special plan; you would have already completed one of your own.

If you are proud of the independence of your occupation, and jealous of preserving as much of it as possible, don't orate and speculate—order WAR BONDS!
